CLASS TOSSERS START SERIES WITH A RUSH

CAPTAINS AND COACHES CHOSEN—4 SNAPPY GAMES PLAYED—SENIORS ARE AHEAD

MUCH INTEREST SHOWN BY ALL

Varsity Men are Coaching the Teams—Seniors and Freshmen Showing Good Form—Hard Championship Game Is Expected

Class basketball started off with a rush, when the seniors swamped the juniors 30 to 20, and the freshmen played havoc with the bloody Sophs., scoring 34 points to their 5.

Following the suggestion of the TAR HEEL of last issue, class teams were organized, captains elected, coaches appointed, and the whole system set in action without preliminaries. Never before has class basketball or any other class athletics attracted the attention of so large a number of men as it is now doing. The side lines at the Old Commons Court were crowded with Fresh., Soph., Junior and Senior members, all rooting for their team.

Sam Ravel was elected captain and manager of the senior team, which is composed of Hawkins, Peacock, and Boyette, forwards; Ravel center, and Devereaux, Arbstrong, Ambler and Warrick, guards.

The Juniors elected Corpening captain, and Hodges manager. The squad is composed of Price, Parker, Hodges and Durham forwards, Corpening center, and Wright, Andrews and Frazier guards.

Thomas Skinner Kittrel was elected captain of the Soph. aggregation which includes Stone, Barbee, Lindsay, Martin, H., and Harvey forwards, Kittrel center, and Toy, Snider and Martin, P., guards.

The Freshmen elected Morris captain, and Roberson manager. Erwin, Rourk, Van Noppen and Cummins are playing at forward, Robertson, center, Fulton, Morris and others guards.

The Freshmen so far have shown the best team work but lost to the Seniors in a close, snappy game Thursday. The standing of the league up-to-date is:

	Won	Lost	Pct.
Seniors	2	0	1.000
Freshmen	1	1	.500
Juniors	1	1	.500
Sophomores	0	2	.000

Today the Freshmen play the Juniors at 3:30 and the Seniors play the Sophs. at 4:30 Tuesday the second round of the series will begin, the Seniors playing the Juniors at 3:30 and the Sophs. the Freshmen at 4:30. From present indications the Freshmen and Seniors will grapple in the gym Thursday week for the championship. The Juniors claim that they will be there too.

The scores to date:
Freshmen 34—Sophs. 5.
Seniors 30—Juniors 20.
Juniors 38—Sophs. 34.
Seniors 31—Freshmen 22.

Coaches were drawn from the varsity five, Lynch working with the Seniors, Cuthbertson with the Juniors, Liipfert with the Fresh-

NOTABLE MEN TO DELIVER McNAIR AND WEIL SERIES

DR. MATHEWS TO GIVE FIRST LECTURES—DR. FINLEY IS THE WEIL SPEAKER

The McNair and the Weil lectures to be delivered here this spring promise much in the way of depth of interest and power of appeal. They are to be delivered by men of great national prominence, renowned for scholarship, eloquence, and cultured concern in the larger problems of our time. The McNair lectures, the first of the two series, will be delivered in Gerard hall on the 22, 23, and 24 of this month by Professor Shailer Mathews, dean of the Divinity School of the University of Chicago. The first night Dr. Mathews will speak on "Kinship of Patriotism and Religion"; the second lecture will be on "Moral Values for a Nation", while the third will be on "Christianity at War," and "Religion as a Dynamic for Patriotism." Dr. John H. Finley, commissioner of education of the state of New York, will deliver the Weil lectures on American Citizenship. The precise dates and subjects of the lectures will be given later.

A man of great versatility, Pro-

Dr. Ward Lectures on "Needs of the World"

"The Need for a New World", was the theme of the address by Dr. Harry Ward to the University Battalion on Thursday morning. In beginning Dr. Ward cited cases showing war influences, the resolve on the part of the men engaged in the present conflict to struggle for a higher plane of humanity. But whether we win the war or whether we have another struggle depends upon the way in which those back of the line do their duty, said Dr. Ward. The task of the soldier is limited; the utmost that he can do is to defend. The constructive force must fall upon those who have been spared energy.

The present need of the world demands all that we as men can offer. Our customs, our society, our homes, our institutions have proven inadequate. There must be a fundamental change. The agency of the world calls for new organization, based not on hate and greed, but on love and unselfishness. The only way to get a stable and ensuring world is to have a single code of morals for states as well as for individuals.

Minstrels Are At Work

The Carolina Minstrel kings are hard at work under Director Jordan on a new and clever production. Regular rehearsals are being held Wednesday and Friday nights from 7:00 to 7:30, and Saturday afternoon from 2:00 to 2:30. Good attendance and punctuality is desired by the management at these rehearsals.

So far about 35 men have come out for rehearsals. Manager Folsom is working on a tentative schedule that will include the towns of Winston, Charlotte, Hickory and Asheville.

A Large Track Squad is Out

Coach Brown is enthusiastic over track prospects. The number of men on the squad is much larger than in former years, and all who are out are working hard and showing lots of pep. The material, though abundant, is all new, but a good team is in the making. Thirty-five or forty men report every afternoon now for practice, and many of these are having their meals at the training table that has been started at Mr. Swain's.

Carolina will participate in the state meet which will be held here, and the management will probably secure meets with Trinity and Georgia Tech.

DR. PATTERSON RECOVERING FROM SLIGHT OPERATION

Dr. Patterson was taken to Watts hospital, in Durham, last Sunday for an operation on one of the glands of the eye. Dr. Mangum accompanied him and said that the operation was only slight and that Dr. Patterson was getting along nicely.

CAMPUS IS BEING SPRUCED UP

Spring cleaning has begun. The campus is already being polished up in preparation for the spring and for Easter. The library is one of the first victims of this yearly overhauling. Its outside woodwork is being given a new coat of dark golden paint. Mr. Norris, the tree surgeon and brother of Peck Norris, is also actively engaged all day long in doing acrobatic feats up in the soon-to-be leafy boughs of the campus trees. He is making them proof against the attacks and the insects, which are to make a spring drive soon.

TEAM BEING PICKED FROM THIRTY DIAMOND ARTISTS

STIFF PRACTICE IS GETTING RESULTS—TRAINING TABLES STARTED AT SWAIN

Emerson field grows more and more popular as the days grow warmer, popular with the athletes as well as with the drill masters. About thirty men are coming out regularly for baseball, and the bat's crack can be heard from 2 to 4 on drill afternoons, and from 2 to 6 on the other days. Hearne's coaching is showing good results. The team is being built around four letter men, and is already showing what it is worth.

The following is the list of candidates: Younce, Tayloe, Spaugh, Adams, catchers; Lewis, Swift, Willis, Joyner, and Powell, pitchers; Henry and Brvant, first base, and Grandin, when he comes back from Florida; Cordon, Boren, Lenoir, second; Herty, short; Fiemster, third; Pippin, Dowd, Liipfert, Graham, Harden, Paylor, Stone, M. B., and M. L., Little, Brinn, and Rendlemann, outfield.

A new system is to be used this spring in which freshman pitchers and catchers will practice with the varsity on Mondays, Wednesdays and Fridays.

The training table has been started at Swain Hall with about twenty men attending.

Good Basketball is Seen on Class Court

Senior-Junior

In a fast game the Seniors opened their class basketball season by defeating the Juniors 30-20 Tuesday.

The game was well fought throughout, with the Seniors passing and shooting better than their opponents. Peacock starred for the 4th year men, being responsible for 20 of their 30 points. Ravel also put up a good game. Hodges and Corpening, for the Juniors, seemed to be the only men of the team who could get their eye on the basket.

The line-up and summary:
Seniors—Peacock, l. f. (9); Hawkins, r. f. (1); Ravel, c. (3); Devereaux, l. g.; Armstrong, r. g. (1).

Juniors—Corpening, l. f. (5); Hodges, r. f. (3); Price, c. (1); Frazier, l. g.; Andrews, r. g.

Substitutions: Warrick for Devereaux; Wright for Frazier.

The Annual Goes to Press

Bob deRossett went to Charlotte Tuesday to assist the publishers in the final make-up of the Yackety Yack, which went to press this week. The editor-in-chief said, just before he left, that he and the editors were very enthusiastic about the book and believed that this year's Yackety Yack, despite the adverse circumstances of the war, would be one of the best in recent years. He said with the military features predominating the book would appeal to a larger number of students than heretofore.

CO. A AGAIN AWARDED THE BATTALION COLORS

HOLDING'S MEN WIN COMPETITIVE DRILL—MR. HILL GIVES FLAGS

DONOR SPEAKS AT PRESENTATION

Delivers Patriotic Talk, Praising the Two Nations Whose Flags He Added to the Collection—Interesting Field Maneuvers Are Staged.

Having won the colors in competitive drill for the second time, Co. A was presented with the American, British, French, and North Carolina flags at a ceremonial parade Monday afternoon. Mr. John Sprunt Hill, of Durham, presented the colors to the guard. The French and British flags were presented as gifts from Mr. Hill.

A slow drizzle fell during the entire ceremony but it didn't seem to dampen the ardor of the battalion, which passed in review, with a snappy swing, before Capt. Allen, President Graham, Mr. Hill, Lieut Leonard and Lieutenant Whitfield.

In presenting the flags Mr. Hill spoke of the nations represented by the flags. In the presentation of the English colors he said England had greatly aided us in the past. They materially assisted us in the Louisiana purchase in 1803, in the Holy Alliance in 1822, in the Monroe Doctrine in 1824, and in our war with Spain in 1898. And now in 1918 with England as our ally in the great cause of freedom for all peoples, unfounded prejudice of some Americans toward England should be forgotten and sympathy and co-operation should take its place.

Presenting the flag of France Mr. Hill said that the opportunity of meeting our debt to France and Lafayette had come and that the debt was being paid by the American soldiers in the trenches of France and Flanders. He spoke of this war as a war of great ideals with America on the side of chivalry, honor, love of justice, liberty, humanity and arrayed against the German ideals of fear, lust, force, brutality, conquest, blood and iron.

After the color guard had marched to the winning company the battalion passed the reviewing party in platoon formation, company front, and column of companies.

Wednesday afternoon a successful field maneuver was staged on the Hillsboro road. With Co. D and the half of Co. C as defenders, the remaining companies attacked the bridge on the Hillsboro road. Being greatly outnumbered the defenders slowly withdrew and entrenched themselves on the high hill just beyond the creek. It was there that the final charge was made.

Yesterday afternoon another route march was made down the Durham road. The band preceded Co. A which was followed by the color guard and the other three companies.

From the number of men going out for horse shoe pitching it looks as though there is going to be a hard time deciding to whom the "N. C." Monogram will be awarded.
