

## LANG DESCRIBES STATE STUDENT UNION'S HISTORY

President of Federation Sees  
Progress in Future of Stu-  
dent Government.

Yesterday afternoon between 3:30 and 3:45 o'clock, John A. Lang delivered the weekly radio address sponsored by the student council, when he gave the history of the North Carolina Student Federation, and made announcement to the effect that the second annual congress would convene at Duke university, Saturday, May 16.

The first of Lang's speech consisted of an explanation of the federation and the purpose for which it stands. He gave, as the purpose "to perfect institutions for self government, to improve their intercollegiate relations, and to create a wide interest among students in social and political problems of the day."

### History of Federation

Next, he gave a history of the student federation in which he said that its birth year was 1930 when, during that summer, a survey concerning student government was made in some half dozen colleges of North Carolina and soon afterward another one of all the campi of the state. During the fall of 1930, the State Student Federation conducted a student government week as a state-wide campaign to improve and perfect student government. At this time national members of the body spoke in the colleges. The North Carolina group was represented at the national convention in Atlanta last December.

Present members of the state federation are: the University, Duke, North Carolina State college, Wake Forest, Meredith, Saint Mary's, Eastern Carolina Teachers' college, Atlantic Christian college, North Carolina College for Women, Greensboro college, Guilford, Salem, High Point, Catawba, Lenoir-Rhyne, Queens-Chicora, Asheville Normal school, and Davidson.

### Conference at Duke

Proceeding, Lang stated that

## DEKES TO AWARD TROPHY TO LODGE WITH BEST STAND

Included among the usual medals and awards to be given out on awards night, May 25, will be the Deke trophy, which will be given to the fraternity having the highest standing in scholarship and in both varsity and intra-mural athletics.

The custom of awarding this trophy was originated last year by the members of the Delta Kappa Epsilon fraternity with the view in mind of encouraging greater scholastic and athletic activities among the campus fraternities. The fraternity winning the trophy is allowed to keep it until the next year, when it is again handed on to the highest ranking club. In order to gain permanent possession of the award, a fraternity must have previously received it three times, two of which being in successive years.

Last year the Zeta Psi fraternity was declared winner of the award. Competition for the award is keen this year, and an elaborate scoring system—devised by Dean F. F. Bradshaw—will be used to determine the winner.

## Summer School Offers Courses in Accounting

A certified public accountant review course will be offered by the accounting instructors of the University during the summer school.

The course will be given in two sessions of six weeks each. The first session June 11 through July 21, will cover the constructive part of general accounting theory and practice, and such special subjects as governmental or institutional accounting and income tax procedure. The second session, July 22 through September 1, will cover problems dealing with the dissolution of business enterprises and the consolidation of business organizations, and also such special subjects as cost accounting and auditing.

One or both sessions may be attended. Approximate cost for each session will be: tuition, twenty-five dollars; books, eight dollars; room rent, six dollars; and board, thirty dollars. Applications for the first session should be mailed to Professor R. H. Sherill, Chapel Hill, N. C., before June 1; for the second session to Professor E. E. Peacock, also of Chapel Hill, before July 1.

## GERMAN CLUB TO GIVE SIX DANCES IN SET OF FINALS

Guy Lombardo Secured to Play  
At University June 9,  
10 and 11.

Guy Lombardo and His Royal Canadians will be back in Chapel Hill, June 9, to play for the final dances at the University. The dances, six in number, will take place on June 9, 10, and 11.

Lombardo furnished the music for the finals last year, and proved a very popular attraction. He has been playing at the Roosevelt Grill in New York City.

### Dances Begin June 9

The festivities will start Tuesday night, June 9, with a formal dance in the Tin Can, and will be continued Wednesday with a dansant at 11:00, a tea dance at 5:00, and another formal at 10:00. Thursday will bring another dansant at 11:00 o'clock and the final ball at 9:00. Thursday afternoon the band will present a concert in Memorial hall.

There will be about ten fraternities having houseparties, among them Zeta Psi, S. A. E., Kappa Sigma, D. K. E., Sigma Nu, Sigma Chi, Phi Delta Theta, Beta Theta Pi, and Pi Kappa Phi.

Besides the German Club dances in the Tin Can, the Gorgon's Head Lodge will give a dinner dance Tuesday night, as will the Order of Gimghouls Thursday night.

At the German Club figure, which will take place at the final ball Thursday night, the old officers will turn over their regalia to the new ones. The old officers are John Bullock, president; Buck Snow, vice president; and W. Yarborough, secretary-treasurer. They are to be succeeded by Tom Follin, Steve Lynch, and John Park.

### New Officers

The present executive committee is composed of Marion Cowper, Henry House, George Newman, Steve Lynch, Aubrey Parsley, Park, Snow, and Yarborough; the new of Harry Finch, Beverly Moore, Holmes Davis, Oscar Dresslar, Archie

## TWELVE CLASSES WILL UNITE HERE

Class of '81 to Celebrate Fiftieth Anniversary at Commencement.

As the time of commencement approaches the various classes that are to hold their reunions are hard at work arranging their programs and trying to encourage a large attendance. This year there are twelve classes that intend to reunite. The class of '81 will have its fiftieth reunion, while '01 and '06 are returning to celebrate their thirtieth and twentieth respective anniversaries. The class of '06 are expecting a large percentage of their body to be here, already having received acceptances from forty members.

### College Generation Present

Mr. D. B. Teague, '10, of Sanford, and alumni president of his class, has sponsored a plan whereby the classes of '10, '11, '12, and '13, will come together on Monday, June 8, the college generation as it was when the class of 1910 were seniors. Mr. Teague has written a letter to all his classmates and to the officers of the other classes and they all seem to be very much interested in the plan.

These four classes plan to return to the campus and be together again. They will arrive on Monday, June 8, Alumni Day, and register; then they intend to go as a body to the alumni meeting, over which Judge Francis D. Winston, who has been toastmaster for this occasion for years, will preside. Then they are to sit together at the alumni luncheon in Swain hall. On Monday night at six o'clock, the four classes are to have a joint class dinner at the Carolina Inn to end the day.

### Athletic Events Planned

On Monday afternoon Mr. Teague plans to have several athletic events take place. At present he is endeavoring to arrange a doubleheader baseball game between the four classes to be held on Emerson field.

A great deal of interest is being shown on the parts of all the classes that are returning this spring. The graduates will be put up in dormitories and these four classes that are returning together will be put in the same building. It has not been decided definitely which one this will be.

## Raleigh Statue Set Up In Carolina Room

The wood statue of Sir Walter Raleigh which was recently received by the University through the generosity of Mr. Owen Hill Kenan was placed in the North Carolina room of the library Monday.

The statue was not placed on exhibit upon its arrival as the foot was cracked to such an extent that it was unable to stand alone. However, this fault has been remedied, and the statue, an early seventeenth century work, is now on exhibit in the North Carolina room of the library.

### Kappa Psi Entertains

The Beta Xi chapter of Kappa Psi, honorary pharmaceutical fraternity, presented an informal dance at the Wilrik hotel, Sanford, last Friday night. Jimmy Waltham and his Hotel Alamo Serenaders furnished the music. The ballroom was decorated in scarlet and light grey, the fraternity colors.

## DR. KIRK TO GIVE M'NAIR LECTURES

Series of Annual Addresses Will  
Deal With Science and  
Religion.

Dr. Harris E. Kirk, D.D., of the Franklin Street Presbyterian Church of Baltimore, Maryland, has been selected to deliver the nineteenth series of the McNair lecture group. Dr. Kirk will deliver three lectures, May 19, 20, and 21, and his subjects will be: "From Stars to Atoms," "From Atoms to Mind," and "From Mind to God."

When John Calvin McNair of the class of 1849 died, he left a lecture fund for the University in his will. The fund became available in 1906, and by 1908 the interest rendered therefrom was such that the lectures could begin. The honorarium for the lectures amounts to \$500, and the remainder of the interest from the fund provides for the publication of the lectures.

### Science and Religion

The object of the lectures as set down in the will of the late Mr. McNair is "to show the mutual bearing of science and religion upon each other and to prove the existence of attributes (as far as may be) of God from nature." With this purpose in view, Dr. Henry Horace Williams, who is chairman of the fund, has endeavored to bring the best men available to talk before the students and friends of the University.

The lectures began back in 1908 when Professor Francis H. Smith LL.D., of the University of Virginia, addressed the members of the University on "God Manifest in the Material Universe." Since then the lectures have been given regularly with the exception of five years. They were omitted in 1918 and 1919 on account of the World War, and then again in 1926 and 1929. Last year the speaker, Dr. Michael Pupin, of Columbia university, had accepted, but was unable to attend on account of illness.

The last speaker to deliver

## Playmakers Produce Sixth Bill of Season

The sixth presentation of the Carolina Playmakers, a set of four one-act plays, will be staged tonight, tomorrow night, and Saturday night in the Carolina Playmakers Theatre at 8:30.

The cast of characters of the first of these plays, *Love and Likker*, by Irene Fussler, is as follows: Sweyn Jenson, Charles Elledge; Bill Knudson, Robert Reid; Sigrid, Betty Jones; Doctor Graddik, Horace Ward; Helga, Elizabeth McCarty. The direction is by the author. *The Stray Bullet*, by Robert Barnett, and directed by Joe McGauley, has a cast of only three characters; McKenzie, Everett Jess; Hagar, Elmer Oettinger; the Boy Scout, D. D. Carroll, Jr.

The characters of *Glenhurst*, by Tom Loy, are: Mommy, Marion Tatum; Beulah, Mary Dirnberger; Ned, Ted Herman; Baby, Aileen Ewart; and Doctor Johnson, Tom Loy. It is to be directed by Joe Fox. The fourth play, *Ellen Stewart's Pleasant Purple*, has a cast of the King, Ralph Westerman; Anita, Ellen Stewart; the Page, Charles Keener. Miss Betsy Perrow is the director.

Season tickets may be exchanged at the Student Supply Store.

## J. M. Valentine Secures Research Fellowship

Under a national research fellowship, Dr. Joseph M. Valentine, assistant professor of zoology, intends to devote his entire time next year to a further study of blind cave beetles in eastern America. He expects to make several expeditions to limestone regions of the southern Appalachian system for the purpose of exploring caves hitherto unexplored as far as the fauna are concerned.

Dr. Valentine says that in practically every large system of connected caves, there are found very definite and individual anophthalmal forms. These species are seldom, if ever, found in isolation from one another; consequently, they usually live in connected caves. They travel mostly by underground streams, not being able to exist in the open air. A monographic study of these organisms is to be made which will probably throw some light upon the origin of the species and the effect of cave environment on the organism.

## SOCIETIES WOULD ABOLISH POWERS OF GERMAN CLUB

Di and Phi Discuss Six Bills in  
Joint Session.

At a joint meeting of the Di and Phi societies Tuesday night at 7:15, action was taken to do away with the power of the German club at social functions on the campus. Senator Rector introduced the resolution which read, Resolved: that the German club should be stripped of its power of governing house parties and dances at the University. Senator Little, Representatives Carmichael, Uzzell, and Spradlin upheld the resolution while Senator Ramsay and Representative McDuffie opposed it. The bill was approved by a large majority.

Representative Uzzell introduced a resolution at this point which read: Resolved, that the Phi and Di meet sometime within the next week for the purpose of giving members of the German club a chance to defend themselves and that the societies sponsor a campus-wide vote to decide the issue. This measure also met with the approval of the joint session without discussion.

The Phi assembly in a special meeting approved Representative Lang's resolution proposing that the Phi assembly send a representative to the Student Federation convention at Duke university. The assembly chose Speaker Haywood to represent the Phi assembly at this meeting. Representative Lang extended an invitation to all members of the assembly to attend this convention.

The bill, Resolved: that the Human Relations Institute is detrimental because it creates dissatisfaction by bringing in radicals, was defeated by a unanimous vote of the joint session when Senator Dungan suggested that the bill be put to a vote.

Representative Lanier introduced the resolution, Resolved: that the proposed consolidation of counties in North Carolina would be advantageous to the state. This bill was passed without further discussion. Senator Ramsay proposed a bill favoring a constitutional con-

## ACTIVITIES GROUP BANQUET PLANNED FOR THIS EVENING

Committee Will Discuss Organization of Graham Memorial  
As Student Center.

At 6:30 this evening the annual Student Activities committee banquet will take place in the Carolina Inn. The members of the Student Activities committee are students who are actively engaged in the affairs of the University and prominent members of the faculty.

The purposes of this committee are: to sponsor progressive development in the various fields of student activity; to give an opportunity for discussion of current campus problems by administration of students and faculty; and to secure better coordination between the various activities.

### Definite Projects

Much has been accomplished by these meetings between faculty members and students during the seven years in which they have been conducted. Besides the valuable discussions which have been engaged in, definite projects have been inaugurated and carried to completion. The formation of the Publications Union board, the reapportionment of dues and publications costs into a blanket fee, and the beginning of the Tar Heel as a daily paper are some of the definite accomplishments of this group.

The program of the banquet this spring is one of particular interest and importance. The main part of the meeting is to be occupied in discussing the plan of organization of the Graham Memorial building as a student union, a social center, and an activity center for the campus. A change and reapportionment of the blanket fee will be necessary for this purpose.

The program for awards night will be considered. A general discussion of the problems and policies of the new administration will conclude the program.

## SUMMER SCHOOL BULLETIN OFFERS LIBRARY COURSES

Newly Published Catalogue Lists  
Classes in Administration of  
Junior Colleges.

The bulletin containing announcements for the summer terms at the University has been published and may be obtained from N. W. Walker, director of the summer school. The first term of summer school is from June 11-July 21, and the second from July 22-August 28.

The bulletin contains all information regarding courses, fees, rooming facilities and so forth. For the second year, the engineering school will be open to students. The summer session of the school of law is operated independently of the summer school. The schools of medicine and pharmacy are not operated in the summer.

### New Courses Offered

For the first time in the history of the education school, there will be a course taught on "The Organization and Administration of the Junior College." Dr. George Phineas Butler, former president of the Augusta junior college and advisor to junior colleges for the Association of Colleges and Secondary
