No. 38

LETZ QUARTET GIVES DELIGHTFUL CONCERT TO LARGE AUDIENCE

Quartet Delayed for Some Time by Derailment of the Carrboro Limited.

LARGE AUDIENCE PLEASSED

Playing before a large audience the Letz Quartet rendered a pleasing program, in Gerrard Hall, Tuesday night, February 15th, classical selections from a great number of the world's most famous composers were played in a most skillful and entertaining manner.

Although tired out and with the grime of travel still upon them because of lack of time to prepare for their performance because of the derailment of a box car on the railroad leading from University Station to Carrboro, the members of the Quartet nevertheless rendered a most excellent program if the applause from the audience was any criterion.

The Letz Quartet was secured through the efforts of the Department of Music. They, however, could not have been secured were it not for the fact that the Quartet had to lay over one day and night in Greensboro. The Music Department considers itself very fortunate in securing such a skillful Quartet and from the reception the Quartet received it appears that they were appreciated.

The members of the Quartet were: Hans Letz, who played first violin; Sandor Harmati, second violin; Edward Kreimer, viola and Lajos Skuk, cello.

The program was supplemented by three selections rendered as encores. The second part of the program was the best received, although the whole program was pleasing throughout. Variations on "Death and the Maiden," was with the last selection the best received of all. One encore was given at the end of the second part of the program and two at the end. The full program with the exception of the encores is given below:

- 1. Quartet in C Minor, Beethoven. Allegro ma non tanto. Andante scherzoso quasi allegretto. Menuetto. Allegro. 2. Variations on "Death and the Maiden."—Schubert. 3. a. The girl with the flaxen hair.—Debussy. b. In modo antico.—Glazownow. c. Andante cantabile.—Tschai-kowsky. d. Molly on the shore.—Grain-ger.

GOD IS WITHIN YOU SAYS B. C. BROWN

Senior Speaking in Chapel Says We Are What We Make Ourselves.

Bryant C. Brown, speaking in chapel Tuesday, February 15, upon the subject, "The Kingdom of God is within you," said in part: "Only through experience can one find himself. You came here from high school with the laudable ambition of finding what you want to do and preparing yourself to do it; you write the registrar that it is your ambition to be a big lawyer, or doctor, or teacher, or business man, and then you have decided upon the University as the place which will serve you in accomplishing your job. You come here and you find the concrete thing of making money laying its claim upon you. Many new obstacles and new problems present themselves. You want to be an all-around man and you want to go on with your work of preparing yourself. Some men almost completely forget their prime duty, and hang upon the wall of their rooms the motto: 'Don't let studies interfere with your college education.' You come here with one big all-controlling impulse and you resolve that all else shall be subordinated to that purpose. Then what are you going to do? You see the necessity of doing something. What you are really seeking is a happy complete life.

"I mean by finding yourself, that you have lost yourself in a passionate love for a big all-absorbing desire that contains and controls all others. Every activity that you go out for is good but you can't get everything. Then which shall you take?"

CAROLINA MEN TO GO TO COLLEGIATE MEET

Four Men to Go From University to Inter-Collegiate Meeting to Discuss College Problems.

The Campus Cabinet endorsed a proposition Monday night to send four representatives to the inter-collegiate conference on undergraduate government to be held at the Massachusetts Institute of Technology at Cambridge, Mass., the 15th and 16th of April.

The aim of the conference is to bring together representatives of various universities and colleges at a meeting to discuss the problems of undergraduate government, and student activities. Two of the problems that may be of special interest are dormitory control and relations between non-fraternity men and fraternity men.

STATE AND FEDERAL BUREAUS CO-OPERATE

Work on the National Reading Circle To Be Conducted in State by Chester Snell.

Citizens of North Carolina who have enrolled in the National Reading Circle of the Bureau of Education, or those who contemplate the reading of one or more of the sixteen home reading courses issued by the bureau, will be interested to know that a plan of co-operation has been perfected and adopted by the Federal Board of Education and State educational officials of North Carolina.

The Bureau of Extension of the University of North Carolina has now entered into co-operation with the Bureau of Education and with the approval of the State Superintendent of Education the work in North Carolina will be carried on by Chester D. Snell, Assistant Director of Extension at the University, Chapel Hill, North Carolina.

In the future, certificates awarded to those completing any of the courses of the Home Education Division will be signed by the United States Commissioner of Education, the State Superintendent of Public Instruction, and a representative of the Extension Department of the University.

Readers living in North Carolina are requested to send all papers and letters to Chester D. Snell, Assistant Director, Bureau of Extension, University of North Carolina, who will keep the Bureau of Education informed of the progress of the various readers.

The National Reading Circle was formed to answer the needs of old and young who had long desired some guide in their reading, and who needed some inspiration to continue a course after having commenced it. In taking over this work in North Carolina the Bureau of Extension of the University will bring the opportunities for a better system of educational reading directly home to the people of North Carolina. There has long been a need for a larger and saner degree of reading among all people and Mr. Snell here in the Bureau of Extension will aid the people in this State in the reading of the interesting and instructive literature issued by the Bureau of Education.

ANNOUNCE ITINERARY OF GLEE CLUB TRIP

The itinerary of the Glee Club trip is announced as follows: Monday, February 21, Wilson; Tuesday, the 22nd, Rocky Mount; Thursday, the 23rd, Washington, N. C.; Friday, the 24th, Tarboro; Saturday, the 25th, New Bern; Sunday, the 26th, Goldsboro.

The club will take twenty-five men in the trip. The president of the club, M. C. S. Noble, Jr., who is recovering from an operation for appendicitis, will not be able to make the trip. Charles Nichols, the club manager who has been sick will be able to make the trip.

Eight new men have been added to the club since the last trip, and it is said, that there is now a better balance of voices than before. LeGrand Everett and Charles Nichols will be the soloists. The Orchestra and the Mandolin Club are both included as is the Tar Baby Five.

The home concert of the Glee Club will not be given until after the trip has been completed.

CABINET AND FACULTY LOOK INTO SANITATION

Joint Committee of Campus Cabinet, Student Council, Representative Students and Faculty Held.

In order to study the situation and arrive at a conclusion relative to the sanitary and economic living conditions on the campus, a committee was appointed Tuesday afternoon by a joint meeting of the Student Council, the Campus Cabinet and Representative Students. This committee which is composed of Berryhill, Kerr and Nash, is to report to the Campus Cabinet its plans.

The meeting was called by Dean Bradshaw and the Campus Cabinet for the purpose of studying the janitor service, the cleanliness of the dormitories, and the breaking out of window lights. Stating that two thousand dollars worth of window lights had been broken out since September, Dean Bradshaw discussed the economic side. Dr. Abernethy gave the facts as to the sanitary condition, saying that the dormitories were very unsanitary, especially the toilets. He said that lack of co-operation by the students with the janitors caused much of the unsanitary conditions. Mr. Birch discussed the janitor phase.

It was decided at the meeting that the present condition must be put before the student body. So a mimeographed sheet with the facts as arrived at by Birch, Dr. Abernethy and Dean Bradshaw, will be sent to each dormitory manager on the campus. He is to call a meeting of all the men in his section to discuss the things taken up on the sheet.

DAVIDSON R. O. T. C. IN RIFLE COMPETITION

Davidson Quint on Trip Through State; President of Biddle Speaks on Race Question.

(By North Carolina Intercollegiate Press Association) Davidson—Twenty members of the Davidson College R. O. T. C. unit began last week their gallery practice for the competition to be held February 26th to March 12th, between the various college R. O. T. C. representatives. This competition is to be in sub-calibre fire. Scores made in prone, sitting, kneeling, and standing positions will be sent to the Corps headquarters and that office will announce the winners.

Davidson's basketball team is playing three hard games in North Carolina this week. Wednesday night they tackle Elon at Elon; Thursday night N. C. at Raleigh; and Friday night the University at Chapel Hill. The victories last week put the team in good spirits and they are going forth to keep up the record.

At the Davidson College "Y" service Sunday afternoon Dr. H. L. McCrery, President of Biddle University at Charlotte, presented the attitude of the negro toward the matter of better understanding between the white and colored races. Accompanying Dr. McCrery were five of his students from Biddle, which is the colored Presbyterian University in the South. These men added much interest to the program by the musical selections rendered.

On Tuesday night eleven members of Davidson's Senior class took part in an oratorical contest. This contest was held for the purpose of selecting four men to speak during Commencement week for the Senior Oratorical Medal. The eleven men taking part in the contest chose to make speeches rather than write thesis.

WHAT'S TO HAPPEN AND WHEN

Friday, Feb. 18: Davidson vs. Carolina. Parson Moss in "Y" to confer with students from 5-6 in afternoon.

Saturday, Feb. 19: A. and E. vs. Carolina. Mr. Matherly in "Y" from 5-6 to confer with students.

Monday, Feb. 21: Mr. Woosley in chapel.

Professor McKie in "Y" from 5-6 to confer with students.

Tuesday, Feb. 22: Phillip Hettleman in chapel. Mr. Howard in "Y" from 5-6 to confer with students.

DANCE TO BE GIVEN BY ORDER OF THE GRAIL

Second of Series of Dances to Be Given Under Order's Supervision February 19.

The Order of the Grail announces another of their series of dances to be given on Saturday night, February 19. The profits of the last dance will go to lowering the admission charge on this one. All upper classmen will be admitted including students in the various professional schools. The dance will be given in the Gymnasium and music will be furnished by the Tar Baby Five.

This dance is to serve the same purpose for which the last was given which is threefold: To get the students together, to provide social development, to provide suitable recreation under supervision.

The regular German club rules will be strictly enforced and the dance will be informal. Stags will be required to stand on the side lines to allow the dancing in the center of the floor. The moral support of the campus is solicited by the Grail, and a large attendance is expected.

It has been suggested that in the future the dances be divided between the three upper classes and the professional schools that is that the student body be divided so that there will be a smaller crowd to allow better dancing. Although no definite conclusion has been reached the Order is considering the change. Also it is contemplated that the dance will be given the proceeds to go to help make up the deficit of the Y. M. C. A. By this is meant that the dance will be given as those in the past have been the profits to go to help the "Y."

BASEBALL PRACTICE IS TO START SOON

Pitchers and Catchers Already Working—Rest of Team Will Start First of Week.

Good weather continuing, Coach Fetzer will issue his first call for baseball practice in a few days, possibly early next week, according to an announcement he has just given out. Already he has directed the pitchers and catchers to begin warming up and loosening up their muscles, and by the time the regular practice starts, the battery men will be in pretty good shape to start the training season.

Captain "Lefty" Wilson and Llewellyn, varsity twirlers from last year, will probably bear the bulk of the pitching this spring, but will be assisted by Bryson and Bell from the Freshman team of last season that made such an enviable record. Behind the bat Carolina will again be short on material, "Casey" Morris and McGhee, the only candidates so far who have signified their intentions of reporting for practice. These two men will be called upon to bear the brunt of the receiving, it is believed.

Indications point to an abundance of material for the infield, and the outfield will be fairly well fortified. Lowe and McLean from the varsity, and Shirley, McDonald, Fred Morris, Allen, from the Freshman squad will be out for the infield berths.

BOARD OF ALDERMEN WORKS ON SANITATION

Plan to Improve Sanitary Conditions of all Sorts in and Around Chapel Hill.

The Chapel Hill board of aldermen is to take immediate steps to improve sanitation in and around Chapel Hill, according to a statement from Mayor Roberson.

In the past it has been the custom to scatter the garbage at various spots around the town with no precautions against the breeding of flies and vermin. As a result, these dumping grounds have become disseminating stations of infectious diseases and demand immediate attention if the health of the community is to be preserved.

Mayor Roberson said that the plan of the board of aldermen was to concentrate all refuse matter at one large dumping ground, where it would either be burned or thoroughly disinfected. This garbage dumping ground will be located somewhere to the north of the town, according to Mayor Roberson.

JUG WHITAKER THROWS NEW LIGHT ON ROBBERY

Campus Night Watchman Believes That One of Dormitory Thieves Was a Woman.

"One of the robbers who went in the dormitories before Christmas and stole many valuable articles, I believe was a woman," said Night-watchman Whitaker.

"The one I saw about twelve o'clock of the night of the robbery in the secretary's room of the Y. M. C. A., looked like a woman about nineteen. I don't believe any man has as fair a complexion as the person I saw, even though she didn't wear a dress. The person's hair could not be seen for a large cap pulled over the forehead and down to the neck."

Answering the question of whether the person looked like a roughneck the nightwatchman said, "No, he looked young and unprofessional."

Another phase of the robbery was also brought in by Mr. Whitaker. The nightwatchman of the mills at Carrboro was confronted about eleven-thirty of the night of the robbery by a young person who wanted to know where the University was, how its buildings were situated, and what were the colors of the buildings. Mr. Douglas, who was the Carrboro nightwatchman, informed him, thinking that the man was only a half drunk college student who had his way. But as soon as the man had gone a little ways Mr. Douglas noticed that he was joined by two companions on foot.

As against the supposition that the burglars came in a Ford, Mr. Whitaker said that he believed the persons were on foot.

MATHERLY TALKS TO STUDENTS IN CHAPEL

"The History of the World is a History of Blunders," Says Economics Professor.

Walter J. Matherly, professor in the School of Commerce, speaking in chapel last Monday morning, February 14, said in part: "The history of the world is a history of blunders. Throughout the centuries human beings have been incompetent. We have always been and are still guilty of inefficiency. Most of us are from 50 to 75 per cent inefficient."

"We have always with us the high cost of inefficiency. To reduce the high cost of living is to reduce the high cost of inefficiency."

"There are four things the matter with the country today. They are: Government inefficiency, social inefficiency, industrial inefficiency, personal inefficiency."

"As part of personal inefficiency is mental inefficiency. It is this that most concerns us here at the University. Another part of personal inefficiency is physical inefficiency. This was brought to our attention by the draft law. It was found that most of the young men of America are physically inefficient."

"How are we to remedy this?"

1. By political enlightenment, and by intelligent citizenship.

2. Social consciousness. We need to believe and think in social terms.

3. In industry we must have co-operation.

4. A definite objective in life. Will power. The courage and the will power to do things. If you have a definite objective in life and have the courage and the will power to carry it out then God won't stop you and man can't stop you. Hard

MEMORIAL HALL TO BE USED AT NIGHT

Arrangements have been made whereby Memorial Hall may be used in the evenings after supper. If any dormitory or fraternity group of any kind wishes to put on a game they may do so by speaking for the use of the Hall before 6:00 p. m. of that day. At the same time they speak for it they may secure a ball with the provision that it be returned the next afternoon at 2:00 o'clock. Any one wishing to take advantage of this opportunity are requested to speak to Barnett, the man in charge of the balls and courts in Memorial Hall.

In this way the courts may be made to serve the maximum number of students and especially those who are not able to get out in the afternoon.

CAROLINA BASKETEERS BREAK LONG WINNING STREAK OF DURHAM 'Y'

University Quint Beats Durham Team With Record of 21 Consecutive Victories.

HELD LEAD THROUGHOUT

After a rest of four days, partly getting over the effects of the strenuous northern trip, Carolina's basketball quint broke Durham Y. M. C. A.'s long winning streak of 21 consecutive victories in Bynum gymnasium Monday night, winning from the fast Bull city team by the score of 44-25.

Owing to the absence of Lippfert from the line up, who is suffering from a sprained ankle, Carmichael was shifted to center for the game, Shepard assuming his position, and Erwin taking guard in Shepard's place. The shifted line-up exhibited enough speed and team work to completely outclass the visiting quint in every phase of the game, and had an easy time in winning.

Carolina took the lead in the first few minutes of play when McDonald shot a pretty court goal that started a scoring spurt for Carolina. Durham's floor work and passing vied with Carolina in the early stages but the Carolina quint shot more accurately and followed the ball better. There were so many fouls called that victory appeared to be going to the team that shot more foul goals. Carmichael for Carolina and Mangum for Durham both made eleven foul shots good in the first half. McDonald led the court scoring, registering three pretty shots, with Shepard, Carmichael, and Hanby, adding one each.

In the second period Carolina ran wild, completely bewildering the Y. M. C. A. team with cleverness in passing and shooting, and giving an exhibition of almost perfect floor work. Both teams took longer shots but Carolina had it all over Durham, Carmichael, Hanby, and Shepard, all registering several nice long goals. Mangum, star Durham forward, who took center when Knight retired from the game, after making three nice shots in the first half, was able to cage only one in the final period. His playing at center, however, was fast and aggressive.

Carolina plays Davidson here tonight, and will meet North Carolina State here tomorrow night.

The line-up:

Table with 3 columns: Carolina, Position, Durham. McDonald L. F., Shepard R. F., Carmichael C., Hanby L. G., Erwin R. G.

Substitutions—Woodall for McDonald, Starling for Hefflin, Harris for Knight, Lougee for Harris.

Field goals—McDonald 3, Shepard 4, Carmichael 5, Hanby 3, Erwin 1, Mangum 4, Perry 2, Starling 1.

Foul goals—Carmichael, 12 out of 19; Mangum, 10 out of 16; Knight, 1 out of 1.

Referee—Carboy, of Pittsburgh and Elon. Umpire—Clay, of Winston-Salem. Carmichael substituted as referee for Carboy.

FRESHMEN LEAVE TO PLAY VIRGINIA TEAMS

To Play Oak Ridge, Augusta Military Academy, Woodberry and Virginia Freshmen During Trip.

With a schedule of four games in view, playing Oak Ridge Wednesday, Augusta Military Academy in Staunton, Va., Thursday, Woodberry Forest School, Woodberry Forest, Va., Friday, and the Virginia Freshmen in Charlottesville, Saturday, the Freshman basketball team left here Wednesday morning.

Six players, Dodderer, center; Green and Marlowe, forwards; Ambler, Purser and Wright, guards, were carried on the trip, accompanied by Coach "Billy" Carmichael and Manager William Transou. The team will return Sunday night.

The record of the freshman team thus far this season indicates a good showing on the trip. So far a total of 230 points has been made by the Freshman team as compared with 112 points by opponents. Out of four games played only one has been lost, and that to the Durham Y. M.
