APPLIED SCIENCE COMMITTEE WILL MEET WITH BARNES

Applied Science Group to Discuss Curriculum Changes During Chapel Period Today.

SOME HAVE ALREADY MET

The committee from the school of applied science to help study the University curriculum and also the curriculum changes that have been made in other universities was announced yesterday from the student government office.

The membership of this committee is composed of W. F. Hunter, Jr., L. O. Rowland, S. P. Wilson, M. B. Smith, P. M. Deaton, and J. G. Tillery, chairman. The chairman is requested to see Harper Barnes in his office at Graham Memorial during chapel period tomorrow.

Committees from four of the other schools were appointed earlier this month. No committee from the applied science division was named at that time as no list of students eligible to serve had been received.

These five committees will draw up recommendations from the students' standpoint for changes in the University educational program and will make reports to the Student Advisory board, which will collect, coordinate and analyze their work. The final recommendations of the groups and the board will therefore include any changes these groups deem advisable.

MAIER TO OFFER SPECIAL CONCERT

Community Music Club Presents Pianist in Afternoon Program Next Week in Music Hall.

The Community Music club of Chapel Hill, of which Mrs. R. H. Wettach is chairman, is offering to the student body a special program by Guy Maier in Hill Music hall Monday at 3:30 o'clock in connection with the Maier-Pattison recital here that night.

By special agreement with the Student Entertainment committee and special concession of Maier, the Community club was able to arrange this afternoon concert. Many out of town groups are coming in especially for the program.

Travelogue Lecture

Maier's travelogue lecture in music is one of the most fascinating and intimate portrayals of the lives and homes of the old masters that any lecturer has had to offer. It is illustrated with lantern slides, and with music of each man and each period of the countries. The lecture assumes the proportions of a rapid pictorial and auditory survey of music history.

Tickets may be secured at the music department office.

S. G. E. TO MEET

Sigma Gamma Epsilon, geology fraternity, will hear J. A. Alexander and H. E. Vitz, active members of the fraternity, at its meeting at 7:30 o'clock tonight in room 406 of New East. Alexander will speak on "Geological Methods and their Use in Relation to the Water Table." Vitz will have as his topic "The Silica Shales and Their Taxonomic Relationship."

Rankin And Lanier Will Debate Against English Team Tonight

PLAYERS TO TAKE DRAMA TO WILSON

"House of Connelly" Will Go on Road Again November 24.

The Carolina Playmakers will present Paul Green's "House of Connelly" in Wilson November 24 under the auspices of the Atlantic Christian College.

The cast of the play will not be changed although the troupe will not be as large as the one carried to Greensboro November 8. Elmer Oettinger, whose home is in Wilson, will continue in the leading role.

The play is now being made into a moving picture with Lionel Barrymore in the leading role, supported by Janet Gaynor, Robert Young, and Richard Cromwell.

CIVIL ENGINEERS TO HEAR BESTOR EXPLAIN SURVEYS

State Highway Official Will Address William Cain Society at 7:30 O'clock Tonight.

O. B. Bestor, engineer of surveys and records, of the state highway commission, will address the regular meeting of the William Cain Civil Engineering society in room 319 Phillips hall this evening at 7:30 o'clock.

The subject of Bestor's talk will be the state-wide surveying operations recently begun for the purpose of placing permanent monuments at numerous points for use in land surveying, construction projects, mapping, and many other operations. When completed, every point in the state will be within two and one-half miles of a monument.

The traverses run to establish these monuments will be tied in with the highway network wherever a road is followed or crossed. The United States Coast and Geodetic survey has recently completed the necessary primary triangulation work and established a precise system from which the secondary traverses are being run. One of the primary triangulation stations was located on the campus last year behind South building. The completed system will be an invaluable aid to all surveying operations.

ELLIOTT TO LEAD DISCUSSION TODAY

Professor to Head Talk on Translation of Classics at Bull's Head This Afternoon.

Dr. Van Courtlandt Elliott of the classics department will be in charge of the Bull's Head program at 8:30 o'clock, which will be a discussion of the new English translations of the classics.

Miss Mary Dirnberger of the Bull's Head has arranged a table of classical literature, including the Loeb library editions and a number of the newest translations of which Dr. Elliott will read and discuss the translators.

The program is to be entirely informal, with Dr. Elliott answering the questions of his audience rather than delivering a speech. It was planned primarily for the enjoyment of those who are not scholars of the classics, but are interested in the translations from a cultural and literary standpoint.

Two English Debaters Have Had Much Experience Among Student Life in England.

DEBATE WILL BE AT 8:30

Question Is: Resolved: That Organized Religion Has Hindered the Progress of Man.

Forney Rankin and Edwin Lanier of the University debate squad will debate the team sent here by the National Student Union of England tonight at 8:30 in Gerrard hall. The Carolina team will uphold the negative side of the query: Resolved: That organized religion has hindered the progress of man.

The first member of the English team is F. L. Ralphs, of Sheffield College, who is president of the Union of Students for 1933-34, and the editor of the Arrow, the organ of the union. The coming international debate will not be a new experience to Mr. Ralphs, who has already argued against teams from South Africa and America, as well as having had part in several inter-university debates. Also, he has had considerable experience in public speaking, including the radio, and was the winner of the School Award for Distinction in Debates.

Kitchen Is Second Member

L. T. Kitchen, of King's College, the second member of the team, has represented his university in a number of important debates, and is also interested in dramatics. He is a member of the "London Group," the dramatics society, and is on the committee of the Student Film Society. Before he entered King's College, where he is in his first year, Mr. Kitchen attended Booth School in York, where he won second prize in an

Fiftieth Anniversary Of Society Observed By Program Tuesday

Dr. Archibald Henderson Gives Sketch of Life and Career Of Elisha Mitchell.

IVEY LEWIS MAIN SPEAKER

Dr. Coker Talks on Founding of Society Journal and on the Progress It Has Made.

The Elisha Mitchell Scientific Society celebrated its 50th birthday by a program in Gerrard hall Tuesday night with Dr. J. W. Lasley, president of the society, presiding. President Frank Porter Graham was unable to speak on "The University and the Society" as had been announced on the program, as he had to go to New York to attend a meeting of the Carnegie Foundation for the advancement of teaching.

Dr. Archibald Henderson, Kenan professor of mathematics and the first speaker of the evening, began his presentation of "A Sketch of the History and Achievements of the Society" by stating, "Tonight it is my task to depict to you, in all too brief moment, thirty minutes for fifty years, the history and achievements of a scientific society which for a considerable period played the role in North Carolina of a miniature academy of science.

Started by Four Men

"In the autumn of 1883 four professors of science, F. P. Venable, J. A. Holmes, R. H. Graves,

UNIVERSITY CLUB WILL PLAN RALLY

Final Details Will Be Worked Out at Meeting in Graham Memorial at 7:30 Tonight.

The University club will convene tonight at 7:30 o'clock in 214 Graham Memorial for an important meeting. All members who are unable to attend are asked to send a substitute.

Plans for a pep meeting tomorrow night with a bonfire on Emerson field will be discussed. A petition has been sent in for privileges to bury Duke in a special plot directly in front of the Old Well. All freshmen and Cheerio club members are requested to bring a torch to the pep rally Friday night and to join in the funeral march from Emerson field to the Old Well.

Although it has not been possible as yet to secure special busses to take the students to Duke Saturday morning, at least two extra busses will be placed on the run at the regular schedule. Plans are also being made to have a cavalcade starting from in front of President Graham's at 12:00 o'clock and going to the Duke stadium. Everyone planning to drive to the game is urged to enter this parade.

TWENTY-ONE ILL

The following students were confined to the University infirmary yesterday: F. R. Blount, Dorothy Bowen, W. R. Eddleman, J. A. Farmer, O. H. Garrison, G. C. Huth, Robert Lassiter, Margaret McDonald, Vida Miller, C. J. Pickett, William Parker, Mary Shore, C. W. Senzenback, Wilson Shelton, W. F. Strayhorn, W. P. Stallings, M. A. Taff, Oscar Tyree, B. T. Woodard, F. G. Wolke, and C. R. Weinberg.

Woollen's Talk At Rally Is His First To Students

Speaks to Students

Charles Woollen, who has been connected with the University for years, last night spoke to a student mass meeting for the first time at the pep meeting in Memorial hall.

FRESHMEN WILL HEAR JACKSON'S TALK ON HOBBIES

Officers of First Year Class Will Be Nominated in Assembly Monday Morning.

Dr. W. C. Jackson, dean of the University school of public administration, will speak in freshman assembly at 10:30 o'clock this morning on the subject of "Hobbies," it was announced yesterday from the office of the dean of students.

Dr. Jackson's address to the freshmen last year of this subject was so thoroughly enjoyed that he has been asked to speak to the present first-year class on the same topic.

Freshman assembly exercises of the week will be concluded with a talk by William A. Olsen of the English department tomorrow.

Next Monday, November 20, the freshman class will start the process of organizing itself by nominating class officers, and on the following day the candidates for freshman offices will speak, setting forth their platforms.

LIBRARY FOUNDS SPECIAL DIVISION

Documents and Various Official Publications Will Be Presented in Special Room.

The University library has organized a special division for documents, these documents including publications of the federal, state, and municipal governments. The division is housed in the room formerly used for the education library.

This division will also have publications of a number of foreign governments, especially those of English speaking governments. However, particular stress is being laid on the publications of the southern states.

The University library was selected by the American Library association and the Social Science Research council as a regional center for the collection of public documents.

Social scientists are realizing the value of government publications in many subjects and the library has taken part in a national program for the preservation of this material.

University Club Meeting

The University Club meets at 7:30 o'clock tonight in room 214 Graham Memorial.

Students Meet to Greet Rameses III, Mascot To Carolina Team.

Rameses III, assuming his position as Carolina's new football mascot to lead the way to a victory over Duke Saturday, was formally introduced to the student body by Charles T. Woollen comptroller of the Greater University, at a tumultuous pep rally last night.

Woollen, speaking for the first time to a student gathering, presented the huge ram as representing the revived Carolina spirit evidenced during the past three weeks. "Following the example of the football team in its recent victories, Rameses hits them to stay hit," was Woollen's introduction of the mascot.

Cerney Speaks

Cheers greeted the prophecy of Coach Bill Cerney, orator of the evening, that the form exhibited by the football team in its fighting comeback will be more than enough to vanquish the Duke eleven Saturday with the wholehearted support of the student body.

In view of the swelling tide of enthusiasm which will reach a peak at the forthcoming match, Cerney confidently gave Carolina a better than even chance for victory.

As star of the festivities, Rameses appeared on the stage draped in Carolina colors, receiving a tremendous ovation, and was presented as the third

WEEKLY FOOTBALL REVIEW RELEASED

Supplement to Alumni Review Contains Summary of Wake Forest Victory Saturday.

Centered around Carolina's impressive victory over Wake Forest, the weekly football supplement to the Alumni Review, edited by J. Maryon Saunders, was sent out yesterday from the office of the Alumni association.

Play-by-play accounts of the game, general criticisms of the game by the editor, statistics, and a schedule of coming games are presented in the issue.

Setting forth the chief points of the game on the first page of the number, Editor Saunders states that the Tar Heels exceeded the hopes of her strongest supporters in downing the Deacons 26-0.

Coach's Column

Coach Chuck Collins tells of the Tar Heels' statistics in his weekly column and states that the performance of the team was far from satisfactory. In speaking of the coming Duke game Collins says, "The game from Carolina's viewpoint will be a big question as to whether our line can hold its own defensively against them." The head coach also states that from the spirit of the squad at present Carolina will give Duke a big fight.

The Tar 'Babies' win over Virginia and play-by-play accounts of the Wake Forest game are given in the latter part of the issue. Statistics and the line-up of the Deacon match are displayed on the last page. Pictures of both squads in action are placed throughout the paper.
