

FROSH WRESTLING PROSPECTS GOOD

Many High And Prep School Star Matmen Add To Strength of Team.

The outlook for the 1929 freshmen wrestlers shows another group of matmen who should be capable of equaling last year's record. Last year the team completed a very successful season without being defeated, although two of the matches resulted in draws.

The squad this year consists almost entirely of men who have not had previous experience, but a lot of hard work has been shown this fall and as a result there are several in different weights who show promise of a great future.

The squad at present is not so large but after the holidays a larger number are expected to be out for workouts. There are some good prospects out now, but sufficient material in the 115 pound weight and heavy-weight is lacking.

At present Louis and Deitz are showing up well in the light-weight. In the 125 weight there are Seligman and Hine. The 135 and 145 pound weights show a variety of men who have not been classed in their proper weight. These men are Webb, Leary, Stone, Winstead, Conklin and Bradley. All have been doing good work. Just now the 155 pound weight is lacking in candidates but one or two are showing good promise. Keith and Idol are doing fine work in the 175 lb. weight. Charles Nichols is the only candidate for the unlimited weight at present.

The freshman team will have tryouts before each meet as the varsity, and each man will be given a chance to take part in the matches.

It has been customary for the frosh and varsity to hold their meets on the same trip. The freshmen match being held in the afternoon and the varsity at night. This same plan will probably be carried out this season.

The schedule for coming meets has not been fully drawn but the freshmen will probably meet such teams as V.M.I., V.P. I., Virginia, Washington and Lee and perhaps Duke.

The team has not been picked yet and all freshmen who can come out are urged to do so.

Slater High Scorer On Basketball Team

In the three games played during the week Carolina has scored 96 points. Ten men have contributed to this total, John Slater showing the way with 24 points. The players who have scored are: Slater 24, Brown 16, Harper 13, Hutchison 12, Marper 10, Cleland 10, Choate 6, Dameron 4, Race 2, Crouch 1.

SIDELIGHTS

by "Heinie"

BASKETBALL seems to have taken the spotlight in sports at the Hill for the past week. Two of the three games played fell on the credit side of the ledger for Carolina. Out of green material Coach Ashmore seems to be moulding another representative Tar Heel quintet. Brown, Marpet, and Harper are leading the U. N. C. delegation as the veterans. Several new men were tried out in the first pre-season game with Raleigh Y, and they responded well by the experience gained. Both Greensboro and Durham carried the small end of scores back to their home towns. Billy Devin and Rufus Hackney led the Durham Y. against their former team-mates but all to no avail.

THE CO-EDS have finally come to the conclusion that education may include sports as well as the classroom. The new co-ed basketball team is thought to be merely a beginning towards bigger and better women's physical activities. 'Tis a pity that this education should only center around basketball, perhaps football lore would help matters also. But perhaps the remarks about home-runs at the football games were not made by co-eds.

Second place in the Tag League received 35 points, third got 20, fourth 15, fifth 10, and sixth 5. The table with all the teams scores follow in another part of the paper.

Although at present Beta is leading by a large margin the Intramural Association wishes all other teams entered to notice that 150 of these points were amassed in the one event, the tag football league.

The same number of points will be given for winning a title in the baseball and basketball league as in the tag league, and it is expected that the Intramural Department will probably have three other events in both the spring and winter quarters.

IT WON'T BE LONG before Winter Football practice will vie with basketball for the campus spotlight in sports. Prophets will then sharpen their pencils and start writing well-founded predictions about the 1930 prospects for U. N. C. on the gridiron. These winter practices have shown up some very good prospects for the varsity from the freshmen teams in past years (so they tell me) but this year's edition of the Tar Babies will only need to supply parts of a line. Writeups of Freshmen games give Bill McDade, hefty Tar Baby tackle, individual honors on the Tar Baby squad.

Collins' Figures Out Of Reach For Georgetown School

The excitement about Chuck Collins' offer seems to be all over. Dispatches from Washington are to the effect that the figure Collins named was too steep for the Georgetown officials and accordingly they have turned elsewhere for a coach. Elmer Layden, one of the famed "Four Horsemen" of Notre Dame, and now head coach of Duquesne University, is the man under consideration. The position has been offered to Layden and the probability is that he will accept the offer.

Very few thought that Collins seriously considered taking the Georgetown post since he has everything shaped up for a good season next year and, as far as matters around the Hill stand, is sitting pretty. He has a strong squad lined up for next year and everything points to a successful season and a probable renewal of contract. It is the opinion of the News and Observer that "Chuck" was only being courteous in answering a "feeler" from Georgetown and named the high salary as the most logical way out.

Sentiment for Collins is strong around Carolina and undergraduates and alumni are apparently well satisfied with the prospect of his staying on at least until his contract runs out. The outlook for next season is more hopeful than it has been for years and a change of coaching systems might have much to do with cutting down

Makes Study of Carolina's Educational Broadcasting

George Zehmer, director of the extension department of the University of Virginia, was here yesterday in connection with a survey of educational broadcasting he is making for the national committee on educational broadcasting.

Mr. Zehmer was appointed to make the study by Secretary of the Interior Wilbur and came here to determine what was being done along this line by the extension division of the University.

Mr. Zehmer was formerly head of the department of extension teaching of the extension division of the University of North Carolina.

Carolina's chances at the conference crown in 1930. With Collins in charge and with the material on hand the Tar Heels are in a good way to repeat this year's performance and come through the season on the winning side.

Give A Kodak— The Ideal Gift

Kodaks have long been appreciated gifts. They never fail to please. Now in the modern sizes and colors they are more attractive than ever.
