

YELLOW JACKETS HAND TAR HEELS A STINGING DEFEAT IN LAST GAME

Costly Errors by Carolina Lose Final Game of Southern Trip.

TECH SCORES 5 IN EIGHTH

Coach Clay's Yellow Jackets handed the Tar Heels a stinging 9 to 3 defeat in the final game of the southern trip on the Georgia Tech diamond Saturday afternoon. Several costly errors on the part of the Carolina infield coupled with timely hitting by Palmisano enabled the Technes to pile up nine runs, while Hines was tight in the pinches. Ferebee relieved Bryson after the seventh, but his wildness aided the Jackets in pushing across five runs in the eighth.

Georgia Tech scored in the first frame when Denicke walked and scored on Palmisano's double. Jennings lifted a high one to Carmichael in center, and Baum was thrown out at first by Starling. Morgan led off with a base on balls in the third, was sacrificed by Denicke, and scored on Palmisano's single. The latter stole second but died there when Jennings fled out to Bonner and Baum was out, Starling to Shirley.

Carolina's initial score came in the second stanza. After Starling had struck out, Jones reached first on an error by Hines, went to second on Coffey's sacrifice, and was safe at home when Bryson doubled. Bryson was thrown out at the plate when he tried to score on McDonald's single. The Tar Heels tallied again in the fifth frame. Coffey opened with a single and was sacrificed to second by Bryson. McDonald drew a base on balls and Bonner was out on a fly to right, but Shirley singled, scoring Coffey.

Tech scored in the same inning. Hines struck out, Morgan singled, Denicke was safe when McDonald errored, and Morgan crossed the plate on Palmisano's third consecutive hit. Jennings reached first on McDonald's second error, while Denicke scored after Carmichael's catch of a fly by Baum.

The Georgian bats produced five runs in the eighth round. Baum took one of Ferebee's slants in the ribs, and went to second on Shirley's annual error. Albright reached first on an error by Jones, while Baum scored. Edwards was safe on another misplay by the Carolina third sacker, and Turner followed with a single, scoring Albright. Hines struck out, Morgan was given a free pass to first, and Edwards crossed (Continued on Page Four)

CAROLINA AND DAVIDSON DIVIDE TENNIS HONORS

Jernigan and Bruton Win Doubles—Bradley, Davidson Star, Comes Through in Singles.

Carolina and Davidson divided honors in the N. C. Intercollegiate tournament held on the country club courts in Greensboro Thursday and Friday. Carolina, represented by Jernigan and Bruton, won the doubles championship, while Davidson, represented by Bradley, won the singles.

Five colleges, Carolina, Davidson, Trinity, Guilford, and Elon, were represented in the tournament. Professor N. I. White, of Trinity, and a prominent tennis man in the state, was in charge.

Carolina sent a strong team composed of Jernigan, S. G. Bruton, "Bret" Smith, and Solomon. Solomon is a new man on the team and has been pushing through possible contenders for the fifth place on the team, and recently won out in trials among varsity material. As Tenche Cox was unable to make the trip on account of the State track meet on Friday and Saturday, the team's best chance for singles honors was lost.

Thursday's matches:

The surprise of the day was the unexpected win of Staley of Davidson over Bruton of Carolina by an exhibition of superlative tennis. Score: 6-3, 1-6, 6-4.

Bradley and Staley of Davidson won from Smith and Solomon of Carolina after a hard struggle.

Scores: Bradley, Davidson, vs Smith, Carolina, 6, 2; 6, 3. Staley, Davidson, vs Bruton, Carolina, 6-3, 1-6, 6-4.

Bradley and Staley of Davidson vs Brooks and Turrentine of Trinity, 6-3, 6-4.

Friday's matches:

The final singles match between Jernigan of Carolina and Bradley, the Davidson (Continued on Page Four)

CALENDAR

Tuesday, May 8:
A. and E. Band Concert, Emerson field, 2:30.

Baseball game, Emerson field, 3:30, Wake Forest.

265th meeting of Elisha Mitchell Scientific Society, 7:30, Phillips hall. Dr. L. F. Lewis: The Age and Area Hypothesis. Election of officers.

Final meeting of Philological club, business and social. Almote C. Howell, paper: "Sir Thomas Browne and the Scientific Movement in the 17th Century." Social rooms of Presbyterian church, 7:30 p. m.

Saturday, May 12:
Exams for removal of entrance condition in math, Phillips hall, 2:30 p. m.

Baseball game, Emerson field 3:30. N. C. State.

BIG CLEAN-UP CAMPAIGN DIRECTED BY DR. NATHAN

Chapel Hill and Surroundings Being Put in Sanitary Condition for Summer School.

The University in connection with the town of Chapel Hill is putting on one of the most extensive "clean-up" campaigns in the history of the town. This campaign is in charge of Dr. S. A. Nathan, the city health officer, and Dr. Nathan proposes to have the general surroundings of Chapel Hill and the University in the best possible sanitary condition for the summer school.

For the past several weeks Dr. Nathan has been devoting his time to draining and the general destruction of good breeding places for flies and mosquitoes. He reports that the system which he has been using for anti-flies has worked very satisfactorily, and he states that he also believes that Chapel Hill will have fewer mosquitoes and less malaria this summer than ever before owing to the fact that he is beginning to combat them early.

In connection with the general sanitary work around the town, Dr. Nathan is also engaged with getting the dormitories in the best possible sanitary condition. He has installed a new scrubbing and waxing machine which is proving to be a big asset in the work he is carrying on. Every floor in all the dormitories will be put in good condition with this machine.

The general aspect of the campus has been greatly improved in appearance. All walks and gutters have been built up and scarcely no paper and rubbish is to be seen anywhere on the entire campus. After reviewing all these improvements it is believed that the University campus will be in the best of condition for summer school.

FUNERAL OF BULLDOG COSTS 144 DOLLARS

Spigot is no more. Breathing quite easily but breathing his last he passed away Friday morning to the great unknown where dog heaven is. Chloroform was chosen as an agent to rid his dog soul of a sickly body. His mortal remains were interred late Friday afternoon in a vacant lot just beyond his master's house. All mourned his loss except "Shep," a neighboring dog, with whom he shares the honors of many a fighting ground.

Spigot belonged to Dr. and Mrs. Lloyd of Carboro and true to his Bulldog instincts and acquired habits was an excellent body guard. Out of appreciation of his worth they paid seventeen dollars to have him killed with chloroform, fifteen dollars for digging the grave and one hundred twelve dollars for his casket. Many have heard of dogs costing 144 dollars but few ever hear of one's death costing such an amount.

There have been several cases of measles on the campus recently and those who are now confined to the Infirmary are John Cathcart, W. C. Zzelle and L. W. Kelly. W. H. Coltrane is also confined with a light case of "flu."

BOLL WEEVIL CONTEST

All who wish to try out for places on the editorial department of the **Boll Weevil** will please mail their contributions to the **Boll Weevil**, Chapel Hill.

Short stories (not to exceed 500 words), jokes and ideas will be considered.

This contest closes May 25th.

WAKE FOREST AND STATE SCHEDULED TO MEET TAR HEEL TEAM THIS WEEK

With an Even Break So Far, Fetzzer's Men Resume Struggle for the State Championship.

McLEAN TO BE IN LINE-UP

Phil Utley's warriors are on the march! Clothed in fighting togger and smeared with Old Gold and Black war paint, the Wake Forest tribe comes to Emerson field this afternoon with a savage determination to conquer the Tar Heel forces and regain its prestige that crumbled before the fierce Trinity attack last week. Back from a heroic campaign in the South, Fetzzer's nine resumes the struggle toward the state championship with two important battles billed for this week. Carolina's record for the season is an even break; won five, lost five, and tied two.

The Baptists suffered a 5 to 2 defeat at the hands of Steiner's fast flying Bluebirds Friday. Errors by the Wake Forest infield and a long triple by J. D. Johnson, Trinity's first baseman, were responsible for Stamey's downfall. It is probable that either Stanley Johnson or Stamey will do the hurling for Utley's crew this afternoon, but Bruton can be sent to the mound in case of necessity.

Joe McLean's presence at the keystone cushion will strengthen the Blue and White infield considerably, and the change of atmosphere may serve to inject some pep into the Tar Heels' playing. Ferebee is the most likely choice for duty on the hillcock in today's conflict with Bryson in reserve for the State College game Saturday. "Tiek" Moore hasn't worked since the Georgia game Wednesday and should be in good trim this afternoon.

State College could not stand the merciless assault of the Davidson Wildcats last week and lost a hotly fought contest. The Wolfpack faced stiff opposition on its recent northern trip, but returned to the West Raleigh lair with a creditable showing made against strong Virginia teams. Coach Hartwell will use either Curtis or Allen in the second meeting with the Tar Heels here Saturday.

(Continued on Page Four)

SHEPARD'S YEARLINGS NOSED OUT BY STATE

The State College freshmen barely nosed out Norman Shepard's youngsters on Riddick field Saturday afternoon, when a base on balls, two sacrifice hits and a fielder's choice produced the winning run in the eighth inning. The Carolina nine got away to a flying start in the second frame with four runs, but Doak's outfit came back in the final rounds and went into the lead.

A three bagger by Jones, Johnson's beautiful catch of W. Shuford's liner with the bases full in the fifth, and the latter's home run with Gilbert on base in the seventh were the features of the contest. Both Scott and McIver showed up well on the mound.

The box score follows:

Carolina Fresh	AB	R	H	PO	A	E
McColl, 2b	5	1	1	1	3	0
Cobb, lf	4	0	1	1	0	0

Base on balls—off Scott 5, off McIver 2. Struck out—by Scott 2. Stolen bases—Devin, C. Shuford, Mauney, Wood. Passed balls—Odum, Thomas. Left on bases—Carolina 6, State 7. Time, 1:30. Umpire, Norwood.

OVER 800 ARE ALREADY ENROLLED FOR SUMMER SCHOOL; SPACE SHORTAGE

Complete Schedule of Courses of Instruction Has Been Mapped Out.

VARIED ENTERTAINMENT

Carolina is expecting one of the largest and best planned summer schools in its entire history. Already about 800 students who are now in school here have registered for the summer courses, and applications are coming in daily. The dormitories which will be available this summer are Battle, Vance and Pettigrew for men, and all the others except Old East and Old West will be reserved for girls. Old East and Old West will be completely renovated during the summer and this fact may cause a slight shortage of available rooms; however, the Delta Tau Delta, Delta Kappa Epsilon and old Sigma Chi halls will be available.

As to the summer school itself, it is believed that a most complete schedule has been arranged with regard to courses of instruction. The entertainments being offered this summer are the best ever planned. The principal music entertainment is to be a music festival, and one of the big numbers will be a recital given by Paul Althouse, one of the leading tenors in the Metropolitan Opera. In addition to this, the summer school chorus will give a cantata, directed by Sir Arthur Sullivan. There will be several out-of-town singers to take the part of solos.

In the music department the University has secured Miss Hazel Gertrude Kinseella, of the University of Nebraska. Miss Kinseella enjoys a nationwide reputation as a teacher of methods. She will give courses of instruction lasting two weeks. Aside from the music program there will be many other sources of entertainment, among which are several lectures given by various eminent men. Also the Devereux Players, Gay MacLaren, and the Carolina Playmakers will give concerts.

With this series of entertainments connected with several others and with the new division into two terms and with complete schedule of courses, it is believed that the summer school will afford a place of real recreation as well as of instruction.

Eight Teams Left In High School Contest

The state high school championship baseball game between the winners of the east and the winners of the west will be played here the afternoon of May 19. A trophy cup will be awarded the winners in the state contest.

More than 50 teams entered this contest from the east and west, and all except eight have been eliminated—four from the east and four from the west. Those still in the race from the east are Durham, Ellerbe, Elizabeth City and Woodland; those from the west are Winston-Salem, Charlotte, Salisbury and Trinity.

Winners for the past are: Sylvan, 1914 and 1915; Clayton, 1916; Cherryville, 1917; Winston-Salem, 1918; Red Oak, 1919; Greensboro, 1920; Red Oak, 1921, and Clayton, 1922.

TWENTY-FOUR GRADS EARN FELLOWSHIPS

Twenty-four Teaching Fellowships, each with a stipend of \$500, have been awarded to 24 graduate students by the Administrative Board of the Graduate School. These Fellowships carry free tuition and are payable in nine monthly installments, beginning October 15, 1923. Fellowships are awarded only to those men who present satisfactory records as students and who give promise of being able to carry advanced work with distinction. The following men have been elected to Fellowships in the Graduate School here for 1923-'24: G. S. Bruton, Mathematics; J. C. Bynum, Geology; H. A. Carroll, Geology; R. B. Eutsler, Economics; K. C. Garrison, Psychology; W. E. Giles, Chemistry; C. B. Gosnell, History and Government; C. R. Harris, Chemistry; J. V. Harvey, Botany; E. De W. Jennings, Chemistry; A. C. Jordan, Education; G. H. Lawrence, Sociology; H. W. Martin, Psychology; H. B. Mock, English; C. C. Norton, History and Government; M. G. Pangle, Economics; W. V. Parker, Mathematics; J. T. Penny, Zoology; G. L. Sawyer, History and Government; S. A. Stoumdire, Romance Languages; W. S. Webb, English; D. A. Wells, Physics; S. H. Willis, English; T. E. Wright, Romance Languages; J. H. Wulbern, Civil Engineering.

TOWN CHALLENGES RIGHT OF STUDENTS TO VOTE

Would-be Voters in Coming Mayorality Election Given Rude Shock.

The students who thought themselves citizens of Chapel Hill had their belief rudely shaken last week when they received notice from T. H. Raney, registrar for town elections, that their vote was challenged. They were instructed to meet the "City Fathers" at the high school building Friday, May 4 at 4 o'clock, where their case would be disposed of.

It all happened over the approaching election for mayor and aldermen, for which a number of students registered with the intention of casting a vote. But there has been no precedent here of students voting; so the judges, T. H. Raney, C. L. Willis, and J. T. Lloyd and Mayor Roberson took the attitude, "No student will vote here if we can help it," and they carried it out, both in theory and fact.

At 4 o'clock the high school library was crowded by those unfortunate ones and the game of "I do, you don't" began. Carl Weigand devoted his legal services to the cause of the students, and the Mayor acted as counsel for himself and judges. The first man up was asked why he wanted to vote. His answer was that he was of age, had resided here over four months and in the state over a year, thereby fulfilling the requirements of the law to become a citizen. Mayor Roberson wanted to know if he intended to make this his permanent home, scoring point one. On that point the committee decided that he wasn't eligible to become a good citizen of Chapel Hill. Mayor Roberson classed them as puttering around and being here only for an indefinite time, and therefore were not entitled to a vote.

Only a few were accepted, and they only after every objection had been met and exhausted. Once Raney exclaimed: "All the years that students have been here, they have never tried to vote before and now they all come out in a bunch. I can't see why it is." Out of the 17 cases heard Friday, eight were allowed to vote.

The Branch of the American Pharmaceutical Association located here, and the only one in the State, has recently sent out invitations to all members of the A. Ph. A. to become affiliated with this branch. The invitation carries a promise of all A. Ph. A. privileges without incurring any financial obligations. Plans are being formed for a big get together meeting each year, where members from all over the State may come together and get better acquainted.

To date, nineteen members have signed and returned the membership cards. It is confidently expected that every member will take advantage of the offer to affiliate himself with the Association.

GRAIL INITIATES

The Order of the Grail initiated the following men last Friday night: F. M. Davis, J. T. Gregory, J. O. Harmon, H. D. Duls, W. W. Gwinn, Z. T. Fortesque, A. Solomon, A. Weil, Edwin Lanier, W. H. Holderness, E. Y. Thorpe, J. E. Allsbrook and C. B. Colton.

Abernethy Again Breaks Javelin Record—Ranson Comes Near Ancient Mile Mark.

SINCLAIR STAR OF MEET

Coxe Wins First in 880 and 440 —Purser Surprises in the Two Mile.

(By THE HAY-SHAKER)

The state Olympics are over. The javelin record was smashed by Abernethy. And Patterson's 1912 mile record felt little qualms of fear run down its spinal cord in Ranson's sensational run.

Carolina with 69 2.3 points won the state championship. State followed second with 49 1-3, Davidson third with 23 points, and Trinity fourth with 11. Taken from every standpoint, it was really better than the State College-Carolina meet. In fact it may be classed among the greatest track meets held in North Carolina.

The bitterness of the monumental struggle between the Tars and Wolves on the preceding Friday brought the crowd to Emerson field. There were 2,000 in all, not all Carolina students. Every section of the state was represented, which was shown by the variety of favorites in the stands.

The preliminaries were held on Friday afternoon, and Carolina succeeded in placing 15 men for the finals to State College's 15. Davidson got 6 to the finals, while Trinity placed only Waldo. They day was a fine one, and but for the necessity of reserving their strength for the finals on the following day, some of the men would have broken records in the track events.

Meet Runs as Doped

The dope advanced in the Tuesday issue of the Tar Heel before the meet, ran true to form. Out of fourteen men picked for first places, 10 won them while in the high jump Calhoun (picked) was tied by Shankle of Trinity. It is true that the 100 yard dash dope was upset terribly, but this was redeemed fully by John Purser's win in the two mile (the Hay-Shaker was one of few that believed Johnny was capable of it) and the prediction of within two inches of the new javelin record.

Sinclair and Moore Star

If any man in the meet can be picked as outstanding, David Sinclair of Wilmington was certainly that man. He showed his dad, who sat in the stands (Continued on page three)

CAROLINA COUNTRY CLUB IS NEARING COMPLETION

Five Holes of Golf Course Are Expected to Be Ready for Use Next Fall.

The Carolina Country Club is nearly completed and it is going to have a golf course and tennis courts of its own. Golf privileges will be extended to students upon the payment of certain fees. Five of the proposed nine holes will be ready for use next fall.

Cameron Avenue, the main thoroughfare of the campus which runs in front of South Building, is being extended through Battle Park to connect with the new road to the Country Club. The University buildings committee appropriated money for this undertaking at its last meeting and work on the road is well under way.

The new road is to cross the old Raleigh road at the east gate of the campus, curve to the right through the woods and join the road to the country clubs at the Raleigh road below the cemetery. Two new men's dormitories are to be erected on the land thus enclosed between the Cameron avenue extension and the old Raleigh road. These new buildings are to be parallel with the present quadrangle of dormitories and the general plan also allows for extension. Thirty or forty tennis courts are to be constructed in this region near the freshman athletic field in the near future.

Blasting rocks and stumps has been going on for the last two weeks, but now the students who occupy the dormitory quadrangle are thankful that such work has proceeded further down in the woods. After the recent heavy rain the new road appears to be in a hopeless condition, but a good start was made on it prior to the rain and it will be rushed to completion so as to be finished as soon as the country club is.
