Has Played Important Part in **Building National Reputation** For University

From 145 students in 1920 to 734 for the year June 1929\_ June 1930 is the record of the phenomenal growth of the graduate school during the past decade. Five hundred seventytwo higher degrees, including seventy-one doctorates, have heen awarded by the graduate school during this ten year period.

The first active steps toward the establishment of a graduate school at the University were taken in 1881 and the first degrees awarded in 1883. In 1904 the graduate school was organized as a distinct school with the late Alphonso Smith as its dean. Dr. Charles Lee Raper succeeded Dr. Smith in 1909 and Dr. Greenlaw succeeded Dr. Raper in 1920. At the resignation of Dr. Greenlaw in 1925, Dr. James F. Royster was appointed to the position. Dr. W. W. Pierson, present dean of the graduate school received his appointment this past summer. The fine reputation made by Phi Will Discuss the graduate school during its existence was one of the chief causes for the University of and in 1925, the presidency. The important part played by lina. the graduate school in building up the national reputation the University now holds is shown once again in the testimony offered by Professor Frederic A. Ogg in his survey of the human- Program of Folk Songs To Be istic and social sciences for the American Council of Learned Societies. He stated in his survey that "the leadership in the new research movement in the

**Dunn Gives Reasons for Action** Of Editorial Staff in Regard to Fraternity Group Pictures.

By Clyde Dunn Plans for the 1931 Yackety Yack have brought forth comments which might be expected of any book in the making, both favorable and unfavorable. Persons connected officially with the library, the department of journalism, and the University press have consistently approved the ideas being put into effect by the editorial staff; a few students have murmured discontent with some of the minor details of this year's annual. In formulating plans for a publication, the editor has a natural desire to produce the best book possible, in point of content and beauty.

When undertaken by an editor on his own initiative, the usher, not recognizing the voice pus political frame-ups be re- should be a portrayal of the se-

# (Continued on last page) CAST SELECTED FOR PLAYMAKERS<sup>3</sup>

**NEW PRODUCTION** The cast of the play, "The Importance of Being Earnest," has been selected, and it is now rehearsing the play, which will be presented on the nights of December 11th, 12th, and 13th

in the Playmakers theatre. The play is set in London and the time is the present. All the scenery is modern and stylized. Instead of showing a room with walls and ceiling, only the wood work, including the windows, doors, chimney, and paneling will be shown. This skeletonwork scenery will be used throughout. It will also be presented in modern style.

The cast: John Worthing ed by the senior class of Mere-(Earnest), Henry Wood, III.; dith College.
