

GRID PROSPECTS UNUSUALLY GOOD FOR THIS YEAR

With 18 Letter Men Returning and Frosh Material Football Stock Is Par Plus.

Football prospects here this year appear decidedly encouraging at this stage.

Eighteen letter men from last year's squad are eligible to begin practice next month—ten backfield veterans and eight linesmen. To this squad the Tar Heel mentors will be able to add some good material from last year's reserves and several men from the 1926 freshman squad.

Chuck Collins, former Notre Dame star, will be head coach in charge of the squad again. Other members of the coaching staff for the varsity squad will include Bob Fetzer, Bill Cerney and Jim Ashmore.

As running backs the coaches have Gus McPherson, Billy Ferrell, Red Ellison, Tom Young, Harry Lassiter and Edison Foard. Several of these men became stars on last year's team and are expected to set the pace for the coming campaign.

Promising reserves expected to return include Ed Butler, Tom Coxe, Henry Satterfield, Wyson and Harding. Freshmen halves of promise include Maus, Ward, Reese, P. Jackson, Spaulding, Ford and Norman. With this material to carry the ball the Tar Heel coaches should be able to put on the field a steady driving attack.

Fullbacks expected to return include Graydon Shuford, Hugh Jenkins and Norman Block. To these experienced veterans will be added Frederick, Harden and Bullard from the freshman team. Shuford, Jenkins and Block are hefty players capable of handling the brunt of defense and all three are good at advancing the ball.

Steve Furches and Mack Gray will probably do the quarter-backing with Albert Whisnant in reserve.

The tackle positions are the bulwarks in the line with Captain Garrett Morehead and Add Warren, veterans of many battles, playing their last year for the University. Other seasoned forwards include Howard, varsity man, Huss and Anderson from last year's reserves, and the following from the freshman team: Atkins, Koenig, Evans, Harper and Wolfe.

Bud Shuler is the only veteran guard, but a running mate may be found in either Twiford, Thompson, Davis or Beard from the reserves or Rowe or Shuford from the first year team.

The center of the line will be well taken care of by veterans Harry Schwartz and Charley Lipscomb. B. Jackson came up from the freshman team and Harper, a 220 pound track man will give someone a fight.

Varsity ends to return are George McDaniel and Harry Presson. Competition for the wing positions is expected to be the hottest in years with Sapp, Taylor, Kesler, Beam, McIntosh, Dick and Norwood from last year's squad fighting it out with Snyder, Farris, Patterson, Fenner and Anderson from the freshman team.

Bazemore Undergoes Appendix Operation

Cyrus Bazemore, foreman of the Orange Printshop, underwent an operation for the removal of the appendix yesterday morning at Watts hospital, Durham.

Reports last night stated that Mr. Bazemore is getting along fine and expects an early release from the hospital.

Cheer up, girls! Just because the color of your hose is fast, that's no sign they're gone run.

What contractor was it who said life was just one dam thing after another—

There are just two kinds of women in the world—those that run after men and good looking ones.

Though there's many a slip 'twix the frosh and his dip, Yet while over the brim of Life's beakes I sip—

Though the prof holds the whip, I have seven-league shoes— And I'll drink my own wine from Alaska to Neuse.

A friend of mine told me the other day that he knew a guy whose sister's half brother had a friend who was slightly acquainted with a certain gentleman who heard that his wife's sister had a son who played the tuba in the ministerial band.

Somebody asked me the other day to give a definition of neck. Perhaps this will suffice:

Nectareous
Noctambulation
Nuzzle

Electricity
Ecstasy
Embraces
Calisthenics
Charlatanism
Carnalness

Keeness
Kisses
Knavery

The old war slogan 'Carry On' still is applicable to us youngsters. I saw a couple fighting it out in the arboretum the other night.

So long as the sea-sick or love-sick swains (no reference to Swain Hallers) don't howl under my window, everything's O. K. with me. I hate to get up to help a dog with a can tied to his tail and find that it's only such a man.

We see that North Carolina soil is adapted to raising mint. Now the only thing left is for some enterprising young man to graft mint to corn. That will eliminate a great deal of trouble in the long run.

Here's a good chance for a job for somebody. Who's going to teach the Chapel Hillians how to use the new automatic telephones?

Now we don't mean to throw no excursions at nobody but the fellow whut lorated the editor the other day for running this column is a bow-legged old wash woman.

Simple Simon met a pie-man, Robbing out to sea; So Simple Simon got his name All for so-ci-a-tee.

And when the thing was published

Poor Simon scratched his head. It took him such a time to learn His stuff was never read.

We learn again that the stadium will soon be ready for playing. If the schedule for its completion fluxuates very much more, we'll discover some morning that we saw last year's Carolina-Duke game in it.

Were you to chat with Rosa Raisa and talk about her wonderful voice, she'd say to you:

Rosa Raisa, the famous soprano of the Chicago Civic Opera Association

"My husband, Giacomo Rimini, prefers Luckies because they keep his throat ever clear and free from irritation. He insisted that I try them and I found all he said was true. Now we both smoke Lucky Strikes. Not only because they are kind to our throats, but because of their rare flavor."

Rosa Raisa

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process—"It's toasted"—no harshness, not a bit of bite.
