

TAR HEELS MEET DUKE IN DURHAM THIS AFTERNOON

Blue Devils Have Not Yet Been Defeated This Season.

STRONG FIGHT PREDICTED

Duncanites Show Great Improvement Over Early Season Form in Game With Gamecocks.

Carolina's baseball team will journey over to Durham today to cross bats with the Blue Devils, who have not been defeated this season. This game will be the first of three games scheduled for this season. The two teams have met on the diamond 17 times over a period of 13 years, Carolina winning 11 games, losing 5, and tying in one contest.

Hordes of students will make the trip over to Durham to take in the ball game and then go to see "Blossom Time" at the City Auditorium. The crowd will be further augmented by high school debaters who will stay over for the game and by many fair damsels who will be up for the dances.

Duke is at present leading the rest of the "Big 5" in the race for the State Championship. Elon was the first team to fall victim to the Methodists' bludgeons. Guilford, Davidson and Wake Forest also were left with the small end of the score to hold. The University of South Carolina fell before the onslaughts of the Duke batsmen the day after losing to the Tar Heels.

The Duncanites have won only three games so far this season, losing to Dartmouth, Davidson, Catholic University, Maryland, and Virginia. Lehigh, V. P. I., and South Carolina were defeated by the Tar Heels. Advance dope indicates that there will be a battle royal on Hanes field this afternoon, the outcome being doubtful until the smoke of battle clears away.

Westmoreland, Fulcher or Poyner will probably get the pitching assignment. The rest of the line-up will remain the same except at third and shortstop. Captain Jones will probably get the call over Webb for the hot corner, while Tenney seems to be the best performer at short.

EXTENSION DIVISION TO OFFER MED COURSES

Specialists Will Make Series of Lectures Over State During the Next Summer.

During the coming summer the University Extension Division will offer a series of lectures and clinics to the practicing physicians throughout the state. In the past the medical school and the extension division have given twelve separate medical courses and each one has proved highly successful.

The plan for the courses offered this year is: three physicians from leading medical centers have been selected, each one being a specialist in a particular field; and each one will spend a month in North Carolina giving lectures and holding clinics on the subjects in which he is best prepared.

The instructors and their subjects are as follows: Dr. Howard B. Sprague, diseases of the heart; Dr. Edward Stanley Emory, diseases of the gastro-intestinal tract; Dr. Dwight O'Hara, diseases incident to middle and old age.

This course will consist of twelve two-hour lectures and clinics, given one each week for twelve weeks, in each of six different cities. The course will be offered to these ten North Carolina cities: Rutherfordton, Gastonia, Charlotte, Albemarle, Salisbury, Lexington, High Point, Winston-Salem, Greensboro, and Durham. Of these ten cities the six which first produce the required fifteen signed applicants will receive the course, which is the only course to be offered in the state this year.

The course will begin June 21 and will continue for twelve weeks.

COMER TO ATTEND "Y" MEETING IN NEW YORK

Local Y. M. C. A. Secretary to Make Extended Journey to Northern Meeting of Association.

On Sunday, Mr. H. F. Comer, Y. M. C. A. Secretary, will leave for an extended trip to New York and Buffalo for a series of four conferences concerning the local and national Y. M. C. A. work, and future programs for student "Y's" in this country. Mr. Comer will meet with the Rockefeller Foundation in New York City Monday for further work on the petition filed with the foundation last year by the Y. M. C. A. appealing for \$125,000 to build the Y wing of Graham Memorial here.

As a member of the International Committee for the study of the student Y. M. C. A. movement, he will meet with this committee at their annual meeting in New York Monday. Mr. Comer will also meet with the Commission to work on the advance program for student Y. M. C. A.'s in the United States. This commission is assigned the task of studying the "Y" program in this country and to formulate plans for more efficient and larger Y. M. C. A. work in the colleges. In Buffalo, Mr. Comer will attend the meeting of a special committee to draft policies for financial support of wider and more adequate supervision of student "Y" work in the country.

PLAYMAKERS SPRING PLAYS ARE ANNOUNCED

Faculty Cast for *Le Malade Imaginaire* With Professor Holmes As Argan—*The Romances* Read Tonight.

The Carolina Playmakers announce the following plays for reproduction during the spring term: Moliere's *Le Malade Imaginaire* (The Imaginary Invalid), one of Moliere's most popular comedies, and Rostand's *The Romances*. The former will be given in French and will be given under the direction of Professor Holmes, who will play the part of Argan. In this role he has previously appeared at the University of Pennsylvania.

The reading of the Rostand play will be held tonight in the Playmakers Theatre, and the try-outs will follow on Monday. This charming romance will be presented in the Forest Theatre, May 29 and 30.

There will be no try-outs for *Le Malade Imaginaire*, since most of the parts will be taken by members of the faculty. The parts are to be definitely assigned in the very near future, and rehearsals will be begun, for the date of this presentation has been set on May 29 and 28.

CAROLINA LOSES PINEHURST MEET

University Net Team Vanquished by National Stars.

ENTER DOUBLES EVENT Not Represented in the Singles Tournament.

Four University boys, all members of the varsity tennis squad, suddenly decided to journey over to Pinehurst and view the galaxy of stars that are participating in the North and South tennis tournament this week. So they all bundled in a bus and started out. Tennis rackets were taken along as a matter of course. When the lads had arrived at their destination they conceived the wonderful idea of entering in the tournament. It was too late to file an entry in the singles, so they did the next best thing, which was to enter the doubles contests.

The four collegiate racket wielders who conceived the venture mentioned above are Roland Geddie, varsity No. 2 man; Caesar Cone, varsity No. 4 man; Billy Harvell, varsity No. 5 man, and Bullock. Cone and Bullock composed one team, and Geddie and Harvell the other. The strongest couple in the tournament, S. Howard Voshell and A. H. Chapin, Jr., were picked as the opponents of Geddie and Harvell. Voshell is listed among the first 20 tennis players in the country. Chapin is among the first ten, being the selfsame Chapin who carried the mighty Tilden to a ferocious five-set match last week at Asheville. He is also the same Chapin who won the North and South Singles Championship two years ago. No wonder at all that poor Geddie and Harvell were eliminated by the score of 6-1, 6-1. They are to be congratulated on winning the two games that they did.

The other team, Cone and Bullock, had just as hard luck in drawing their opponents. T. J. Mangum and J. Wheelwright are the two aces whom these lads had to face. Wheelwright, another country-wide star, has reached the semifinals in the singles, and is picked as the next North and South champion. Cone and Bullock were defeated to the sorrowful tune of 6-1, 6-0.

Well, anyway the boys played fair with the University by giving their residence as Chapel Hill instead of the college. Better luck next time!

HAL KEMP'S ORCHESTRA IS BUSY DURING EASTER

Popular Carolina Musical Band Kept Busy Playing for Several Easter Dances Last Week.

Hal Kemp's widely renowned orchestra filed a heavy schedule during the easter holidays. Their popularity was swelled in several of the larger cities of North Carolina.

On Friday night the musicians from Chapel Hill more than delighted the members of the Oak Ridge German Club by giving the best that can be had in dance music in North Carolina. Saturday night the High Point Club of the University gave a dance following the Carolina-Lehigh game. This dance was highly successful.

On Monday night the P. K. A. Fraternity at State College gave their annual Easter dance. On Tuesday and Wednesday night the Easter German Club dances were held at State College. From all reports these seem to have been the most successful ever held at N. C. State. The music was that type of real dance music that Hal Kemp's outfit is most highly capable of presenting to the dance-loving public.

Thursday night a dance was held in Statesville. This also was highly successful and a large crowd was on hand for the merry occasion.

From the Western city the boys came to Greensboro to fill their week-end engagements. Here a dance was given by the Cotillion Club on Friday night. Mr. Buckner, manager of the National Theatre in Greensboro, learning of the presence of the orchestra in Greensboro, and immediately booked them for his Saturday performances. This was the talk of Greensboro and the college girls swarmed to the theatre to hear that which they love best, good dance music.

To top off their week a script dance was given in Greensboro. A large crowd gathered and the dance was no less a success than the usual dance where Hal Kemp furnishes music.

This band will be in Atlanta all this week. They made their summer plans which include a trip abroad as well as playing several resorts of the best class in America.

The members of this team are Hal Kemp, Director and sax; "Sax" Dowell and Ben Williams saxophones; John Trotter, piano; "Skinny" Ennis, drums; George Mackie, Trumpet; Harry Pond, Banjo, and Harold Seburn, manager.

Next Sunday evening at 7:30, President Chase will speak in the Chapel of the Cross on "Religion and Education." In view of so much recent discussion on this subject, Dr. Chase's lecture will be of great interest. Everyone is cordially invited to hear him.

THE NEW KLONDIKE

Thomas Meighan's newest starring vehicle, "The New Klondike," which will be shown at the Plewick theatre, today. Here we find Tom enacting the part of a crack player of the New York baseball club in Florida, who, fired by a jealous manager, gets in the real estate game and makes a lot of money for himself and team mates and then gets the manager job. Lila Lee plays opposite the star and the supporting cast includes Paul Kelly, Hallie Manning, Robert Craig, J. W. Johnston, Brenda Lane, Tefft Johnson and Danny Hayes. Ring Lardner wrote the tale as an original story. The picture was filmed in Florida and abounds in eye-pleasing outdoor scenes.

THE SEA BEAST

The greatest marine and whaling epic of the age has reached the screen in the pieturization of Herman Melville's world-famous novel, "Moby Dick," filmed under the titled of "The Sea Beast." This marvelous production, starring John Barrymore, will be given its local premiere at the Pickwick Theatre on Monday. Moby Dick is a monstrous whale on whom the hero vows vengeance for having lost a leg while pursuing him. Fortune favors him in the end.

For spectacular thrills and wonderful marine photography nothing has ever equalled this feature, in which Mr. Barrymore adds fresh lustre to his laurels.

STUDENT Y. M. C. A. MAY BE REORGANIZED

National Association Considering Change in Administration of State Unit.

For more than a half-century the Y. M. C. A. has been operating on the campuses of a large number of the leading colleges and universities in the United States. This student work has been carried on under what is known as the Student Department of the Y. M. C. A., sustaining always proper relationship with the various other branches of the movement. The State Y. M. C. A. has been held responsible for general supervision over all student associations within the State. Above the state there was, as next in order of supervision, the regional office and its staff. In our case it covered ten south-eastern states with headquarters in Atlanta. Over and above this then is the National Student Supervising Department with staff at the New York Headquarters of the Y. M. C. A. movement.

The situation that has caused the present restlessness and attempt at reorganization is primarily that the state department, first one responsible for student supervision, has become less and less able financially and otherwise to properly direct student work. The present strength of student Y. M. C. A. is about half what it was fifteen years ago. The majority of the student department leaders, therefore, feel that it would be suicidal to the student Y work to allow the present status to continue. Nobody knows what the ultimate outcome will be or what form of supervisory organization will be decided upon, but all hands are now busy at the job and determined to put the student "Y" work on a basis of permanent strength. Many conferences, large and small, are being convened all over the union these very days dealing with the matter of reorganization. There are some half-dozen such conferences in New York next week. The Carolina Y. M. C. A. is assuming her share of this work. The General Secretary will be in New York attending four of these conferences to represent the situation as we find it in Chapel Hill and in this state. While no one can forecast the final outcome of the whole disturbance so far as details are concerned, yet it is quite certain that there will result a much stronger and more efficient organization, one that will attract and hold our best student leadership across the land and will more and more reach the uttermost needs in its program of service and religious guidance.

STATE ACCOUNTERS TO MEET HERE IN MAY

Chapel Hill has been selected as the place for the Semi-Annual meeting of the State Association of Accounters which convenes at the Carolina Inn May 6, 7, and 8. This is the first meeting of the Association of Accounters that has ever been held at Chapel Hill.

Plans are not yet completed for the gathering, but Professor E. E. Peacock, of the Accounting Department of the University; L. B. Rogerson, University Auditor; and M. F. Vining, of the Extension Division, compose the Central Local Committee and are now rounding out plans for the gathering that is to be held here early in May.

Arnold Borden, of Goldsboro, was initiated by the Sigma Nu Fraternity Wednesday night.

Theta Rho announces the initiation of E. L. Curlee, M. S. Davis and G. S. Edgerton.

Speaking of Books

About the most powerful book we meet in business life is the bank book. Between its two covers a little ink can say a lot; go a long way toward financial independence. If you haven't a savings account put a small part of your expense money that you don't need in the bank and let it work for you. Probably you would never miss it.

As a student you can do this just the same as a graduate. Start now and get ahead quicker.
