

BULLETINS

General Faculty—Meeting Friday afternoon at 4 o'clock in Bingham hall. Order of business: quarter and semester system. **Freshman Executive Committee**—Tonight at 8:15 in 212 Graham Memorial. Important. **All Freshmen**—Meet tomorrow morning, 10:30, on steps of Manning hall for Yackety Yack group pictures.

Wrestling

(Continued from page three) man in 27 seconds while Smith (Ruffin) flopped his opponent 10 seconds after the opening gong rang. A number of other falls were made in less than one minute with the majority winning out between two and three minutes. Only a few of the bouts were decided by time advantage.

In the 118-lb. class Barwick (Chi Psi) threw Ethridge (Graham) in 3:39 to earn the right to oppose Harris (Phi Gamma Delta) in the finals which will be run off tonight.

Only six men turned up for the 125-lb. division and two of them drew byes for the first round. Hastie (D. K. E.) defeated Hubbard (Graham) by a fall in 4:00; Moore (D. K. E.) body slammed Reece (Chi Psi) in 2:45, and Sunstein (Z. B. T.) and Calhoun (St. Anthony) drew byes.

In the 135-lb. class 15 entries were received. Mathewson (Ruffin) threw Taylor (Mangum) after 2:42 for the first fight of that class. Other results in the 135-lb. division found Shevick (Grimes) beating Raney (A. T. O.) in a 5:50 time advantage bout; Randall (S. P. E.) threw Henderson (Sigma Nu) in 2:53, Brown (St. Anthony) won from Hecht (Z. B. T.) by a quick fall, and Myrick (Old West) slammed Eutsler (Sigma Nu) to the mat in 4:42.

Biggest Division

The 145-lb. class was the most popular division of all with most of the entrants weighing in at that weight. Kephart, winner of the 135-lb. title in 1934, found himself too heavy for his original division and had to forfeit his chances of repeating in that class in order to compete in the 145-lb. division. Kephart found the new class much to his liking by disposing of Michel (Graham) in 1:42.

In the other matches of that class, Judson (St. Anthony) threw Branch (Beta) in the quick time of 1:20. Steward (St. Anthony) tugged his way through to a win over Lovelace (Sigma Nu) in 7:31; Michaels (Battle) downed West (Ruffin) in 4:11; and Smith (Ruffin) came out in the fastest time of the mat tourney by pinning Lamont of Sigma Nu in 10 seconds flat.

Callum (Everett), Barnes (Chi Psi), Robinson (Everett), Miller (Sigma Nu), Mickey (S. A. E.) and Simmons (D. K. E.), all pinned their opponents to lead the 155-lb. division.

Hairston Wins Easy

Hairston (Sigma Nu) started the 165-pounders going by administering a decisive drubbing to Blumenthal (Z. B. T.) in the fast time of 27 seconds. Winborne, (D. K. E.) of freshman football fame, tugged it out with Peacock (Graham) and was returned the victor in 5:50. Hagey (Chi Psi) and Williams (Manly) were the only pair to battle for two falls with Williams emerging the victor in .55 of the second fall period. Smith (Manly) defeated Hines (D. K. E.) in 2:40, Foreman (Chi Psi) downed Oettinger (Z. B. T.) in 2:40, and Rankin, winner of the intra-

Health Administration Statements

BERRYHILL'S STATEMENT

To Swain Hall Committee:
Throughout the fall we have been greatly concerned over the large number of students who have consistently lost weight because of undernourishment, over the increased incidence of gastro-intestinal illnesses, and over the noticeably lower level of student health in general.

It is useless for the University to attempt to build a department of student health or a department of physical education if it neglects to provide an opportunity for students to have one of the most fundamental factors in maintaining health, namely, sufficient, clean, wholesome food.

(signed)
W. R. Berryhill, M. D.
University physician

LAWSON'S STATEMENT

To Swain Hall Committee:
I have been asked to express my opinion in regard to establishing a University dining hall.

I am of the opinion that such an eating place would be most advantageous. The hall should be able to furnish food at a lower price to the students than could be secured at the other eating places.

It should be a common gathering place for the large percent of the student body. General discussions of campus topics, class room work, etc., could and would be of much value.

Any dietician with experience could supply "sufficient food, not in bulk, but in a well balanced meal, to serve all the desired purposes, at a cheaper rate than the students are now paying.

Regular meal hours would be of inestimable value.

(signed)
R. B. Lawson, M. D.
Director, Bynum Gymnasium

COMER'S STATEMENT

To Swain Hall Committee:
The University has done a good job on expanding its service to the student body in the department of health and physical well-being during the past two years. This expanded service has cost a good bit of money, but no better money has been spent than this. However, the closing of Swain hall, it seems to me is paradoxical, regardless of the

mural-boxing award in the 165-lb. class, took a turn at the mat game and succeeded in throwing Vinson (A. T. O.) in 2:45. Hearn (Lewis) and Kline (Graham) started the festivities in the light heavy class. After one of the most gruelling bouts of the day, Hearn, finalist in the murals last year, pinned Kline in 5:40. Woodson (D. K. E.), Williams (Ruffin), Howard (Graham), Adams (S. A. E.), and Hood (Lewis) emerged the victors in the 175-lb., light-heavy division.

The surprise upset of the day occurred when Macphee (Aycock), defending champion in the unlimited class, lost out to Clements (Chi Psi) with Clements holding a time advantage of 1:20. This was the only bout in the afternoon unlimited class.

Today at 3 o'clock and again at 7 o'clock in the evening the grunt and groaners will attempt to wrestle each other around the mat until either one of them is pinned. It is hoped that all those who have come through the tourney this far will report on time so that the matches may be run off in a more perfect order.

cost required to remodel and re-open it, since its absence is going a long way to defeat the purpose of adequate health service.

Proper control of diet is the first step in the physical well-being of any person or group of persons and I believe the absence of an efficient dining hall operated by the University in this community renders this control of diet practically impossible.

I therefore feel that the University should remodel and re-open Swain hall at the earliest possible date, regardless of a guaranteed income. Furthermore, I believe that a dining hall or cafeteria, properly equipped and properly operated can run with a balanced budget each year.

(signed)
Harry Comer,
General Secretary,
University Y. M. C. A.

FETZER'S STATEMENT

To Swain Hall Committee:
Swain hall fills an essential need in student life on our campus that is not satisfied by any other agency. I should like to join in a properly directed movement to have it re-opened.

(signed)
R. A. Fetzer,
Athletic Director

CORNWELL'S STATEMENT

To Swain Hall Committee:
In general, college and university dining halls have had a very desirable effect on the health habits of student bodies. In the university community they have proven a vital factor in keeping the various places where food was prepared and distributed on a high level.

To build desirable eating habits among college students depends to a great extent on the way the food is prepared, how it is served, and whether it is balanced in terms of body need. The college dining hall can set the standards in terms of cost, variety, conducive environment and the like.

It is an accepted fact that in a college or university community adequate and desirable dining halls are of supreme importance in terms of student welfare.

Hygiene Department

Swain Hall

(Continued from first page) partment; C. P. Spruill, Chairman of the Faculty Committee of advisers; and Edwin S. Lanier, Self-Help secretary.

Part of Petition
The documents will be compounded into an appendix to the general student petition now being signed in dormitories and fraternities and submitted as part of the petition.

These expressions of opinion include those of nearly every key official close to student health and welfare. Significant is the statement by Dr. W. R. Berryhill that: "It is useless for the University to attempt to build a department of student health if it neglects to have one of the most fundamental factors in maintaining health, namely, sufficient clean wholesome food."

Meanwhile, an incomplete survey revealed a large number of signatures on the student petitions. The committee yesterday asked that all interested in the general welfare of student body sign the petition immediately. Copies will be collected tomorrow. The petition in its final form will be presented Saturday morning.

LANIER'S STATEMENT

To Swain Hall Committee:

In my humble opinion, Chapel Hill, and the University itself, and a large number of our students are neither saving nor gaining on account of a closed Swain hall; rather, they are taking definite losses which will be unfortunate in the long run.

(signed)
Edwin S. Lanier,
Self-Help Secretary.

SPRUILL'S STATEMENT

To Swain Hall Committee:

I am glad to write of the need for improved boarding conditions for freshmen. This need is twofold. First, we should be sure that each establishment which is approved for student patronage is worthy of an excellent rating with respect to sanitation and a balanced diet. Second, the charges should be reasonable.

The announcement in the catalogue for the current year and statements sent out last summer by the Committee of Advisers led students and their parents to expect that board would be obtainable at \$20.00 to \$22.50 per month. This was not a contract, of course, and since the time the statements were printed, circumstances have changed. The fact, however, that those assurances were published does emphasize the University's responsibility to do what it can to promote the supply of wholesome food at moderate cost.

With regard to the specific question of the re-opening of Swain hall, the University's responsibility to the State Government is a limiting factor. Our budget does not permit a subsidy to a dining center. Therefore, it appears to me that the way out of our difficulty must be sought through a grant from emergency funds or the guarantee of a dependable clientele for a University dining hall.

C. P. Spruill, Jr.
Chairman of the Faculty
Committee of Advisers.

Needlework Display

The Needlework Guild will display its donations in the Episcopal parish house from 2 until 5 o'clock this afternoon.

TOWN GLEE CLUB TO GIVE CONCERT

Chapel Hill Choral Club to Present Bach's "Oratorio" Sunday

The Chapel Hill choral club will give the Christmas "Oratorio" by J. S. Bach Sunday afternoon in Hill Music hall at 4 o'clock.

The choral club is an organization of long standing in the community, and is composed of townspeople, students, and faculty members. H. Grady Miller, professor of voice, is the director.

The soloists are Mrs. Camilla J. Schinhan, soprano, Mrs. E. C. Caldwell, contralto, Karl Fisher, tenor, and Sherman Smith, baritone. Mrs. Caldwell and Mr. Fisher were heard here last year when the choral club presented Rossini's "Stab Mater."

The accompanists will be Mrs. A. S. Wheeler, pianist, Jan Philip Schinhan, organist, Benjamin Swalin, violin, Mrs. R. D. Weatherford, cello, E. A. Slocum, flute, and Herbert Hazelman, oboe.

The choral club expects to give the other half of the "Oratorio" next Christmas.

DI AND PHI ELECT OFFICERS FOR '36

Society Hears Report of Swain Hall Committee; Pass Several Bills

Nominations were opened and closed three times in the Phi assembly hall last night when Wiley Parker, Jack Lynch, and James Van Hecke won without contesting, the offices of speaker, speaker pro-tem, and reading clerk. Billy Seawell was selected sergeant-at-arms.

In a wholesale nominating spree after the previous inactivity, the representatives began naming one another so rapidly for positions on the ways and means committee, that Speaker Francis Fairley was forced to call a halt in order that some members be left to vote. When the final returns were counted, Stuart Rabb was elected chairman with Mace Gwyer and Leighton Dudley as other committee members.

The representatives selected Bill Rainey from the freshman class to serve as assistant treasurer.

Stuart Rabb presented a report of the work done by the Phi Swain hall committee. It was decided that the petition be placed in Spencer hall and the Archer house.

The following bills left on the

calendar were passed: (1) Resolved, That the Phi assembly favor Government ownership and control of the munitions industry; (2) Resolved, That the United States conduct federal lotteries to raise money for charitable purposes; (3) Resolved, That women be admitted to the freshman and sophomore classes of the University.

The bill calling for the abolishment of comprehensives was tabled until the first meeting of the winter quarter on January 7.

DI SENATE

The Di Senate last night selected Jimmy Howell as its winter quarter president and T. P. Yeatman as its head during the spring session.

Eddie Kahn was chosen sergeant-at-arms for next quarter and Senator Stein was elected clerk.
