

RACQUETEERS TO PARTICIPATE IN PINEHURST MEET

Tennis Tourney Beginning Monday Will Be Second For Tar Heel Netmen.

The Tar Heel racquet wielders will engage in their second fall tourney Monday, October 27, when they will journey to Pinehurst for an invitation intercollegiate tournament. Together with the collegian matches, which will run through Thursday, there will be the Pinehurst Fall open tourney in which the Tar Heels will also play.

In the intercollegiate matches there will be two singles matches and one doubles. If the same men who play the singles are allowed to take part in the doubles matches, it is probable that the Tar Heel lineup will consist of Wilmer Hines and "Hinkey" Hendlin; otherwise these two men will devote their efforts to the singles, and Liskin and Wright will probably be Carolina's nomination for the doubles play.

The open will consist of one singles and one doubles match, and there is a strong possibility that Carolina will have entries in that play.

Nor will the freshmen be forgotten. If they do not accompany the varsity to Pinehurst, they will engage the Raleigh Country Club here next week in a team match. Little is known about the Tar Babies, but of those practicing, Morgan, Shuford, and Dillard seem to have an edge over the other candidates.

This year more time will be devoted to doubles than at any other time, for with the extensive northern trip that is being scheduled, the Tar Heels are taking no chances of losing close matches because of a weak double combination.

So far five matches with northern squads have been scheduled and two more are listed as tentative. These are: Yale, Harvard, Princeton, Columbia, and New York University. There are possibilities that there will be matches with Army and Navy. Besides these matches, Carolina is slated to meet Duke, Davidson, State, Wake Forest, take part in the State Intercollegiate tourney, and face the class of the South in Alabama, Tulane, and Virginia.

The climax of this heavy schedule will be the Southern Conference tournament to be held late next spring. For the past three years these matches have been held in New Orleans, and this year the University athletic officials are attempting to have Chapel Hill act as host to the southern teams.

Tests made at the New Jersey College for Women indicated that sophomores are less liable to believe untruths than juniors are.

Managers Report

All sophomores who are candidates for manager of varsity basketball report to Manager Chauncey Royster at Emerson Stadium at 3:30 today.

TO ADDRESS STUDENTS TONIGHT

E. R. Murrow (left), president of the National Student Federation, and John A. Lang, of the University, president of the North Carolina Student Federation, will address a joint meeting of the Di and Phi societies and the student body tonight in Gerrard hall. They will also speak this week to the student bodies of a number of colleges throughout the state in observance of Student Government Week.

Acts Identical Role

Barbara Leonard, who plays a featured role as a French nurse in the Fox Movietone drama, "Scotland Yard," coming today to the Carolina theatre, is known in Hollywood as the only woman ever to enact the feminine lead in a picture produced in four different languages, opposite four different leading men.

The picture was called "Monsieur La Fox," and Miss Leonard's linguistic ability and acting talent assures her success as long as Hollywood continues to make pictures for German, French, Italian, and Spanish consumption.

Born in San Francisco, January 9, 1908, her family moved to England. Later she lived in Switzerland, the meeting point of every language spoken in Europe and there Barbara absorbed languages with an amazing promptness. Her higher education came in Paris, after which she studied painting in Milan and Florence.

New Men Pictures

Freshmen who did not have their pictures taken during Freshman Week should have them taken at the gym today between 2 and 5 o'clock.

Eight Play Games In Class "A" Race

Eight high schools in the class A football conference met again on the gridiron Friday.

Rocky Mount played Goldsboro at Rocky Mount, neither team scoring. Five thousand fans witnessed the game, a large number to see a high school contest.

At Durham the same day the Wilson and Durham contest resulted in a 0-0 score. Greensboro played Salisbury at Salisbury with the score a tie 6 to 6. Charlotte met Gastonia at Charlotte.

Vachel Lindsay, well-known poet, wrote and recited a poem especially for the occasion of the installation of Dr. Kenneth Irving Brown, 34, as president of Hiram College. Dr. Brown is next to the youngest college president in the world.

CROSS COUNTRY TRIALS ARE HELD

Captain Baucom Shows Heels To Field by Time of 30:45.

Time trials for the varsity cross-country team were made Friday afternoon. Several of the men did not run in this trial because of sore muscles. This run was not held to decide which men were to run in the meets but merely to see how much progress the team had made in the short time that they have been practicing.

Captain Cliff Baucom who was closely followed by T. L. Cordle came in in 30:45. Bob Hubbard, Joe Pratt, Mark Jones, came in soon after the leaders. The time registered was fair considering that the men have not been practicing very long. The course record, set in 1927 at the Southern Conference Meet by Galen Elliott, winner of the Cake Race in 1925, is 26:30.

Coach Ranson believes that by October 31, when the first meet will be run off against V. P. I. the team will have sufficiently rounded into form to warrant a prophesy as to its chances of winning Carolina's fifth consecutive Southern Conference cross-country championship.

Dr. William F. Peirce, president of Kenyon College, has entered a sanitarium at Washington, Pa., to recuperate from an appendix operation undergone in August. He plans to take a month's vacation at Hot Springs, Va., before resuming his duties at Kenyon in December.

Golf Notice

Freshmen and upperclassmen who are interested in golf will report at Emerson field Wednesday morning during chapel period.

CHEMICAL ENGINEERS TO DISCUSS SULPHURIC ACID

The American Institute of Chemical Engineers will hold its second meeting tonight in 206 Venable hall at 7:15 for the purpose of discussing sulphuric acid. Three talks will be made by members of the organization, after which the business of the association will be taken up.

Those who are to make the talks are: Adam Fisher, G. H. McCormick, and Howard Crisco. These students will discuss the production and the use of sulphuric acid.

This organization is especially for the chemical engineers, and is very similar to the clubs which have been formed for the electrical and mechanical engineers.

The officers of the A. I. C. E. are R. J. Buble, president; Frank Thomas, vice-president; T. R. Taylor, secretary; and Adam Fisher, treasurer.

WEATHER HINDERS INTRAMURAL BALL

(Continued from page three)

for Friday was played. The Kappa Sigma-Sigma Chi and the Phi Alpha-Pi Kappa contests were postponed. The Phi Deltas forfeited to the Phi Sigma Kappas. Phi Kappa Sigma dealt a lusty beating to the Delta Phis, 32-7. Working a long pass at-

tack in big time fashion Ike Manning, Phi Sigma Kappa ends, ran wild scoring three touchdowns for his house. Markham tore through a broken field for forty yards to add another one. Carter, of the Delta Phis, bore the Delta Psi burden in commendable fashion.

McBride, who leads the Ruffin outfit, is still going strong. The latest conquest of this dormitory is at the expense of Lewis. At the final whistle it was 20-0. Lewis completed many passes but was unable to bring the leather across the last marker. McBride deserves watching for consideration in all-campus honors.

The hardest fought game of the week was won by the Zeta Psi from the Theta Chis. Both teams battled away for the full time without scoring. Zeta Psi got the decision by five first downs to four. The Sigma Zetas have taken another one on the button. The Phi Gamma Deltas ran the score up to 32-0 before the final whistle ended the uneven match. Marsey and Bryant acted as sprint men for the Phi Gammes.

The passing attack of the various teams has steadied down a bit and the passes are no longer being thrown with just a prayer. The blocking brings to light several courageous lads who are doing their stuff without any padding outside of a pair of shorts. Some of the broken field running would be worthy of varsity mention. No serious injuries have been reported up to the present date. The various outfits will continue to do battle next week on the soft turf. The results of these kind of games are considered significant.
