Sports Question Box

Question-I understand Bushy Graham beat Izzy Schwartz in a contest that was for the bantamweight title. Why is it that Fidel La Barba is not the champion since he won an official decision from Graham?

Answer-The Graham-Schwartz contest was not for the title, Schwartz was substituted for Kid Francis and it was not originally planned to eliminate one or the other for the right to fight for the title. The Graham-La Barba fight was over the class weight and had no bearing on the title.

Question-Batter hits Texas Leaguer back of the infield. The grass has recently been mowed and the ball is lost in the grass. The batter goes around the bases. That doesn't seem to be a fair home run. Answer-But it is if there is no ground rule.

Question-Will Babe Ruth ever bat as many home runs again in one season as he has already batted in one season?

Answer-Too much. Can't be depended upon to be a good mind reader.

Triple Threat Ward

Jimmie Ward, all-state halfback last year, has turned out to be a real triple threat back this year. The swarthy halfback passes well, runs well, and when called upon can kick.

College Graduates Have Longer Life

A new slant on the value of a college degree is pointed to by Royal J. Davis, New York newspaperman, commenting on the summary of matriculates contained in the September, 1928, Alumni Directory of his alma mater, Haverford college, here.

Haverford, established in 1833, has had 1,731 graduates, 1,358, or 78 per cent of whom are still living. Her students who did not complete their four year course number 1,361, of which group only 709 or 52 per cent are recorded living.

Mr. Davis' inference from the Haverford figures is that the chances at longevity of the college graduate, or of the Haverford graduate at least, are 50 per cent greater than the chances of his college mate who failed to carry on to a degree. Christopher Morley, for instance, who was born on the Haverford campus and took a Haverford degree in 1910, is a better insurance risk than Maxfield Parrish, who left Haverford at the end of three years to devote himself to the study of art.

N. C. C. W. Teacher **Draws Attention** From Noted Leader

For one of her studies to have the attention of Sir Thomas Muir, of Cape Town, Africa, distinguished mathematician, is the recent experience of Dr. Helen Barton, of the department of mathematics at North Carolina college.

Some time ago Dr. Barton's study, under the title "Determinants," was published in "The Proceedings of the National Academy of Sciences." The work came to the attention of Sir Thomas Muir, a fellow of the Royal Society of England and the recipient of many honors and prizes in connection with his researches. An authority on the subject of determinants, he not long ago wrote to Dr. Barton asking for a copy of her paper.

Dr. Barton has degrees from Goucher College, Cornell University and the University of Iowa. She received the degree of doctor of philosophy from the University of Iowa in

N. C. Fullback

After being hampered by injuries most of last year, Ed Foard has played some good football this year. The Charlotte boy has quite a bit of speed which aids him in his offensive work, besides making him a valuable man in the Carolina defense against

Freshmen Adorned In Goloshes at Duke Game

Wearing galoshes and carrying umbrellas to football games is apparently going to be the latest fad of the season, according to the town girl fresh- Goes Deeply Into Technique of men who recently attended a Duke football game. Although the heat was quite intense, these young women tramped onto the field jubilantly displaying the season's latest; and when questioned by reporters they explained that they did not feel particularly uncomfortable, but that they did feel extremely silly, which is just what the sophomores of the town gear which the "shack" freshmen

Interference

"Yank" Spaulding, Pennsylvania boy, who is one of the main cogs in Coach Collins' backfield. His interference running has made him a valuable man to the Carolina coaches, but his interference running is not his only asset, as he is one of the most adept men on the team in receiving passes.

WINSTON TO SPEAK

Next Sunday evening Judge Robert W. Winston will speak concerning the existence of religious bigotry in our land. Are American people, and particularly North Carolinians, growing more charitable toward those of differing creeds? Has progress toward a unity of spirit suffered any serious or permanent back-set in recent months? This message by Judge Winston, grounded in many years of observation in our state and in the land at large, will be delivered at the Methodist Church in the Epworth League service at 7:00 P. M., Sunday October 28.

Men Who Will Match Wits With Tech

Above are pictured Coach Collins (insert), head coach of the Carolinaa football team, and some of the players who will match their wits with the Golden Tornado from Atlanta this afternoon. Pictured left to right: Whisnant, quarter; Howard, tackle; Coach Collins (insert); Farris, guard; Shuler, tackle or guard. Bottom row, Sapp, end; Captain Harry Schwartz, center and Presson, end.

Honorable Bumming in Modern Times.

(By Joe Jones)

I'd rather have a Chesterfield!'

It is considered the beight of bad form, they say, to carry your own sandwiches to a tea-or to pack your own blanket for the week-endbut luckily, no such outlandish conventions surround the smoking of your own cigarette.

"I'd rather have a Chesterfield," fortunately, is a phrase which not only remains "good cricket" in polite circles-but at the same time brands the smoker as a person of rare discernment and excellent discrimination. And small wonder, considering all the re-

mark implies. Good taste, top quality, the rare sparkle of tobacco goodness-all these combine to justify the choice of that man who thus shows his keen judgment.

"I'd rather have a Chesterfield"-a neat line, that—the mark of a real connoisseur and the password of six million smokers.

HESTERFIF MILD enough for anybody..and yet.. THEY SATISFY
