

CAROLINA LOSES TO VIRGINIA AT GREENSBORO SATURDAY

(Continued from page one)

Carolina score. Tenny obtained a single and a double, while Hatley's safety was of the one base variety.

Hushion led the hitting for the Cavaliers with a single and a home run out of four trips to the plate. It was his single in the fourth frame that scored Diffy with the initial run of the game. His four-bagger came in the ninth frame and produced the final Virginia marker. Besides leading his team in hitting, Hushion accepted six hard chances in the field without a bobble. His fleetness and fast throw cut off several seemingly hits for the Tar Heels. Frieberg followed a close second to Hushion with a swat of the four-base kind which scored Darlington and Wrenn in the ninth and "sewed up" the game for the Cavaliers.

Added interest was afforded the spectators of the affair by the girls from N. C. C. W., and G. C. W., whose yells and pep kept the crowd in fine spirit. Before the game started the girls from the N. C. College marched out on the field and formed a living U. N. C. in the middle of the lot, where they gave several yells for the Carolina squad.

The Cavaliers drew first blood in their half of the fourth frame. Diffy, leading off, was given a free pass to first and pilfered the second sack. Cardwell skied out to center, but Hushion singled to the same garden and Diffy scored, Hushion taking second on the throw in. Cabell laid out a slow roller to "Moose" Tenny who threw to Webb at third to catch Hushion, but both men were safe. Clauber hit a high one to left and Hushion scored. Stearns popped out to Webb to end the frame.

The remaining Cavaliers runs came in the eighth frame. Darlington led off with a double to the left garden, and Wrenn followed with an infield hit, Darlington taking third on the play. Frieberg smashed one over the right wall and Darlington and Wrenn counted. Odell Sapp retired in favor of Bill Poyner, and Diffy fled out to Tenny. Cardwell skied out to center for the second out, but Hushion hit one over the right fence for four bases. Cabell was safe on Tenny's miscue, and Glauber grounded out, short to first, to end the frame.

The Tar Heel markers came in the ninth inning when Mackie and Webb laid two over the fence for four-baggers.

The box score and summary follow:

Table with columns for Carolina and Virginia, and rows for individual players and totals.

Summary table showing scores by innings for Carolina and Virginia.

Summary: Home runs: Frieberg, Hushion, Mackie, Webb. Two base hits: Darlington, Mackie (2), Tenny. Stolen bases: Diffy, Cabell (2). Double play: Sides to Tenny to Dodderer. Base on balls: Sapp, 5. Struck out by Sapp, 4; by Darlington 3. Hits off Sapp: 4 in 7 innings (none out in eighth); off Poyner, 1 in 1 inning. Left on bases: Carolina 5, Virginia 4. Passed balls: Glauber. Umpires: Holden and Hingerveld. Time of game: 1 hr. 50 min. Attendance: 5,200.

TAR HEELS MEET YELLOW JACKETS

(Continued from page one)

ably supported by Crowley and Brewer on third and first. This combination makes one of the smoothest working infields that has been seen on the home lot in a goodly number of years. "Moose" Tenny had an off day yesterday, but should be in his old time form in today's contest. Should he play his usual brand of baseball, the Techmen need not have as easy a time licking the Ducanites in today's affair as they did yesterday. The "weak end" of the Carolina slugging squad also fell down on the job yesterday, and left all the hitting to the five lead-off men. A little more slugging by the Tar Heels will also serve to turn the tide in favor of the Ducanites.

The game will be called at four o'clock and the entire student body is expected to turn out to help the Tar Heels even up the series. Miss Elizabeth Pittman of Orange, N. J., was the week-end guest of Miss Ellen Mellick.

HOOPS' SEMINAR COMMENCES TODAY

(Continued from page one)

The Philological Club of the University will give Professor Hoops a smoker this evening at 9:30 after the Sigma Chi lecture.

Although primarily for graduate students, anyone interested may attend the seminar meetings which are expected to be of general interest. The public lecture will be illustrated by lantern slides, and the subject of the address will be "Fashionable Europe in the Age of Baroque and Rococo." Dr. Hoops speaks English fluently and is a delightful lecturer, in addition to being an inspiring leader of graduate students. He is especially interested in America and this is his second visit to this country, the other one having been made in 1903. He is now on his way to teach in the University of California.

The following students are to present reports in the Hoops Seminar on the afternoons of Tuesday, Wednesday, and Thursday of this week. These meetings will begin at 8 o'clock. The time has been too short for shaping adequately in every case; in many cases these reports will have to be statements of difficulties met. But they will serve as points of departure for discussion.

On the topic of the first meeting, "Goethe's Faust, and Byron's Manfred," Byron's philosophy and pertinent biographical data will be reported upon by Miss Naomi Alexander and M. L. Radoff; the genesis and philosophy of Goethe's Faust, by Miss Stroup, D. R. Hodgins and J. W. McCain, Jr.

"The Idea of the Immortality of Art in Keat's poetry," which furnishes the topic of the second meeting will be reported upon by J. W. Harris.

The third and fourth meetings will be concerned with reports on "The Literary Sources of the Pre-Raphaelite Movement." The influence upon Rossetti of Keats, Dante, the Ballards, Villon, and the French Romantics will be reported on respectively by Messrs. Hill, Shine, H. R. Fuller, H. C. Brown, and Dr. Wind. W. R. Abbott will report on Rossetti's influence on Morris and Miss Eliason upon the same influence on Swainbourne. Mrs. M. R. Trabue will report on Pre-Raphaelite painting.

A list of books for suggested auditors has been posted in the main library and on the second and third floors of Murphy Hall. These books have been placed on reference.

Professor Hoops is the Editor of English Studies, one of the leading scientific periodicals on the English language and literature, of Anglistische Forschungen, a collection of monographs and dissertations done largely under his direction; and an Encyclopaedia of Germanic archaeology, which he started and still carries on with a number of co-workers from various countries. He has written scientific articles in many fields of English language and literature.

The seminar topics are (1) Goethe's Faust and Byron's Manfred, (2) The Idea of Eternity of Art as Reflected in Keat's Poetry, (3) The Literary Sources of the Pre-Raphaelite Movement.

Professor Hoops comes here from John Hopkins. This is the first visit to the University. While in town he will be the guest of Professor and Mrs. John Booker.

NEW "Y" OFFICERS ARE INTRODUCED AT CHAPEL

(Continued from page one)

which you have chosen to lead you, only the best can be accomplished."

He, then, presented the following men: President, Frazier Glenn; Vice-President, Lee Kennett; Secretary, Galen Elliott; Treasurer, Bill Neal.

Then followed a spirited speech by the new president, Frazier Glenn. He realizes, stated the new president, the great responsibility that has been placed upon his shoulders, and he will strive to his utmost to make something worth while of the trust that has been given him.

There is a need of a more intimate touch, a new and better cooperation, among the students of the University, it was pointed out. Last year, in spite of the finest Y Cabinet in the history of the University, only 60% of the pledges have been paid. Besides the Finance Campaign was decidedly troublesome, and distracted the Cabinet from work of a more beneficial nature.

A new plan of finance will be insured next year president Glenn said. At the registration of each student, he will receive a card, on which will be printed, various amounts, up to twenty-five dollars. He will underscore the amount, that he wishes to give. The payment of these, will take place coincident with the payment of the tuition fees, at the Treasurer's office. During the summer, letters will be sent to all Freshmen, familiarizing them with the new system.

Every man registered at the University, declared the speaker, is a member of the Y. M. C. A. It is organized, primarily, for the furtherance of the students' training and lays the foundation for a better future. It is in this capacity that the Y. M. C. A. hopes to be a vital force in the student's life.

DUCANITES LOSE TO GEORGIA TECH BY SCORE OF 10-5

(Continued from page one)

baseball but the hard-hitting Yellow Jackets were just too much for him, and, coupled with the miscues made by his teammates, victory for the Techmen was assured.

The Yellow Jackets scored in the initial frame when Wilder, leading off, lined out a hot one which both Tenny and Hatley let get away, Wilder circling the sacks. Mooreland, Tech second baseman, following with a single to the center garden and pilfered second while Reeves was popping out to Tenny. Angley followed with a smashing triple to deep center and Mooreland counted, Angley scoring a few minutes later on Murkle's sacrifice fly to center. Crowley singled, but Brewer grounded out, second to first, to end the frame.

The Techmen scored again in the fifth frame. Mooreland, leading off, grounded out third to first, but Reeves was safe on Tenny's miscue. Angley drew a free pass to first and both men advanced when Westmoreland balked. Wycoff singled to left and Reeves and Angley counted. Murkle grounded out, third to first, Jones errored Crowley's roller and Wycoff crossed the plate. Brewer doubled to center and Crowley advanced to third, but Hatley's perfect peg held him on the hot corner. Edwards was given life on another bobble by Tenny, Crowley scoring on the play. Wilder grounded out, third to first, to end the frame.

Two more markers were made by the Techmen in the sixth inning off a free pass to first and a home run by Angley. The Yellow Jackets' final marker came in the eighth stanza when Angley got an infield hit, went to second on Sharpe's passed ball, pilfered the third sack, and scored on Wycoff's single to center.

The Tar Heels scored one run in their half of the frame off a two-bagger by Tenny and singles by Sides and Young. The next Tar Heel scores came in the third frame off a single by Hatley, a triple by Mackie, and Wycoff's miscue of Mackie's drive. The final Carolina runs came in the eighth inning. Hatley led off with a single to the center garden, which Wycoff errored, Hatley going to third on the play, Mackie singled to right, and Hatley scored. Reeves pulled a hot lined down off Tom Young's bat and tried to double Tenny, who was running for Mackie, at first, but threw the ball wild and Tenny took third, scoring a few minutes later when Jones went out, second to first.

The box score and summary follow:

Table with columns for Ga. Tech and Carolina, and rows for individual players and totals.

Summary table showing scores by innings for Ga. Tech and Carolina.

*Tenny ran for Mackie in 8th.

Score by innings: R H E Ga. Tech 300 042 010-10 13 4 Carolina 102 000 020-5 9 8

Summary: Home runs: Angley. Three base hits: Angley, Mackie. Two base hits: Wycoff, Tenny. Stolen bases: Angley, Wycoff, Mooreland. Sacrifice hits: Murkle (2). Base on balls: off Edwards 1, off Westmoreland 3. Struck out by Westmoreland 2. Passed balls: Sharpe. Balk: Westmoreland. Time of game: 1 hour 45 minutes. Umpire: Sutton. Attendance, 2,500.

COKER CONTINUES WORK ON CAMPUS

(Continued from page one)

on this space and the section between New West and Swain Hall. The improvements will consist of new walks, driveways, and parking places. In addition, many trees and shrubs will be planted, and the space which formerly served Old West as a baseball diamond soon will be covered with grass.

A drive, forming a big loop, is to run from Cameron Avenue by the Theatre and in front of the gymnasium and Carr. The "Carr baseball field" is to be planted in shrubs and grass, leaving the spaces between the Medical, Bynum and Carr buildings for parking. A grass covered terrace will be built parallel to the south side of the Playmaker theatre, and will be separated from the parking space by a stone wall. A corresponding terrace will border the east side of Steele. Doctor Coker expects to see the entire work completed by commencement week.

Miss Lois Rogers of Gallinburg, Tenn. spent the week-end in Chapel Hill with Miss Cornelia Wearn.

AGNOSTIC CLUB IS ORGANIZED HERE

(Continued from page one)

Brahmanism, the Maggas of Buddha, and outstanding works on religion will be taken up with an intent to arriving at some definite conclusion as to whether or not religion is worth while, and if so what conceptions must be disseminated by the rising generation to reap the most beneficial reward to society. The "Parson" takes a most liberal view of Christianity, and endeavors to sustain his position; the students assail him with the perplexities and inconsistencies which have beset them since they began to think, and do all within their power to make the minister yield a point. Hidebound orthodoxy is execrated by both "Parson" and the students.

According to the club, which has already held several meetings as fascinating and intellectual, a broader and more scientific attitude, so to speak, must be taken in the subsequent development of religion if we hope for it to survive in form fit for assimilation.

The meetings are held in the Geology building to prevent the rumor that any such thing as a Biblical discussion is going on. Mr. Bynum, of the Geology department, will be present at the sessions to give a truly scientific atmosphere to the discussions. Other members of the faculty will also be present from time to time to derive if possible some lasting benefit and specific concept of religion. The topics which will be discussed range from the origin of the universe to the existence of God, the divinity of Christ, and the veracity of the Christian religion as a whole. Most of the members of the club are ardent Agnostics or Atheists in, however, a very broad sense of the terms. That is, they repudiate the orthodox acceptations of both God and Christ, but yet retain personal conceptions of a rather indeterminate nature. The investigations will be absolutely impartial, the attitude essentially Agnostic.

There are no officers of the club, no dues, no requirements except that the prospective member be interested in the topic of religion and receive an invitation to join the club. The membership is restricted to twenty as it is the desire to carry on all discussion in an intimate, informal way, a thing that would be impossible were a larger number admitted.

U. GRADUATE SCHOOL AWARDS SCHOLARSHIP

(Continued from page one)

Crumpton Hardy, of Baylor College, English; Mildred Alice Mays, of the University of Tennessee, Psychology; Margaret D. Meyer, of Cornell University, Economics; Fannie Emogene Price, of Brown University, Sociology; James B. Sellers, of the University of Alabama, Education; David Slabosky, of the University of Chattanooga, Economics; Richard Hallam Smith, of Clemson College, English; George Finis Weak, of Centre College, English.

These men and women are now attending their respective colleges or teaching throughout the country. They will all enter the University of North Carolina next fall.

TRACK TEAM WINS MEET WITH V. P. L.

(Continued from page one)

of 40 feet 6 inches when he threw the pellet 40 feet 8 inches. At Virginia Tech Thursday to prove that his former feat was no flash in the pan, he proceeded to cast the copper coated ball away to the distance of 41 feet 1 3-4 inches. There should be no question about Williams' new record because it is virtually impossible for the wind to affect a 16 pound weight flying through the air.

The distance, men were the lads who really suffered from the breeze. Johnny Henderson's time of ten minutes forty-one seconds in the two mile is a feat that is really remarkable. The blasts were at their height during this event but Henderson pushed his face thru and kept going, wind or no wind. Pearson and McPherson, of Carolina tied for high. The Carolina Tracksters are to be congratulated on their splendid showing thru Virginia. When they bested the University of Virginia Thursday, they defeated probably one of the strongest aggregations in the country. Virginia Tech also had a team of no mean merit, enjoying victories over Catholic University, William and Mary, and other strong institutions.

Summary of the meet:

Shot—Williams (Car); Gray (Tech); Fordham (Car). Distance 41 feet. 1 3-4 inches. Discus—Lund (Tech); Gray (Tech); Newcomb (Car). Distance 128 feet 7 inches. High jump—Pierson (Car); Ellis (Tech); Beverly (Tech); and Buck (Car) tied for third. Height 5 feet 7 inches. Broad jump—Woodard (Car); Glerah (Car); Burnett (Tech). Distance 21 feet. 9 inches. 120 Hardles—Huggins (Car); Glerah (Car); Montague (Tech). Time 25.2. Two-mile—Henderson (Car); Bascot (Tech); Daniels (Car). Time 10:47.5. 300 yard dash—McPherson (Car);

Montague (Tech); Woodard (Car). Time 10 flat. 220 yard dash—McPherson (Car); Montague (Tech); Woodard (Car). Time 21.5. Javelin—Fordham (Car); Barber (Car); Gray (Tech). Distance 174 feet 2 1-2 inches. 440 dash—Watt (Car); Edwards (Car); Hutchinson (Tech). Time 53.5. 120 high hurdles—Pearson (Car); Watt (Car); Montague (Tech). Time 25. 2-5. Mile—Elliott (Car); Underwood (Car) Dance (Tech). Time 4:55.1. Pole vault—Corbett (Car); Bagby (Tech) and Preston (Tech) tied for second. Height 10.8.
