**Registration**

Ten votes and deservedly so to the Wilmington freshman who earnestly requested information for signing up for that course, "Oligarchy 93" given by Princeton's dapper, ex-trackster, J. P. Harland.

**Bibliographical Note**

Best bit of departmental wire-crossing evident in youngish, red-haired R. B. Downs' tome repository: Professor J. H. Leuba's "Belief in God and Immortality" is, why Heaven only knows, on the reserve shelf in the Rural Social Economics department.

**Consolidated Grammar Inc.**

Patient pedagogue of German Holbrook coaxed hoarsely, "Come now, what is the case of that noun?"

After due and diligent consideration, Augusta's Mr. Darling hazily countered with, "I think it's in the 'singulative plural'."

**The Book of Boners**

Axes are being sharpened for the reporter who wrote, "... and no excuses will be 'excepted' for failing to register." Knives will do for that pooh-bah on the Student council who took three minutes to figure out that New Year's Eve this year comes on December 31st.

over the Duke quint in that same season. The score of this win over the strong Blue Devils was 37-20.

"Verge" has another game in which he excels. This is the old American pastime, baseball. For years, this popular president of the class of '34 has cut his capers in unexcelled style on the diamond. He is the star second baseman of the Tar Heel nine and during the summer he tags up for the strong Shelby Cee-Cee club.

men that faculty rotation would dispel with certain evils existing in the relations between the publications and the board.

Monday night both the Student council and the editorial board of the DAILY TAR HEEL voted in favor of the proposal of Eddleman's advocating immediate rotation of the faculty members of the board. The question will be brought up tomorrow night at the meeting of the student activities committee.

Leaders in the movement feel that any change in the board membership would greatly affect the board's action on the Audit question, as it was generally planned that with the appointment of the new faculty members would come the election of a student treasurer whose work would be carried out in conjunction with the auditor.

**FOR JAFFEE TO BE THE WORLD'S CHAMPION SKATER**

**IRVING JAFFEE**

(At Right)—Again Jaffee makes a thrilling finish as he speeds to victory! Winner of 1,000 medals and trophies, including three Olympic Skating Championships, Jaffee has brought the highest skating honors to the U. S. A. Asked recently if he was a steady smoker, Jaffee said, "Yes—but that goes for Camels only. I have to keep my wind, you know, and healthy nerves."

*Steady Smokers turn to Camels*

You've often seen his name and picture in the papers—Jaffee, the city-bred boy from the U. S. A. who beat the best that Europe had to offer, and became the skating champion of the world! Speaking of speed skating and cigarettes, Jaffee says: "It takes healthy nerves and plenty of wind to be an Olympic skating champion. I find that Camels,

because of their costlier tobaccos, are mild and likable in taste. And, what is even more important to a champion athlete, they never upset the nerves."

Change to Camels and note the difference in your nerves... in the pleasure you get from smoking! Camels are milder... have a better taste. They never upset your nerves. Begin today!

**IT IS MORE FUN TO KNOW**  
Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.
