**THE ROBERTSON HOME  
TO BE GIRLS' DORMITORY**

Will Start Chapel Hill On New Road to Prosperity and Fame.

At last we have it. The greatest improvement that has come to Chapel Hill in the centuries of its existence. World metropolises even, lack this twenty-ninth century innovation. The news will spread far and wide concerning this great happening, and an influx of visitors may be expected.

Situated just to the rear of Berman's Cash Store (that emporium where we like to visit, but hate to be seen in), in an aboretum of its own stands the chateau wherein lies the plot. For alack and alas, Mayor Robertson's home is to be turned into a co-ed dormitory next fall.

For some months dame rumor has spread the alarm that such a dormitory would be built on the campus. Many bets have been made as to how long it would be occupied. About thirty of the fair young damsels will occupy this residence, and the greensward surrounding it will most likely be the scene of profuse billing and cooing parties, ere many moons.

**POWELL TALKS AT "Y"  
ON "DAMN THE CAMPUS"**

C. Percival Powell talked in the "Y" Tuesday night to some half score men, selecting as his subject, "Damn the Campus." Powell in his very inspiring talk caught the ear of his small attentive group and held their attention with his well framed discourse.

"A man is always less alone than when alone, he should know the campus, the vanity but should always get alone and reflect seriously upon himself, the past and the future," said Powell. Then in most forceful illustrations he pointed out this as food for one's mental development and growth here on the campus. In conclusion Powell said, "A man is a fool who doesn't have a good opinion of himself."

President H. W. Chase made the annual address at the commencement exercises of St. Mary's School in Raleigh Tuesday, May 24th.

**When? Never!**

Has life insurance been needed more than today, when every man is finding it hard to meet absolutely necessary expenses.

Do not lapse the life insurance you have, and buy more if you do not have adequate protection for yourself and your financial obligations.

Too great is the need for life insurance on the campus for the University Agency to let up in its drive for business.

Fall in line now before it's too late.

**ICE CREAM**

There's nothing can quite take its place, especially in summertime. Everyone enjoys it from a palatable standpoint. No other food so cooling, so nourishing, so wholesome.

For afternoon luncheons or as a dessert for the summer meal, there's nothing to equal it. There is no food quite so beneficial to the children.

So why not serve Waverly Ice Cream—the best, the purest, the most satisfying ice cream. We make it. A good variety of flavors ready.
