punt and as a result tallied Ruffin's lone score when he raced 60 yards behind beautiful interference.

Austin

With but the conversion standing between victory and defeat for Ruffin, Jake Austin was called in to attempt the try for the vital point. His attempt went wide and Grimes was returned the victor and dormitory champion.

Grimes will now take it easy until the fraternity winner is decided and then will meet the victor of the rival tourney for the campus intramural grid title.

remove their conditions by taking an examination such as that now required. Students of the third class must register for English cc and pass the course, either in the quarter following their diagnostic test or, if the class is filled, at a time designated by the secretary.

"Students failing to appear for the diagnostic test and to follow instructions about removing conditions will not be allowed to register in the University for any succeeding quarter."

The date for the diagnostic test is November 19. Professor Bailey emphasized the fact that all students having cc's must take the test on the above date.

scoring a touchdown apiece, Aycock took a 12-0 win from Manly in the only other game in the dormitory division.

In the fraternity division Lambda Chi Alpha took a close one from A.T.O. 7-6, S.P.E. took Sigma Chi 6-0, and Pi Kappa Alpha walloped Kappa Alpha 13-6.

Theft Cases

Reporting of Thefts

The University administration requests that students report all thefts to T. E. Hinson, assistant administrator for dormitories, office in 110 Manly, or the campus police at 5151, or the public pay station in the Y. M. C. A., number 4001.

P. L. Burch, supervisor of the physical plant, believes that the best means to prevent petty thefts in the dormitories is for

students to keep money and valuables either locked up or upon their person.

"It is unfair to the janitor to leave valuables lying around. If they are missed it creates a suspicion concerning him. Also the University takes particular caution to prevent surplus keys from being on the campus. A record is kept of all keys made by any person. If we go to that trouble students should cooperate by keeping their dormitory doors locked," Mr. Burch said.

FOR DIGESTION'S SAKE...
SMOKE CAMELS

Camels increase digestive activity — encourage a sense of well-being!

WITH healthy nerves and good digestion, you feel on top of the world. When you smoke Camels with your meals and after, Camels help in two special ways: Tension is lessened and Camels promote digestive well-being. So enjoy your Camels between courses and after eating. Strain eases.

The flow of digestive fluids, so vital to proper nutrition, is speeded up. Alkalinity is increased. You get more good from what you eat. For an invigorating "lift"—for matchless taste—and "for digestion's sake"—the answer is the same: Camels. Camels set you right! And they don't get on your nerves.

CONCENTRATION calls for mental stamina—taxes digestion too. That's where Camels help! "For digestion's sake... smoke Camels" during meals and afterward. And when you are tired—you get a refreshing "lift" with Camels. Camels set you right.

CHAMPION BOWLER. Johnny Murphy says: "Smoking Camels at meals and after works out swell in my case. Camels help my digestion. After a meal and Camels, I settle back and really enjoy life."

AFTER THE GREATEST FINISH UNDER FIRE IN GOLFING HISTORY: Tony Manero gets set for eating by smoking Camels. The gallery went wild when Tony Manero scored a spectacular 282—4 strokes under the record—to win the 1936 National Open Golf Tournament. In spite of the long grind, Tony's digestion stands the strain. Tony himself says: "For digestion's sake—smoke Camels! hits the ball on the nose. I enjoy my food more—have a feeling of ease—when I enjoy Camels with my meals. Camels set me right."
