

## Graduate School Announces Choice Of Teaching Fellows

409 Applications Received This Year for Research Work At University; 27 Chosen; 90 Applications from Women Turned Down Because of Ineligibility of Appointment.

Dr. W. W. Pierson, Jr., acting dean of the Graduate School, announces that there has been an unusually large number of applications for teaching fellowships this year: 204 from men and 90 from women. In addition to these there have been received 50 applications for appointment by the Institute for Research in Social Science and 65 applications for appointment to University graduate scholarships. In other words, the acting dean pointed out, the Graduate office has received 409 applications from persons who thereby expressed their desire to do research work and graduate work at the University of North Carolina.

There are 26 fellowships and 204 applications. Nothing at all could be done for the 90 women who applied, since women are ineligible for this class of appointment. There are 15 University scholarships and 65 applicants. Thus, it was further pointed out, there is a greater need now than ever before for a larger number of fellowships and scholarships.

## BETAS AWARDED FENCING HONORS

(Continued from page three)

Beta Theta Pi. All of these men will be awarded with gold tie pin foils as a reward for their aid in starting intramural fencing off right and for their ability at the sport. The second team is: No. 1, Uzzell, Beta Theta Pi; No. 2, Egan, Manly; No. 3, Valk, Zeta Psi. Those who received honorable mention were Urban, Buccaneers; Poindexter, Buccaneers; Pratt, Zeta Psi; Lynch, Beta Theta Pi, and Furchgott, Sea Hawks.

This brings intramural fencing to the close of a most successful first season, in which fifteen teams comprised of some seventy men took part in over fifty matches, and in which a great deal of interest and keen competition developed both spontaneously and through the efforts of Hinkey Hendlin, fencing director, Harry Galland, varsity manager, Bob Linker, faculty advisor, Herby Estep, Fred and Dig Wardlaw, members of the varsity team. Especial credit should be given to Hendlin, who gave a great deal of his time and effort to this project, and to the Wardlaw brothers, who, because of their constant coaching, were responsible to a large degree for the success of their fraternity's team, the Betas. Fencing as a regular university sport is here to stay, and the campus has these men to thank for it.

Varsity fencing will begin soon, the opening match being scheduled for the Tin Can on April 19 with Georgia Tech. A match with Georgia has been arranged and will follow soon after the Tech match, but as yet no definite date has been set.

The grade of fencing shown in the intramurals has not yet attained that of the varsity, but as several substitutes will be used in the matches with Georgia and Georgia Tech, those intramural fencers thought to have the best possibilities of future development on the varsity will be invited to try out for varsity competition.

Summary of the tournament results:

**FIRST ROUND**  
 Waugh, Beta No. 1, bye.  
 Pratt, Zeta Psi, defeated Furchgott, Sea Hawks.  
 Poindexter, Buccaneers, defeated Cooper, Zeta Psi.  
 Brown, Beta No. 1, won on default from Whedbee, Sigma Nu.  
 Lynch, Beta No. 2, won on default from Dike, Sigma Phi Sigma.

**SECOND ROUND**  
 Waugh, Beta No. 1, defeated Pratt, Zeta Psi.  
 Brown, Beta No. 1, defeated Poindexter, Sea Hawks.  
 Uzzell, Beta No. 2, defeated Valk, Zeta Psi.  
 Egan, Manly, bye.  
 Fenker, Beta No. 1, defeated Urban, Buccaneers.

**IF YOU RECEIVED THE LETTERS you write**

Would you be proud of them or just a bit sheepish? What about the appearance of the envelope—the paper? Would they make you want to read the letter itself? Old Hampshire Stationery has that ability—it impels one to read the message. It is aristocratic, rich, substantial. It makes a letter stand out of the crowd.

## "BE YOURSELF" SHOWS AT CAROLINA TODAY

Two of the principals in "Be Yourself," the United Artists all-sound, musical and dramatic picture which shows today at the Carolina theatre, were former lawyers, who turned to the state because the future promised them greater wealth.

Robert Armstrong, Fannie Brice's leading man in this lively story of the midnight cabarets and the prize-ring, is a graduate of the law school of Washington University. Harry Green, who portrays a fledgling lawyer, was similarly graduated from New York University.

By a strange coincidence, both men used the stage to pay their way through school. In Armstrong's case, he wrote a school play which was so successful that he toured the country with it for three years. Green made his theatrical debut singing between reel changes in the old-fashioned nickelodeons of twenty years ago.

"Be Yourself," which stars Miss Brice in a lively musical story, is an excellent vehicle for the noted vaudeville and revue artist, who sings six songs in the picture.

Others in the cast are Gertrude Astor, G. Pat Collins, the New York actor; Budd Fine and fourteen-year-old Jimmy Tolson, who makes his screen debut as a singer of "blues" songs.

Judging from the number of voters with sore backs and candidates with recently-calloused hands, there will be physical relief in all quarters when the campus elections are over.

Standing out as the better cigarette

THE SINGLE IDEA of superlative quality was the inspiration for Camel Cigarettes. From the time when the first Camel Cigarette was made that one idea has set Camel apart. A policy of better tobaccos, combined in an incomparable blend, manufactured with the most exacting care—all to assure the utmost pleasure in smoking. That is the ideal and the practice back of every package of Camel Cigarettes. It has made Camel the most popular cigarette ever known. More millions have chosen Camels for smoking pleasure than ever accorded their patronage to any other cigarette.
