NUMBER 164

FOREIGN POLICY LEAGUE TO ACT ON WAR TONIGHT

Members Expect to Express Opinions on Peace Conferences To National Authorities.

TO DISCUSS DISARMAMENT

The Foreign Policy league will meet tonight at 9:00 o'clock in Graham Memorial for a further discussion of the disarmament question.

The group expects to take some action at this meeting as a result of which steps will be taken to express the opinion of the members to the executive authorities of the United States. The particular interest of the league and the object of its concentrated attention at the present time is the forthcoming conference on disarmament to be held at Geneva on May 29.

At the last two meetings, Ezra Griffin, a member of the executive committee has given a thoroughgoing survey of the problem, his remarks serving as a background upon which the league may base its action. Tonight a definite stand will be taken in the form of a decision as to whether to back President Roosevelt in pushing this conference.

The group will also continue with plans to have Secretary of State Cordell Hull and the Hon. Joseph Daniels, present ambassador to Mexico, come here to address the league.

Guests Welcome

A number of guests and newcomers to the meetings of the group are expected at tonight's session. The league has decided that any student who shows

STUDENTS RETURN FROM NEW YORK

Professor Stainback Conducts Nine Engineers on Tour of Northern Plants.

Nine senior students of the school of electrical engineering, under the direction of Professor R. F. Stainback, returned last Sunday from a six day survey trip to New York City, where they visited various points of technical interest.

Those to make the trip were: J. C. Cordle, R. W. Foster, C. M. Garrison, F. M. Glover, E. W. Kerr, J. C. Little, W. L. Ridenhour, H. F. Stewart, and R. V. Frazier.

While in New York City they inspected the broadcasting studios in the new Radio City. At the Hudson Avenue station they were shown one of the world's largest generating units, each of the two units having a capacity of 214,000 horsepower.

The vast and modern laboratories of the Bell Telephone company proved interesting and offered them a chance to see the first telephone that was made by its inventor. They also invested the immense calculating boards of the Pennsylvania Railway. As a matter of historical interest they visited the Museum of Science and Industry.

On the return trip the group stopped in Conowingo, Pennsylvania, and made an inspection tour through the hydro-electrical plants. These are the most recent and highly developed plants of that type that exist today and were constructed at a cost of 52 million dollars.

BIDS FOR DANCES AVAILABLE TODAY

To Be Distributed at Y. M. C. A. Today Through Friday.

Third and fourth-year men may receive bids to the annual junior-senior dances today from the lobby of the Y. M. C. A. from 10:30 to 12:00 o'clock and from 2:00 to 5:00 o'clock.

Bids will also be distributed there tomorrow and Friday during the same hours.

One hundred additional bids will be sold for \$4.00 apiece from the Y. M. C. A. booth to seniors and juniors at the scheduled time for distribution of bids.

These extra bids will not be sold to freshmen and sophomores but will be made available for third and fourth-year men who do not pay class fees.

The dance set will be held in the Tin Can Friday and Saturday and music will be furnished by Hal Kemp and his orchestra. The money from the sale of additional bids will go to furnish an amplifying system for the Tin Can.

LEADERS CHOSEN FOR COMMITTEES

Junior-Senior Y. M. C. A. Cabinet Members Select Tentative Chairmen for Coming Year.

Chairmen of various Y. M. C. A. committees for the coming year were tentatively selected Monday night by members of the junior-senior cabinets, it was announced yesterday by J. D. Winslow, president of the Y. M. C. A.

The list of committee heads is not complete, and additions and changes will be made later. Those wishing to serve on committees should see Harry F. Comer, general secretary of the organization, or Winslow.

Committee Heads

Committee heads as chosen by the cabinet are as follows: devotional, J. C. Grier, chairman; Henry Allison, assistant; Church relations, Billy Yandell, chairman; L. H. Fountain, assistant; public occasions, Raymond Barron, chairman; Billy Weaver, assistant; conferences, W. T. Bost, chairman.

Freshman week, Jack Pool, chairman; A. H. Bahnson, assistant; social, Jesse Parker, chairman; Wilson Hollowell, assistant; international relations, Albert Ellis, chairman; social service, Harry E. Riggs, chairman; vocational guidance, Lonnie Dill, chairman; finance, B. S. Smith, chairman.

Faculty-student relationships, Phil Hammer, chairman; honor system, Francis Fairley, chairman; publicity, Phil Hammer, chairman; boys' work, Paul McKee, chairman; Jesse Parker, speakers, Ralph Burgin, chairman; deputations, Jack Pool, chairman, Lee Grier and Claude Freeman, assistants; music, Claude Freeman, chairman.

The group also planned at their meeting Monday to have a representative of the Foreign Policy league speak to the third and fourth-year cabinets at the meeting next Monday on "The Stand Students Should Take In Outlawing War."

Eagle Scouts

Eagle Scouts in the student body and Chapel Hill will meet at 8:15 o'clock tonight in Graham Memorial.

UNION DIRECTORS PLAN CLUB ROOM

Small Side Lobby of Graham Memorial to Be Converted into Lounge by New Furnishings.

At the meeting of the board of directors of the student union last Friday, plans were completed for the conversion of the side lobby of the first floor of Graham Memorial into a small club room.

The room has hitherto been used mainly for the voting in campus elections. The directors have bought furniture, rugs, drapes, and all other necessities to furnish the room. The room will be used as a lounge, a card room, and generally all other purposes for which the main lounge of Graham Memorial is used.

At this meeting the directors also decided that in place of the three members elected to the board by the union forum there shall be in the future one member elected by the interfraternity council, one by the dormitory council, and one member held over from the outgoing board.

The directors of the union, also decided at this meeting that the grill in Graham Memorial will be closed during the summer.

Present Requisites To A.B. School Almost Identical To Old Standards

The fact that requirements for entrance to the University A.B. school in the year 1907-1908, with the exception of requisites in English and mathematics, are exactly identical to the entrance requirements recently drawn up by the University faculty under the new system of revised curricula was pointed out yesterday by Ben Husbands, assistant registrar, in a survey of the development of entrance requirements at the University.

The only differences in the new entrance requirements which will go into effect next September and the requisites for entrance in the University in 1907 are as follows: in 1907 a total of two and one half units had to be offered in mathematics, as compared with two now necessary; and only three units of English were required in 1907, in comparison with the four which will be needed for entrance in 1934.

In 1907-1908 the unit system was first adopted and requirements for admission to A.B. and S.B. curricula were identical.

Orchestra Engaged For Summer Dances

An orchestra under the joint direction of Bow Bowman and Fred Koch, Jr., has been engaged to play for the summer school dances this season by the summer school social committee.

Two dances a week, one on Friday nights and the other on Saturday nights will be featured. Other dances are given during the week at the discretion of the committee.

Students that have attended these dances for the past few seasons are of the opinion that these dances are gradually improving, and are now almost on a par with those given during the year by the Grail. They are usually well patronized by the summer school students and friends of the University from nearby towns and cities.

COUNCIL DECIDES TO HOUSE A.S.C.H.E.

Fraternities Favor Plan to Accommodate Chemists if They Meet Here Next Spring.

Favoring the plan of using fraternity houses to help accommodate members of the American Chemical Society if the organization meets here next spring, the interfraternity council met last night.

The group passed the motion of using all available fraternity rooms to help accommodate the chemical society by a vote of 25 to 1 and the plan will be submitted tonight to the different lodges for a final decision.

The council voted that, with the exception of the first day, rushing hours next fall will be from 2:00 to 6:00 o'clock in the afternoon instead of from 4:00 to 6:00 o'clock. This plan will, however, have to be approved by the faculty committee on fraternities.

The group decided to give three plaques as awards to fraternities winning first places in football, baseball, and basketball interfraternity contests. If a lodge wins a plaque three times in succession, it will have the right to keep the award as a permanent prize.

LIBRARY RECEIVES IMPORTANT BOOKS

Three Sets of Books Added to Collection of Drama.

The library has recently made three important additions to the Archibald Henderson collection of American drama. Two of these additions are in the form of gifts presented by Dr. Archibald Henderson and Percy MacKaye, well known American dramatist. The third addition came from the University of Chicago library on an exchange for duplicate books from this library.

The first of these additions was a group of 40 early American plays presented by Dr. Henderson. These plays were printed in the period 1802-1814 and give a good picture of the American stage of that period.

The second addition was presented by Percy MacKaye who has been visiting Chapel Hill. MacKaye's contribution includes 20 plays by himself and others.

The third addition to the collection came from the University of Chicago library on exchange and includes 39 rare early American plays.

VISITOR SPEAKS TO PHILOLOGISTS

Dr. Knickerbocker Advises Revolution by Universities to Create Intellectual Order.

"Scholarship in a World of Chaos" was the subject of a lecture to the University Philological society by Dr. William Skinkle Knickerbocker, head of the department of English at the University of the South, Sewanee, Tennessee, in the Smith lecture room last night.

"Extravagant as the statement may be, I propose that the universities of this country and elsewhere have the prospect and obligation to do what the Catholic church did in the fifth to the sixteenth centuries, to create a scheme of order inspired by the recognition of the differences of personalities, traditions, philosophies, and techniques, and by their devotion to truth as their sole criterion to find the clue if not the security then to satisfactions far greater than those the Catholic church ever achieved," stated Dr. Knickerbocker in questioning the statement of George Bernard Shaw that all universities of the world should be dynamited.

Shaw's Objection

George Bernard Shaw made this statement because, he said, the war was caused by men holding university degrees, and the universities produced the intellectuals who destroyed the world. Given the world chaos in which we live today, the chaos in literature, religion, art, etc., and conceding the many attitudes of futility, Dr. Knickerbocker proceeded to point out the possibilities of the universities as social binders analogous to, the Catholic church of the middle ages.

He outlined his conception of the idea of the University, frankly admitting his indebtedness to Newman's famous book on the subject.

"Through the beneficent action of scholarships, mastery of technical skills, and freedom achieved by generous contacts, what is at present chaos may be transmuted to cosmos, and we may move from restlessness to peace," he remarked.

GOLDEN FLEECE TO TAP CHOSEN MEN TOMORROW

Annual Tapping of About Twelve Outstanding Students Is Highest Campus Honor.

A. H. GRAHAM WILL SPEAK

The Order of Golden Fleece, highest campus honorary society, will conduct its annual public tapping ceremony tomorrow night at 10:00 o'clock in Memorial hall.

The address of the evening will be made by A. H. Graham, lieutenant-governor of North Carolina.

Membership in the order is considered one of the highest honors which can be bestowed upon University students. In making selections for membership in the society, qualities of character, influence on the campus, and service to the University are taken into consideration.

In the traditional tapping ceremony, two hooded figures will seek out chosen students from the audience.

Usually Tap Dozen

Approximately a dozen individuals are inducted into the order each year. Last year and the year before 11 men were tapped, but in 1931 only seven students were installed into the society. Eleven men were tapped in 1928, and 13 in the year before.

Each year prominent state and national leaders are brought to the campus to present the address of the evening before the tapping service. Last year Hon.

HONORARY GROUP ELECTS OFFICERS

Crutchfield Chosen President of Tau Beta Pi; King, Huber, Old, Culven, Morrison Selected.

At a regular meeting of the Tau Beta Pi, honorary fraternity of the school of engineering, conducted last night in Phillips hall officers were elected to serve for next year's school term.

Those elected into office are as follows: president, Jack Crutchfield; vice-president, W. W. King, Jr.; recording secretary, Dick Huber; corresponding secretary, Bruce Old; treasurer, F. E. Culven; cataloger, W. C. Morrison.

The president is automatically chosen each year to serve in the capacity of delegate to the national convention of the Tau Beta Pi fraternity. The convention last year was held in Chicago.

Plan Banquet

Plans were also made for a social banquet of the honorary society which will be given before the dances next Friday night. This affair will take place in the banquet hall of the Carolina Inn.

Retiring officers were: president, William Ridenhour; vice-president, Edward Brenner; recording secretary, P. R. Hayes; corresponding secretary, F. E. Culven; cataloger, Sid Franklin; and treasurer, Rob Marvin.

Junior Leaders to Meet

There will be a meeting of the junior dance leaders and the executive committee of the junior class during chapel period today in Graham Memorial.
