READ 'EM AND WEEP

We're getting out tonight. We thank you for your kind attention and would like to say that we've had a most delightful time at your party.

Some of you who gave the little affair and had your toes stepped on may not have enjoyed the festivities as much as we have. While we were making our footprints in the sands of time we couldn't help stepping on some toes.

Our little party is over and another is coming off.

On Saturday night the Literary Societies failed to censor us when very excellent politicians gave them a very excellent opportunity and the record of a year was broken. We have been hornorized by the Magazine and damned at various times by almost all the campus and that the Societies at this late day should fail to condemn us seems a sign of senility and we welcome the younger board that comes in with the Friday issue.

We have been guilty of poking our noses into the most silent and sacred places. Politics as carried in our columns has shocked the conservatism of politicians. Almost every week we have been damned for touching things held formerly in the most respectful silence.

Now that the party is over we ask the pardon of the toes our number tens have trampled.

We wish all luck to the new editors and pass on to our niche. We will be in front of Memorial Hall Wednesday morning to receive contributions for a monument to us.

May God be with you till we meet again.

Poindexter and Lillycrop Take Charge of "Y" Office

President Poindexter and the other officers who were installed last week, have taken charge of the Y. M. C. A. Poindexter has moved into the building and can usually be found there at night. W. A. Lillycrop is in the office during the afternoon, and is at the service of the students.

The new president is planning with Parson Moss a special Mother's Day service in Gerrard Hall for next Sunday. Details will be announced later.

A community picnic of all the rural Sunday schools, assisted by the Y. M. C. A., will be held some time during the month.

Secretary H. F. Comer returned Saturday from a short trip to Robersonville, where he delivered the Commencement address. He wishes to see Carolina well represented at the Y. M. C. A. Conference at Blue Ridge in June. At present some fifteen Carolina men expect to enjoy the Conference which will be attended by delegations from every men's college of importance in the South, and by speakers and Christian workers of national reputation.

STUDENT FORUM

Mr. Jonathan Daniels, Editor The Tar Heel, Chapel Hill, N. C.

Dear Daniels: I ask for a few inches of your space in order to try to clear up a possible misunderstanding arising out of an editorial in the May issue of the Carolina Magazine.

The editorial in question is headed, "Wake Up the Committee," and deals with my being awarded the Carr Fellowship and filing an income tax return. Mr. Horner in this editorial does not say that I paid an enormous amount to the federal government as income tax but he tried his best—in his way—to leave the impression. Now, as a matter of fact, I have never paid any income tax and the prospects do not look right for such a sad occurrence for some time in the future.

The year in question is the calendar year of 1920. During that year something over one thousand dollars was paid to me. To be exact, \$1,076.02. During the summer of that year I was working in the western part of the state. My traveling expenses, board and lodging were included in the above amount. After deducting these expenses and other allowable deductions, I find that my income from work which I did during 1920—both work done during the school year and during the summer months—totals \$767.00.

Now, the government requires all unmarried individuals who have a gross income of over \$1,000.00 to file a tax return. In compliance with this requirement I filed the return which has caused Mr. Horner so much worry although under the law I was not liable for any tax and DID NOT PAY ANY INCOME TAX.

Now, I told Mr. Horner that I did not pay any tax and asked him not to print the editorial but for some reason—probably known to himself—it was printed in the last issue of the Magazine. Mr. Horner applied for the scholarship and failed to get it. Probably that is the reason for this outburst of Hornerism.

I yet fail to see why it should be necessary for a student or anyone to have to file a statement of his finances with Mr. Horner in order to escape his scandalous editorials. I do not think any blame should be attached to the committee in their action and merely wanting to clear up any possible misunderstanding which might arise from a reading of the editorial.

Yours very truly, L. J. Phipps.

BASEBALL MANAGER MAKES STATEMENT

Gentlemen: This is perhaps breaking a precedent but I think it is a precedent that should be broken.

The student body in electing managers of the various teams, has little opportunity to know which of the assistants and sub-assistants have done the best work and are the most capable. It is due to this lack of knowledge on the part of the student body that the most efficient men have been defeated.

I have been working with these men all the season and have talked this matter over with men who have been in the position to see these men work and they all agreed with me that the best and most deserving man for baseball manager is John T. Barnes.

Among the sub-assistants I would hate to try and distinguish between Hardin, Dunn and Lineberger, but by no means would I recommend Woodward.

BOB GRIFFITH, Manager of Baseball.

ITEMS OF INTEREST

Professor Collier Cobb recently attended a joint meeting of the association of American Geographers and the American Geographical Society held in New York. At this meeting reports were presented on the Arctic, on Japan, and on the southeastern United States. The discussion had to do with land utilization.

The Pharmacy school elected the following officers last Tuesday: W. W. Parker, President of Senior class and member of Student Council; J. L. Alderman, Vice President; Mattie E. Smith, Secretary-Treasurer and S. M. Wrenn, member of Campus Cabinet.

Thursday night Dr. McPherson, Dr. Kearn, and Dr. Frazier, well known eye specialists of Durham, were on the Hill demonstrating operations on the eye to the Freshman medical class. The most important operation demonstrated was that of removing a cataract.

GOLDEN FLEECE TO TAP BEST MEN ON CAMPUS

Senior Honor Organization Will Choose Membership For Next Year; Much Speculation.

The date for the annual Golden Fleece tapping will be announced in Friday's issue of The Tar Heel.

This is an event looked forward to with much interest by the entire student body and with mingled feelings of hope and fear by men rated as "outstanding figures on the campus" whether in their own estimation or in that of their friends.

About ten men will be tapped. Most of them will be juniors though there will probably be a few seniors among them. With such a limited number of places available there will of course be many sorely disappointed. The ten men chosen will have won the most coveted honor to which a Carolina student is eligible. They will represent the pick of the campus and will be known as the unchallenged champions in their own particular activities.

Except in the field of athletics, Fleece material is not plentiful this year. McDonald, Cart Carmichael, Pritchard, Shirley, and the Morris brothers will all be hard to overlook. Poindexter's election as president of the Y. M. C. A., in addition to his athletic record and his high scholastic standing, practically assures his being tapped.

The standing of Harmon, Turner, and Kerr will be greatly influenced by the result of yesterday's election, since the choice of the student body for its chief executive cannot very well be disregarded by the present Fleece membership. Young's place seems pretty well assured on the basis of his oratorical and debating record regardless of his fortune in the election.

Aside from Young there seems to be no other junior who deserves the honor from the forensic viewpoint. Others who would enter into the running on this basis would be Moore, Warren, and Griset—all seniors.

In the ranks of the literati there are very few writers of real merit in the class of '23. There are a number of reasonably good journalists but it must be said with regret that the Promethean spark—whatever that may be—is conspicuous by its absence. The editor-in-chief of The Tar Heel and Magazine may expect a place by virtue of his office, but, not being men of remarkable ability, they stand an extremely good change of being disappointed.

Other men in line will have to be chosen on the basis of scholarship and general all-roundness. Who they will be is not apparent at this time.

The present active membership of the Fleece is composed of B. B. Lippert, F. R. Lowe (out of college), W. E. Horner, D. B. Jacobi, J. A. McLean, L. J. Phipps, G. B. Porter, and C. J. Williams.

Every Carolina man accounted for one or more hits with the exception of McDonald who made up this delinquency by errorless work in the field. R. Morris, Shirley, and Wilson each got two base hits. Earnshaw lead the Garnet team in hitting.

TEAM NOSES OUT OVER STATE IN THE LAST THREE EVENTS

Continued from Page One

thing that Durham had to offer its visitors. On Thursday afternoon, rain prevented large numbers from coming out to see the preliminaries to determine who would enter the finals on the next day. But on the big day, Friday, a large crowd was in attendance, among the number being included a Pathe picture man, who took pictures of the crowd and various events. The athletes, headed by the hand engaged especially for the occasion, with their coaches marching in the rear, passed in review.

At the first of the meet, especially in the first three or four events, it looked as though Carolina would end up tail-enders in the Championship contest. A State College victory was expected, and they had the lead up to the last three events when the Tar Heel squad slowly, but surely pushed ahead, by good team work, scoring in every event except the high hurdles, and by Shankle, of Trinity, splitting points in the broad and high jump.

Captain Blakeney, of the N. C. State team, was undoubtedly the star of the afternoon. Dave Sinclair, who is the best dash man in the state, might be ranked as a second star. Blakeney had the grueling experience of running the half mile, mile and two-thirds of the two-mile, when the Red Cross nurses had to be called in action to carry him off the field. It was Blakeney's last chance to participate for the Techs, and he performed his tasks well, in winning first places in both the half and mile. He was pushed closely in the half mile by Trinity men, but they weakened as they neared the tape, and he had an easy win.

But it was a different story in the mile run. Ranson, crack miler of the University team was defeated, but not as easily as the spectators thought he would be. "Ratty" allowed Elliott, of State, to take the lead at the start and set the pace for two laps, alternating in first and second and then third place. Just before the pistol cracked, announcing that the final lap was on, Ranson took the lead on a sprint, held it to and gradually lengthened it till he had approximately a good ten-yard lead. At this point in the race, it looked like Ranson's race. But Captain Blakeney had to be counted in, and as Ranson was made ready to turn the last curve and run down the straightaway to the tape, the Tech man with a burst of speed passed him and after a grueling race down the straightaway Blakeney won by a margin of two or three yards. Ranson came in second, only a few yards behind him. It was one of the best races of the afternoon.

Dave Sinclair Wins Dashes. But in listing up the stars, no greater mistake could be made than to leave Dave Sinclair, the best dash man in the state, and the twice victor over The News and Observer's Paddock, Bill Morris. Dave struck his stride despite the fact that the track was poor and that he was rather unfortunate in getting the inside lane, and won first places in both the 100 and 220 yard dashes. He got away to a good start in the Century race, and fairly flew over the ground, leaving his competitors far in his wake. The race was so one-sided that it stirred up little interest.

In the 220 it was thought that exactly the opposite would happen, since he got away to a poor start. In the majority of 220's which he has run, invariably he has forged ahead on the curve, and won his race there. In this instance he failed to do it, and did not take the lead till nearly a hundred yards of the race had been run. But when he took it, he outdistanced Byrum so badly that he was able to glance back several times to see how he was coming along.

Purser Wins Pretty Two Mile. Purser surprised the whole state in winning the two-mile run. He ran it in good time, making it in 10 minutes 29 1-5 seconds. This is the best time that it has been made in the state this year, and considering the heavy track, was exceptionally good. Johnny ran well, and showed excellent judgment in running his race. He really won the long distance run when he let Trinity and State fight it out on the fourth lap for the lead. When he got the lead, Corpening, of State, who had previously been possessor of the initial honor, quickly slipped back. Purser gradually lengthened his lead and finished the race about 30 yards ahead of Corpening. Ranson, ran a good two mile despite the fact that he had worked Blakeney hard in the mile, and succeeded in copping fourth place. He ran Blakeney out in this run.

Lacy Ranson and Woodard Shine. Lacy Ranson and Eddie Woodard made an excellent showing. Lacy

was tied with Gracey, of Davidson, for first place in the 220-yard low hurdles, third place in the javelin and third place in the broad jump. His long suit was the hurdles, and he led the field from every viewpoint. He will probably run these when the squad goes to Virginia for the annual South Atlantic meet. Poindexter came through well, winning first place in the javelin, with a splendid throw in the face of a strong wind and blowing rain. The points were badly needed at this time.

Shankle, of Trinity, Good. Shankle, of Trinity, was the outstanding jumper in the meet. He won first place in both the broad and high jump, with practically no opposition. He is undoubtedly the best in the state, and his only real rival in the broad jump is probably Yarborough, a freshman in the University.

Freshman Win Open Events. The Freshman team took the open events easily with little real opposition from any one. They piled up a score of 47 points, the 17th Field Artillery followed second with 17 points, Durham Y with 10, and State college freshmen with 3 points. Hill Yarborough was the big man in the open events, and made quite a notable record for himself. He has the enviable distinction of having jumped 20 feet 10 inches—five inches longer than the jump of Shankle, of Trinity, in the Collegiate Broad. The Open relay was the best event. Carolina took this easily. Jonah and Parker were stars.

Burlington Beats State Champions. Burlington came back from their defeat in the State meet held in Chapel Hill before the Easter holidays with a bang, and succeeded in defeating the winner, Chapel Hill, easily in the Olympics. Burlington scored 41 points, Chapel Hill 20, Harmony, 10; East Durham, 5; Bahama, 4, and Lowe's Grove, 2. The Burlington athletes proved to be the superiors of all in practically every event, and in addition to winning the regular events, succeeded in winning the one mile relay.

Horseshoe Contest Popular. But of all the sports represented in the Olympic the most popular was probably the horseshoe contest, in which literally hundreds participated. People in attendance followed the contest closely and with interest. A number of famous track athletes entered. Dave Sinclair is reported to be right good.

Olympic a Success. When everything is taken into consideration, the majority of people think that the Olympic, the first of its kind ever held in the United States, was an immense success. Congratulations to Coaches Steiner and Bod Fetzer, seem to be right much in vogue.

The summary and order of Collegiate Track Events are as follows: 100 yard dash: Sinclair, Carolina; Morris, State; Koenig, Davidson; Barnhardt, Trinity. L. P. Hazel, of Durham, won the shooting event with 94 targets out of 100. L. M. Currie, of Pinehurst, second, with 90.

PLAYMAKERS ATTACKED BY BURLINGTON PAPER OTHERS PRAISE THEM

their invitation to bring the plays to New York, and also that they not even carry them out in the state again. Strikingly in contrast with the Alamance county paper comes the columns of praise from the big Greensboro, Salisbury and Charlotte papers. All of them carried lengthy reviews of the programs presented and all except the Charlotte paper have had editorials complimenting the work of the Chapel Hill troupe. People who have come in contact with the Burlington paper cannot understand its criticism. For instance, there are no spoofs in "Trista" and it seems to those interested that the writer there must have gone to sleep and seen them or stretched his imagination to the breaking point. The same writer called Stout's play a "bursyque", whatever that may mean. Webster doesn't know. At any rate The Playmakers will appear on their own stage here Friday evening. Their performance will be followed by The Satyr Carnival in Swain Hall.

YACKETY YACK ELECTIONS.

T. S. Howard, of the Phi assembly, has been elected editor-in-chief of the 1923 Yackety Yack in place of Victor V. Young, who was first elected to the position but afterward resigned. O. C. Hendrix was elected business manager by the Di society at the regular meeting last Saturday night. The fraternities have not yet elected their business manager but will probably do so within a week or two.
