Some cheating is done through careless, and withal thoughtless, actions on the part of those taking examinations. This moves us to admonish the student to watch how the eyes are sometimes subjected to fits of wandering and glancing at the work of those sitting nearby. Be independent to the extent that you trust your own knowledge and information so much that your opinion about what the answer

when it is gotten in the specified by

ened to state, if one must cheat, for the sake of the situation doing it in a manly way.

The TAR HEEL respectfully reminds the students taking examinations to watch their conduct with a little more than ordinary care, and to reciprocate the trust reposed in them by the student officials and faculty members.
