CHAPEL HILL, N. C., SATURDAY, MAY 8, 1926

NUMBER 81

## Tar Heels To Meet State Cinderpath Team Here Today

### BE FAST MEET

Old Time Rivalry Will Be Stronger Than Ever.

### FRESHIES MEET DUKE

Rare Treat in Doubleheader Is Offered to Followers of Cinderpath Performances.

The Tar Heel track team will be hosts today to the State College cindermen in their annual dual meet. The meet will mark the second meeting of the year between the two state supported institutions of learning, the Tar Heels having licked the Techmen to a frazzle in the annual State Intercollegiate Championships at Raleigh last Friday and Saturday. In that meet the Fetzerites counted up 98 points to 46 for the State runners, who finished in second place in the team ranking, and the dope gives the Hillians a heavy margin in the dual test this afternoon.

The clash today will bring together in several races the star performers of the two rival outfits, and a spectacular contest will certainly result. The sprints and the mile run will probably furnish the fireworks of the days events. In the sprints two of the fastest dash men in the South will meet, with McPherson having a slight edge on "Doodle" Sides, State's star. Galen Elliott, successor to the brilliant Bell as Carolina's greatest distance runner, will meet another great miler when he toes the mark with Wright, of State.

That mile run will probably be unusually fast, and Elliott is due to lower his best time for the season by several seconds. Wright's fastest time is 4 minutes 32 seconds, while Elliott has done 4 minutes 29 seconds once this spring. Their race in the State Championships was one of the most spectacular contests ever witnessed in the state, with Wright leading for three laps only to fall before the gallant finish of the Tar Heel runner.

Sides, Tech sprinter, runs the century and two-twenty dashes and the quarter mile, all of the going in near record time. After taking second in the hundred last Saturday and placing well up

## SOCIAL CALENDAR BUSY NEXT WEEK

Five Dances and Two House-parties Are on Schedule.

GRAIL DANCE SATURDAY  
Large Number of Girls Expected to Be on Campus.

With five dances scheduled to be given in University social circles in the three days, next week-end promises to be one of the most active seasons for campus society that has taken place here this year. The Kappa Alpha, Sigma Nu, and Zeta Psi Fraternities have all planned dances, and these, together with the Senior Ball and Grail dance also scheduled for the week-end of the 14th and 15th, to say nothing of two house parties which will be in progress and the Southern Track Meet, should fill the social calendar almost completely.

The Kappa Alphas will lead off with a dance at the Washington Duke Hotel Thursday night. The K. A. chapters from Carolina, Duke, State and Wake Forest are combining in giving the affair and although it is to be given on the 13th it is expected to be a big occasion and a worthy starter for the many events which will follow on its heels.

Friday night, there are two dances to be given in Chapel Hill; the Sigma Nu dance at the Carolina Inn and the Senior Ball in Bynum Gymnasium. The Senior Ball will open to all fourth year men and those who are to receive degrees this commencement. Great preparations are under way for the occasion and the Seniors are looking forward eagerly to the treat in store for them and have already invited a large number of girls to the dance. Hal Kemp will play for the dance. On the same night, the State and Carolina chapters of the Sigma Nu Fraternity will give a dance at the Inn. The house party which the Sigma Nus are going to have during the week-end will furnish a large crowd of girls for the affair and for this reason it should be one of the best dances of the year. The Tarsonians have been engaged to make the music, which is another insurance

### Examination Is Advanced 1 Day

Spring term examinations have been moved one day earlier than formerly announced, according to information just received from the Registrar's office. Finals will be held May 31, June 1, 2, and 3, instead of June 1, 2, 3, and 4, as announced in the Catalogue.

## POOLE'S COMING HERE CREATES MUCH INTEREST

Anti-Evolution Fight at Charlotte Makes Event of More Than Passing Interest.

HERE TUESDAY MAY 18

University's Supporters Come Through Hectic Session at Charlotte With Creditable Showing.

Interest in the approaching discussion of the anti-evolution bill by its author, Representative Poole, has been augmented greatly by the meeting of fundamentalist leaders in Charlotte this week. Mr. Poole is coming here upon the invitation of the Di Senate and will speak in Memorial Hall, Tuesday evening, May 18.

About 250 people from all parts of the state, after several hours of stormy session, passed a resolution opposing state educational institutions employing teachers who are not in accord with orthodox teachings regarding the Bible. It was decided to start organization work among the fundamentalists in every county of the state immediately and to perfect these local organizations as quickly as possible. It was announced that North Carolina needed no outside aid in deciding the issues under discussion.

Dr. T. T. Martin, field director of the Anti-Evolution Society of America, was in Charlotte several days expecting to take a prominent part in the meeting. Upon his arrival, Mr. Martin stated that he wished to arrange a debate with some supporter of the modernist views. Tom P. Jimison, former Carolina student, and now a Charlotte lawyer, offered to debate Mr. Martin on the fundamentalist question but refused to do so under the banner of the Atheist Society of America. Plans for this debate did not materialize, however.

President Chase was quoted during the meeting as having stated that a teacher had a right to teach as he believes. This statement was the cause of a long argument but no definite conclusions were arrived at. However, a platform was adopted providing that an attempt be made to persuade state school officials to discharge teachers who are not in sympathy with a literal interpretation of the Bible.

The Journal of Social Forces, a University publication, came in for its share of criticism, and in the platform committee

## SUMMER ENGINEERING SCHOOL AT MONDAMIN

Summer Courses Changed from Camp Sapphire to Frank Bell's New Camp.

The summer camp of the school of Civil Engineers, which for the past four years has been at Camp Sapphire, will be held this year at Camp Mondamin. This summer eighteen civil engineer students from the rising junior class will go with H. F. Janda, associate professor of highway engineering, to the camp on June 7.

Since "Bill" Fetzer has sold Camp Sapphire, Mr. Janda has had to seek another location, and it is through the courtesy of Frank Bell that the engineers will be able to use Camp Mondamin this summer. The new camp is located at Tuxedo in the western part of North Carolina.

The camp opens June 7 and will last eight weeks. The student's work, which lasts eight hours each day, will consist of: land subdivision for real estate purposes, highway location, and topographic and hydrographic surveying.

## UNIVERSITY RELAY TEAM

Above is the Carolina relay team, with Coach Bob in the center. These four runners placed high Saturday in the State track meet, which was won for the fifth consecutive year by the Tar Heels. Coach Fetzer is counting on this quartet to boost the Carolina scoring in the Southern Conference meet here Friday and Saturday, May 14 and 15. Left to right they are Captain Charlie Jonas, of Lincolnton, half mile; John Henderson, of Asheville, two mile; Coach Fetzer; Hoyt Pritchett, of Greensboro, two mile; and Galen Elliott, of Washington, mile. This crew won permanent possession of a silver loving cup in the recent Atlanta relay carnival.

## Y OFFICERS ARE IN MEETING HERE

Six Colleges Are Represented At Second Annual Gathering.

OFFICERS CHOSEN FRIDAY  
Large Number of Delegates Are In Attendance At Important Meeting.

The second annual Student Y. M. C. A. Officers' Training Conference of North Carolina was opened in the Methodist Church yesterday morning by Emmitt Underwood, president of the Conference, with representatives from six colleges.

The Conference has a full program of discussions and talks, which will close today at noon. The open forum plan of presentation, discussion, and settlement, is being used to conduct the sessions, and all points pertaining to Student Y. M. C. A. work are being brought up during the two days. The primary purpose of the Conference is to give training and instructions to newly elected officers of College Y. M. C. A.'s in the

## TAR BABIES RUN WILD WITH VIRGINIA NINES

V. M. I., Virginia, Washington and Lee Fresh Teams and Woodberry Forest on Their Invasion.

The stellar freshman Tar Babies won the fourth game of the week Thursday when they defeated Woodbury Forest in their annual game. The score was 9-3 the lowest score which the freshmen have been held to while on the Virginia trip.

Following the victory over the Washington Lee freshmen the Carolina nine gave Virginia Military Institute a thorough drubbing with a 15-6 score. The terrific bat wilding of the Tar Babies was the only feature of the game. Cox led his crew in this when he got five hits out of six times to the bat. "Buck" Finlater and "Sat" Satterfield each rounded the bases for homers.

Heavy hitting again featured the following game with the Virginia freshmen. A one sided score of 19-5 showed what little trouble the Tar Heel lads had in getting at least one extra base hit in addition to the scored hits.

Every new hurler sent in by the Cava-

## ACCOUNTANTS IN ANNUAL MEETING HERE THIS WEEK

State Association of Certified Public Accountants Guests of Commerce School.

BARBECUE YESTERDAY  
Visiting Figure Artists Welcomed to University by Dean Carroll.

The semi-annual meeting of the North Carolina Association of Certified Public Accountants which has been in session here for the last three days, will finish all business this morning and adjourn this afternoon. The accountants are meeting here through the invitation of the University School of Commerce.

Dean Carroll, of the Commerce School, opened the meeting with an address of welcome and in his speech praised the high standards of the profession but pointed out two possible dangers. He emphasized the necessity of keeping out exploiters and adventurers and the danger on the other hand of barring well qualified candidates by making the requirements too stringent.

Frederick Moore, president of the association, responded to Dean Carroll's welcome. He pointed out the benefits of a closer relationship between the Association and the School of Commerce and stated that the School was proving a great aid to the profession.

Addresses followed by George G. Scott, of Charlotte, who discussed "Standard Cost"; George E. Weed, of Charlotte, who told the Commerce students of the requisites of the profession; J. D. Schoolfield and B. C. Campbell, of the international review department, who discussed federal income tax procedure.

Clarence O. Kuester, secretary of the

## DR HENDERSON SPEAKS AT VIRGINIA SEMINAR

University Professor Makes Three Addresses At University Virginia's Southern Seminar Meet.

Archibald Henderson, Kenan Professor of mathematics, has recently returned from a week's stay at the University of Virginia, where he conducted a Seminar in three lectures on "The Theory of Relativity and its Applications," and also delivered one popular lecture, "Science and the Modern World", in behalf of the University of North Carolina as required by the Southern Exchange Lectureship.

This lectureship was organized by Dr. Henderson, and established in 1914 by Vanderbilt University, University of Virginia, University of South Carolina, and University of North Carolina. Under the terms of this lectureship each university sends every year a lecturer to visit one of the other universities. The purposes of the lectureship are: to promote scholarship, to present in concrete form recent advances in some special branch of learning, and to bring the in-

## TAR HEELS MEET BAPTISTS TODAY AT WAKE FOREST

Sapp Slater to Draw Hurling Assignment in Today's Fracas.

IS AN IMPORTANT GAME

Large Number of Carolina Students Are Expected to Make Pilgrimage to Baptist Institution Today.

One of the most important games on the Tar Heel schedule will be played this afternoon when Coach Duke Duncan's aggregation take the Wake Forest Demon Deacons into camp at Wake Forest. The contest will practically decide the Tar Heels' chances towards state championship honors, and the Duncanmen are expected to put up a stiff scrap before they concede the game to the Deacon's win column.

It is not definitely known just who will occupy the mound for the Tar Heels this afternoon since "Duke" persists in upsetting all predictions made by sports scribes, but it is thought that because of the fact that "Lefty" Westmoreland and Bill Poyner have both had their turn on the hillock during the past week, Odell Sapp will probably receive the hurling assignment today.

Sorrell, the Deacon's star moundsman, worked against the Duke University Blue Devils Tuesday and it is not thought that he will occupy the mound against the Duncanmen today. Eliminating the "speed ball artist" from the affair, the Deacon's choice for the mound position is doubtful. However, should Sorrell get the assignment for the Deacons, the Tar Heel "murderer's row" will have just heaps of fun connecting with his fast ones for extra base knocks. When "Hat" Hatley, Mackle, "Moose" Tenney, Bob Sides, and Bill Sharp face Sorrell at the rubber, it will be a great contest.

The Deacons handed the Blue Devils an awful walloping Tuesday. While Sorrell was holding the Duke sluggers to two lone bingles, both off the bat of Saunders, his team-mates were knocking three Duke hurlers all over the lot for a total of eighteen safe swats which counted for eleven markers. It will be remembered that "Lefty" Westmoreland and Bill Poyner turned in a hard-earned 5 to 4 victory from the Blue Devils a few weeks ago, while the State College Techmen handed the Duke aggregation

## GLEE CLUB MAKES SUCESSFUL TRIP

Spring Trip Made Through Western North Carolina.

RETURNED THURSDAY  
Officers For Next Year's Club To Be Elected Soon.

The University Glee Club returned Thursday night after a stay of six days in Western North Carolina on their annual Spring trip. Twenty-eight men with Mr. Weaver, the director and Mr. McCorkle, violin soloist, made the trip.

The club left on Friday afternoon and gave a concert in Danville, Virginia, Saturday night. A packed house heard them, and the music lovers of Danville were given a rare treat. After the concert the men were entertained by the girls of Randolph-Macon Academy. This entertainment was a most enjoyable affair and the boys said they had never been treated more royally.

From there they came back to Chapel Hill to spend Friday night. Saturday about noon they packed up and left the hill again, this time not to return for several days. They made their first stop at Salisbury. The concert was given in the new high school auditorium. A very enthusiastic audience heard the boys from Carolina render their beautiful selections. A very busy day was spent in Charlotte, North Carolina. On Sunday morning the people of the First Baptist Church were honored by many sacred selections of the clubs repertoire. That night the group broadcasted from station WBT, Charlotte. Here a variety of selections was given for the benefit of the radio listening public.

On Monday night the club gave a concert in Waynesville, North Carolina. A large audience heard the club here as well as the other places.

Two days were spent in Asheville. On Tuesday the Civitan Club of Asheville had the Glee Club as their guests at their meeting in the Vanderbilt Hotel. On Wednesday night a very large audience was entertained in the city auditorium
