NEW PHI SPEAKER WAS INAUGURATED

Phi Assembly Not in Favor of Forcing Increase in the Nation's Population.

The inaugural address of the newly elected speaker, Frederick Parker, featured the regular session of the Phi Assembly Saturday night. At this meeting W. T. Couch introduced suggested amendments to the present constitution whereby the Phi Assembly should in the future be conducted on a plan similar to the House of Representatives, thus operating in direct co-ordination with the Di Senate, which body was so named recently when the old title "Dialectic Society" was discarded and the society started on a new system of procedure modeled after the State Senate.

The bill, "Resolved, That compulsory divorce should be required of every couple in whose home a child is not born within two years after marriage," was after discussion by Page, Young and others, overwhelmingly defeated by the Assembly. The bill, "Resolved, That North Carolina should sell 35 million dollars worth of bonds for road building purposes in this State," was tabled for further discussion at the next meeting of the Assembly.

MANY GIRLS EXPECTED FOR WEEK-END DANCES

Big Grail and Fraternity Dance Will Be Held Friday and Saturday Nights.

The announcement that the Order of the Grail will give its first dance of the quarter next Saturday night has met with much delight among the lovers of the light fantastic on the campus. The fact that a fraternity chapter here is giving a dance in the Carolina Inn on Friday night will mean that a bevy of out-of-town girls will be on the Hill for the week-end.

Grail members say that announcements have been formally sent to many campus organizations, and that a number of boys have asked or are planning to ask girls down for the week-end.

Bynum gymnasium has again been secured for the affair and music will begin promptly at nine o'clock. The North State Eight Orchestra, which has made quite a good reputation for good music for itself, will play. Chaperones have already been asked and the committee in charge of the dance are enthusiastic about the success of the dance.

Fayetteville Club Meets

The Fayetteville club held its second regular meeting of the quarter Monday night with 14 present. Four new members were admitted. A letter to the University club of Fayetteville was read, and P. N. Olive gave a talk on the history of Cumberland county. Prof. Edgar Thompson of the rural sociology department will speak to the club at the next meeting February 9.

The names of two students making straight "A" grades last quarter were omitted from the list printed in the TAR HEEL. They are A. K. King and Mrs. Frank Rowley.

Announcement that Walter Damrosch will appear in Raleigh with the New York Symphony Orchestra on February the 13th, is of much interest.

SPORTOGRAMS
by Bill Peacock

Because of other pressing and arduous duties on the TAR HEEL, Bill Peacock is able to fill his sports column but once a week. He has persuaded the writer to alternate issues with him.

In the last three games the Tar Heels, minus their captain, have been outplayed and out-scored by their opponents during the first half. In each case they have shown a remarkable fighting spirit and have gone back and won the game.

If a team, when behind, consistently comes forward and wins despite odds, it is a reasonable conclusion that such a team has plenty of fight. It takes an uphill battle in sports as in anything to bring out those qualities for the teaching of which Intercollegiate Athletics exists.

An outstanding achievement by a Carolina athlete, which is not commonly known in North Carolina, was the performance of L. H. Moore at the Olympic tryouts last spring.

Moore, who holds the unofficial Southern record in high hurdles, won his preliminary heat in New York, in the Eastern Division tryouts, which qualified him for the finals held on the Harvard track.

There were 30 men at Harvard, winners in the 9 divisions into which the country had been divided, contesting for the Olympic team. Again Moore hurred his way to victory and qualified for the final heat. He was one of 13 qualified from whom 5 were picked to represent the United States in Paris.

According to these records Moore is among the 13 best high hurdlers in the entire United States. Quite an achievement for a man in his first year at hurdling, and one about which the University may well boast.

A good bit of the credit should go to Coach Bob Fetzer, than whom there is no better hurdle coach. He took Moore, who had never hurdled in his life, and within one season made him into a strong Olympic contender.

The other night at the Brooklyn Indoor Track Meet Georgetown University won the two mile Invitation College Relay, establishing a new world record for the distance 7:47.1-5. Boston College was second.

The G. U. win was very interesting because last year these same two teams—man for man—contested in the International Relay, and on that day Boston College established a new record. Revenge is sweet.

Right now the sporting world is at the feet of Paavo Nurmi, marvelous Finnish runner, who trains on dried fish, for his almost superhuman work at the Olympic games and his remarkable performances recently on American indoor tracks.

Nurmi holds ten indoor records (probably before this is published the number will be fifteen), nine of which he has broken and one established since January 5. His records are: 1,000 meters; 2,000 meters; 3,000 meters; 5,000 meters; 1 mile; 1 1/4 miles; 1 1/2 miles; 2 1/4 miles; 3 1/4 miles; and 2,000 yards.

Saturday night Gunner Nilson, a Finnish teammate, enjoying a handicap of 100 yards, led Nurmi to the tape by a yard, being the first defeat for Nurmi during his American campaign. It was not such a defeat after all when one considers the 100 yard handicap.

Two years ago Hannes Kolehmainen, a countryman of Nurmi, held 14 world records. In the 1912 Olympic Games he won the 5,000; 10,000, and the 20,000 Meter Cross Country races, establishing new world records for each event.

He ran six races in seven days, winning them all. One afternoon he won a three-mile race and that same evening broke the world's record for 5 miles.

It is an achievement worthy of note for a country with population half that of New York City, to produce two such marvelous runners. Each, in his day, has been called the "greatest of all time." And there have been others almost equally famous.

An all-American track team appears in the 1925 Spaulding Athletic Almanac as follows:

- 100 yard dash—Chas. Paddock, Los Angeles A. C.
- 220 yard dash—Jackson V. Scholz, New York A. C.
- 440 yard dash—Horatio Fitch, Chicago A. C.
- 880 yard run—Schuyler C. Enck, Penn State.
- 1 mile run—Raymond B. Buker, Illinois A. C.
- 2 mile run—Joie W. Ray, Illinois A. C.
- 120 high hurdle—Dan Kinsey, Illinois A. C.
- 220 low hurdles—C. R. Brookins, Iowa State C.
- Pole vault—Lee Barnes, Hollywood High School.
- Running broad jump—Robt. L. Legendre, Newark A. C.
- Running high jump—Harold M. Osborn, Illinois A. C.
- 16 lb. shot put—Clarence Hauser, Southern California U.
- Discus—Thomas J. Lieb, Illinois A. C.
- Javelin—Eugene Oberst, Notre Dame U.
- Pentathlon—Robt. L. Legendre.
- Decathlon—Harold M. Osborn.

Campbell Tells of Need of Missionaries

Foreign missions as a life work has been stressed to a large number of students here during the early part of the week when Archibald Campbell, of the World Student Volunteer Movement, addressed three meetings and held several personal conferences on the campus.

Mr. Campbell, during his short stay on the Hill, spoke Sunday to the University Volunteer Band at a luncheon held in the Presbyterian social rooms, addressed students of the freshman and sophomore classes at chapel Monday, and appeared before the Y. M. C. A. cabinet on Monday night.

Foreign missions, according to Mr. Campbell, needs men now. If Christian students would get behind the movement, he thinks that the job could be put across, and concluded his chapel address with a plea for missions as a vocation.

As a member of the Washington University rowing crew several years ago Mr. Campbell gained athletic fame, and is at present making his home in Korea where he is engaged in mission work. During his college career he aided in the surveying of parts of Alaska, and has also been a somewhat extensive traveler in other parts of the world. His talks here were enlivened by interesting anecdotes of his experiences with other peoples.

The following men have been pledged by Phi Delta Pi: Dick Freeman, Salisbury, Roy Share, Salisbury, and Gilbert Joyce, Reidsville.

CUP TO BE GIVEN IN LATIN CONTEST

High School Contest Comes in February.

AUSPICES OF UNIVERSITY
To Aid in Stimulating Interest in Latin.

The University extension division and the Latin department will conduct a contest in Latin for high school students, participation in the contest being open to accredited North Carolina public high schools. The contest throughout the state will take place on February 18. The object is to aid in stimulating interest in the study of Latin in the high schools and to test the student's knowledge of Latin in the simplest and most direct way; that is, by translation and by questions on grammar.

It is not the intention of the committee in charge here to use the papers sent in to rate a school in comparison with other schools, but fitting recognition will be given to schools whose students do best work. The tests will be forwarded from Chapel Hill to the individual schools in sealed envelopes and are not to be opened until the time when they will be given under the supervision of high school authorities. A signed pledge will be necessary. The individual school will select the three best papers from the total of the papers submitted in the local contest and will send these three papers to the committee here. To insure complete impartiality in estimating the papers submitted, the faculty members of the Latin department of the University will act as the sole judges of the papers sent here.

The extension division will provide the award of a trophy cup to the high school whose student submits the best paper and honorable mention will be given to several schools whose students submit next best papers.

Members of the committee are: G. A. Harrer, chairman, E. R. Rankin, secretary; R. R. Roseborough, S. G. Sanders and J. M. Gwynn.

President Chase Thank Students

Students who attended the dedication exercises for Manning Hall held here last week when the Legislators and other prominent visitors were on the campus, were publicly thanked in chapel Monday morning by President Chase. Dr. Chase seemed well pleased with the large numbers who turned out to witness this important event and told the freshmen and sophomores in a few words during regular chapel exercises.

YACKETY YACK NOTICES

All the proofs taken by the Yackety Yack photographer on his first trip which have not yet been returned must be brought in this week. They will be received on the second floor of the Y between 2 and 3 in the afternoons. The Yackety Yack will take the privilege of selecting proof for each man who does not return his proofs this week.

Fraternity pledges will be run in the 1925 Yackety Yack subject in each case to the approval of the respective fraternities.

MANGUM CONTEST

All Seniors intending to try for the Wiley P. Mangum medal are advised to submit their subjects to their respective deans by February second, according to announcement by Prof. G. M. McKie. This is an absolute requirement for all Seniors intending to try for this medal.
