TRACK TEAM VICTORIOUS

(Continued from Page 1) to stand as a new record because he tipped over two hurdles.

State and Carolina ran a remarkably close race for first places, the Tar Heels turning in seven, while the techmen took six. The other first place went to Gracey, of Davidson, who won the javelin. The Wildcats' star was a strong favorite in the high hurdles, but he lost a shoe midway of the course and finished third.

Byrum, of State, was the high scorer of the day with 15 points. After winning the 100 and 220-yard dashes, establishing a new North Carolina record of 22 2-5 seconds in the latter. The Tech flash, in a fine race, broke the tape ahead of the field in the quarter mile.

Carolina showed marked superiority in the middle distance and long distance runs, in the hurdles, and in the pole vault, and in the other events picked up enough points to swell their total.

SECRETARY COMER MAKES PLEA FOR Y PLEDGES TO BE PAID UP

More Money Has Been Pledged and Paid This Year Than Last —About \$400 in Pledges Still Out—To Seek Rockefeller's Aid for New Building

The Y is asking Mr. Rockefeller for \$100,000 or perhaps \$125,000, with which to erect a new Building. Mr. Rockefeller has the money and is going to give \$75,000,000 or more to such causes within the next few years. He will give to those who present the most deserving and worthy claim. Our claim is worthy from every angle. It will also be deserving if we can show by clear statement the student body and University are squarely behind the "Y" and are faithfully doing their part towards its support. The Rockefeller people are already most favorably impressed with the amount by which the University is supporting the "Y" for they have noticed that it is the largest amount given by any University in the country. As yet they haven't been given a statement of what our students are contributing to the "Y", but have asked for such statement, and we must give it before the end of this scholastic year. Will you help us show this Rockefeller Board that student pledges were paid 100 per cent by paying your pledge within the first ten days of this month?

This is the only contribution students will be asked to make towards a handsome new "Y" Building, simply to pay in full each pledge to this year's Budget.

VIRGINIA GAME

(Continued from Page 1)

a futile attempt was made to get the ball to first ahead of Bryson. Gibson was sent in to pinch hit for Dodderer and was fanned. Jones, substituting for Carmichael, sent a hot bouncer to shortstop, drove in Morris and won the game.

Contrary to general opinion, Coltrane was sent to the mound in the Greensboro game instead of Bill Ferebee. Beard started the game for Virginia and lasted for one and a third of an inning. The Big V drew first blood when Hubbard knocked the ball away in the first inning with no one on. However Carolina avenged herself in the second when eight men were shoved across the terra cotta. "Casey" Morris, deemed it fitting that the Tar Heels' scoring should begin with nothing less than a homer also and with little formality smote the ball a mighty blow and sent it tearing over the garden wall. The next two men were put out at first base and with two men down, the University shoved across seven more runs. Morris also brought in the last marker of the game; when following his three-bagger, he was brought in on Bill Dodderer's single.

Virginia started about tie things up in the third and put across four counters before they were checked. Coltrane was sent to the showers and Bryson was sent in to do the iron man stunt. However Coltrane gets credit for winning the game. Carolina hung up three more in the sixth and added the lucky thirteenth in the eighth.

In the ninth Bryson saw one of his long cherished dreams come true. The Virginians started a determined rally and scored four runs in short order, leaving them only four runs behind the Carolinians. Then the University Captain, who has held Virginia's number in his trusty right paw for the past four seasons, turned back by the strike-out route not only the last one but the last two Virginians to ever face him with a bat.

In the second inning Johnny Johnson was hit by a pitched ball and in the third he was tapped on the head by Bronough's hopping single and knocked unconscious. He recovered and continued to play however. Bryson was hit upon his shin by a fiery hit ball which ricocheted to McDonald who was forced to knock it down on account of its speed and then toss it to first in order to catch the batsman.

KAPPA PSI INITIATES

The Beta Xi Chapter of the Kappa Psi Medical Fraternity initiated its pledges Wednesday night, April 30. The following men taken in: Julian L. Baker, Nashville, N. C.; J. P. Hudson, Mooresville, N. C.; and J. Riley McMaster, Winnsboro, S. C.

No department of the entire University life sympathizes so keenly with students in the financial burden under which many of them move daily as does the Y. M. C. A. The "Y" is of, by, and for the students, and all the students. It desires that all support be free will and prefers this method of pledges to that of a fee.

An increasing number of pledges are made every year with a rapidly decreasing number of those who register any form of objection. Three years ago over 300 students when approached for pledges objected to the "Y" for one or more of a dozen reasons. Two years ago this list of objectors numbered less than 200 while this year only 6 men registered any form of objection. Three years ago less than 400 men made pledges to the Y. Two years ago there were 600 pledges, while on this year there were 1200 pledges to the Budget. In amounts pledged the record is as follows: In 1921-22, \$600.00; in 1922-23, \$1100.00; and in 1923-24, \$2300.00.

At the present time there are 400 unpaid pledges, totalling \$800.00. From other sources there is due the "Y" \$200.00. We owe in unpaid bills for this year's running expenses \$600.00. So that when all is collected and all bills are paid the "Y" will have a cash balance of some \$400.00. This is just the sort of finance statement we need to make to the Rockefeller Board when we appeal for \$100,000, to erect our new Y Building. Too, this additional cash is greatly needed to close this year's work in good form and make a success of our Blue Ridge campaign.

Important Motions Pass Monogram Club

Motions were passed at the monthly supper of the Monogram club affecting the wearing of monograms by cheerleaders and managers of athletic teams, Friday night at the Presbyterian church. These rulings are a result of the sweeping reforms recently undertaken by the N. C. wearers.

From now on, all managers will be prohibited from wearing sweaters bearing an N. C. monogram, but they will be awarded a certificate of management and some emblem in the nature of a watch fob. Cheerleaders likewise will not be allowed to wear an N. C. sweater, but will be given a certificate and a watch charm in the form of a gold megaphone.

A motion was passed prohibiting freshmen athletes from making a letter in any sport, and allowing them to play on any teams endorsed by the rules of the Southern Conference. The election of managers was changed so that in the junior year there will be two assistant managers, one of them to be elected varsity manager by the varsity squad, and the other to become manager of the freshman team.

In the mind of every serious thinking college man there arises a question—"What am I going to do after graduation?" This question presents a serious crisis. It demands a definite decision.

In an unusual degree the Life Insurance business combines the opportunity for conspicuous business success with the opportunity for real social service. Here is a profession that is eminently worthy of consideration.

among the students. This took form in the installment of the Golden Fleece, and results were immediately felt. Two honorary members were taken in, the late Dr. E. K. Graham, former president of the University and Dr. Eben Alexander, deceased.

Under the guidance of Horace Williams, Golden Fleece assumed added significance year after year, representing the highest achievement a student can attain. In its twenty years of existence, Golden Fleece has taken in 182 men, four of these being honorary members. The influence of these men in the state and nation has been broad although the comparative young age of the society has hardly given the members time to fully develop their talents. The members of Golden Fleece, now residing in Chapel Hill are the following: Professor Horace Williams, founder, President Harry Chase, honorary member, C. T. Woollen, business manager of the University, E. R. Rankin, assistant director of the Extension division, Dean Francis Bradshaw, Professor E. L. Mackie, Professor A. M. Coates, and Daniel L. Grant, alumni secretary. The following student members now in the University are: Watts Hill, J. A. McLean, L. J. Phipps, A. M. McDonald, C. C. Poindexter, Casey Morris, R. C. Carmichael, W. W. Gwynn, C. B. Coito n E. H. Hartsell, George Hampton, John Purser, and Jack Allsbrook.

Kindergartens have been established in 18 Iowa consolidated schools, located in 16 counties. The population in these districts ranges from 150 to 4,100, and in mine districts is fewer than 1,000.

gers, one of them to be elected varsity manager by the varsity squad, and the other to become manager of the freshman team.

It was generally felt by the members of the Monogram club that the new rulings regarding the managers and cheerleaders will give added distinction to varsity athletics and add a greater incentive to athletes for the monogram.

CAROLINA WINS DEBATE

good argument, while Allsbrook's rebuttal was a spirited attack on a Supreme Court which he stamped as far too conservative.

A new plan in rebuttal was tried out for the first time in this debate. The affirmative and negative spoke, on the rebuttal, in the regular order of their constructive speeches, with

the affirmative speeches five minutes. The affirmative, however, closed the debate with a last three-minute rebuttal, received in exchange for the extra minutes granted by the Negative.

Judges were Dr. Carl C. Taylor, of State College; Prof. Glen R. Johnson, of N. C. C. W., and Mr. W. N. Keener, editor of the Durham Morning Herald. Dr. G. M. McKie presided, while J. W. Dayton, secretary of the Debate Council, acted as secretary.

Professional jugglers could handle the old-style shaving cream caps and never once drop one down the drain or under the bath tub. But for most of us, this new Williams Hinge-Cap puts an end to an ancient nuisance. Williams Shaving Cream is just as much pleasanter to use as is the Hinge-Cap. It softens the beard with uncanny speed. The thicker lather holds the moisture in against the skin where it is needed. This lather lubricates the skin, too, so that painful razor friction is eliminated. And when your shave is done, that famous ingredient in Williams which helps the skin, leaves your face cool, soothed and refreshed. No coloring matter is used in Williams—it is a pure, natural-white shaving cream. Williams Shaving Cream
