

## NORTH CAROLINA CLUB TALKS TRADE BONDS

R. M. Brown Leads Discussion and Declares for Effective System of Chambers of Commerce.

Speaking before the North Carolina Club on last Monday night, Mr. R. M. Brown declared for a bigger, better and more effective system of Chambers of Commerce for North Carolina. First giving a brief of town and rural conditions, the flow of ruralists to the cities, and the interlocking of town and rural communities through dependence of manufactured and food products, banking, education churches, amusements and last, but not least, leadership. The problem before the people today is to find some agency to bring the two closer together. The Board of Trade or the Chamber of Commerce is the agency that is important now. A brief history of the New York City Chamber of Commerce was then given by Mr. Brown, and he further pointed out that there are now 4,000 chambers in the United States, 64 of which are in North Carolina. "The field is unlimited," and the fundamental purpose of the organization should be "to teach team thinking and team action." The function of the Secretary of the Chamber is a vital part of the organization, and the main trouble with those in North Carolina is that they have a perpetual disregard for their duties. Statistics were pointed out to show that there are 414 incorporated villages in North Carolina, and that there are 70 counties which have a rural population of 75 per cent or over; six of the counties have a city population of 50 per cent or over; three counties have no towns incorporated. As a rule towns of less than 2,500 population have ceased to grow. The remedy is "become either manufacturing or residential cities." Only 9 per cent of the increase went to the small towns while 54 per cent went to the cities. The specific task of the Chamber of Commerce is to make the small town function. Where there are several organizations in one county there should be a confederation of them.

In the discussion that followed several points were brought out about the separate city chambers in North Carolina. The chamber at Raleigh was mentioned along with those of Durham, Asheville, Charlotte, Gastonia, etc.

### EXCHANGES.

#### APOLOGIES TO PEGGS

Up from my cot, the bed being stole during the holidays and me unable to steal another, and to Swain for breakfast. From thence three classes were attended with much intellectual enlightenment and did discourage after Christmas fresh when I told him I was talking blankology 62. "What a lot of courses," he exclaimed.

This fore-noon has Rastus lowered his dignity to the point of cleaning up the room before dinner, indeed a strange and uncommon occurrence and I feared either for his health or his mind. The consideration of the University in allowing us such conveniences as janitor service, running water, Literary Societies and 8:30 classes is not to be too highly praised.

The afternoon employed in study was lightened and made enjoyable by Oscar practicing on his saxophone in the room above. I was thankful that Jim was on Botany Lab, because he is an addict of dog dancing and the ceiling is weak. The music ceased with a crash as an off-cast shoe wended its weary way through the transom.

At supper time to Swain where the authorities were doing their best to make life more enjoyable to the poor student boys by having them show their receipts before they went in to sup. Not having a receipt nor Red either the bulletin board lost several choice Latin books for sale and one fine fountain pen lost strayed or stolen.

A hearty supper of canned milk seasoned with extract of oyster and camouflaged with little red spiders and firmly convinced that honesty is no policy at all, to the Pick, Post-office, Pinochle game and bed this being my regular after supper program and did match Red out of shutting the window in the morning.

Eleven miles were cut from the distance between Washington and Atlanta in the reconstruction and double-tracking of the line of the Southern Railway, many curves being taken out and grades reduced, and beginning January 1st, 1921, passengers between Washington and Atlanta and between intermediate points will be given the benefit of reduced fares, corresponding to the decreased distance.

## CAMPUS CABINET HAS FORTNIGHTLY MEETING

At First Meeting of Quarter, Reports From All Committees Heard and Approved.

Meeting in the Cabinet Room of the Y. M. C. A. last Thursday night at seven o'clock the Campus Cabinet held its first semi-monthly meeting for the new scholastic year. After hearing reports of the Class Athletic Committee and Chapel Committee, the cabinet went into the details of these reports. The report of the Class Athletic Committee dealt largely with the progress made in the management of class athletics for the past quarter, and the discussion of further plans in regard to this line of its work was dispensed with pending the early change to be done in the directorship. The committee in charge of chapel exercises were authorized to go the full extent of their capacity in the effort to make the program entertaining. A report of the chairman of the Greater University Student Committee which has had in charge the direction of the student part of the campaign for Higher Education showed clearly what had been done by the Committee. This committee grew out of the action of the Campus Cabinet in an effort to cooperate with the Faculty Central committee. Other matters of student interest were gone into and discussed by the cabinet. The Campus Cabinet is student service organization, being in reality the official go-between in faculty and student affairs.

### FACT AND COMMENT

The Order of The Grail initiated on Saturday night W. R. Berryhill of Charlotte; E. E. Rives of Greensboro; P. G. Grant of Snead's Ferry; W. A. Rourke of Wilmington; Louis Cobb of Mount Olive; Loyd P. Williams of Pee Dee; A. M. McDonald, J., of Charlotte; P. A. Reavis Jr., of Louisville.

Kappa Psi, medical Fraternity recently initiated R. R. Speed of Franklinton, N. C.; and T. I. M. Fowler of Greensboro.

Mr. William Kendall, of New York City, who is the consulting architect employed by the University to aid in the erection of the new building now under course of construction on the campus, was on the Hill last Thursday. Mr. Slater, the State architect, has charge of the erection of all state buildings. The building is expected to be ready for occupancy by the first of June.

The regular mid-winter meeting of the trustees of the University will take place next week in the Governor's office at Raleigh. Governor Morrison is ex-officio chairman of the Board of Trustees. This meeting has not been called for any special purpose, but all matters pertaining to the University will be brought up.

A letter received recently from Beemer Harrell, captain of last season's eleven, indicates that he is now engaged at Chester, S. C., as an executive secretary of the local Y. M. C. A. and enjoying the work, which he states, "is very interesting, but by no means easy."

Dr. Edgar W. Knight has been initiated into the Upsilon chapter of Kappa Alpha.

Dr. H. W. Chase attended the inauguration of Cameron Morrison as Governor of North Carolina.

Dr. G. D. Christian, of Richmond, Va., who for the past ten years has been in charge of the Episcopal missions in Juneau and Nome, Alaska, addressed the Woman's Guild last Tuesday night. He spoke about the great work which was being carried on among the Indians, and the large

Working as a stevedore in order to gain experience in the realities of life, Theodore Rondthaler has been in New York City for some time. He started in as a day laborer and is now a foreman. He is staying at a Y. M. C. A. on the Bowery. Recently a speedy looking individual came up to him and said: "Say can you read?" Rondthaler answered: "Yes, a little." Rondthaler is a member of the class of 1919 and was last year an instructor in Freshman English here while he was working for his master's degree.

The office of Dr. H. W. Odum, and the School of Public Welfare has been moved from the first floor of Peabody to the former headquarters of the Bureau of Extension upstairs, where offices have been procured by the use of partitions in the big room.

number of missions recently opened in the interior of Alaska. His personal experiences with the Indians were very entertaining and humorous.

J. R. Raper, of Linwood, and J. B. Hicks, of Henderson, have been initiated into Theta Chi.

Word has been received by Donnell Van Noppen that W. R. Wunsch, until recently general secretary of the Y. here, is studying at Columbia University. His studies include German and journalism. After resigning the office of secretary of the Y, that he held here for two and a half years, Wunsch went to his home in Louisiana, from where he went on to New York City.

A pamphlet entitled "Yackety Yack 1921" has been issued by the Yackety Yack board, in which they give a full description of this year's Yackety Yack. The board in issuing this pamphlet or news letter does so with the intention of placing directly before the student body all the technicalities involved in the issuing of a college annual. A campaign for subscriptions was made Thursday and Friday. The price of the book will be five dollars, an increase of one dollar over last year's price.

James T. McCraw, of Wilson, N. C., and Oscar McMullan, of Elizabeth City, N. C., have been initiated into the Delta Kappa Epsilon fraternity.

## PICKWICK PUTS ON REALLY GOOD SHOW

"The Penalty" by Gouverneur Morris Deserves Place With Best Shown Here.

Goldwyn's latest production "The Penalty" shown at the Pickwick Friday and Saturday constituted by far the best attraction offered by that theater during the present season. It is gratifying to note that the management is making special effort to secure and exhibit pictures of such high order, for it is there the fundamental difference between the local Pickwick and the average small town movie.

The story, which is by Gouverneur Morris and one of the best he has done, deals with the insatiable desire a diseased and distorted mind, though highly improbable, furnished an ideal medium for introducing the revenge and romance motifs which wend their way through the many intricacies of plot to a clear and satisfactory consummation in the anticlimax.

Certainly there were weaknesses—

no movie has yet attained that mythical state we call perfection, yet in "The Penalty" we have unsurpassed character representation, a definite problem, a series of plot intricacies which maintain coherent connection until the climax, and above all a gripping story, which purports, after all, to be the major premise of the movie as well as of the novel and short story.

Blizzard's character, which is, to the minutest detail, depicted in the settings, gives to the picture an extent of realism seldom before attained in a screen production. That the directors had good material to begin with there is no question, but the fact that they utilized the same to the ultimate advantage, is the fact which coupled with Lon Chaney's practically flawless portrayal of the role of "Blizzard" is what gives the production its position as marking a new epoch and standard in the technique of the silent drama.

"Education begins the gentleman, but reading, good company, and reflection must finish him."—Locke.

"It is remarkable, the character of the pleasure we derive from books."—Emerson.

## CAROLINA FIVE BEATS GAMECOCK QUINT IN OPENING GAME HERE

(Continued from page 1)

of spectators, desirous of obtaining a line upon the quint, whose next encounter is with Elon at Chapel Hill on the nineteenth.

Line up and summary:  
N. Carolina South Carolina  
Carmichael Sparkman  
R. F.  
McDonall Wallace  
L. F.  
Lipfert Foy  
C.  
Shepherd Vaughn  
R. G.  
Hanby Waite  
L. G.

Substitutions: N. C.—Williams for Lipfert, Lipfert for Williams, Morris for Shepherd, Carmichael for Lipfert, Erwin for Hanby, Woodall for McDonall. For S. C.—Stevens for Wallace, Wallace for Vaughn, Foyowski for Stephens.

Summary: Goals from field, N. C.—Carmichael 7, McDonall 2, Lipfert 2, Shepherd 1, Williams 1. Foul Goals: Carmichael 7 out of 10, Stevens 1 out of 3, Vaughn 1.

Kill that thirst in our fountain and finish it with a smoke

## FACING THE FACTS AND FIGHTING FOR THE FUTURE—YOUR PART IN THE FIGHT

One thousand students of the University of North Carolina in the largest mass meeting of the year enlisted:—

- 1.—In the Cause of the Boys and Girls Crowded in and Crowded Out of the Colleges of North Carolina.
- 2.—In the Cause of the 26,000 Boys and Girls Today in the High Schools of North Carolina.

## THE ISSUES DRAWN

After months of a crusade in taking the facts to the people the far-reaching issues of the battle are drawn. Within the next six weeks the people of North Carolina in legislative action at Raleigh will:

EITHER

Fling wide the doors of welcome to the thousands of boys and girls who are knocking and will in rising tidal ranks continue to knock at the doors of opportunity.

—OR—

Lock the doors of opportunity, put down the windows of hope and throw away the key to the future.

## THE FIGHT IS FOR EQUALITY

The fight for equal educational opportunity that has shaken the great State of North Carolina from the sand-reefs of Hatteras to the mountain-crested Tennessee line has now centered in the Legislative halls of the State Capitol.

THE STATE IS THE BATTLE-GROUND.  
RALEIGH IS THE DECISION-GROUND.  
THE ZERO HOUR HAS STRUCK.

## THE FIGHT MUST BE PRESSED TO THE END

The command is FORWARD! and the command must come from the people. The Legislature will go as far as the people pass up the word.

## YOUR CHANCE IN THE FIGHT

So sit down today and write, not to the legislators yourself, but to influential, public-spirited citizens back home and ask them to write to their representatives in the Legislature:—

To SUPPORT the state-wide public educational program by an \$18,000,000 bond issue.

—AND THEREBY—

To OPEN the doors of the colleges equally to all her sons and daughters.

A VOICE FROM THE FOLKS BACK HOME SPEAKS WITH THE POWER OF COMMAND AND THE COMMAND IS FORWARD!
