

FACT AND COMMENT

In the Inter-Fraternity basketball series the Sigma Alpha Epsilon five won two more games this week, easily defeating the Zeta Psi and Sigma Nu teams. In the Zeta Psi game neither team did much scoring, only fifteen points being made by both teams combined, the S. A. E.'s winning by the score of 12 to 3. The Sigma Nu's were defeated by the score of 23 to 8 by the S. A. E. quint. The winning of these two games by the S. A. E. quint gives them a hundred per cent record so far in the Inter-Fraternity games. The Kappa Alphas were defeated a week before by this team.

The pageant drama, Raleigh: The Shepherd of the Ocean, written by Dr. Frederick Koch, and produced in Raleigh last fall under the direction of Miss Elizabeth Grimball, was given a two column write-up in a recent issue of the Christian Science Monitor, published at Boston, Mass. Drawings of several of the leading characters were also printed in the Monitor.

Messrs. W. H. Carmichael, W. H. Ruffin, Jr., of the Senior Class, and S. D. Wooten of the Junior Class, and O. H. Allen of the Sophomore Class were initiated into the Phi assembly at its regular Saturday session.

Delta Psi Delta recently initiated Wm. H. Andrews, Jr., of Tarboro, N. C.

There have been several new students to enroll in the Graduate School since Christmas. They are Wm. H. Andrews of the Class of '20, Robt. N. Ledford, Hot Springs, N. C.; Robt. B. Spencer of Chapel Hill; Cy Thompson and Dean F. P. Bradshaw, and J. G. Woodward, of Democrat, N. C.

There has been a definite announcement that Harry Artzell has been chosen as Director of Athletics at A. & E.

Dr. S. E. Leavitt of the Department of Romance Languages will deliver a lecture on the subject, "Why Go To South America," in the Physics lecture room at Phillips Hall on Tuesday night at 8:00. This lecture is to be given primarily for students who are interested in South American trade and relations. Dr. Leavitt returned to the University last fall after an 18-months' sojourn in South America, during which time he was busily engaged in studying conditions on that continent and also studying the languages of the different peoples he visited.

E. Emerson White of the Class of '20, who went with the International Banking Corporation, a subsidiary of the National City Bank of New York, to fill a position in its offices in London last year, was on the Hill a few days ago. He has left for Yokohama, Japan, where he will be in the service of the Corporation in one of its branches in the Orient for about five years.

G. D. Crawford, also of the class of '20, has retired from the banking field and has returned to his home in Cornelius, Georgia. John Washburn, who is also in the employ of the National City Bank in London, will remain at his post for an indefinite period.

Fritz Kreisler, the noted violinist, is to give a concert in Raleigh Saturday, February thirty-first.

"The Construction of Rural Telephone Lines," is the title of a recent bulletin issued by the Bureau of Extension in collaboration with the State Highway Commission. This is Part II of Bulletin I of the Country Home Comforts and Conveniences Series.

The South Carolina Club had a smoker on Saturday night. There are some forty odd members of this Club and they spent a very enjoyable evening with their Chesterfields and Meditations. Louis Nelson of Florence, S. C., is the president of this Club and P. H. Edwards of Darlington, S. C., is secretary-treasurer.

The Chemical Journal Club held its first meeting since the holidays recently. Four papers were presented at this meeting. The first on "The Coloring Matter in Blue and Red Fluorite," by F. P. Brooks. S. C. Smith presented the second on "The Purification and Atomic Weight of Samarium." "The Vitamines," by P. R. Dawson came third, and the meeting was concluded by L. V. Phillips whose subject was, "The Purification of Pure Carbon Dioxide."

Eddie Merritt, '19, who is now principal of the Aurora high school, was a visitor on the Hill last week.

In a recent issue of "Public Works" there is an article by Prof. Thordike Savill entitled: "Notes on English Sewage Treatment."

Wake Forest was represented by twenty-three applicants for license to practice law in North Carolina at the Supreme Court examination in Raleigh yesterday.

Lucius Ranson, Class of 1914 and original "Patty" of the six that have come to Carolina, passed through Chapel Hill, Friday night, on his way to Charlotte from Raleigh, where he has been attending the State Convention of the Superintendents of Public Welfare.

The physics department has recently installed some fine new apparatus which will be available for students who are taking physics 12 a new course given by Professors Patterson and Stuhlman. One of the notable pieces is a Langmuir condensation high vacuum pump, the latest pattern designed for high vacuum work. Another valuable new instrument is a Greene barometer—one of the finest instruments of its kind procurable today.

"Bill" York, president of the Class of '18, and a "N. C." track man, was on the Hill January 27 and 28.

"Cutie" Prince of the Class of '18, was on the Hill January 28.

E. E. White of the Class of '20, was on the Hill January 27 and 28. White is with The National City Bank of New York, and he is on his way from London, England, to Yokohama, Japan. John Washburn, also with the same bank, will follow White in about a month.

Miss Lou Shine Entertains Teachers and Co-Eds at Tea

The teachers in the Chapel Hill graded school and the Co-eds in the University were charmingly entertained last Saturday by Miss Lou Shine. The guests were received at the door by Mrs. Shine and Misses Lucy Cobb, Mary Cobb, Dorothy Greenlaw and Lou Shine. In the dining room Mrs. Collier Cobb and Mrs. Isaac Manning poured tea and coffee. A delicious salad course was served by Misses Adeline Durham, Nell Pickard, Vera Pritchard, and Elizabeth McKie.

CAROLINA BASKETBALL TEAM LEAVES TODAY FOR NORTHERN GAMES

(Continued from Page 1)

feated. The trip ends with the Elks Athletics Club encounter at Lynchburg on the 10th.

Team in Excellent Shape

The team leaves in the best of shape, and despite the fact that the trip is a long and strenuous one, promises to make a good showing against the strong Northern aggregations. The men that will make the trip are: Lipfert, center; Carmichael and McDonald forward; Shepherd and Hanby, guards. Erwin, Morris, and one other man, either Williams, Woodall, or Eaton, all of whom have shown up well and Major Boye and Manager Joe Person will also accompany the squad.

FRESH RISE UNRULY AND FIGHT PITCHED BATTLE WITH SOPHS

(Continued from Page 1)

savior of '24 assembled his cohorts. A running engagement at the village postally disposed of the few remaining Soph assailants, by outstripping them in the race. The army, however, succeeded in drawing in its widely extended flanks, and taking up a strong position on the campus called loudly for the foe to come and do battle. They came, and hot and furious was the encounter. Spectators from all over the town assembled to witness the fight, for it was one of the traditions of Carolina that every year there shall take place the snow battle between the two lower classes.

The season's classic progressed as gently as possible in keeping with circumstance. A few altercations, some more or less personal, took place. Considerable comment was occasioned over the rumored extermination of the "last of the Ratties" but all minds were set at ease by the prompt denial of such being the case by the gentleman himself.

The great fight, as is the custom, was called a draw. Both sides claimed the victory, and another edition of practically the same content came out Thursday. Casualties, though heavy, were not so numerous as last year. Both sides appear satisfied with their war record, and are now thankful, along with the mere pedestrians, that the reign of the blustery monarch of Estotland is over, and that walking, whether to or fro, has again become a matter of normalcy.

Prof. Matherly's New Book Is Released by Publishers

A new book written by a University professor, Prof. W. J. Matherly, and entitled "A Number of Things" has just been released by the publishers. In his book Prof. Matherly discusses The Idlers of the Species, The Economic Aspects of Eats, The Peddlers of Excuses, The God of Conventuality, The Philosophy of Eats, The Various Kinds of Freaks, The Why of Tobacco and the Costs of Waiting. Mr. Theodore H. Price, Editor of Commerce and Finance, frequent contributor to the Outlook and other periodicals, in asking permission to print The Why of Tobacco in his paper says of this book: "If I had the naming of this book I should call it Humor, Economics and Common Sense."

WORK OF MATHERLY PRAISED IN MAGAZINE

(Continued from Page One)

Tar Heel speaks in another part of the paper.

In the write-up in the Contributor's Column, this is what Industrial Management had to say about him: "Professor Walter J. Matherly whose editorial on 'The Brain Factor in Industry' appeared in the January 1 issue of Industrial Management took his degree of Master of Arts in the field of Economics at Washington University, St. Louis; was fellow in Economics at the University of Minnesota 1916-17; was assistant in Political Economy at the University of Chicago 1917-18; and was commissioned First Lieutenant in the United States Army during the war. He is now Associate Professor of Business Administration in the School of Commerce, University of North Carolina."

Directly opposite the write-up of Professor Matherly in the Magazine,

was his picture. The photograph was a striking resemblance of him. On the same page appeared pictures and articles of two other contributors—William B. Ferguson and Robert J. Caldwell.

Professor Matherly has a contract with Industrial Management, which is a magazine of Engineering, to run one of his editorials each month. His editorials and articles are nearly all of the inspirational type, and are good enough to inspire any man to harder work in the hope of final success in the field of business.

THE INTER-COLLEGIATE PRESS ASSOCIATION TO MEET FEBRUARY FIFTH

(Continued from Page One)

cess, both in bringing about better college periodicals and in creating a more hospitable relationship among the higher educational institutes of the Old North State."

Another example of the enthusiasm over this association is expressed in the editorial columns of The Davidsonian: "We would like to urge that every publication in our State back the suggestion for an efficient organization like this for it will mean much to the various college papers and magazines."
