FAVORABLE WEATHER CALLS OUT TRACK MEN

OVER FIFTY CANDIDATES REPORT TO COACH FOR AC-TIVE SERVICE

STRONG SCHEDULE FACES THE VARSITY TRACK TEAM

The revised schedule for 1917 is as follows:

Washington and Lee at Lexington, Va., April 14.

Virginia at Charlottesville, Va., (Pending), April 21.

State Meet at Chapel Hill, April 28.

South Atlantic Meet at Charlottesville, May 12.

The favorable weather that has prevailed here for the past two weeks has brought out the largest number of track aspirants in the history of the sport here. Between fifty and sixty candidates are out for the squad. But Captain Farthing says that this is not enough:—He wants fifty men trying for every position!

Most of the men have gotten limbered up and are now putting in some hard work daily. The dashes and distances are showing up strong, but the hurdles, jumps, and pole-vault are unusually weak. There is scarcely any one out for these positions as present, and Captain Farthing invites every student who is not an invalid, halt, maimed, or blind to come out and fill these weak places. "Carolina can not put out a winning team," he states, "unless there are candidates for every event. Remember the two straight victories over Virginia,—and do your patriotic duty!"

The try-outs for the varsity squad will be held in about three weeks. If Coach Brown gets the material to work on, he hopes to develop as successful a team as that of last year.

What's to Happen and When

Monday, March 12—President Graham in Chapel. N. C. Club in Peabody 8, 7:30.

Tuesday, March 13—Professor Wm. Cain in Chapel. Y. M. C. A. meeting, 7:15.

Wednesday, March 14—Professor Cain in Chapel.

Thursday, March 15—W. G. Burgess in Chapel. Carolina vs. Bingham, Mebane, baseball, at Chapel Hill.

Friday, March 16—Music in Chapel.

ILLUSTRATED LECTURE AT I. A. E. E. MEETING

Those who were present are well agreed that the meeting of the I. A. E. E. held last Thursday night was the most interesting one of the year. The attendance was large, all the students of the various engineering departments being invited, and the discussion was unusually interesting, due in most part to the excellent paper of Mr. A. C. Forney on "Single Phase Traction."

Mr. Forney's lecture was illustrated by views of various types of railway electrification in dif-

ELECTION OF OFFICERS AT Y. M. C. A. MEETING

DR. MOSS CONTINUES HIS TALKS ON THE LIFE OF JESUS CHRIST

At the weekly Y. M. C. A. meeting, Tuesday night, the officers for next year were elected. They are as follows: President, W. T. Steel; Vice-President, W. R. Wunsch; Secretary, W. H. Stephenson; Treasurer, Theodore Rondthaler.

Dr. Moss continued the talks on the life of Jesus. It was one of the most interesting talks of the year. Dr. Moss said that in trying to find out who Jesus is, it is necessary to know who it is trying to find out; in other words, who Christ is, depends upon who it is studying Christ. Christ was an individual, he said, who lived in the region of truth, goodness and beauty—a man who lived in the physical, human and spiritual.

FACULTY FIVE SWAMPS GRAD. STUDENTS QUINT

In one of the most comical basketball games ever seen in Chapel Hill, the graduate students were defeated by the faculty Thursday night of last week, by the score of 31 to 5. For the faculty, Coach Campbell was easily the star, being in almost every play, and at times showing his old-time form, coupled with some of that never dying pep which earned for him the coveted title of All-American half-back, while a student at Harvard. For the Graduates, Holmes and Totten were the stellar performers, the former scoring all the graduates' points. The lineup was as follows: Faculty, forwards, Steadman and Campbell; center, Johnson; guards, James and Turlington.

Graduates: Forwards, Lasley, R., and Holmes; center Baumgartner; guards, Carter and Totten.

Field goals, Steadman, 4; Campbell, 4; Johnson, 6; Holmes, 2.

Fouls, Steadman, 0 in 5; Johnson, 2 in 5; Holmes, 1 in 5.

TOM RUFFIN TALKS AT STUDENT FORUM

Tom Ruffin's subject for discussion in Chapel, Thursday morning was, "Compulsory Military Training in the University."

"Just at this time," said Ruffin, "when we see that war is very probable and when we realize the peculiar condition of the United States, we begin to look around for adequate means of defense. We have 38,000 miles of coast line which cannot be mined or adequately fortified; our navy is insufficient to patrol this vast boundary, and would be powerless once the line of defense is broken; so the only defense worth while is a large body of well trained men. Our internal transportation facilities are bad; the railroads are built for commercial activities only, and cannot mobilize an army quickly enough to defend our most strategic points."

"Then what is the most efficient plan for securing these trained

SPRING FOOTBALL PRACTICE NOW CLAIMS OVER 50 MEN

LIGHT SCRIMMAGING BETWEEN WHITES AND BLUES DAILY OCCUPATION

With 56 men reported up to date for spring football, practice has begun in earnest. Several varsity men, Williams, Grimes, Harold, Ramsay and Barden, are assisting in coaching the new material such fundamentals as interference, falling on the ball and tackling. A dozen men from last year's freshman squad are out and doing hard work. Besides these the majority have had little or no experience in football. So far the back-field is better represented than the line, so the coach has urged more substitute linesmen to report.

Light scrimmage began Wednesday. The squad was divided into two general teams—the Whites and the Blues. In the preliminary skirmish the Whites were victorious 12-0. These scrimmages will continue until warm weather and baseball interfere.

There will be no summer camp this year although balls will be given the kickers in order that they may keep their "toes" in trim.

U. OF N. C. ORGANIZATION SCHEME IS LAUNCHED

The local committee of the Intercollegiate Intelligence Bureau, launched in Washington, D. C., February 9, with the University as a member, is fast getting itself in position to answer favorably a telegram like the following:

"The Department of War wants 100 men—20 electrical engineers, 30 chemical engineers, and 50 men for hospital work."

Not that such a message has yet been received, but in the event of war, the committee will be prepared to fill an order of similar nature in the shortest possible time.

Dean McClellan, of the University of Pennsylvania, inaugurated the movement with a call for representatives from all the colleges, universities and technical schools of the United States to meet in Washington for the purpose of formulating plans for an organization to assist the Department of War in the event of international trouble. Fully fifty institutions answered the call by sending delegate. L. Ames Brown represented the University of North Carolina at this conference.

The movement is the work of college men; they create and put the machinery in running order. With the exception of giving its sanction, the National Government has no part whatever in the organization. The formulation of all plans, peculiar to the different institutions, is left to the adjutants of the different local bureaus who are appointed by the presidents of the respective colleges.

President Graham has appointed Dr. J. B. Bullitt Adjutant for the University, and he in turn has formed his committee with the following members of the faculty: Dr. Jos. H. Pratt, Dr. A. H. Patterson, P. H. Winston, Dr. Alvin S. Wheeler, and Thomas F. Hickerson. This committee in turn is making a survey of the students

SUCCESSFUL BASKETBALL SEASON CLOSES WITH 55 TO 28 VICTORY

Tar Heel Tossers Score 313 Points to Their Opponents 281

PLANS FOR PAGEANT RAPIDLY MATERIALIZE

Progress towards the pageant has been considerable in the last few days. The cast for Twelfth Night has not been fully decided on but there is an abundance of intelligent material available for the roles—especially the female roles. Music incidental to the play is being worked on by the orchestra and a double male quartette.

The afternoon part of the performance will be composed of little plays and several folk songs and games by the school children in costumes of peace blossoms, bumble bees, grass blades, milk maids and many other such picturesque ones.

The plays will be dramatizations of scenes from Dr. Battle's History and scenes from Elizabethan novels. Mr. Turlington has selected suitable scenes from Dr. Battle's History and it is hoped that as many students as have time will try dramatizing some of these scenes.

It is the intention of the committee to have the pageant this year as composite an affair as possible.

Members of Dr. Foerster's class in composition have submitted some interesting work in dramatization already and it is understood that several others are at work on similar dramatic sketches.

If the idea is properly worked out the result will be a combination of the Old English Pageant such as was ours last year and the American College Historical Pageant like that of Yale last year.

JULIAN S. CARR FELLOWSHIP

Announcement has been made that the Carr Fellowship will be available for 1917-18. This is a fellowship valued at three hundred dollars, and given by General Julian S. Carr, of Durham, to that member of the rising junior or senior class who has earned his way through college during the first two years, and whose scholarship and other qualities give the highest promise. It is not necessary, in order to win this fellowship, that the candidate should have earned all of his expenses, but only that he should have mainly made his own way. Applications for this fellowship should be filed with the chairman of the committee before May first. The committee consists of M. H. Stacy, Chairman, W. D. Toy, and J. M. Bell.

Men out for the Peace Oratorical contest will meet Monday 7:15 in the Y. M. C. A., for the purpose of selecting judges.

Anzac Lieutenant—"The Turks are as thick as peas. What shall we do?"

Anzac-Captain—"Shell them, you idiot, shell them!"—Tit-Bits.

FAST PLAYING EXHIBITED AGAINST GUILFORD QUINT

V. M. I., V. P. I., AND VIRGINIA AMONG VICTIMS OF WHITE AND BLUE

Hitting a stride the equal of which has never been seen before on the local court,—and that at the very start of the game, the Carolina basketballers ran up a score of 55 to 28 on Guilford in the closing game of the season here Saturday.

In the first three minutes of play the Tar Heels scored four field goals while their opponents failed to get control of the ball.

By getting the tip at center, Carolina netted goal after goal on clever signal plays. The fast playing of the forwards, and consistent work of the guards contributed to the best exhibition of real basketball ever displayed by a Carolina team.

The season in many respects has been more successful than any in the last three years. While the prospects in November were meager enough, the efficient work of Coach Peacock, developed a representative team by mid-season.

Of the nine games on schedule Carolina won five, losing three on the home courts of Washington and Lee, V. M. I. and V. P. I., and only one on the local court, and that at the beginning of the season to Davidson by a close score. Of the four teams defeating Carolina, two met defeat by her on the Chapel Hill court, V. P. I. losing by eight points and V. M. I. by nine.

In regard to weight, Carolina had a lighter team than any college or university in the south.

Summary of the season:

Durham Y. M. C. A.	30	N.C.	49
Davidson	37	N.C.	31
V. P. I.	23	N.C.	31
V. M. I.	22	N.C.	33
Virginia	24	N.C.	35
Washington & Lee	40	N.C.	23
V. M. I.	47	N.C.	34
V. P. I.	30	N.C.	22
Guilford	28	N.C.	55

Opponents 281 N.C. 313

The Carolina forwards, McDuffie and Shepard, scored 87 field goals while the opposing forwards caged only 62. Grandin and Perry at center scored 41 goals to their opponents 26. The opposing guards secured 25 goals to the 8 of C. and R. Tennent and Cuthbertson.

McDuffie led the team in scoring with 100 points even (20 of which were on fouls), Grandin ran a close second with 99 (21 of which were on fouls). Shepard secured 94 points on field goals.

While the guards of the opposing teams caged 25 goals to the Tennents 7, yet their forwards (Shepard and McDuffie) secured 25 goals more than the opposing forwards, giving the Carolina
