UP TO THE MEN

For several years there has been a howl coming up from groups of men that the athletic association was entirely too miserly and that its failure to provide coaches for the "minor" sports was cheating many students out of their natural rights of having expert coaches in their favorite sports.

Just this past fall, in the halls of the Philanthropic Assembly a group of men, supposedly deeply interested in wrestling, called loudly on Mr. Woollen to provide them with a wrestling coach.

Very few men have reported for wrestling practice and Mr. Quinlan states that he has only a small fraction of the number that yearly reported to him at V. M. I., although the cadet student body is considerably smaller than the one here.

It's up to the men. Coaches are here for both wrestling and boxing. Expert training is obtainable for the mere reporting.

CUTTING OFF THE LIQUOR

In a statement from Chief of Police Featherstone, it is shown that the local police are going out of their way to put an end to the flow of liquor that has poured into Chapel Hill during times past.

Alumni of this institution are blamed with a lot of the sinning that occurs on big occasions. If the alumni are at fault it is only just that they should suffer their share of the

resulting blame. Students have been made the scapegoat too long. It is understood that the statement attributed to the police chief that he had "raided" a few fraternities several times is misleading.

The police are entitled to cooperation from the students in their battle against "demon rum". The best possible assistance that the University men can render the officers is to abide by the law and leave the contraband alone.

ASPHALT PROVES ITS WORTH

The snow and sleet that fell a week ago is still with us. For the first time since Hinton James walked all the way to Chapel Hill from Wilmington, Cameron Avenue failed to become a sea of mud.

Realizing that a hard surface for the road was necessary, the University saw fit to draw on its not over abundant funds and to lay the asphalt. This act has become a blessing to all.

KRUMPLEMAN TALKS OF GERMAN BICYCLE TRIP

In spite of the various other attractions on the Hill, a goodly number of people attended the meeting of the Deutscher Verein Thursday evening in the auditorium of Murphy Hall.

Mr. Krumpleman gave an illustrated lecture concerning his bicycle trip through Germany and Austria last year, exhibiting many rare and beautiful scenes.

Just before this "big game" each year, students at California University build a huge bon-fire and parade about town clad in pajamas. This peculiar diversion was developed by young bucks who sought a scheme to exclude women from the rallies.

PAUL SIEG

Paul Sieg, Jr., formerly a graduate student of the University, died at his home in Hickory, Wednesday, January 13. Having been ill with grippe since December 26, he suffered a relapse in the early part of the week and succumbed to the malady.

Mr. Sieg was a Graduate student in Chemistry and held a position as instructor in the Chemistry Department of the University. After having completed his four-year course at Lenoir-Rhyne college, Hickory, he entered the University as a Graduate student in June, 1925.

Funeral services were held at Hickory, yesterday, at 4:30 P. M., interment being in the family plot of that place. In speaking of the sterling character of the deceased, one of his friends has said, "He was a thorough Christian gentleman, a good student, and a trustworthy friend; one cannot speak too highly of his character, for I have been associated intimately with him and have never known him to express an unworthy sentiment or do anything of a doubtful character."

OPEN FORUM

To the Editor:

The stock of the Carolina Magazine is rising among the student body. Editor Couch is to be congratulated. The Baptist denomination has found something in the December issue which it considers to be "injurious to the morals of the young."

The Baptist paper draws a summary conclusion that "unclean matter" appeared in the December issue and that the Magazine should be cleaned up by the faculty. That conclusion supposes the following premise: That those responsible for the opinion of the Baptist paper are more able to distinguish the clean from the unclean than the editor of the Magazine. Let us see.

This editor is a Senior in the University, a very wide-awake young man, in command of all his faculties. He has demonstrated his intellectual mettle in various ways, not the least of which has been his piloting of the Magazine during two tempestuous years of its history.

Is it possible, then, that the Baptists have been appointed of God to distinguish the clean from the unclean in literature? We think it hardly possible. No less experienced a man than Ole Buck, field manager of the Nebraska Press Association, said one Wednesday night: "It is incalculable that any board should have the authority to say what should or should not be printed."

This judgment which has been pronounced, charges that socialism appeared in the Magazine. Admitting socialism to be neither good nor evil, I cannot but doubt the validity of a theology that fears for itself at the mere mention of socialism. On what basis do they work? That their members may never discover anything or evil or supposed evil? Such a "fugitive and cloistered virtue" receives little credit in the modern world.

SLIDING SPREE LEADS TO DAMAGE TO BEDS

Fun-Lovers Fail to Visit Superintendent to Pay For Beds Borrowed from Vacant Rooms.

The recent snow and sleet proved to be quite a pleasure for a great number of the fun-loving populace of the University. Some ingenious young gentlemen found that bed springs furnished a very good substitute for a sled. They had the added advantage of being of generous size, and a very soft cushion could be furnished by placing a mattress on the springs.

In fact the accommodations were too good and before the fun was over there naturally occurred some unfortunate accidents. In addition to a few boys receiving minor injuries, a great many of the springs and mattresses were badly damaged. So many were damaged that the University saw fit to send around to get an accurate check on the damage.

Recent faculty rulings have annoyed car-owning undergrads. A retaliatory movement is abroad. Students at Utah Agricultural College raise the question: "Should professors be allowed to drive autos?"

A professor enroute home from a football game, gave four students a lift. Momentarily falling asleep, he allowed the car to careen down a hill and come to a disastrous stop in a large hole at the bottom.

The four boys ask what punishment is too great for this professor, who "willfully and purposely slept, betraying the trust so sincerely placed in him by adoring students."

Defendant pleads a business meeting kept him out late the night before, but the boys answer that this was what Jiggs told Maggie and are insisting upon an extreme penalty.

FIVE LETTERMEN BACK FOR SQUAD

Baseball Prospects Look Bright for Coming Season.

JOHNSON HAS RETURNED

Stanton and Poyner Come Back-Hatley and Jones Here.

Quotations on Tar Heel baseball stock rose several points this week with the return to college of several old men who had been out during the fall quarter.

Captain Johnson remained out of college last fall to take a teaching job, but when the prospects for the Carolina diamond reached the low water mark this fall his friends prevailed on him to get a release from his teaching contract and return to lead the 1926 Tar Heels.

Stanton and Poyner were both regulars on the team last spring. Stanton hit for the remarkable average of .447 during his year with the Freshmen, but last spring he allowed his percentage to sink below the three hundred mark.

With the return of these men Coach Bill Fetzer will have five letter men to build around this season. Hatley, outfielder, and Jones, third baseman, are the other letter men in college now.

PHOTOGRAPHER WILL BE HERE NEXT WEEK

Appointments Must Be Made At Sutton and Alderman's—Last Chance to Get Pictures Made.

The Yackety Yack photographer will make his last trip to the Hill next week to complete the pictures for the 1926 year book. Very few appointments were made on the last trip and consequently a great many pictures remain to be taken.

Members of the annual business staff will be at Sutton and Alderman's the rest of this week and all of next week from 12:30 until 4:00 P. M. to make appointments. By seeing them early a much better choice of time can be secured to have the pictures made.

Individual pictures will be made at the rate of \$2.00 for a set of four proofs. Junior space will be \$5.00 and Senior space will be \$10.00. Group space will be sold at the rate of \$35.00 a page, \$17.50 a half-page, and \$30.00 a page for more than one page.

All groups are expected to communicate at once with the business manager, Tom Campen at 202 Old East, to let him know the amount of space that each of them desires.

Y. M. C. A. Convention to Be Held in Raleigh

The annual State Y. M. C. A. convention for the year 1926 will meet at the State Capitol in Raleigh on January 27 and 28. The University is sending a number of delegates, and all men wishing to go are asked to call at the "Y" office for further information.

Representatives will be present from every Y. M. C. A. in the State whether student, city, or industrial. According to the membership in the local "Y", it is supposed to send 22 delegates and will do so if that many desire to attend.

It might be stated that the first State Y. M. C. A. convention was held 29 years ago in Charlotte. Only four visiting delegates were present and two of these were from the University.

CALL IS ISSUED FOR WRESTLERS

Places on Team Are Not Yet Cinched

QUINLAN IS NEW COACH

First Meet of Season Will Be With Concord Y.

Coach Quinlan has issued a call for men in all weights to come out for wrestling. Practice is held in the Tin Can from 4 o'clock till 6 every afternoon. At present the squad is composed of a very few men, and there is room for more competition in every class.

With the advent of an efficient Coach and a revival of interest on the part of the student body it is felt that wrestling is destined to occupy a new sphere at Carolina. Already the prospects are much better than in the past and Coach Quinlan is looking for a very successful season.

Until this year the team had no official coach but managed to get through several successful seasons as a result of individual training and much hard work Coach Quinlan comes here with the enviable reputation of having developed two undefeated championship teams while coaching at V. M. I.

The Carolina mat men face a hard schedule, meeting Davidson, N. C. State, Duke, Virginia, Washington and Lee, V. M. I., Raleigh Y. M. C. A., Concord Y. M. C. A. The first met is with the Concord "Y" next Friday night in the Tin Can.

Mrs. Laurinda Speight Hooks, of Goldsboro, mother of Borden Hooks, secretary of the University German club, died from a lingering illness at her home on December 13. Mr. Hooks did not receive the sad news until the day following his mother's death.

Colorful as La Vie Parisienne but with none of that periodical's modesty or restraint, The Harpoons, University of North Dakota raz-magazine, crept under doors and into the mail boxes some time ago.

Horror-struck, many students and instructors saw their names printed in sundry connections. Specific charges, including immorality and drunkenness, were made. One professor was named and called a "he-duck with a weakened drug-soaked neck and a dried-up, potato-like face with an opiate grin—deceitful, hypocritical, low, mean and given to attempting to seduce young co-eds."

University authorities stirred. A district grand jury investigated. President Kane now announces that the authors of The Harpoons are no longer within the University's walls.

DI SENATE HOLDS LIVELY SESSION

Senators Against Putting Class Officers on Student Council.

OFFICERS FOR THIS TERM Crisman Elected Di President at Last Meeting Before Christmas.

The last meeting of the past quarter of Di Senate occasioned, the election of officers for the ensuing quarter. Walter Crisman was elected president; Julian Busbee, president pro-tem; M. I. Mogulescu, clerk; D. T. Milne, Sergeant-at-Arms. The recent officers have pledged themselves to blaze new paths in an effort to revive and maintain interest.

The Saturday night confab was a rather live one and was carried on before about fifty members in spite of competing attractions and the fact that it was the first meeting of this term. The resolution which inspired so many to participate was "Resolved: That the class officers and representatives of the Student Council should be separate." Senator Kennette introduced the measure, outlining briefly its merits. The Senator seemed to think a distinction between these two official bodies is essential to democratic policies and institutions. Those who discussed the plan were: affirmative—Senators Kennette, Price, Glenn, Kartus, Bledsoe, Block; negative—Senators King, Moser, Strew. The affirmative brought forward the contention that under the present system officers are often elected on the basis of popularity disregarding candidate executive ability. They pointed out that in the case of the Student Council it is especially urgent that its composition should be segregated from the popular element in election of class officers. The negative attempted a refutation of the measure on the grounds that this popular element would enter in under advocated resolutions and that little good would be effected by the change. The resolution was carried by 12 to 10 vote.

RELIGIOUS WORKERS' COUNCIL HAS SUPPER

Thirty Members Attended Regular Monthly Meeting at Presbyterian Church Tuesday Evening.

The Religious Worker's Council met at its usual monthly supper Tuesday evening in the social room of the Presbyterian church. Thirty members were present.

The finding committee on the paper presented by J. C. Phillips at the Council meeting on December 8 on the "Plans of Organization and Administration for Student Work in the Churches of Chapel Hill" made a report. This committee recommended that the general plan incorporated in the paper be adopted with a few changes. However, nothing definite was done in regard to it and it will be further discussed at the next meeting in February.

Reports were received from Lee Kennette and K. Barwick on the Methodist Young Peoples' Conference which they attended in Memphis during the latter part of the Christmas holidays. F. S. Wilder who attended the Interdenominational Student Conference in Evanston Ill., was unable to make his report and will do so at the next meeting. Moreover, at their next meeting besides this report and further consideration of Mr. Phillips' paper, Walter Crisman will present a paper on "Student Organizations."

Stop-patches were thrown away and a new method of timing was followed in a recent football game between Brown and Boston Universities.

The first two quarters consisted of 40 plays, and the last two of 35 each. This system eliminates the possibility of stalling, and any suspicion of juggling of the time. Coaches and spectators declared the experiment an unqualified success.
