

FETZERS SEND SECOND TEAM TO REPRESENT CAROLINA IN BIG CLASSIC IN YALE BOWL

(Continued from page 1)

games only Davidson will stand between her and the State Championship.

While the action of Coach Bill is meeting with general approval as being the best plan that could be followed under the existing conditions still there are many who are chagrined over the necessity of such a course. In face of last year's brilliant performance in the Yale Bowl there can be no hope of making a showing this year that will be able to compare favorably with it. Old men will remember that "Red" Johnston, now freshman coach, won for himself the reputation as being one of the fastest and ablest backs ever seen in the bowl and that "Monk" McDonald succeeded in crossing Yale's well-nigh impregnable goal line, only to be called back on account of one of his teammates being offside.

J. L. Martin, an expert mechanic, who has been putting the new fixtures into the University Cafeteria, left for his home office in Chicago, yesterday. He has been working for two weeks in the Cafeteria and has made several convenient changes. In the next few days some new pictures will be hung in the Cafeteria. All pertain to athletics and one in particular shows the picture of the all-star baseball players.

Mr. Lenoir Chambers, '14, at one time head of the University News Bureau, and now city editor of the Greensboro News, was on the Hill Thursday and Friday. Mr. Chambers was especially interested in the development of the News Bureau, now under Mr. Madry.

C. E. Spencer, B. B. Worsham and H. Leggett have been in Hickory all week giving a gym exhibition at the Catawba County Fair. They will be back on the Hill Saturday.

Sportgraphs

It has been definitely decided that either the Davidson or the V. M. I. game will be played on the Hill. The University has refused to play in Richmond unless the seating capacity of Mayo Park is increased to 12,000. Fire swept part of the field last spring and the park, unless temporary seats are erected, will be entirely inadequate to meet the requirements.

The Davidson game does not produce quite so many shekels and will more than likely be played at home. Due to the good roads leading into Chapel Hill it has become almost as profitable to play here as anywhere else in the State. Most of the fans now-a-days who are the least bit interested in football do not seem to mind traveling the small matter of a few score miles to witness a game.

Sparrow's injury is now reported as not being as serious as it was first thought and the optimists are hopefully predicting his return by the Carolina-Virginia game. Underwood has taken his place and has shown himself capable of holding down the job in carrying the ball and running interference.

Robinson, last year's freshman center, also won for himself a permanent place on the Varsity last Saturday. While it was generally known that he would start, nobody dared expect that he would prove himself of Varsity calibre with his first trial. As a result McIver is back at tackle and the line is a great deal stronger.

While Wake Forest was taking the count on Emerson Field her sister institution from South Carolina was landing the University of Virginia a 13-10 licking as a season opener. "Greasy" Neale's team lacked the pep and punch that the Old Dominion team generally displays and Furman lost no time in taking advantage of it. That was probably the biggest upset in the South. Auburn was held to a scoreless tie by Clemson and Ga. Tech. barely licked little Oglethorpe. Indications seem to point to stronger teams from the colleges and weaker ones from the big universities.

Turning to prep school football we noticed last week in one of the state papers an account of a game between Raleigh High School and Methodist

Orphanage, also of Raleigh. One of the orphanage's star players was "Buck" Cole, one-legged guard. And the orphans won.

Jack Merritt has apparently given up all idea of attending Carson-Newman. It seems to be his intention to resume his studies here in the winter quarter and to play football next fall.

DR. GREENLAW IS ON FELLOWSHIP COMMITTEE

"In order to provide an enduring memorial for the one hundred and twenty-seven Field Service men who gave their lives to the Cause, and in order to perpetuate among future generations of French and American youth the mutual understanding and fraternity of spirit which marked their relations during the war, an organization has been established known as the "American Field Service Fellowships in French Universities." Not more than ten fellowships will be awarded in 1924-25, to be of the value of \$1,200.00 and to be tenable for one year. If circumstances warrant it, they will be renewable for a second year upon application. Dr. Greenlaw, Dean of the Graduate School, is on the Advisory Board for the South Atlantic States, and may be seen for explanation of procedure.

The Department of Commerce promises its followers an extremely interesting Motion Picture in Gerard Hall, October 9, at 7:15 P. M. The picture will deal with peanuts, \$30,000,000.00 worth of them. Professor Horace Williams and Dan Grant motored down to Smithfield last Sunday, where Professor Williams delivered an address in the Baptist church.

Have you bought your Season Ticket yet?

The All-University program committee is going to operate an official bulletin in front of the Post Office. In the center will be illustrated Events of the Day; on left will be the main events of the day, while on the right will be the events for the whole week.

The program committee has representatives from every phase of activity which depends upon the whole student body for support. Its main purpose is to avoid conflicts and to present a well balanced program for the year.

Froneberger Resigns Job

Real Beauty in Rubber Fountain Pens

THE new Wahl Pen in engine-turned black rubber is unlike any fountain pen you have ever seen. Anyone who writes will be proud to own a pen of such grace and splendid writing performance. It is as practical as it is beautiful.

The man's size fist with the cast-iron grip will find a Wahl Pen to fit it. And so will the dainty feminine hand. There are sizes and shapes to suit every man and woman in college or business.

Wahl Pen is made by the makers of Eversharp. It is another leader. The Wahl filling device fills the pen brim-full of ink every time. The Wahl comb feed regulates the flow so that the pen writes the instant you touch it to paper. You never have to shake it. The ink never floods.

The everlasting nib is 14-karat gold, tipped with the hardest, finest iridium. Unbiased experts say it is the ultimate in nib-making.

Clipped in pocket, purse or note book, Wahl Pen cannot leak—the patented cap construction prevents it. Wahl Pen is so perfectly balanced and proportioned that it seems made just for your hand alone. It writes perfectly. Ask your dealer about Wahl Pen. All styles and sizes. \$2.50 up.
