## Cornelia Otis Skinner Claims No Credit For "Wives Of Henry VIII"

### Famous Actress Says That Idea for Her Performance Here Was Suggested by Friend; Believes That Theatre Should Give People Something to Think About.

(By Joseph Sugarman)

"It wasn't my idea. Not at all. I don't claim the slightest credit for it. A friend of mine suggested *The Wives of Henry VIII* to me." Miss Cornelia Otis Skinner, famed actress who played to an appreciative Chapel Hill audience Tuesday night, fairly blew these words at the interviewer off her powder puff which was deftly scurrying over her lovely features.

A sure line of mascara on the eye-lid brought forth the modest confession, "I tell you, I did feel rather daring, an American attempting to do English history. And then I know so little about any history anyway. However I studied the period for a year and then went to England to test the production. I felt even then as though I were 'butting' in."

### First Performance

Miss Skinner gave her first performance of Henry's harem at Knoll castle, the seat of the Sackville-Nicolson family, which is rich in Tudor tradition. A striking success at this private gathering, she later played it with equal distinction in London and New York. Upon her return to this country she called up her Philadelphia friend to thank her once again for the idea. To her astonishment, the friend replied, "It really wasn't all my idea. You see a friend of mine spent some time at Knoll

## SIGMA DELTA HAS HIGHEST AVERAGE OF FRATERNITIES

### Pi Beta Phi, Chi Phi, and Beta Theta Pi Are Other Leaders in Academic Standings.

Sigma Delta ranked first in the academic standings of the thirty-one fraternity chapters of the University for the winter quarter with an average of 1.81, the highest average ever obtained by a fraternity of the University, according to a report released from the registrar's office yesterday.

Following Sigma Delta in the order of their standing in the upper group were: Pi Beta Phi, 2.56; Chi Phi, 2.60; Beta Theta Pi, 2.61; Chi Omega, 2.62; Zeta Tau, 2.65; Tau Epsilon Phi, 2.65; and Sigma Alpha Epsilon, 2.66.

### Scoring System

The "Standard Score" by which the fraternities are ranked is determined by dividing the difference between the academic average (3.15) and the highest possible grade (1.00) into ten equal parts. "Score" below that of the academic average is determined by dividing the difference between 3.15 and the lowest possible grade (6.00) into ten equal parts.

By this method Sigma Delta was credited with plus seven. The other fraternities in the upper group received a score of plus three.

The entire fraternity average advanced from 3.14 for the fall quarter to 2.97 for the winter quarter, while the academic average moved up from 3.30 for the fall quarter to 3.15 for the winter session.
