

## Graham Asks State To Increase Appropriation By Half-Million

### Would Make Salary Increases Possible

Graham States Greater University Does Not Ask for Preferential Consideration.

### PRESENTED PLAN TUESDAY

An increase of slightly more than a half-million dollars in the appropriation for the Greater University was requested by President Frank Graham in the budget which he presented to the State Advisory Budget commission at its meeting Tuesday in Raleigh.

This increase, if granted, would make possible a 25 per cent increase in the salaries paid to the faculties and other employees of the three units and would bring the total appropriation to within another half-million of the 1928-29 allotment.

### Will Co-operate

In asking for the additional appropriation President Graham stated that the University has been and is willing to co-operate with the state in its present financial difficulties.

Emphasizing the fact that the University is interested in the common good, Graham said:

"We place this budget in your hands to be considered on its merits in fair relation to all the other institutions, departments, and great public agencies of the people. We ask for fair, not preferential, consideration. We realize the needs of... all others in the public service in North

## OSTROW SELECTS NEW CHEER MEN

Four New Cheerleaders Will Co-operate with University Club In Pep Rally Organization.

Chief Cheerleader Ostrow made known at a late hour last night the names of the cheerleaders for the coming year.

The men chosen to fill the positions are: Hoge Vick, of Selma; Francis Campbell, Wallace; Ben Witherington, Goldsboro; and Pete Hinnant, Micro.

### Originally 12 Men

The selection was made after ten days of intensive practice under Ostrow's direction from a group of 12 men.

The cheerleaders this year will co-operate with the University club in the organization of the Cheerios. Work toward that end has already been done.

It is planned to have a card system for the cheerio section of the stadium so that letters and figures can be formed. The entire University club is aiding in this project.

Cheering practice will be scheduled from time to time by the cheerleaders with the co-operation of the junior spirit organization, and pep rallies will also be organized by these groups.

Ostrow has reduced the number of cheerleaders to a satisfactory size. "A cheer leading group should be small," he said, "so as to permit perfect synchronization, impossible with a large squad."

"The cheerleaders have their work cut out for them this year. We're going to put everything we have into it, so as to make the Cheerios as famous as in the days of Kay Kyser," Ostrow added.

### Address Listed?

Students who failed to write their addresses on their registration cards during enrollment in the Tin Can last week should leave their addresses in the Y. M. C. A. office today.

Students who leave no record of their residences will not have their addresses in the "Y" directory, according to Helen Hodges, office secretary.

Among the speakers on the program was Francis F. Bradshaw, dean of students, who spoke briefly on "The Everett Experiment," setting forth the project which is being tried this year in the dormitory.

Mayne Albright, former director of Graham Memorial and at present in charge of the dormitory, presided at the convocation.

Haywood Weeks, dormitory secretary and president of the Carolina student body two years ago, spoke on "Dormitory Councils."

### House Rules

A report of the Everett committee on house rules was presented and rules and resolutions were adopted.

After the serving of refreshments, opportunities for using the Graham Memorial game room were granted the roomers.

Election of councilmen for each floor of the dormitory was deferred until a later meeting.

## TEXTILE WORKERS THREATEN STRIKE; PRESIDENT ACTS

Names Relations Board to Act as Supreme Mediator Between Bosses and Workers.

### PLEADS WITH EMPLOYERS

Washington, Sept. 26.—(UP)—Moving swiftly midst angry demands from textile centers for the resumption of the nationwide walkout, President Roosevelt tonight named a labor relations board which will act as the supreme power in the adjustment of disputes between textile workers and employers.

Threats of the resumption of the strike were due to the discrimination of textile employers against those who had taken part in the country-wide walkout September 1.

### Appeals to Leaders

The president appealed to the heads of the industry to re-employ the strikers without discrimination.

The board is composed of Walter P. Stacy, Chief Justice of the North Carolina Supreme court, chairman; Admiral Henry A. Wiley, and James Mullenbach, Chicago labor arbitrator.

The board will have full authority to investigate alleged violations of section 7a of the National Recovery Act, and parts of any code of fair competition or agreements which include this section.

The original strike was ended by textile workers September 22 in answer to an appeal from the President. The Executive council of the United Textile Workers was strongly influenced at this time by the settlement plan offered by the President's mediation board headed by Governor Winant of New Hampshire.

The industrialists agreed to this plan last Saturday which abolished, among other things, the stretch-out system, for long a sore point of contention.

Authorities Find \$840 Additional Ransom Money Hidden in Hauptmann's Garage.

### EXPLANATION COLLAPSES

New York, Sept. 26.—(UP)—Bruno Richard Hauptmann was today indicted for extortion of the \$50,000 ransom money in the Lindbergh kidnaping episode three hours after Colonel Charles A. Lindbergh made his dramatic appearance before the Bronx County grand jury.

While the famous aviator was telling his story to the grand jury, detectives uncovered an additional \$850 more of the ransom money which was concealed in the garage of Hauptmann's home, making the total found in his possession \$14,590.

### Story Collapses

The discovery of this additional money exploded Hauptmann's tale of how he got the yellow backs already found from his friend Isador Fisch. He had insisted that Fisch had left \$14,000 in the Hauptmann home before departing for Germany.

Fresh evidence accumulated hour by hour against the prisoner.

District Attorney Samuel J. Foley said that Hauptmann is to be arraigned before the Bronx County court tomorrow morning for indictment. The trial date

## TWO NOMINATED AS 'Y' DIRECTORS

Cabinets Hear Plans for 1934-35 Season; Change in Constitution Is Discussed.

Acting dean W. J. Miller and C. P. Spruill were nominated at the joint meeting of the Y. M. C. A. cabinets, Monday night, to succeed Dr. English Bagby and Dr. A. C. McIntosh who recently resigned their posts on the board of directors.

Should no further nominations be made, these men will be automatically elected at the next joint meeting of all the Y. M. C. A. cabinets, scheduled for October 15th.

### Plan for Year

The Monday night session heard the plan for "Y" work for 1934-35 as presented by the president, J. D. Winslow and adopted the program unanimously.

Don McKee discussed the sophomore cabinet program as outlined by Philip Kind and himself. A motion to adopt the program was carried.

The board of directors suggested that a junior, preferably the ex-treasurer, should serve on the board after he had become a senior. This would mean that B. S. Smith, present treasurer of the "Y" and a member of the junior class, would serve on the board of directors next year.

This method would insure a student member with experience every year. Because of the necessity of an amendment to the constitution, the cabinets deferred action on the board's suggestion until the October meeting.

The regular meetings of the various cabinets will be held Monday, October 2.
