

## FRESHMAN QUINTET WINS FROM GREENSBORO HIGH SCHOOL IN FIRST GAME

Jack Cobb Leading Scorer of  
One-Sided Contest—Shepard's  
Team Looks Good.

### GAME WAS PLAYED HERE

The Carolina freshmen came out decidedly victorious in their first game of the season, played against the fast, well coached team from Greensboro high school. Although the visitors might blame their failure in part on the unlucky date, the 13th, yet Coach Shepard's boys showed that they "had the stuff" and won 48 to 16. Both as a team and as individual players they played good basketball. In shooting baskets and in general offensive play Cobb and Milstead played an especially brilliant game. For Greensboro Harrison and Goodwin were the only scorers, but the teamwork of the entire five was good.

For a few minutes after the start of the game the freshmen did not show up so well. They would carry the ball down the floor, but could not seem to hit the basket squarely. Soon Cobb's accuracy began to tell, and during the rest of the half he scored seven field goals and six free throws. Smooth passing on the part of the rest of the team was a contributing factor in Cobb's scoring. Greensboro made four field goals during the half, so it ended with the score 26 to 8 in favor of the freshmen. Fast, interesting playing marked the beginning of the second half. Time and again the freshmen five took the ball down the floor with bewildering swiftness, due largely to Devin and Milstead's sure passing.

The High team was not inactive in the meanwhile, though. But their good passing did not help the score much, because most of their attempts to ring the basket were unsuccessful. Toward the last half of the game many of the Carolina freshmen substitutes were given a chance to show their ability, and some did prove themselves to be capable of playing good basketball.

On the whole Saturday's game was very encouraging. It showed that the freshman team will be a credit to the University, and it showed that the freshman class has good material for future varsity teams.

The line-up and score was as follows:

Freshmen (48) Greensboro High (8)  
Yelverton ..... L. F. .... Harrison  
Cobb ..... R. F. .... Burrongs  
Milstead ..... C. .... Goodwin  
Devin ..... L. G. .... Sellars  
Carmichael ..... R. G. .... Williams (C.)

Substitutions: Carolina—Fisher for Yelverton, Cordon for Milstead, Adams for Cordon, Vest for Cobb, Buchanan for Carmichael, Huggins for Buchanan, Underwood for Fisher, Johnson for Underwood, Koonce for Devin. Greensboro—Stone for Sellars, Sellars for Stone, Stone for Sellars, Block for Goodwin.

Field goals: Yelverton 3, Cobb 19, Milstead 2, Harrison 4, Block 3, Underwood 2, Koonce 1. Free throws: Cobb 12, Harrison 2. Referee, Carmichael; Umpire, A. M. McDonald. Time of quarters, 10 minutes.

## INFIRMARY NOW HAS FIFTEEN "FLU" CASES

The following students have recently been confined in the infirmary with influenza: K. W. Christmas, G. A. Gray, P. M. Gray, Jno. M. Brewer, G. R. Ivey, P. T. Lindgren, J. E. Cox, M. A. Hughes, Lewis Murchison, Bobbie Griffith, Frank Hamer, F. S. Davis, W. M. Franklin, T. G. Gerone, F. L. Phillips; and O. R. Rowe is suffering from an attack of chicken-pox.

Since December the infirmary has had a long list of patients with influenza but none of these cases has been fatal and those who are confined there now are not seriously ill. Dr. Abernethy attributes this mildness of the malady to the fact that all the boys have sought medical attention as soon as the first symptoms of the "flu" appeared, and also to the careful attention which the nurses have given their patients.

On account of the risks involved, the infirmary officials have deemed it best that no visitors be allowed as long as the epidemic lasts. They advise that every precaution be taken to thwart the spread of this malady and if this is done, Dr. Abernethy feels confident that it will soon disappear.

## DEBATERS LOSE IN COLUMBIA AND ARE WINNERS IN ATLANTA

South Carolina Gets Two to One Decision While Oglethorpe Is  
Decisively Defeated—Three Additional Debates on  
Same Subject Booked by Council.

Carolina's debating team made an even break of its Southern trip, losing by a two to one decision to the University of South Carolina in Columbia last Thursday night, and winning a unanimous verdict from Oglethorpe in Atlanta twenty-four hours later. The three men composing the team from Carolina were George C. Hampton, Jr., J. M. Brown and Victor V. Young.

## UNIVERSITY INVITED TO ENTER NATIONAL DEBATE

Debate Council Seeks Further Information  
Before Committing Itself—  
Capital Punishment Is Subject.

The National Literary Society, Inc., of Washington, D. C., has invited the University of North Carolina to participate in a national debate that will be held in the city of Washington on March 14. The subject to be debated is the abolition of capital punishment in all civilized nations of the world. At the present time George W. McCoy, secretary of the debating council, is negotiating with Dr. A. R. Harrison, president of the National Literary Society, with a view toward getting more information concerning the arrangements that will have to be made, before the debating council of this institution can make up its mind whether to enter the contest or not. The inclination at present is to enter, although there is one drawback; namely, that the date for the debate falls during the examination period for the winter quarter.

Several of the larger Universities of the South have been invited to send teams, but it is not yet known just how many institutions will be represented. In case Carolina enters the contest it is likely that two teams of two men each will be sent to Washington.

Further particulars will be announced at a later date.

## COLONEL PRATT CITED BY WAR DEPARTMENT

The War Department has recently issued a Distinguished Service Medal Citation to Colonel Joseph Hyde Pratt, professor of economic geology in the University. The citation reads:

"Joseph Hyde Pratt, Colonel, Officers' Reserve Corps, then Colonel Corps of Engineers, United States Army, for exceptionally meritorious and distinguished services. He commanded the 105th Engineers during its organization and training period, in the entire operations of the 30th Division near Ypres, Belgium, and during the breaking of the Hindenburg line and the advance beyond. He displayed forceful energy, exceptional ability and remarkable foresight in the solution of all engineer tasks, including the construction of railways and roads, as well as the location and destruction of traps, thereby contributing materially to the success of the operations."

This honor conferred upon Colonel Pratt, serves only to show another field of endeavor in which this many-sided man excels. Besides being Colonel of Engineers, and occupying the chair of economic geology at the University of North Carolina, Colonel Pratt holds the office of State Geologist.

## DR. COKER WRITES FOR SCIENTIFIC MONTHLY

Dr. R. E. Coker, of the zoology department, has an interesting article in the January issue of the Scientific Monthly. The article is an account, written in a popular vein, of a very peculiar and valuable denizen of the large rivers of the Mississippi Basin, the "Paddle Fish."

## FRESHMAN BASKETBALL SCHEDULE—1923

- January 13, Greensboro High School at Chapel Hill.
- January 22, Durham High School at Chapel Hill.
- January 24, Oak Ridge Institute at Chapel Hill.
- January 31, North Carolina State Freshmen at Raleigh.
- February 2, Trinity Freshmen at Chapel Hill.
- February 13, University of Virginia Freshmen at Charlottesville, Va.
- February 14, Fishburne Military School at Waynesboro, Va.
- February 15, Augusta Military Academy at Fort Defiance, Va.
- February 16, Woodberry Forest at Orange, Va.
- February 17, Episcopal High School at Alexandria, Va.

## MESSAGE OF REGRET SENT TO COL. GRIMES' FAMILY

Student Body Expresses Appreciation  
of Late Secretary's Work  
For University.

With the death of Colonel J. Bryan Grimes, North Carolina loses a great statesman and the University a devoted friend. President Chase, speaking in chapel Friday morning, voiced the sentiments of the student body in expressing sorrow at the death of Colonel Grimes. He praised the work which he had done, both in championing the interests of this institution and in serving North Carolina as Secretary of State. He described Colonel Grimes as "a quiet, simple man, powerful and sincere in his every activity."

After Dr. Chase's short speech J. O. Harmon, president of the student body, took the floor and called for a motion giving him the power to elect a committee to frame a resolution of regret at Colonel Grimes' death. The motion was carried unanimously. The resolution which the committee framed and sent to Colonel Grimes' family and to the state papers for publication was as follows:

"Whereas, the Honorable J. Bryan Grimes has faithfully served the State of North Carolina as Secretary of State and as a member of the council of state, giving to the people of the state the full service of a great and good life; and,

"Whereas, he has served as chairman of the building committee of the board of trustees of the University of North Carolina, ever sacrificing self to service; and,

"Whereas, he has always been a loyal alumnus and a dutiful son of his alma mater; and,

"Whereas, the student body of the University desires to express its appreciation of his worth and to tender its deep sympathy to the wife and family of our beloved benefactor,

"Therefore be it resolved: That a committee of the student body of the University of North Carolina be appointed to draw up these resolutions; and be it further resolved, that these resolutions be sent to the wife of Colonel Grimes, and that a copy be submitted to the state papers for publication.

"Done this 12th day of January, 1923. Committee: J. P. Trotter, J. Y. Kerr, G. Y. Ragsdale."

## TANKERSLEY TO BUILD UP-TO-DATE STRUCTURE

Local Merchant Has Let Contract for  
Brick Building on Old  
Store Site.

The latest contribution to Chapel Hill's metropolitan business district is the new \$25,000 Tankersley Building, work on which began this week. The new building will add much to the appearance of the post-office corner. It will occupy the space where Mr. Tankersley's present store formerly stood. The building will be a two-story affair with a front of 42 feet, and running back 85 feet. The materials of which it will be built are red brick and black mortar laid raked-joint style. The ground floor will contain two stores, one of which will be occupied by Mr. Tankersley for his confectionery. The second floor will comprise twelve living rooms, each room to possess all the conveniences afforded by the best dormitory on the campus, having two closets and both hot and cold water. Convenient to the rooms will be several showers. The contract for the building calls for its completion by April 1.

## NOTED SURGEON IS TO ADDRESS MEDICAL MEN

On next Saturday night at 7 o'clock, Dr. John B. Deever, of Philadelphia, will address the Medical Society.

Dr. Deever is one of the best known surgeons in the United States, second only, perhaps, to the famous Mayo brothers. He is at present connected with the University of Pennsylvania. As an example of his skill, he recently held a clinic in Charlotte, doing 16 major and difficult operations successfully in five hours.

M. K. Brooks, instructor in Romance Languages, is again meeting his classes after a stay in the infirmary with the "flu."

## ONGAWA PLAYERS

The Ongawa Japanese Players appear in Gerrard Hall Wednesday evening at 8:30. They will present a delightful and diversified Oriental program of interpretative dances, folk dances, songs, novelties, and a Japanese play.

This is the first attraction on the winter program of the Carolina Playmakers and carries their stamp of approval as well as that of the press wherever these players have appeared.

"Done this 12th day of January, 1923. Committee: J. P. Trotter, J. Y. Kerr, G. Y. Ragsdale."

## M. M. Young Wins Declamation Medal

Carolina's century-old rivals clashed again Friday night, when the Di met the Phi on the platform of Gerrard Hall. The method of attack was different from anything that has been attempted in the past, but no less effective. The combat was friendly but intense, and after the guns had all been fired one man stood out distinctly above the others—the victor. The gold medal will be awarded to M. M. Young, of the Phi Assembly, as winner of the freshman declamation contest.

This contest was instigated by the debate council for the purpose of arousing interest in forensic activity among the members of the freshman class. It is hoped that it will become a fixed annual event that will form a series similar to the junior oratorical contest.

The participants in the contest were A. L. Groce and J. P. Pegg of the Di Society, and R. L. Hollowell and M. M. Young of the Phi Assembly. Groce used for his subject "The Hand That Rocks the Cradle Rules the World." Pegg's subject was "The Nemesis of History." Hollowell delivered the address of Woodrow Wilson at Hodgenville, Ky., entitled "The Birthplace of Lincoln." The winning speech of the evening, delivered by M. M. Young, was the address made by E. K. Graham in welcoming the civil war veterans at the exercises held in their honor in 1912.

## FETZERS UNDER CONTRACT TO COACH FIVE YEARS LONGER

Woolen's Announcement Brings Jubilation to Supporters of the  
University—Rumored That Georgia Tech and Tulane  
Were After the Carolina Coaches.

The announcement that Coaches Bill and Bob Fetzer have signed a five-year contract to coach athletics at the University was made recently by Graduate Manager Woolen. Coach Bill Fetzer's contract expired the first of the year, but Coach Bob's would not be up until the end of the track season. Under the new agreement, Coach Bob will be associate coach of football, track coach, and director of athletics, while Coach Bill will continue as head coach of football and baseball. The Fetzers will not handle the basketball teams.

## NORMAN SHEPARD TAKES CHARGE VARSITY TEAM

Will Coach Freshman Quint Also—Wise  
Choice on Part of University  
Athletic Officials.

Norman Shepard, of Wilmington, was recently named by Graduate Manager of Athletics Woolen to take charge of varsity basketball. Shepard will continue his duties as freshman coach, as Coach Alexander will assist him in handling the first year team. The new basketball mentor has a very creditable record, both as a player and as a coach. After playing freshman football and basketball at Carolina in 1919-20, Shepard went to Davidson where he was an all-around athlete of unusual ability. In the summer of 1921 Shepard played professional baseball with Little Rock, in the Southern league, and returned to the University in the fall. Last summer he attended the coaching school at the University of Illinois, where he received instruction from Coach Zuppke, the famous little football coach of that institution. Shepard was assistant coach of freshman football this fall and has been coaching the first year basketball squad since the holidays.

## F. MORRIS SIGNS TO PLAY WITH ROCHESTER CLUB

Shirley May Join the Ranks of Profes-  
sionalism This Year—Norfolk  
Wants Him.

The report that Fred Morris will not return to school next year but has signed up with Rochester, in the International League, will be greeted with surprise by many fans here. The flashy third baseman will report to the Rochester team immediately after the close of the college baseball season, and he given a try-out. Morris is a consistent hitter and his fielding is brilliant at times; however, he will have difficulty in breaking into a Class AA league from the start.

An announcement, evidently coming from Norfolk, states that Ernest R. Shirley, better known as "Mule," will hold down the initial cushion of an outer garden for the Virginia league team of that city this summer. Norfolk already has an excellent first baseman in the person of Kelliber, but Shirley could furnish him a stiff fight for his position. In the event that Shirley is elected captain of the 1924 Blue and White team, it should not be difficult for him to secure a temporary release, since the Norfolk team is already well fixed at the first sack.

## MEDICOS MUST HAVE THREE YEARS' WORK IN ACADEMIC FIELD

The entrance requirements of the Medical College at the University of Pennsylvania have been increased from two to three years of collegiate work. This does not effect students already in the Medical School, but all future admissions will be on this basis. This announcement will be of particular interest to pre-medical students here, since many graduates of the Carolina Medical School finish their training at Pennsylvania.

## TWO-MEAL PLAN HAS CHARMS FOR DROWSY

Both the Cafeteria and Swain Hall have a new and dangerous rival in a type of boarding house that is lately becoming popular, the two-meals-a-day boarding house, for money-saving students. As a matter of fact, there are a great number of students who never get up in time for breakfast, and of those that do, there are many who go just because it's there and paid for. A few boarding houses, realizing this, began to run a special table for "dinner and supper" boarders. Some of the students tried it, and found the extra half-hour snooze sweeter than the ham-and. As a result, two-meal tables, with two-meal rates, have become very popular.

## ONGAWA PLAYERS

The Ongawa Japanese Players appear in Gerrard Hall Wednesday evening at 8:30. They will present a delightful and diversified Oriental program of interpretative dances, folk dances, songs, novelties, and a Japanese play.

After playing freshman football and basketball at Carolina in 1919-20, Shepard went to Davidson where he was an all-around athlete of unusual ability. In the summer of 1921 Shepard played professional baseball with Little Rock, in the Southern league, and returned to the University in the fall. Last summer he attended the coaching school at the University of Illinois, where he received instruction from Coach Zuppke, the famous little football coach of that institution. Shepard was assistant coach of freshman football this fall and has been coaching the first year basketball squad since the holidays.

Coach Bob Fetzer began his professional career at Fishburne Military School in 1905 where he stayed until 1911. After a sojourn of one year at Staunton Military Academy he returned to Fishburne. In 1915 Coach Bill accepted the position as athletic director at Davidson. He coached at State College in 1919-20, but the following year accepted an offer from Carolina and entered upon his duties in the spring of 1921. In the summer, Coach Fetzer takes charge of Camp Sapphire, near Brevard, N. C.

## Second Grail Dance Next Saturday Night

The second Grail dance of the year will be given Saturday night in Bynum Gymnasium at 9 o'clock. The music for the occasion will be furnished by a local orchestra.

One of the functions of the Grail is to promote better feeling and more intimate acquaintance between the fraternity and non-fraternity men enrolled here. The members of the organization consider dances as one of the best mediums through which to accomplish this end. The Saturday night dance will be the first of a series to be given this quarter, and it is being looked forward to by many men, as well as the co-eds. A special effort will be made during the week to import some "foreign talent" for the dance in order to make it more successful.

Only one dance was given by the Grail last quarter, due to the fact that there were so many other things to interfere with the dates set for them. The winter quarter is always more or less without features, and the Grail intends to make the dances a part of Carolina in the future months.

## D. A. R. TO CELEBRATE LEE ANNIVERSARY

The Daughters of the Confederacy will celebrate the birthday of Robert E. Lee in the auditorium of the high school here next Friday morning at 10:45. Dr. W. W. Pierson, of the University history department, an authority on the Civil War, will make the address of the occasion. There will be other exercises, among which will be the awarding of a prize of \$5 offered by the Daughters to the student of the high school writing the best essay on General Lee, the winning essay to be read at that time.

## PAPER WRITTEN BY CAROLINA ALUMNUS

O. W. Hyman, M. A., class of 1911 of the University of North Carolina, and now professor of histology and entomology in the medical college of the University of Tennessee, has just published a paper in the Smithsonian Report for 1920 entitled, "Adventures of a Fiddler Crab." While this is a scholarly paper, it is at the same time written in an interesting and popular vein, and has been published separately in pamphlet form.
