**Knight Traces University's Role In State Education** 

## **Speech Part Of** Sesquicentennial Celebration

"No university has ever sent out in so short a period such an inspiring and effective group of educational leaders as went out from Chapel Hill in the latter part of the past and the early part of the present century," a distinguished authority on the history of education declared last night in an address.

Speaking at a dinner meeting in observance of the University's contributions to public education, another important event in the Sesquicentennial celebration of the first State University to open its doors to students, Dr. Edgar W. Knight, Kenan professor of education, who has made a close study of educational history in the State and nation for years and is the author of several volumes on the subject, said the University's contributions during that period presents "a record of service to public education unexcelled in the educational history of the country. It is just this kind of leadership that public education in North Carolina now needs more than anything else," he said.

### **House Presides**

Chancellor Robert B. House presided over tonight's program, a dinner meeting at the Carolina Inn, which was attended by representatives from other colleges in the State, the State Department of Education, and other prominent educators.

The record of leadership of the Uniits university could well take pride," Dr. Knight said. "And the richest opportunities of the University for further service to public education in this State now and in years immediately ahead lie mainly in taking the lead for improving the quality of teachers and teaching in the public schools by ety Yack, the Tar Heel, and for resetting the example for excellent lease through the University News throughout the State," he said.

### **Influence** Traced

He traced the influence of the University on public education since the days of Archibald D. Murphey, of the class of 1799, "the father of public schools in this State," through the work of Calvin H. Wiley before the Civil War, and later of Battle, Aycock, Alderman, McIver, Noble, Joyworkers."

**Janitors Want Showdown In** Wage Dispute Says Spokesman

By Tom Corpening

"We hope our wage-raise discussion can be brought to a showdown very soon," said Mr. Leroy Clark, chairman of the Grievance Committee of the University janitors, in a statement to the Tar Heel. He said that

upon yet. A meeting of the janitors on Monday night was broken up by taken research in the uses of infrared the sudden thundershower before

#### Low Pay

How low the janitors here stand in the wage scale was made plain by Mr. Clark: "If we could get a 50-cent minimum and the new war bonus, that would raise us just about to the bottom of the wage scale. According to a board in Washington, common labor should get at least 55 cents an hour. Right now all we're asking for is a 50-cent rate. "Before the Legislature ever met,

we went to the University in a delegation to ask them for a raise, a base rate of 50 cents an hour. It seems

like the legislature didn't give it to us. But we're still trying. The state's been making a surplus the last couple Forrestal for President Truman, was the money. We feel that things will The presentation, which was made read by Captain Hazlett. The text was have to get better before they can get any worse for us.
