

## POLICE OFFICERS NEEDED TO HALT FRAT INITIATIONS

A. T. O.'s and Theta Chi's Raise Hell During University of California "Hell Week"

Police squads were kept busy at all hours of the night on the University of California campus last Friday and Saturday at Berkeley when they were summoned by sleepless neighbors to quiet the various fraternities who were holding their annual "Hell Week" activities, according to the *Daily Californian*.

Alpha Tau Omega and Theta Chi, close rivals, were holding their initiations on the same street in the form of a hog-calling contest. The Theta Kappa Nu boys had the front door wide open, vacuum cleaners going full blast, and radios screeching when the riot wagon arrived at 3:00 a. m.irate neighbors were shouting imprecations from open windows across the street.

The law was assured by the chairman of the activities that all houses would be cleared immediately. Twenty minutes later they were summoned to the scene where eight men in a broken-down Ford were waylaid by a private citizen. They were informed that this was merely another essential of the initiation schedule.

Local sororities also received their share of intrusions. Several Alpha Tau Omega pledges were scrubbing floors for sorority women. In a series of early morning raids, a steady stream of weary young men demanded miscellaneous merchandise at the doors of other sororities.

## PLANS LAID FOR NINTH CAKE RACE

(Continued from page three) cross country.

### Two-Mile Course

The all-University run stretches over a course of approximately two miles and it has become one of the outstanding events of the fall program of the intramural department, and the general enthusiasm shown has firmly established this unique race.

Past winners of the race have been Harry Williamson, 1931; Hal Meade, 1930; Tom Watkins, 1929; June Fisher, 1928; Minor Barkley, 1927; Galen Elliott, 1926; Harry Thach, 1925; Luther Byrd, 1924.

For a team to score, at least four men must finish in the first fifty, and the score of these four will make up the team's score. Each man scores exactly the same number of points as the number of the place in which he finishes, with the team having the lowest score winning the race.

### Many Prizes

The cake race has always received loyal support from the townspeople and business firms. Medals, shirts, socks, watches, hair tonic, theatre passes, shampoos, meal tickets, pressing club tickets, cakes, candies, and stationery have all been included in the list of prizes from year to year.

## University Represented At Marine Laboratories

University of North Carolina was represented as usual this summer at the Marine biological laboratories, which are maintained by the U. S. Bureau of Fisheries.

Miss Ezda Deviney, Miss Nell Henry, Professor J. Paul Reynolds, Dr. W. C. George, and Professor H. V. Wilson spent a part of the summer vacation there in research.

## World News Bulletins

### Death Fast Broken

The "death fast" of Mahatma Gandhi, ended yesterday after lasting six days when the aged Indian leader received news that the British government at London had approved most of the compromise plan on the privileges of Indian untouchables.

Gandhi began his fast last Tuesday as a protest against that part of the recent British communal award which proposed special constituencies for the depressed classes.

### Mrs. Roosevelt Joins Governor

While dispatches from Washington advised that Franklin D. Roosevelt is "on record as holding that payment of the bonus forthwith is not feasible," the Democratic nominee spent a quiet day at a ranch in Williams, Arizona. The Governor was joined by Mrs. Roosevelt who arrived by plane to accompany him home from his swing of the western states.

### Believes League Is on Trial

President Eamon De Valera of the Irish Free State yesterday said in opening the session of the League of Nations' general assembly the League was "at the bar of public opinion." De Valera said the only way to silence justified criticisms is to execute obligations of the covenant on all states, whether weak or strong.

### Chicago Starts Well

"Navy Bill" Ingram's University of California team with hopes of a national championship eleven started its schedule by losing to Santa Clara 12 to 0 . . . and Chicago licked Monmouth 43 to 0 to give the fans on the midway something to shout about. Time for Chicago to have a good team again.

Though it's months too early for an all American backfield, how would Pug Rentner of Northwestern, Zimmerman of Tulane, Mohler of Southern California and Manders of Minnesota be? . . . According to midwestern critics Notre Dame, Northwestern, Purdue and Michigan have the best aggregations for the coming year.

### LIFE-SAVING INSTITUTE TO MEET AT DUKE SOON

Students interested in acquiring the junior, senior, or examiner's certificate from the American Red Cross have been asked to communicate with E. G. Egan at the Ranson House, behind Sutton's drug store.

Eaton, district representative, is expected from Washington next month to conduct another life saving institute at Duke university. All those who wish to renew their standing with the Red Cross should leave their names with E. G. Egan.

## RUFFIN MEN TO ELECT OFFICERS IN UNION TODAY

Graham Memorial Management Will Be Host to Dormitory Group at 9:30 P. M.

Members of Ruffin dormitory will be entertained at Graham Memorial tonight at 9:30 o'clock.

The dormitories, of which Grimes was the first to have been entertained, are being brought together for a double purpose at these gatherings. The men are by so doing better enabled to become acquainted with other men in their dormitories, become organized for the year's program of intramural athletics, and are welcomed to the use of the facilities of the union building.

First on the list of events for tonight is the election of a house president, two dormitory councilmen on each floor, an athletic manager and a union forum representative. Each of these officers is necessary for the carrying out of the extensive program planned for the coming year. Following the elections, refreshments will be served.

These necessary elections having been completed, the students will adjourn to the game rooms, where tournaments in ping-pong and shuffle-board are planned, and facilities for games of pool, checkers, chess, To-bowl, Target game and Skill Board are also present.

## Engineers Not to Have Co-Op Work This Year

Co-operative work in the school of engineering will not be included in the curriculum this current school year. This department has been a part of the course since 1922 and grew steadily up to the present economic depression. Due to the great amount of unemployment, the students of the University will not be allowed to take part in the business of engineering firms throughout the state as these people are forced to replace one of their own men with one of the University's men.

"It is hard to compete with unemployment," says A. R. Hollett, co-ordinator of the school of engineering, "and we must suspend our program for a year. We hope that we will be able to take it up again next year."

## BUILDINGS DEPARTMENT PLANS BOWLING ALLEYS

Plans for the building of two bowling alleys in the basement of Graham Memorial were completed yesterday, and construction will begin the first of next week, according to P. L. Burch, superintendent of the buildings department.

The alleys will be built under the portico in the student union where the rifle range has been heretofore. Burch estimated that the construction will take three or four weeks, and upon completion, the alleys will be open to the students of the University.

## WESLEY STUDENT ASSOCIATION HAS INITIAL MEETING

The Wesley student association conducted its first meeting of the school year at the Methodist church Sunday, and organized three Sunday school classes for student attendance.

"Religion in the Old Testament," under Harry Comer; "Life of Christ," under Dr. Fletcher Green; and "International Sunday School Lesson," taught by S. W. Hawkins are the new classes.

One of the duties of the association is to take care of all student activities in the Methodist church, and the officers already have definite plans for student entertainment during the coming year. Miss Betty Durham, of Chapel Hill, is in charge of the student entertainment program, which will be begun this year with a weiner roast and later a Halloween celebration.

Officers of the organization this year, elected last May, are: Luther Taff, president; John Entwistle, vice-president; Frances White, secretary; Billy Andrews, treasurer; and E. W. Winkler, E. T. Browne, and Harry Comer, faculty advisors.

Students of all denominations are welcome to the meetings of the association, at the Methodist church.

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so

these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.
