DEBATERS ASK STUDENT SUPPORT FOR INTER-COLLEGIATE PROGRAM

Forensic Contests Will Become Student Body Activity if Proposed Measure Goes Through—Will Vote Before Thanksgiving—Societies Approve.

That a ballot is to be presented to the student body for the purpose of taking inter-collegiate debating activities out of the hands of the two literary societies and placing them upon the student body where, as a University activity, they seem to belong, and that this ballot is to be presented before Thanksgiving, was the decision reached at a meeting of interested members of the student body and the faculty called by the debate council last Friday night.

For some time there has been a feeling on the campus that the time has come when the student body must take the responsibility as in other large universities, and that the societies have no right to carry on debates under the title of the "University of North Carolina." On the other hand the societies feel that the University has no right to get credit for debate which they alone promote and finance.

The ballot has assumed no definite form at present but it is considered necessary to present it to the student body at this time because the societies are unable to finance the debate program which has been arranged for this year. This fact was announced by the treasurers of the two societies, who reported that there were several unpaid bills of last year. The ballot will probably ask that the student body vote upon itself a blanket fee of 16 2/3 cents per quarter (50 cents per year) to finance inter-collegiate debating. The money will be used for no other purpose than the bare expenses of inter-collegiate debating.

This proposition, it was explained, will put inter-collegiate debating on the same basis as athletics, which is supported by a blanket fee of \$3.33 1/3 per quarter (\$10 per year). The analogy between the athletic teams and debating teams is sound, the debate council and invited members decided, because both represent the "University of North Carolina" and not merely the football squad on one hand and the Dialectic Society or the Philanthropic Assembly on the other.

It will be recalled by upperclassmen that this proposition was presented in the ballot of the general blanket fee last spring which as a whole was voted down. This general blanket fee included subscriptions to the Tar Heel, the Carolina Magazine, the Yackety Yack, the Y. M. C. A., the Student Government Association and debating. The members of the Friday night meeting pointed out that there was little or no opposition to the debate side of the budget, but that the accepted reason for the failure of the proposition at the polls was the opposition to the publications, which seem to be on a fairly good basis at present, especially when the Publications Union which was voted for last spring is put into effect.

To administer this debate fund, a debate council is to be created, independent of the present literary society debate (Continued on page two)

PLENTY OF COMEDY IN FIRST TRIO OF FOLK PLAYS

"Nothing Definite," by Ernest Thompson; "Agatha," by Jane Toy, and "Wrack P'int," by Paul Green.

Characterized by an unusual predominance of comedy and a subsequent lack of sordidness, this year's first reading of original folk-plays was held in Peabody Hall Friday evening. Only two of the plays read were of a serious nature and neither of these oppressive,ly so.

Six plays were read and three were selected for presentation at the Playhouse the third week in January. The three to be produced are "Nothing Definite," by Ernest Thompson; "Agatha," by Jane Toy, and "Wrack P'int," by Paul Green.

Tryouts for parts in these plays are to be held in the same hall this afternoon (Tuesday) at 4 o'clock. "Nothing Definite" has four male and two female parts; "Agatha" has four male and four female parts, and "Wrack P'int" has seven male parts. It is probable that these plays will be used on the eastern tour which begins late in January.

Mr. Thompson's play is an unusually funny farce comedy of the ultra-modern style and is concerned with the week-end visit of two Carolina men to Raleigh. "Agatha" is a charming little comedy with the scene laid in Hillsboro shortly after the Civil War. It revolves around the effort of an artist (Continued on page three)

NOTED SOPRANO WILL SING HERE SUNDAY

The second of the monthly concerts will be held in Gerrard Hall next Sunday afternoon at 4 o'clock, instead of the first Sunday of each month as scheduled, so as to entertain Miss Franceska K. Lawson, the noted soprano, of Washington, D. C. Miss Lawson comes to Carolina with the highest credentials from the newspapers in the cities and institutions, which are scattered over the whole of the United States, where she has appeared. The University considers itself very fortunate to have such a distinguished soloist, and it is with much anticipation that the music lovers of Chapel Hill look forward to the artist's appearance.

GERMAN CLUB WANTS TO COLLECT DUES

The secretary-treasurer of the German Club, John Bonner, requests that every man who has been elected to membership in the German Club pay his membership fee before the Thanksgiving holidays. He would also like to know how many are going to be here for the dances.

Unless those men voted into the Club pay their initiation fee within the near future they will be automatically dropped from membership and will not be allowed to attend any of the club dances.

EXTENSION CLASS IN SALESMANSHIP IS GIVEN

The University Extension Department organized a class in salesmanship in the Christ church parish house of Raleigh last Friday night with 100 Raleigh citizens present. Dean Carroll of the School of Commerce, and Professor Fernald, who is to conduct the entire course, were the principal speakers of the opening meeting.

The class, which is the largest of a series of classes now being conducted through efforts of the Extension Department, is to meet once each week for 16 weeks.

PRESIDENT CHASE HONORED

The annual convention of Southern colleges was held in Washington Monday and Tuesday. In the election of officers President Chase was chosen secretary-treasurer. The convention will be held in Chicago next fall.

UNIVERSITY GIVEN HIGH HONOR BY ASSOCIATION

Elected to Membership in Exclusive Association of American Universities—One of Three in South.

The Association of American Universities has elected the University of North Carolina to membership.

To persons on the outside this may seem insignificant, but in reality it means that we rank with the greatest educational institutions in the country, for to obtain membership in this organization a college must measure up to the highest standards in scholarship. This is not only an honor in the United States; it gives Carolina an advantage in foreign countries; her degrees will have more prestige and the publications which go out from Chapel Hill will be looked upon with a new respect. Also if any student goes abroad to continue his studies he will find that Carolina's membership in this body will play quite a considerable part in determining the acceptance of his credentials.

At present there are only three southern institutions in this body—Johns Hopkins and the universities of Virginia and North Carolina. Membership is based upon the record of research and upon the standards maintained by the professional schools. The standards of the faculty and the publications are also taken into consideration.

The high standing of the schools of medicine and law and the growth and (Continued on page two.)

FRESHIES SHOULD WEAR CAPS FOR GOOD OF ALL

So Sophs Think After Discussion in First Smoker of Year—Much Spirit Shown.

The sophomore smoker Wednesday night in Swain Hall was quite a success, nearly all of the class being present.

During the part of the program devoted to business several things were taken up. The question of having the freshmen wear fresh caps was discussed, and it was decided not to try to force them to do this, but to ask the other upper classes to help in showing the freshmen that it will help class organization for them to do this.

It was also pointed out that when a new man comes on the Hill at the first of the year he knows nothing about the campus and it is necessary for him to ask questions; and that nine times out of ten he stops one who is in the same fix as he is, and so he has a hard time hunting up information, while if freshmen got caps as soon as they got here a new man could immediately get an upperclassman to help him. Also the wearing of caps would make it easier for a new man to get acquainted with his classmates. This is only a few of the arguments brought up in favor of their wearing them.

President Thomas made a short talk stressing co-operation. He was followed by Dr. H. W. Odum, who gave the class a good talk on doing things now that will count for something later on.

Dr. Bernard gave the Greek translation of sophomore-wise fool—and elaborated on it to some extent. His talk was on what a sophomore is and what he should aspire to be.

Refreshments were served during the program, and University songs were sung. Musical entertainment was provided by the sophomore quartet and the sophomore mandolin quintet.

The smoker closed with the singing of "Carolina" and yells for '25. But that did not end the hilarity, for the class was not satisfied to go quietly to bed without anything being done to show their ardor. Several crowds went through the dormitories, dumping fresh and leaving the trademark of '25 in various places. The standpipe, as usual, came in for its share in the fun, for Thursday morning it displayed, at various heights, the vaunting emblem of '25.

Postmaster Strowd Resigns His Position

The townspeople and students learn with regret of the resignation of Postmaster Robert L. Strowd. The cause of Mr. Strowd's resignation is his present state of health, coupled with the strenuousness of the task of trying to give service to the community with the present inadequate facilities of the local office. His physician advised him several months ago not to do any strenuous work, and he feels that his work at the postoffice plus his private business overtax his present physical condition. His resignation was offered October 31, to take effect about December 1, or as soon as possible.

In order to recuperate Mr. Strowd plans to take a long rest and will probably go to California.

Mr. Strowd regrets very much the necessity of giving up the postmaster-ship. He has been greatly interested in relieving the congested condition that now prevails, and proposes to assist his successor in every way possible in rendering the best service to the community.

A civil service examination will be held December 9 to determine Mr. Strowd's successor. As yet no candidates have declared their intentions of trying for the vacancy.

STUDENT PLAYS AT LOCAL HIGH SCHOOL

The pupils of the local high school were entertained during their regular chapel period last Wednesday morning by Herman Weihe, violinist, of the freshman class of the University. The selections played were "Romance," by Svendsen, and "Spanish Dance," by Granadas Kreisler. Weihe's playing was apparently appreciated by his audience, but it was evident from his rendering of the "Spanish Dance" that he was not sure of himself in certain passages.

President Chase, Dr. Manning, and Mr. Woollen have returned from a trip to the University of Iowa, where they made investigations concerning the proposed four-year medical school.

RED CROSS CAMPAIGN NOW UNDERWAY IN CHAPEL HILL

Near East Relief Combines With Red Cross for Drive in Town and University.

The American Red Cross campaign which is annually conducted at this season of the year throughout the United States began in Chapel Hill yesterday in collaboration with the Near East Relief campaign, which has been already conducted in most other places. Mr. F. J. Haronian, of the French department, is chairman of the campaign in the Chapel Hill district, which includes the town of Chapel Hill, the University students and faculty, and Carrboro. It will last for one week, during which time it is hoped that all students will enroll.

The campaign among the University students will be in charge of S. M. Cathey, as chairman of the student committee. Cathey has selected some 20 men from dormitories and fraternities as members of the committee who will do the actual canvassing. Mr. Haronian himself will have charge of the town of Chapel Hill, while Mrs. I. H. Manning will be chairman of the Carrboro committee.

Dr. W. M. Dey formally opened the campaign among the students with an address in chapel Monday morning in which he presented the cause of the Crimison Cross and Near East Relief. The campaign is further advanced by the creation of a red booth in front of the post-office built in the shape of a cross. By the side of the Red Cross booth is a huge sphere representing the world, and a map upon it indicates where the Red Cross has been established by small red crosses revealing the fact that the organization is established upon every continent and in practically every country in the world.

This booth will be used as a general agency station for the campus and the town and any student desiring to place a badge upon his left lapel may do so at this booth upon the payment of the one dollar enrollment fee.

Co-Eds Will Stage A Cabaret Show

The Woman's Association will give a performance a la cabaret in Bynum Gymnasium on the night of November 25, the show starting at 8:30.

Dancing number by Woody Williams and Miss Dolores Crozier will be features of the program. Other aesthetic dancing numbers will be given.

The student body will continue to pay for the co-eds' piano at the rate of \$2.00 per head for those who seek admittance to the realm of fun and frolic. A limited number of tickets will be sold.

After the fancy dancing, burlesques, stunts and other special numbers which make up the regular program, dancing will be in order for those who care to indulge in shaking the wicked feet. The affair will be formal throughout, the co-eds state, and full dress will be very much in order.

NINETEEN NEW MEN IN SIMPSON SOCIETY

A meeting for the purpose of receiving new members was held Wednesday night by the William Simpson Pharmaceutical Society. Nineteen new men were given the first degree, the second degree to follow later on.

Short talks were made by Professor Beard and a few former members of the society who are at present on the Hill reviewing for the state board examination.

INJURED ON WAY TO GAME

A. S. Hopper, of Leaksville, a freshman at the University, is in Watt's hospital at Durham undergoing treatment for a wounded leg received in an accident at Salisbury Saturday while he was enroute to Charlotte to attend the Carolina-Davidson game. A friend who was with Mr. Hopper at the time accompanied him back to Chapel Hill, from where he was taken to Durham Sunday afternoon. It is thought that the injury is not a very serious one.

PULLMAN RESERVATIONS OPEN

J. S. Bloodworth, District Passenger Agent for the Southern Railway, has announced that Pullman tickets will be on sale at the Book Exchange from 10 a. m. to 4 p. m., Thursday, November 23. All those wishing to obtain reservations in sleeper are requested to purchase their tickets Thursday, as the Southern must find out how many Pullman cars will be needed in the special train.

CAROLINA EASILY BEATS BOTH DAVIDSON AND THE REFEREE

Penalties Amounting to 140 Yards Do Not Discourage Tar Heels—Presbyterians Clearly Outplayed—Second and Third String Sent In—Score Is 29 to 6.

Although penalized 140 yards for holding and off-side, Carolina subdued the Davidson Wildcats to the merry tune of 29 to 6 at Charlotte, Saturday afternoon. Coach Fetzer's machine clearly outclassed the Presbyterians in every department of the game before the largest crowd assembled on Wearn Field

this year for the purpose of seeing a football contest. The Blue and White varsity did not perform in the second half and its absence enabled the Davidson attack to produce a touchdown in the final period.

Carolina pushed across a touchdown in every quarter and George Sparrow kicked a field goal from the 35-yard line for his fourth successful drop kick from scrimmage in the last three games.

Spratt Moore pounced on Cochran's fumble of the kick-off, but Davidson found the Carolina defense impenetrable and the ball went to the latter on its own 35-yard line. Two 15-yard penalties halted the first drive launched by the Tar Heels, but after a swap of punts, Merritt's 18-yard run, and line smashes by the other Fetzer backs carried the ball over. Blount kicked goal from placement for the additional point.

In the second quarter, McGee's sparkling run of 27, 28, and 7 yards placed the oval behind the Davidson goal line. Sparrow added three more points on his beautiful drop kick just before the half ended. During the first half the varsity backs ripped through the Davidson line and around end almost at will, and gains of 10 and 15 yards were frequent.

Opening the second half with line plunges by Moore, Hunt, and Shepherd, the Wildcats advanced to Carolina's 20-yard line. The scrubs held their opponents for downs at this point and Sparrow immediately kicked beyond mid-field. Randolph snagged a Davidson pass and more line plunges paved the way for "Goat" to cross the Red and Black goal line. Sparrow made a drop kick count another point.

The Presbyterians were fighting mad and carried the ball from their own 22-yard line to Carolina's 20-yard line. Then Hendryx threw a pass to Davis that gave Coach Gray's outfit its only score. Following punts by both teams, Carolina obtained the sphere on the Wildcats' 38-yard line. "Tommy" Shepard received a forward pass from Sparrow for a 12-yard gain which, together with several line plunges by (Continued on page two.)

Brumby's splendid playing was the feature of the drive that gave the Crackers a touchdown in the last few minutes of play. The visitors were aided by penalties against Captain Devin's team but Brumby gained time after time and carried the ball over on a line plunge.

Line-up: Georgia Fresh Carolina Fresh

Score by periods:
Georgia Fresh 0 0 0 6—6
Carolina Fresh 0 7 0 6—13
Scoring: Georgia—Touchdown, Brumby; Carolina—Touchdowns, Griffin, Underwood; point after touchdown, Devin (place kick).
Substitutions: Georgia—Raeferd for Simowitz; Carolina—Underwood for Denson, Ashman for Taylor, Street for Ashman, P. Transou for Gold.
Referee, Norton (V. M. I.); umpire, Rowe (Gettysburg); head linesman, Dr. Nathan. Time of quarters, 15 minutes.

Bull City Defeats Oxford Team 13-0

Durham High School's football team won from Oxford High by a score of 13 to 0 in a game played on Emerson Field Friday afternoon. The Bull City lads thereby won their group championship and entered the semi-finals in the scramble for the eastern gonfalon.

Durham scored its two touchdowns in the first and fourth quarters. In the first quarter two first downs on two rushes and a 15-yard forward pass, B. Haeckney to Cheek, put Durham in a position to score, Sykes carrying the ball across. Rushes by Vickers, B. Haeckney, and Sykes carried the ball toward Oxford's goal line in the last quarter, Vickers making the touchdown. B. Haeckney kicked goal.

The game was a see-saw affair, with Oxford showing flashes of good form which did not last long enough to assure them a touchdown. Kelly, Durham's left end, recovered several fumbles in a manner that stamped him a fast little flank man.

SELF HELP MEN WILL BATHE CARS ALL DAY

Four Carolina men, under the auspices of the self-help department of the Y. M. C. A., are organizing an auto-laundry to operate in the washing-pit at the rear of Strowd's garage. Each member of the auto-cleaning quartet are men of experience and skill and guarantee a good job. Not only this, but the men are experienced drivers of all cars and will call and take the car to Strowd's give it a bath, and return the cleaned car to its owner within an hour and a half. The combined schedule of the four men will make it possible to handle cars at practically all hours. Calls for this service will be received at the "Y" office.

NORTH ALBEMARLE CLUB

The North Albemarle County Club held its regular meeting last Friday afternoon in Chemistry Hall with Dr. F. C. Vilbrant presiding. J. A. Bender read a paper on "Quality Control in Cement Manufacture," and W. R. Smoot gave an equally interesting paper on "Elimination of Borates in the American Potash Industry."
