

(By J. G. Hamilton, Jr.)

BASKETBALL has occupied the center of the stage for the last three days. Wednesday night the Tar Heels went down before the strong Raleigh Y. M. C. A. team. Frank Goodwin, former State star and all-southern center last year, was chiefly responsible for this defeat. Thursday night Carolina displayed a reversal of form and defeated the Greensboro Y 41-10. Last night the team continued its winning ways against the Durham Y, a team composed largely of former college stars. Former Carolina players, Billy Devin and Rufus Hackney, were stars for Durham. In these games the team, while having a tendency to miss a great number of easy shots, has displayed a smoothly working organization that gives promise of becoming a strong team. Brown, Marpet, Slater, Choate and Hutchison have all shown up well. Last night's game was the last of the games to be played before Christmas. The next game on the schedule is against the Greensboro Y and will be played on January 10.

FOOTBALL CREDITS are suggested by Dean James D. Hoskins of the University of Tennessee as part of the school's physical education program. He would permit these credits to be substituted for certain elective subjects. "Minds are quickened and judgment is developed more by football lettermen," Dean Hoskins said. "The assistance is equal to or better than that acquired in an equal amount of time spent studying academic subjects. The question of allowing credit for all extra curriculum activities is now being considered. None of these has acquired the intensity of football." We think that there is a good deal in the Dean's plan but we see no reason to confine the credits to football. Baseball, basketball; in fact, most athletics, develop the qualities of judgment and mental alertness. The plan might settle the worries of the Carnegie Foundation. All schools give scholarships to worthy students and if playing football is part of an education there can be no objection to giving scholarships to football players.

COACH JIMMY DEHART'S failure to produce a winning team at Duke this year has aroused the ire of the alumni of that institution. In regard to this row and any others of the type, we would like to borrow a remark from the Ring-tum Phi of Washington and Lee: "It's a great old game, this thing of blaming bad seasons and rotten teams on the coach. In many instances it is possible that the blame is deserved by him, but in more it belongs elsewhere." Glancing back over the Duke schedule for the year we can say only that if Coach DeHart had turned out a winning team under such circumstances he would have been a miracle coach.

THE ANNUAL MEETING of the Association of Southern Coaches and Athletic Directors is being held in Baton Rouge, La. The coaches were to act on a number of proposed amendments to the constitution of the Southern Conference. The most important of these are the long proposed split conference, a central booking agency for officials in the south, eligibility rules as applied to junior college men, and the possible elimination of scouting in Dixie. We

STATISTICS TELL HOW TAR HEELS SCORED 53 TIMES

Team Scored 28 Extra Points; Thirty-Two Scores Came From Runs; Eighteen From Passes.

Figures tell an interesting story about the way the North Carolina Tar Heels got their 346 points to lead the south and east and place second in the national scoring chase.

There were 53 touchdowns and 28 extra points. Thirty-two touchdowns came from runs from scrimmage that ranged from 1 to 63 yards and averaged 19 2-3 yards. Eighteen came from passes that ranged by total gains from 3 to 67 yards and averaged 31 yards. Two came from punt returns, 55 and 60 yards, respectively. One came from a blocked punt recovered behind the goal.

The total yardage on the 53 scoring plays was 1300, an average gain of 24 1-2 yards on each touchdown play.

Jimmy Ward, senior halfback and triple-threat, led the scoring parade, participated in by 13 players, with 12 touchdowns and 72 points. Yank Spaulding, third-year fullback, leading the extra-point kickers with 16, and with 7 touchdowns, placed second with 58 points. Captain-elect Strud Nash, hard-running right half, was third with 54 points.

Other scoring leaders were Johnny Branch, quarter, 32; Jim Magner, half, 31; Rip Slusser, half, 24; Chuck Erickson, half, 18.

Jim Magner turned in the longest touchdown gallop from scrimmage—a 63-yard sprint against Maryland. Jimmy Ward was a close second with a 62-yard run against Davidson and a 47-yard sprint against Duke.

Chuck Erickson and Jimmy Maus accounted for the longest pass gain. Maus hurled Erickson a 20-yard pass in the N. C. State game that Erickson converted into a 67-yard gain.

Johnny Branch, broken field ace, was on the receiving end of two passes that both netted 60 yards, and Spaulding likewise once.

Nash's 60-yard sprint at N. C. State's expense was the longest punt return for touchdown, pushed closely by Branch's 55-yard gallop against Georgia Tech.

The longest run with an intercepted pass was Erickson's 71-yard run against N. C. State, but Erickson lacked 4 yards of a touchdown.

Frosh Basketball To Begin In January

Freshman basketball practice will start immediately after the Christmas holidays, Coach Rex Enright announced yesterday. Equipment will be issued on the first day of school and practice will start that afternoon at the Tin Can.

The Codex of Roda, lost for about 175 years, is now safely housed in the Spanish National Library at Madrid. It was purchased recently by the government at a cost approximating \$11,000. The Codex deals with the events of the later 10th and the 11th centuries.

Courses in navigation for young women fliers are included in the fall curriculum of Barnard College for Women at New York.

would welcome the split in the conference; in its present form it is too unwieldy to handle efficiently and properly. In our opinion, two conferences, with the set of officers to insure harmony, would be much more desirable.

"Puny" Harper

"Puny" Harper is Carolina's only three letter man. He is playing his last year for Carolina. His size always makes him a troublesome opponent.

FINE OUTLOOK FOR FRESHMAN BOXING

Gray, Miller, Landis, Hubbard, and Levinson Appear To Be Best.

The prospects of the freshman boxing team for this year are much brighter than those of last year's team. While not as many men reported for boxing at the end of the football season as had been expected, the squad makes up in quality for what is lost in quantity. The team will probably be built around Jimmy Gray, Bill Miller, P. W. Landis, R. Hubbard, and Martin Levinson.

Gray, a fast and shifty man, will probably make one of the lighter weights on account of his hard hitting and good boxing. Miller, a heavyweight, carries a terrific wallop, is fast for his size and build, and boxes well. His left handed style seems to bother his opponents to the extent that he is able to get in extra blows. Hubbard broke his thumb in practice, but will be in shape before the matches start in January. Landis, a football man, has not had much chance to show what he can do on account of being preoccupied with football. Levinson gives promise of being the outstanding man on the team. He is an experienced man with a powerful wallop.

Receiver's Sale Monday

A receivers' sale of the office furniture, and bills and notes receivable of the Chapel Hill Insurance and Realty Company will be held at the post office door Monday, December 23, at 12 o'clock noon. A list of the bills, notes and accounts to be sold at this auction is placed for public inspection in the office of the Chapel Hill Insurance and Realty Co.

Failure of highest bidders to pay for property bought at auction has caused a delay in closing up the receivership. These bidders are being pressed for payment and it is expected that the court will be able to give the receivers their discharge in January.

Some of the real estate could not be sold for as much as it was mortgaged for, and will be turned over to the holders of the mortgages.

REWARD

If the person who took a dark gray Stein Brothers, of Fayetteville, topcoat from the library coat room Thursday night will bring it to the Lambda Chi Alpha house, I will reward him and ask no questions.

LOST

A white gold watch. Swiss movement. Lost Monday morning between Old East and Zeta Psi house. Finder Please return to 109 Old East and get reward.

Local High School Football Letters

Short talks by Coach Jones and Superintendent Hoyle featured the chapel program at the local high school this week. Each complimented the football team on its excellent showing made this season and the improvement it has made over the last several years. Both Coach Jones and Superintendent Hoyle stated they believe that the same spirit it was being revived that led the former teams during 1919, 1920 and 1921 to championships, and that another season would see Chapel Hill at her rightful place among the leading teams of the state.

Coach Jones introduced Mr. Hoyle as the most loyal of high school supporters and asked him to present the coveted "Block C."

The following men received awards: Captain Odell King, Tom Lawrence, end; Coley Ray, tackle; Taft Teague, guard; Frank King, center; Julian Renn, guard; Edward (Bob) Ray, end, captain-elect; Claude Council, quarterback; Dick Dashiell, halfback; Walter McKnight, halfback; Bayman Upchurch, guard and halfback; Paul Pendergraph, center; Duncan Neville, tackle, Harold Ray, halfback, and Bill Canada, manager. A monogram for service was given to one man, Billy Barbour, quarterback.

The Dollar Degree Is 4%

The dollar is a very versatile thing. Hard to train. Always pushing and rushing to get into another place. Almost like a red-hot fire-brand in the hands of many.

If you find it hard to keep the dollars you have under control put them in the bank on savings. Start them to school after the dollar degree—4%. Let them earn their way and pay you for your managerial ability. While the dollar is working you are gaining in financial independence, in thrift habits, in credit standing—you are getting ahead.
