SAND AND SALVE

By STUART RABB

LAUGHTER AND TEARS

There was ecstatic glee down in the TVA towns yesterday. Citizens were happy because nine old men in Washington passed down a decision upholding the right of the federal government to: (1) build power dams; (2) sell surplus power made at aforesaid dams; and (3) construct power lines to transmit aforesaid power.

In Washington a record-breaking audience heard Chief Justice Charles Hughes read for an hour a decision signed by himself and seven of his colleagues. Justice McReynolds alone dissented in no uncertain terms, claiming that the verdict did not include the entire TVA project.

One problem was not mentioned in the decision. This question is: Can the government constitutionally finance the construction of municipal power plants? Until it is answered, New Dealers may not wholly relax.

Nevertheless, there was much gladness of heart among those of the Administration who heard the decision. They are glad to see the home team take the third game of the series by an 8-1 count.

On the New York Stock Exchange there are many heavy hearts today. In early trading yesterday, the rumor got out that the Court had declared the TVA unconstitutional. The bulls began to roar. When the truth became known, utility shares hit the skids, the market tumbled, and traders ran for cover. It was very sad.

The moral to this story is: You can't please all of the people any of the times.

TALKING THINGS OVER!

Gertrude Michael and George Murphy seem to have a great many things to say to each other, over the long, cool drinks they're holding, in Paramount's thrill-packed drama, "Woman Trap," which opens today at the Carolina Theatre.

I See By The Papers

Coach does most of the ordering. . . All of the lighter men have to get weighed. . . Frank Umstead is too near the line to be able to eat a big meal. . . Many others are in the same state of affairs. . . They sit at a certain table and the Coach places orders of eggs and toast for them. . . They complain but know it's the only thing they can eat without putting on excess weight. . . Managers as usual eat ice cream for dessert while dieters complain. . . After meal Coach tells us bus will leave at 3:15. . . He warns Hastie and Harris not to get lost as they did in Roanoke on previous trip. . . After making an inspection of the town we leave for Lexington. . .

Friday, 5 p. m.—After a thrilling ride through the mountains we arrive at Lexington, thankful to be there. . . U-turns at 1,200 feet are plenty thrilling with ice and water on the ground. . . Most of the boys are tired and so they rest until the call for dinner at 6:30. . . The mess hall was built last year with government funds and is the answer to all Swain hall diners' prayers.

Friday evening—We all go our different ways after dinner with orders to return at 10 o'clock. . . Most of us end up in the movies. . . All are tired and so most of us are asleep at 10 o'clock. . . At around midnight somebody knocks at the door. . . Many are awakened but are too lazy to get up and open the door. . . Finally after several minutes of annoying knocking somebody opens the door and lets the person in. . . It is not Peterson, as expected, but the Coach. . . Everybody lost no time in falling asleep immediately.

old members who have earned more than one letter in these two activities.

All members are asked to wear their sweaters to the meeting. Free Monogram club stationery will be distributed to all members present and refreshments will be served at the end of the meeting.

UNIVERSITY CLUB

New members of the University Club will be elected tonight when the present membership of the club meets at 7 o'clock in Graham Memorial. Members who have not made their recommendations for new members are urged to have them ready by tonight as final elections will be conducted then.

STUDENT COUNCIL

The student council last night suspended two more men for implication in the recently-exposed cheating ring.

Two other men accused of cheating but not connected with the ring were acquitted. Two cases, also unconnected with the ring, were deferred.

Co-ed Candidate

At a meeting yesterday, junior co-eds elected Anita DeMonsegle to run as their candidate for assistant dance leader. Louise Davis, the only other candidate, withdrew.

Each puff less acid—Luckies are A LIGHT SMOKE OF RICH, RIPE-BODIED TOBACCO

For twenty-five years the research staff of The American Tobacco Company has worked steadily to produce a measurably finer cigarette—namely, a cigarette having a minimum of volatile components, with an improved richness of taste—"A LIGHT SMOKE."

We believe that Lucky Strike Cigarettes embody a number of genuinely basic improvements, and that all these improvements combine to produce a superior cigarette—a modern cigarette, a cigarette made of rich, ripe-bodied tobaccos—A Light Smoke.

Luckies are less acid

Recent chemical tests show* that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.
