

THREE GAMES ON MENU FOR WEEK

One Varsity Game and Two Freshman Games Scheduled This Week

One Varsity game at Raleigh and two freshmen games at Chapel Hill is Carolina's football menu for this week.

Graduate Manager C. T. Woollen announces the open date on the Freshmen schedule for next Saturday has been filled, and that "Nemo" Coleman, coach of the Bingham Military School even, will bring his huskies to Emerson Field to do battle with the Yearlings. Bingham is always represented by a fast team, and a good game is anticipated.

Dick Gurley, the old State College backfield man, will be a visitor in Chapel Hill Wednesday, accompanied by the Shelby high school eleven, of which he has been coach for the past three years. On that date Shelby will meet the Freshmen at Emerson Field. The visitors have been serious western contenders ever since Gurley went there, and so good have they recently become that Shelby's rival town, Gastonia, in an editorial printed in the Daily Gazette, recently accused them of professionalism. Shelby denies the charges and last Friday got ferocious, defeating Kings Mountain high, 80 to 0.

General opinion is that a good game should be witnessed Wednesday.

Of course on Thursday, all of Chapel Hill will go to Raleigh in order to see the Fetzer machine attempt to jerk forth some of the ferocious fangs of Harry Hartsell's Wolfpack, which has shown great improvement lately.

CHI OMEGAS AND RUSHEES HONORED

Mrs. H. D. Meyer and Mrs. Wallace Smith Delightfully Entertain

Mrs. Harold D. Meyer and Wallace Smith entertained Saturday evening in honor of the Chi Omega Fraternity and a number of their friends. The entertainment was in the form of a picnic supper given in a regular old-fashioned style with plenty of enjoyment and merriment and lacking in the stiffness of a formal affair.

Every minute from 5 o'clock until seven was full of fun. Some of the party enjoyed a good session around a camp fire toasting marshmallows while others played various games. The eats on this occasion consisted of a salad course, weinies and coffee.

Those attending the party were: Miriam Sauls, Margaret Jones, Norma Conne, Leah Smith, Daisy Cooper, Elizabeth Hickerson, Sarah Durcan, Romana Calloway, Sue Brit, May Belle Penn, Genevieve McMillan, Sue Byrd Thompson, Mae Culpepper, Winifred Potts, Kate Culpepper, Mr. and Mrs. W. W. Pierson, Mr. and Mrs. R. D. W. Connor, Mr. and Mrs. Walter Matherly, Mr. and Mrs. J. P. Steiner, Mr. and Mrs. Theodore Johnson, also Maurice Cardwell, Alan Stainback, William Cramer, Libby Ward, Frank McGlaughon, Earle Thompson, Dick Thorpe, Bob Dye, Rowland Eustles, Gus Bradley, Baskerville, Zehmsre, Buster Waddill, John Zollicoffer, Pete Siewers and Mr. Fitch.

DR. W. D. JAMES AT MED. SOCIETY

Hamlet Doctor Speaks on Prophylactic and Creative Measures in the Cure of the Cancer

The Medical Society had a meeting in Davis Hall Saturday night at 8 o'clock. Dr. W. D. James of Hamlet spoke on "The Prophylactic and Curative Measures in the Cure of Cancer." Most of the members of the society were present. The lectures on various medical subjects are given during the year before the medical society by prominent physicians and surgeons all over the state and nation, and much benefit is derived from them by its members.

Work will be begun Tuesday by the first year medical class on dissecting the stiffs. There are about a dozen of them which have been already laid out for action. They will be divided up equally so as to give one body to every three men. It is predicted that several cases of "loss-of-appetite" will develop among the first year class, for the first few days, as is generally the case.

YEARLINGS WIN FIRST GAME OF SEASON

Awakened Freshmen Play Rings Around Oak Ridge In Last Quarter

The Tar Heel Yearlings won their first football game of the 1923 gridiron season at Emerson Field Saturday when Oak Ridge and the Froshies met on the field of battle. The Freshmen came out on the long end of a 21 to 12 score.

In the first half the soldiers of the class of '27 seemed asleep, and Oak Ridge outplayed them a trifle. Coach Schenk's visitors let loose a bewildering attack of forward passes, fake plays, and criss-crosses, such as is seldom exhibited by a team of prep school age and experience. Oak Ridge undoubtedly gave evidence that they had been drilled well before visiting Chapel Hill.

Oak Ridge's first touchdown came in the first quarter, when McLean, right end, picked up a Frosh fumble and raced 40 yards for a touchdown. Their last score came near the end of the game when the Scrub freshmen team were showing their wares. Adams, the fleet little halfback from Greensboro, and whom rumor says will be at Carolina next year, broke loose for a nice run which netted a touchdown.

Keener's safety in the third quarter gave the Pritchard-Johnston-Shepard aggregation their first score. A few moments later Hackney, Bill, and Steele stretched their legs and carried the ball up the field, Steele going across for a touchdown.

The Yearlings woke up in the last quarter and played rings around the tiring prep schoolers. End runs, intermingled with some line bucks, put Steele in line for another touchdown. Dill carried the ball across for the Frosh's last scoring of the matinee.

The winners were handicapped by the temporary loss of Clontz, the huge center from South Carolina, who had been called home because of the illness of his brother.

GLEE CLUB IN TWO GROUPS

Owing to the fact that so much good material is available this year, Professor Weaver has divided the members of the Glee Club into two groups, making for the first time in the history of the University two separate clubs. The second Club is to be used as a feeding organization for the first, being what would be termed in athletics the "second team."

At present there are twenty-four members of the first club and forty-four members of the second.

The first trip of the season will be taken by the first club during the week beginning November 19. Several offers have been sent in by Western North Carolina cities, besides those received from Converse College at Spartanburg, and two of the leading girl colleges of Virginia. A definite route will be announced later.

Carr and Frats Play Tie Game

Carr and the Frats began the tag football game Monday—Carr with a determination to win, and the Frats, backed by their previous victory, was confident that the big end of the score would be theirs. The end of the first half saw neither with a point. The Frats had two first downs but Carr had kept the ball on the Frats territory most of the time.

The third quarter netted Frats one first down and Carr two penalties. The fourth quarter gave no better results and the game ended scoreless. Carr had six completed passes, four intercepted passes, two penalties, and two first downs. Frats had eight completed passes, five intercepted passes, two penalties, and three first downs.

The second game South matched her wits and skill against those of Ruffin. At first it looked as if the day was going to Ruffin, when they intercepted a pass and ran almost across the field. That, however, was her only down as her prowess continued to decline. South played an offensive game all through, and most of the time kept the ball in her possession.

The only score made the whole afternoon came in the last quarter when Gibson receiving a forward pass, carried it across Ruffin's goal line for six points, which quickly grew into seven.

The score was seven to nothing in South's favor.

CHEMISTRY BUILDING PLANS ARE BUDDING

Architects are now at work on plans for a new type of Chemistry building. From the outward appearance of the building it will appear as an ordinary construction. However, except for the lecture rooms, offices, etc., which make up the outer shell, the laboratories will take the great floor space of the interior. This one big floor will have as a roof a saw tooth affair, with the windows on the steep sides of the teeth, facing north. Through these windows light and ventilation will be received. There will be no direct sunlight. Yale University has used this plan and has found it highly successful.

Not only is the illumination more uniform and the ventilation better, but the partitions can be put in and taken out at will. They have nothing to do with the support of the roof. This building can be erected, it is thought, at about the same cost as would be necessary for any other type. However, a much larger ground space will be necessary.

Their Fluent WRITING Induces
Fluent THINKING
Your Education Demands It

If there's any one thing that students are entitled to have, it's a fountain pen that makes their thoughts flow freely. So don't let "False Economy" put an untidy pen in your hand. That is a mental hazard you can't afford to hold before your eyes throughout your college days. Pay a little more and use the pen that gives your thought free rein—the black-tipped, lacquer-red Duofold—the fountain pen classic.

Parker Duofold is not only handsomer than gold—its color makes it hard to lose. Its balanced swing and super-smooth point make it a fascinating pen to use—a point no style of writing can distort, no years of use can wear away.

Get the \$7 Over-size Duofold or \$5 Duofold Jr. or Lady Duofold now, and you're fixed for life. Neat gold pocket-clip or ring-end for ribbon or chain included free.

The Greeks beat us to it!

WHEN you hear one fellow saying of another, "he's a brick," it simply goes to prove that there is nothing new under the sun.

Agesilaus used the same term in praise of his soldiers way back in the days when Sparta was a name to strike fear into the hearts of its enemies.

Why have the modern and ancient world alike used the brick as a symbol of high merit?

Because it is always dependable, resists brutal treatment and never fails to come up to expectations. In other words, it delivers the goods.

Keep this truth in mind after you have left the campus. When you have vibrations to select or build, make no mistake—use vitrified paving brick.
