

WRESTLING MEETING  
Y. M. C. A.  
Tonight 8:30

# The Tar Heel

TAR HEEL BOARD TO MEET  
NEW WEST  
Sunday 9:00 P.M.

VOLUME XXXIV CHAPEL HILL, N. C., SATURDAY, MAY 1, 1926 NUMBER 78

## Lynchburg Defeated Here Friday By Carolina 16-5

### O. SAPP PITCHES Visitors Forced to Use Three Pitchers to Stem Tide.

### TWO DOUBLE PLAYS FEATURE Sapp Pitches Best Game of His Career —Kysers' Cheer Leading Antics Amuse Spectators.

Runs galore crossed the rubber of Emerson field yesterday when Coach Duke Duncan's Tar Heels upset the dope bucket and handed the Lynchburg College Hornets a 16 to 5 defeat. Sapp, the lanky Tar Heel sophomore pitcher, held the Hornets to eight bingles, three of them coming in the ninth frame.

Sapp pitched a wonderful game, holding the Hornets scoreless until the fifth inning when two hits, an error, and one hit batsmen produced three markers for the Virginians. Again in the ninth frame the Hornets counted when Sapp yielded three hits, one of the infield variety, for a brace of markers. The Dukemen retired two men by the strike out route, and issued only one free pass to first.

The Hornets used three pitchers in an effort to stem the tide of Tar Heel markers that were drifting across the rubber. The Tar Heels scored three runs in the initial frame when Tenny walked, Sides singled, Hatley sacrificed, and Mackie hit one over the left fielders head for four sacks. The Dukemen pushed across ten more runs in the second inning off six hits, one of them a double and another a homer by Hatley, three hit batsmen, and one free pass to first. The Tar Heels batted around, with four extra swats for good measure. Two more hits, one a triple by "Touchdown" Jones, coupled with a sacrifice by Webb, netted the Tar Heels two more doubles in the third frame, while they clinched the deal in the fourth inning off two hits and a sacrifice fly.

Three double killings, two of them performed by the Tar Heels, were the star fielding performance of the day. In the initial frame "Moose" Tenny scooped up Suttentfield's hot grounder, and threw to Sides who whiffed to Dodderer to complete the play. Again in the sixth inning Webb nabbed Steele's grounder, threw to Finely who passed to Jones at first for another double.

### N.C.C.W. Players Unable Be Here

The Playlikers from N. C. C. W. who were scheduled to give their annual spring production in the Carolina Playmakers theatre here on Saturday night, will be unable to play. At this time the May festival will take place. The far famed May Pole dance will be the feature of the event, then the fortunate visitor may see the campus a galaxy of swirling ribbons and colorful young ladies. Also at this time Queen of the May will be crowned, she is picked as the most beautiful girl on the campus. This event will likely occur tonight.

## TRACK TEAM IN STATE CONTEST

### Forty Men Enter Annual College Meet in Raleigh.

### MEDALS TO BE AWARDED Champion Carolina Team Expected to Win Two Day Meet.

Coach Bob Fetzer and his varsity track team are performing at Riddick Field in Raleigh today, where the annual State track meet is being held. The Carolina team left yesterday morning in order to participate in the preliminaries which were held Friday afternoon. The freshmen preliminaries began Friday at two o'clock. Since the milers and the two milers did not have to run in the first heats, they leave for Raleigh today.

Plans have been made to provide for a crowd of 5,000 spectators at Riddick Field and every event on the program is to be staged in full view of the stands on the eastern side of the field, next to the Y. M. C. A. building.

Friday's program consisted of the preliminaries in all the field events, which include the high jump, the pole

## ALPHA PHI GETS SIGMA PHI SIGMA

Local Fraternity is Twenty-fifth National Representative on "Hill".

### INSTALLATION T-O-D-A-Y Hold Installation Ball and Banquet Tonight—National Officials Are Here.

Today we see the completion of the final ceremonies that will make the Alpha Phi, local fraternity, a full-fledged chapter of Sigma Phi Sigma.

Great preparations have been made during the past few weeks for the event by the boys and it is with exceeding satisfaction that the local group see their plans materializing in such a gratifying manner. The installation comes as the result of the acceptance of the Alpha Phi petition to Sigma Phi Sigma in March and since that time arrangements for the present event have been under way. There are many visitors, alumni, and national representatives here for the occasion.

The installation began Friday afternoon with the arrival of the initiation team on the Hill and they started things off immediately. The ceremonies were begun, consisting of two degrees of the initiation, and at night the ceremonies proper were completed. This morning the ceremonies will be continued and this afternoon the charter will be presented after which there will be an "at home" from three to five-thirty at the chapter house on Rosemary Street in for the purpose of getting acquainted with the girls who are to be here for the dance tonight. At six o'clock there will be at the Carolina Inn a banquet in honor of the visitors.

The outstanding feature of the celebration will be the installation ball at the Inn Saturday evening at eight-thirty. A bevy of girls have already signified their intention of attending and all indications are that there will be nothing lacking to insure an enjoyable time. The announcement that Hal Kemp's orchestra will play for the occasion has brought about much enthusiasm concerning the dance. This will be the orchestra's first appearance here since their trip to Atlanta and their presence at the ball should make it one of the best of the year. The dance is announced for eight-thirty, those who are going should

## VARSITY TENNIS MEN DEFEAT DUKEMEN 6-1

Hap Whitaker, Carolina, Gets Revenge on Whitner, Duke, to the Tune of 7-5; 6-4.

The Tar Heel racketmen added another meet to their string of victories Thursday afternoon when they swamped Duke in a dual meet on the new tennis courts by the score of 6 matches to 1. The only win for Duke was registered by Rogers when he took two out of three matches to defeat Elgin, of Carolina.

Two former state champions met in the singles when Whitener, of Duke, and Whitaker, of Carolina faced each other in the singles match. Whitener had previously defeated Whitaker in the State Tournament held last week, but Hap showed a complete reversal of form and won out in two straight matches. Hap played his usual steady game and at times showed flashes of brilliance.

The doubles match between Whitaker and Elgin, of Carolina, and Whitener and Rogers, of Duke, was another interesting affair. These two stars had eliminated the two Tar Heels in the State tournament, but had been defeated by them at Duke Monday. A large number of spectators were out to see the battle-royal, expecting Whitener and Rogers to stage a come-back. But the Tar Heels played a most consistent game with some spectacular plays to take two out of three matches. The rest of the Carolina team played their usual steady game with spots of fast and spectacular play here and there.

Summary of matches:  
Whitaker (Carolina) defeated Whitener (Duke) in straight sets, 7-5; 6-4.  
Rogers (Duke) defeated Elgin (Carolina) two sets out of three, 6-0; 6-0; 6-4.  
Geddie (Carolina) defeated Burns (Duke) in straight sets, 6-2; 7-5.  
Harvell (Carolina) defeated Erwin (Duke) in straight sets, 6-2; 6-3.  
Dalrymple (Carolina) defeated Carmichael (Duke) in straight sets, 6-3; 6-2.  
Whitaker and Elgin (Carolina) defeated Whitener and Rogers (Duke) two sets out of three, 6-3; 5-7; 6-4.  
Geddie and Harvell (Carolina) defeated Burns and Carmichael (Duke) in straight sets, 6-3; 6-4.

### NORTH CAROLINA BANKERS WILL VISIT HERE IN MAY

The University authorities and the Bank of Chapel Hill will be joint hosts to 300 members of the North Carolina Bankers Association at a barbecue luncheon on Friday, May 7, that day being "Chapel Hill Day" with the Association which will hold its annual convention in Durham the last three days of that week. The Tar Heel bankers will hold a morning business session in Durham before they invade the Hill to inspect the University and attend the luncheon at the Country Club.

Charles T. Woolen and M. E. Hogan are the members of the committee in charge of arrangements for the day's program. Mr. Woolen has been making efforts to arrange a baseball game between Carolina's varsity and some other college competitor as a special event.

### Dr. Bernard Will Lecture on Evolution of Bible

Dr. Bernard will give a series of lectures at the Chapel of the Cross May 2, 9, and 16, on the Making of the Bible and especially the New Testament. Few people realize that we had no knowledge on how the Bible came into existence until 150 years after Christ, says Doctor Bernard, and to make clear the interesting facts concerning its existence these lectures at 7:30 on these dates.

The first lecture will show when and why the books of the New Testament

## PROF. MATHERLY LEAVES CAROLINA

Will Organize College of Business Administration in Florida.

### MADE JOURNALISM DEAN Professor of Business Administration Accepts Position in University of Florida.

Walter J. Matherly, Professor of Business Administration, has accepted a position as head of the Department of Economics at the University of Florida and Dean of the College of Business Administration and Journalism which is in the process of organization. This is quite an honor and a high tribute to his character and ability.

Professor Matherly graduated from William Jewell College with an A.B. degree in 1915, and the following year he received his M.A. degree at Washington University. He was a fellow in economics at the University of Minnesota in 1916-17 and an assistant in political economy at the University of Chicago in 1917-18. He was professor of economics at the University of Kentucky for the Summer Session of 1919 and at Georgetown College from February, 1919, until June, 1920. Mr. Matherly came to the University in 1920 as Associate Professor of Business Administration; in 1923 he was promoted to a professorship.

There are but two state supported schools in Florida, and the University situated at Gainesville is the only state school for men. This necessitates a wider range of studies and insures better governmental support. At present the University has six colleges: the College of Agriculture, the School of Engineering, the School of Pharmacy, the Law School, the Teachers College, and the College of Arts and Science. Professor Matherly will help to organize and be the first dean of a seventh, the College of Business Administration and Journalism.

Professor Matherly's resignation does not take effect until September; however, he will spend four weeks during the latter part of June and the first of July in Florida where he will teach in Summer School and get out a special catalogue for the College of Business Administration and Journalism. The second term of Summer School will find Professor Matherly back on his old job in Chapel Hill where he will remain until September when he will remove his family to Gainesville and enter upon his new duties.

## SAVILLE BACK FROM TRIP TO VENEZUELA

Sanitary Engineering Professor Accepts Position in Venezuela for Next Year—Leaves in July.

Thorndike Saville, professor of hydraulic and sanitary engineering, has recently returned from a tour in Venezuela where he and Dr. H. H. Howard, director for the West Indies of the Rockefeller International Health Board, spent some time inspecting water supplies and sewage works. Mr. Saville has accepted a position as engineer from the Venezuelan government for a year, and will leave with his family the first of July, spending on the way a week in the Panama Canal investigating sanitary engineering.

Mr. Saville's work in Venezuela will be concerned with the investigation of water supply, sewage disposal, garbage and milk control in several of the larger cities. Unlike our own government, these are not municipal problems, but controlled by the government. He will take an assistant engineer from this country with him, the other members of his staff will be technical men furnished by the Venezuelan government.

During his trip Mr. Saville and Dr. Howard spent one day at Macuto, where the President was spending Holy Week. They were given an audience by the President, whom they found to be a strong leader and very much interested.

### CAROLINA AND DAVIDSON FRESHMEN WILL DEBATE

The annual Carolina-Wake Forest-Davidson freshman triangle debate will not be held this year on account of the fact that Wake Forest has withdrawn from the triangle, but instead a dual debate will be held between the freshmen of Carolina and Davidson on May 14, the question to be discussed being: "Resolved, That a department of federal defense should be created, subdivisions of which shall be army, navy, and air."

Preliminaries for this debate were

(Continued on page four)

## NEW CHANGE IN MAJOR AND MINOR STUDIES IS MADE

Registration Will Be Directed By Departmental Head of Major Subject.

### BEGINS IN FALL QUARTER One Major and Minor to Be Required— Juniors May Choose Between Old and New.

In a special meeting of the faculty of the College of Liberal Arts, held in Pharmacy Building Tuesday afternoon, it was decided to change the system of electives now used so that in the future only one major and one minor will be required.

Under the new ruling, each student will elect six to eight courses in the department which he selects as his major. Only one minor, instead of the two formerly required, will be necessary when the new plan goes into effect. Three or four courses will be elected in this minor which will be in the department specified for the student by his major department head.

The new system will go into effect at the opening of the fall quarter in September. The present Juniors will be allowed to use either the old or the new system, but Sophomores and Freshmen will be required to comply with the new ruling.

Registration for Juniors and Seniors will be directed by the head of the department in which the student is majoring. This method of registration is a step toward greater personal attention and direction of upper classmen as it will abolish the present practice of registration directed by disinterested faculty members.

This change in the system of electives has been under consideration for about two years and has been the subject of thorough study by Dean Royster and his associates. The plan was perfected and finally adopted under the direction of Professor Hibbard, Acting Dean of the College of Liberal Arts.

On Friday evening, May 6th, at 6:30, the members of the Certified Public Accountants will give a dinner at the Carolina Inn. These men are holding their annual convention here on Thursday, Friday, and Saturday. They come from all parts of the state, and come as the representative delegates from their respective districts. Between forty and fifty men are expected to be here.

## ALA. DEBATERS DEFEAT CAROLINA

Query was Resolved That the Military Forces be Coordinated.

### WON UNANIMOUS VERDICT Handful of People See Livingston And Mogulescu Defeated Thursday Night.

Thursday night at eight-thirty before the small and apparently uninterested audience which had assembled in Gerrard Hall, Carolina's affirmative team of Ted Livingston and Morris H. Mogulescu was defeated by Joe J. Smith, Jr., and Lewis A. Smith, composing the University of Alabama's negative team in a sharp discussion of the query, Resolved, that the Military Forces of the United States should be Co-ordinated into a National Department of Defense with Sub-branches for the Army, Navy, and Air Forces.

A unanimous decision was rendered

(Continued on page four)

### NEWSOME MADE HEAD OF HISTORICAL BODY

Albert Ray Newsome, Assistant Professor of History in the University, was yesterday selected by the State Historical Committee to become secretary of the North Carolina Historical Commission, succeeding R. B. House, who was last week appointed executive secretary at the University.

Mr. Newsome has been under careful consideration by the committee since last week, and he was selected after much deliberation from a field of candidates including such persons as Miss Elizabeth Kelly and Claude B. Denson, of Raleigh, and Prof. E. M. Ogilvie, of the University of Georgia. He will assume his new duties July 1, and his salary at the beginning will be \$4,000. The committee believes that he is well qualified for this important position, as he has been studying in this particular field for some time and seems to be well acquainted with the

## HOOPS LECTURES IN GERRARD HALL

Visiting English Seminar Conductor Gives Amusing Illustrated Talk.

### CROWD APPLAUDS SPEECH Talk is on "Fashionable Europe in Age of Baroque and Rococo."

Professor Johannes Hoops, here to conduct the English Seminar, gave an interesting and amusing lecture on "Fashionable Europe in the Age of Baroque and Rococo" in Gerrard Hall Wednesday night at eight-thirty.

Professor Hoops dealt with the costumes of the period. With lantern slides he showed, first, the old Spanish costumes, which, at the beginning of the age, were the fashionable thing. Then the French influence in dress, developed in the time of Louis XIII, and aided by him, became fashionable, and it, with some German influences, re-

(Continued on page four)

### Eggst Easter Eases Ego Easily Eats Excess Eggs

B. Tracy Ansell, son of a Carolina alumnus, Brigadier General S. T. Ansell, of the class of 1908, established a new record in Boston recently, when he surpassed all known achievements in egg consumption. The following is taken from "Time":

"In Boston, one Tracy Ansell, elongated (6 ft. 6 in.), willowy (165 lbs.), youthful (19 years), Harvard senior, aroused curiosity, interest, alarm, and dismay by roosting his exaggerated frame upon a stool in a lunch room and gulping down two, four, half a dozen, a dozen, two dozen, three dozen, and one, and five, and ten—four dozen soft boiled (2 1/2 min.) hen's eggs, in forty-five minutes. At the 37th egg he choked, gasped out, 'That egg was rotten.' As the 48th mingled with its predecessors, he unfolded himself, arose, and collected a bet (\$10) and the price of his orgy, paid the pop-eyed waitress, stalked through the crowd and made for his rooms."

## TAR HEEL PICKS CANDIDATES FOR GOLDEN FLEECE TAPPING TUESDAY

The Big Four Are: Chappell, Hackney, Glenn, and Raney—  
Twelve Other Men Are Likely Candidates—Outstanding  
Material Is Lacking This Year—Rondthaler Will Deliver Address.

By Joe Bonnrtr, Jr.  
A class so lacking in leadership and outstanding characters as the present rising senior class furnishes little material for the senior honorary order of the Golden Fleece and makes the task of picking the men who really deserve the order very difficult. The class presents a list of men, mediocre though they may be in comparison with selection of previous classes, who have so nearly the same qualities that the order is faced with the peculiar difficulty of picking either a very few outstanding men or a greater number of men below previous Fleece standards.

The twenty-fourth annual tapping is scheduled for Tuesday night at 8:30 o'clock in Memorial Hall with Dr. Howard E. Rondthaler, president of Salem College, as the principal speaker. It was erroneously stated in Thursday's issue of the Tar Heel that the tapping would precede the address, but officials of the order have stated that the usual program will be followed and that Dr. Rondthaler's address will come first.

The reporter has been asked to prophesy the possible Fleece pickings and he has ventured in the field with the many misgivings that such a task incurs. He has tried to look at the possible candidates in an impersonal light through the eyes of the active members of the Golden Fleece rather than through his own or those of the campus. Such a prophecy, to be anywhere near correct, must be considered from the viewpoint of the order itself.

**The Leading Four**  
There are four really outstanding men in the junior class whom the Fleece will find it difficult to overlook.  
S. G. Chappell, as president of the student body and a prominent debater, holding clearly the highest honor which it is possible for the Carolina student body to bestow upon any man, will in all likelihood be among the first tapped.  
Bunn Hackney, president-elect of the athletic association, varsity football, and basketball player, and basketball captain for the next year, president of his class in his sophomore year, and representative on the student council this year from last year's council, can be ventured as a very safe wager.
