Pharmacy Dean Was Unanimous Choice For Job

University Authorities Found J. Grover Beard Well Fitted To Succeed Howell.

By R. W. Madry

A university president these days quite often finds himself in a dilemma when confronted with the task of naming the new head of a school or department.

The ordinary procedure is to call a conference of all faculty members of the department concerned, after which the other department heads and deans are consulted, and before the president makes up his own mind he discusses the problem with his advisory committee. And then the president's nominee has to be submitted to the executive committee or the full board of the trustees for approval or disapproval before any public announcement can be made.

President Frank Graham must have heaved a great sigh of relief when following the death of Vernon Howell recently, he realized that he would have no difficulty in selecting as a successor to Dean Howell a man who would undoubtedly be the unanimous choice of all parties concerned in the procedure outlined above.

Here on the University campus it was an open secret all along that J. Grover Beard would be Dean Howell's logical successor. President Graham doubtless went through the usual procedure in selecting Beard, but he probably drew great comfort from the knowledge that in this case the procedure would be merely perfunctory.

Grover Beard has been far more than just a member of the

NEW METHOD IS USED FOR SHOW

Flowers Are Being Seen and Judged in Natural Setting.

The Chapel Hill garden club has arranged for an entirely different method of holding the flower show this year. Instead of gathering all the flowers to be judged into one building, the society has decided to have the flowers viewed in their natural settings. The gardens of several homes will be on exhibit for the people of the community at certain times.

Thursday morning flowering shrubs were on exhibit at the gardens of Mesdames J. M. Bell, Isaac H. Manning, and F. P. Venable.

Friday morning spring bulbs were the feature of the display held at Mrs. George B. Logan's home.

The gardens of W. C. Coker will be open to visitors at three o'clock Sunday afternoon.

At the garden club meeting next Wednesday evening at eight o'clock in Davie hall there will be a plant exchange, as usual, and it is requested that
