# Second Team Scrimmages Frosh In Effort To Meet Duke Attack

Folger and Ogburn Work Out As Guards With Second Team Yesterday.

TEAM GOOD ON DEFENSE

Stop Duke Running Attack as Portrayed by Strong Frosh Eleven.

Coach Collins put his second team through a lengthy scrimmage with a freshman team yesterday in an effort to build up a defense against the formidable Duke attack.

Defensively, the second team was able to stop the running plays of the Blue Devils and the frosh were smothered time and again by Folger and Ogburn, both guards who were promoted to the second team for the session. It seems extremely doubtful as to whether or not George is seeking more guard material. Can tonight at 7:15. Shaffer Still Delivering

In the scrimmage Charlie Shaffer continued to show nice drive and power, ripping off several nice gains from the line. Hanes Lassiter and Tom White also looked good. White, who against Davidson since the Vanderbilt game, still has a slight limp but his ankle is getting stronger every day.

The great team that represents Colgate University is not only facing another undefeated season but it is also approaching a record that has not been equaled by any major team within the last ten years.

Colgate Goal Unblemished

In eight games this year the Colgate team has succeeded in piling up 243 points, and has also managed to keep its own goal line uncrossed. The Red Raiders have amassed this huge total against such teams as St. Lawrence, Case, Niagara, Lafayette, N. Y. U., Penn State, Mississippi College, and Syra-

However, Colgate faces its hardest test Thanksgiving when it faces Brown, the only other undefeated team in the east. The Colgate mentors are sure their line can keep up its good work and finish up with a shutout win. Their confidence is based on the fact that Brown has scored but 81 points in winning its seven games. # Iheyre Milder

Calling a cigarette mild doesn't make it mild. Chesterfield starts at the beginning, by using the right kind of mild, ripe tobaccos ... Then Chesterfield ages and cures its tobacco just right. And scientific research has perfected a unique method of "Cross-Blending" that makes Chesterfield consistently milder and better-tasting.
