

The Tar Heel

Grid Team Rounding Into Shape After 12 Days' Hard Training

50 MEN ARE OUT First Game of Season Only One Week Off.

WAKE FOREST COMES HERE Back Field Fairly Settled But Line Is Problematic—Fetzer Brothers Trying Several Shifts.

With only a week intervening before the first setto of the year with the Wake Forest Deacons, Carolina faces the opening of the 1925 grid season with the prospects pointing to a successful campaign. For nearly two weeks the football squad has been working out twice daily on Emerson Field, and the arrival of the student body the first of this week found the candidates in fine condition and working hard preparing a warm welcome for the Demon Deacons when they invade the "Hill" next Saturday.

Over fifty men answered the call sent out by Coaches Bob and Bill Fetzer for early practice and reported for the first workout on Monday, September 7. During the first days of practice the extreme heat slowed up the work until the men hardened up. The men were issued light track equipment to work in, and the practice for the first two or three days was confined to conditioning exercises, lectures on training and the rules of the game, and practicing the first fundamentals of football such as punting, passing and blocking.

The majority of the men reported in good condition from their summer activities and plunged into the practice so enthusiastically that the coaches had to caution them against overwork on the start. By Wednesday, the third day of practice, the men were running through the plays with so much vim that the track suits did not furnish enough protection, and complete uniforms were issued to most of the men on Thursday.

With the issuance of uniforms, tackling was added to the daily curriculum, and on Friday the first scrimmage was held, with four teams taking part. By the middle of the first week the coaches had lined up several tentative backfields. The first was composed of Sparrow, Bonner, Devin and Underwood, with Sparrow calling the signals. This combination is made up entirely of veterans, all having had at least two years experience in the varsity backfield. Should this be the backfield line-up the average weight would be in the neighborhood of 150 pounds, tolerably light for a college outfit.

The second string backfield lined up with Bunn Hackney calling the plays, Sides and Jeff Fordham at the halves and Shuford at fullback. This combination has the speed necessary for a successful attack, but is not so experienced under fire as the other combination. Hackney and Fordham only made their letters last year for the first time, and Shuford and Sides are new men. Sides is on the varsity squad last fall, but did not get in any games. Shuford was a star with the Tar Babies in 1923, but fell out of college last fall quarter. The average weight of this quartet will probably be ten pounds more than the "first string."

Other backs who have a chance to get on the Tar Heels this season are Bob Cobb, captain of the Southern Championship basketball team of last year, Jenkins, who played halfback on the scrub eleven last fall, Billy Ferrell and Major Izor, backs on "Runt" Lowe's 1924 Freshman outfit. Izor did not report for practice until Monday of this week, but he has been working with a surveying party this summer and is in excellent condition. He was a star with the Tar Babies, gaining at will through nearly every team they played, and he may shine this year.

With these backs to choose from the Fetzer brothers should have an attacking force to give the opposition trouble from the first of the season to the last. They have the speed for a running attack, the weight and driving energy to break a line and "educated toes" to do the kicking. Sparrow, Shuford and Fordham have been getting off some pretty punts, with plenty of distance and weight. Sparrow's kicking was one of the features of the "Wonder Team of '22" that won the South Atlantic title and a high ranking in the S. I. C., but the injury to his ankle early in the 1923 season seemed to bother him last year. That is past now, and his toe work practice looks like the Sparrow of three years ago. Shuford and Fordham are both "southpaw" booters, and they have been kicking around forty-five and fifty yards.

Try-Outs for Glee Club Held Monday

Glee club try-outs will be held Monday night, September 21, at 7 o'clock, it was announced yesterday by Prof. P. J. Weaver, of the music department.

Freshmen are eligible for membership in this campus organization, he stated, and all singers in the class are urged to come out. Prof. Weaver also pointed out that membership in the club last year did not necessarily mean membership this term, and that all the old men would have to come to the try-outs if they expected to remain in the glee club.

A large number, including both old and new men, is expected to turn out this year in view of last year's successful season and the growing importance which is becoming attached to the Carolina glee club.

HEADS OF SPRING SPORTS ELECTED

Jonas and Johnson Selected Last Spring to Captain Track and Baseball.

Charlie Jonas, star half-miler on the Tar Heel track team for the past two years, will lead the Carolina cinder path artists during the 1926 campaign, and Johnny Johnson, All-State shortstop of last season, will captain the 1926 baseball team. These men were elected to head their respective teams at the close of the track and baseball seasons last May.

Charlie Jonas made his debut on Coach Bob Fetzer's track squad in the spring of 1923 as a miler. He ran the mile all that season with no fast times to his credit, and in 1924 the coach decided to try him at a shorter distance. So Jonas ran the quarter and half both that year with some good performances in both to his credit. Two races in the same meet are a handicap to any man, however, and when Tom Edwards came through in the quarter last spring Coach Bob let Jonas see what he could do on the half mile. He responded by lowering the old state record for the 880 time after time throughout the season, clipping it to 2 minutes 2-10 seconds. He should lower the record below 2 minutes this coming season.

Johnny Johnson, the baseball leader, broke into the Carolina monogram club as a substitute forward on the Southern Championship basketball quint of 1924, and topped off that year by adding a second letter and new laurels to his collection as shortstop on the baseball season. Johnson's work was of such high caliber that he was mentioned for All-State shortstop at the close of the season over such men as Pee-wee Turner, of Duke, and Van Stringfield, of Wake.

CHAPEL HILL HIGH HAS GOOD OPENING

A New Unit is Added—Football Team Wins First Game—New Teachers in Faculty.

The Chapel Hill school opened Monday, September 7. Featuring the opening exercises was an address by Dr. E. W. Knight. A new unit has been added this year with the inauguration of department work in the sixth and seventh grades and the lower eighth grade. This is in effect equivalent to the establishment of a junior high school. Miss Harriet Bowen will be the head of this new unit, assisted by Miss Ola Andrews and Mrs. Stacy Gwynn.

Coach Abernethy, of the athletic department, is at work every day with the football team. About 25 boys have reported for training. The first game of the season was played September 11 with Mebane in which Chapel Hill defeated the visitors by a score of 36-0.

New teachers will enter some of the departments. Edwin Key is teaching mathematics and is also helping Mr. Sides in training of the band and high school orchestra. Miss Sarah Duncan will teach English in the high school. Miss Olive McKinnon, formerly of Laurinburg, will enter the primary department.

MANY PRECEDENTS MARK CLOSING OF SUMMER SCHOOL

Conferring of Degrees and Men Outnumbering Women Are Outstanding.

SUM ENROLLMENT OF 2,110

Walker Directs Oldest Summer School in America—Griffin Heads Normal Department.

The 38th session of the oldest summer school in America passed into history here at the University when the second term ended on August 29. The total enrollment for both sessions was 2,110, an increase of thirteen over the figures for last year. Registration for the second term closed with an enrollment of 724.

This year for the third time the summer school ran two terms of six weeks each. During the first term 1,386 were registered, compared with 1,474 enrolled during the first term last year. An increase of 101 in this year's enrollment for the second term over that of last year brought up the total enrollment for 1925 to 2,110, compared with 2,097 for both terms last year.

For the first time in the history of university summer schools the number of men enrolled exceeded the number of women. Three hundred and ninety-four men were in attendance at the second term of the university's 38th summer school; compared with 325 women. Taking both terms together, however, the women outnumbered the men by 239, the total number of individual students, deducting duplicates, for both terms being 1,637—938 women and 699 men. Eighteen states, not including North Carolina, and two foreign countries sent representatives.

Another precedent was established by the conferring of degrees on summer students who completed the required work. Heretofore degree winners had to wait until the following commencement a year later for their diplomas. The faculty voted the change last spring and the trustees gave their approval at Commencement. A total of 26 summer students comprised the first group to receive degrees under the new system. There was no ceremony in connection with the awards. Of the 26 degrees, 14 were bachelor of arts and sciences, and 12 were masters.

The summer school was divided into the graduate, college and normal divisions, and courses were planned for all teachers of primary grammar grades, high school teachers and principals, county and city superintendents and supervisors, college and university students.

MANY CHANGES IN TOWN MADE TO GREET STUDENTS

Business Block Witnesses Several Additions During Hot Summer Respite.

PROGRESS IS PERSISTENT

New Eating Places Take the Lead—Many Radical Changes Made in Bus Service.

The downtown business block has received a number of new additions since the closing of school last spring. Several business enterprises have moved into new quarters, new shops have been established, and new buildings have been erected.

Work has been resumed on Mayor Robinson's building next to Sutton and Alderman's after a lapse of a few years. This building has always been mentioned in the same breath with the Graham Memorial when speaking of the probable date of completion. Mayor Robinson now expects to have it completed about the first of the year. There will be two stories and a basement. The first floor is designed for a store and the second floor will be leased for a fraternity hall. The basement will be let for some business such as a pressing club.

The long-discussed McRae building is now under construction and will soon be completed. Mr. B. S. Thompson is the contractor for it.

Influx of Eating Places

No one need go hungry in Chapel Hill since the addition of several new lunch counters. The Owl Sandwich and Waffle Shop, better known as "Gus's" has been established next to the old Pendergraft bus station. This bids fair for popularity with students of nocturnal habits because it is to date Chapel Hill's nearest approach to an all-night "joint."

G. H. Paulsen has taken over the old Thompson Smoke Shop and renamed it the Carolina Smoke Shop. He has made a thorough renovation of the interior and added new improvements. A new megaphone model radio, the largest of its kind in Chapel Hill, will soon be installed, he announced, which will broadcast programs out over the street through a specially-built amplifier. New paint and additional fixtures have added much to the appearance of the interior.

Gooch's Cafe has established an annex at the new consolidated bus lines station called the Bus Lunch. Mr. Brooks, who has been with Gooch's for five years, is running this counter. Old-fashioned barbecue is served on Tuesdays, Fridays and Saturdays. The Carolina Cafeteria has been bought by Os-

131st Annual Session Opens With Address By President Chase

Tar Heel Board Meeting Tonight

A meeting of the Tar Heel editorial staff will be held tonight at 9 o'clock in the office in New West building. It is important that all reporters attend.

Members of the Freshman class are not eligible for the Tar Heel staff until next spring when the regular try-out will be conducted. This policy of giving the men their first year to acclimate themselves to Chapel Hill and the University before taking up work on the paper has proved to be the only satisfactory method of handling the situation. Upperclassmen are eligible for position on the paper, subject to the demand for new reporters.

OUTLINES TASKS

Address is in Answer to Critics of University.

UNIVERSITY SERMON TOMORROW

Registration is Incomplete—2,148 Athletic Pass-Books Issued—College Night Held Last Night.

The formal opening of the 132nd annual session of the University was held yesterday morning in Memorial Hall. An address by Dr. Chase marked the opening and the chapel period was extended half an hour to allow for the devotional exercises and the President's speech.

The President's speech was, to a large measure, an answer to the critics of the University. It laid down the platform upon which Universities based their work, it disclaimed the necessity of conflict between religion and science, urging a search after truth. The charges of atheism that have been directed against this institution were directly refuted when Dr. Chase, near the close of his speech, said: "There is no institution that I know of that is not genuinely and deeply interested that its students should maintain and strengthen their faith, and is not steadily at work toward that end. The mission of a University is not to destroy, but to construct."

Registration Incomplete

Registration which has been going on during the past week was still incomplete Friday night, and official figures as to the number of students enrolled could not be obtained from Dr. Wilson's office. However, it was learned that 2,148 athletic pass-books had been issued by the Y. M. C. A. This, however, is not an accurate indicator of what the total registration will be.

College Night

College Night exercises were held last night at 8:30. The annual Freshman-Sophomore tug-of-war was held with a rope "guaranteed not to break" as its two predecessors have done. The program called for "Squatty" Thomas, cheer leader, to act as master of ceremonies. The judges were Dr. Chase, J. B. Fordham, and O. Max Gardner, of Shelby, who is the outstanding candidate for the governor's chair and who spoke to the students in behalf of the alumni. Manly Williamson, president of the belligerent Sophomores, led his class while the Freshmen were headed by Herman Melver, Emmett Underwood and Merle Bonner.

Sermon Tomorrow Night

The first University Sermon will be preached tomorrow night in Memorial Hall at 8:30 by Dr. H. M. North, of Rocky Mount. Dr. North is pastor of the First Methodist church of that place and is one of the most eminent ministers in the Methodist church in this state. He is well known to many University students on account of his opposition several years ago to the reported corruption of the annual Rocky Mount June German.

"The Three Tasks"

The entire student body was assembled at the convocation Friday morning to hear the opening speech. The keynote of the address lay in "The Three Tasks" facing a University, outlined by Dr. Chase as follows:

"First, there is the task of getting and of communicating knowledge, of teaching what is known and of pioneering into the unknown.

"Second, there is the task of putting knowledge together in orderly and useful ways, so that men may achieve in some measure a broad and unified outlook on life. I mean that modern knowledge is so partitioned off into specialties and compartments that it is ever becoming more difficult to view it in broad outline and determine what it really has to teach about life and conduct. We need to pay more attention to the organization of what we know. We need to think more, teachers and students alike, of education in the large. . . .

"I have come to the belief that we must simplify and unify our educational plan. There is today no small amount of knowledge in the possession of specialists that has definite bearing on the problems that civilization is facing, but which either does not become part of the mental possessions of most college and university graduates at all, or comes to them in such a way that they see it in isolation, not as something bearing on their own philosophy of life. We need to remember that every age must answer anew for itself the question, 'What knowledge is of most worth?' I believe that if our educational institutions would set themselves seriously and systematically

WILKINSON QUITS TAR HEEL BOARD

Elected As a Managing Editor During Spring—Publication Board to Elect Successor.

G. E. Wilkinson, who was elected as a managing editor of THE TAR HEEL for the year 1925-26, has resigned his position and signed a contract to teach in the Troutman high school.

Wilkinson was a Sophomore last year. He served as reporter on the TAR HEEL last year and was advanced to the position of managing editor by virtue of his good work. In addition to his newspaper work, he was also a member of the University band and was a good student, having been awarded the Holt Scholarship last year. According to his letter sent to the TAR HEEL he will probably return to school at the beginning of next year to resume his studies.

The election of a man to take Wilkinson's place will probably be handled immediately by the Publications Union Board which has charge of the all student publications.

Bus Lines Consolidated

The old C. H. & D. bus line has now become the C. H. D. bus line. C. H. Dickey has bought up all the bus lines operating between Chapel Hill and Durham and consolidated them as the C. H. Dickey corporation. This is a branch of the Safety Coach Lines corporation which operates throughout the state. The station is located in a part of the old Strowd garage, and is headquarters for all transportation facilities of the town. Seats have been placed all along the wall and a lunch counter installed. A ladies' rest room and men's lavatory are in the rear. The other part of the old garage building front is occupied by the Western Union Telegraph office. About \$3,500 worth of new equipment has been added during the summer, including stationery cases, filing cabinet, oak operating table, oak desk, wall desk, ladies' writing desk, marble counter, rubberstone floor, oak wainscoting with marble base, and electric sign outside. Mr. Council has moved the University Print Shop into the rear of this building. The old quarters were demolished for the building of the new wing on Phillips Hall.

Dry Cleaners Move

The Carolina Dry Cleaners have moved from the basement of Strowd building to the place formerly occupied by the Pendergraft bus station. About \$2,000 worth of new equipment has been added, including a new steam tumbler. Their dry cleaning plant on North Columbia street will probably be moved into the new location soon. A new barber shop, the Carolina Barber Shop, has been installed next to them. A. A. Klutz Company went into the hands of a receiver during the summer and a receiver's sale is now going on.

Foister's Back to Old Location

Foister's, the students' "hang out," library, and music hall, has been completely remodeled and the business has been moved back to the old location which was damaged by fire last spring. New equipment has been added and an arrangement effected. The victrola is now in the rear and the developing is done on the second floor. Interior decoration has added much to improvement in appearance over the former shop.

Football Schedule

September 19 Davidson vs. Elon at Davidson.	High Point vs. State Freshmen at Raleigh.
September 26 State vs. Richmond College at Raleigh. Carolina vs. Wake Forest at Chapel Hill.	October 31 Davidson vs. State College at Davidson. Carolina vs. Mercer at Macon, Ga. Wake Forest vs. Guilford at Wake Forest.
October 3 Duke vs. Guilford at Durham. Davidson vs. Wofford at Rock Hill. King vs. Elon at Elon. Lenoir vs. W. and M. at Williamsburg.	November 7 State vs. V. P. I. at Blacksburg, Va. Carolina vs. V. M. I. at Richmond, Virginia. Duke vs. Wake Forest at Durham. Guilford vs. Lynchburg at Guilford. Lenoir vs. High Point at High Point.
October 10 Duke vs. State at Durham. Carolina vs. South Carolina at Columbia. Wake Forest vs. Davidson at Charlotte.	November 14 State vs. Wake Forest at Raleigh. Carolina vs. Davidson at Chapel Hill. Elon vs. Lynchburg at Lynchburg, Va. High Point vs. Duke Freshmen at High Point.
October 15 Elon vs. Guilford at Guilford. High Point College vs. Oak Ridge at High Point. Lenoir vs. Milligan at Milligan.	November 20 Duke vs. Wofford at Spartanburg, S.C. Wake Forest vs. Furman at Asheville.
October 17 Davidson vs. High Point at High Point.	November 21 Elon vs. Emory-Henry at Elon. Lenoir vs. Tennessee Normal at Hickory.
October 23 State vs. South Carolina at Raleigh. Carolina vs. Duke at Durham. Wake Forest vs. Lenoir at Wake Forest.	November 26 (Thanksgiving Day) Carolina vs. Virginia at Chapel Hill. State vs. W. and L. at Lexington. Davidson vs. Duke at Davidson. Wake Forest vs. Elon at Elon. Guilford vs. Lenoir at Hickory.
October 24 Davidson vs. Guilford at Davidson.	Carolina Freshmen October 17—University of Maryland at Chapel Hill. October 24—University of South Carolina at Chapel Hill. October 30—University of Virginia at Charlottesville. November 7—N. C. State at Raleigh. November 11—University of Florida at Lakeland.
October 28 Davidson vs. Presbyterian at Clinton.	
October 29 State vs. Carolina at Raleigh.	
October 30 Duke vs. Elon at Elon. High Point vs. Guilford at High Point. Lenoir vs. Emory-Henry at Hickory.	
October 31 Lenoir vs. Erskine at Hickory.	
November 1 State vs. V. M. I. at Richmond. Carolina vs. Maryland at College Park, Maryland. Duke vs. William and Mary at Norfolk. Wake Forest vs. Florida at Gainesville, Fla. Davidson vs. Furman at Charlotte. Elon vs. Concord State at Berkeley, Virginia.
