

BULLETINS

Radio club — Meeting tonight, 7:30 in room 250 of Phillips hall. Joe Star will talk on vacuum tube detectors.

Gene Sings Heart Away to "Smartest Girl"

Gene Raymond displays his popular vocal talents as he sings his own "Will You" to Ann Sothorn, in this romantic beach scene from "Smartest Girl in Town," RKO Radio comedy hit on the screen of the Carolina Theatre.

The Moving Finger

By C. W. Gilmore

Cairo Undermined by River
Cairo, Ill., Feb. 2.—The Ohio river, its drive to inundate this city frustrated by a re-enforced levee, found a new opening today when it seeped under the flood wall into the sand foundation of Cairo.

About 50 "sand boils" which sprang up in the heart of the flood-seiged city gave evidence of the new peril. Major R. D. Burdick, U. S. Army engineer, explained the eruptions as caused by the terrific pressure forcing the river under the levee.

In time Cairo will be a floating island; and then the river will sweep unrestrained over the city streets, finally making the town part of a new-formed channel.

Although sand-bags were piled over the "sand boil" geysers little could be done about the undermining of the town. Extra coast guard boats were rushed to the scene, ready to evacuate the town's 6,000 defenders who have been fighting the river.

Probably inspired by its new method of attack, the river crept farther up the flood wall until it reached 60 feet in depth. Only a frail, mud superstructure bars the Ohio from flooding the city.

The crest of the flood in the Mississippi valley is expected in the next few days. Engineers, however, expressed the belief that the billion dollar levee system could protect the threatened banks, under martial law for 50 miles on either side of the river.

Strikers Ordered to Evacuate

Flint, Mich., Feb. 2.—Sit-down strikers occupying two General Motors plants here were ordered to evacuate the premises within 24 hours by a court injunction granted today by Circuit Judge Paul Gadola.

The injunction also prohibits the Automobile Workers of America from picketing near the buildings.

Gadola granted the injunction upon the request of the General Motors corporation. Union officials were unable to show cause why the injunction should not be granted in the trial held yesterday. The request referred to the strikers as "former employees."

Following the outbreak of riots yesterday, national guardsmen seized a union sound truck and took into custody the two operators, one of them a union organizer. With bayonets the guardsmen also dispersed nearly 50 pickets who had gathered near the strike zone.

Two of the dozen injured in yesterday's rioting were reported as in serious condition, but Detroit union headquarters nevertheless announced that John L. Lewis, chairman of the committee for industrial organization would arrive tomorrow "to intensify the strikes."

State Creates Seven-Man Count

Raleigh, N. C., Feb. 2.—The North Carolina senate without hesitation passed an expansion bill which will give the state a seven-man supreme court in a quiet session this morning. The bill has already been approved by the house.

The new law will go into effect July 1 when a supreme court chief justice and six associates will head the states judicial arrangement.

The winning streaks in basketball vary considerably with the Kansas teachers holding the lead winning 48 straight; L. I. U. hung up 43 and Maryville (Mo.) Teachers made 41.

Not In The News

(Continued from page two)

loon ballroom for dates on an "outing." Around the plenty-adequate floor he'd arrange his tables; and for the orchestra's benefit he'd cut down the big lights and turn on a fancy revolving prism reflector down in the center of the dance floor. With speckled shadows dancing on the walls beyond the potted palms. Brother Duke might have something!

CUSTOM MADE — Mention of the "Pirates of Penzance," which, according to some, clicked smoothest Sunday night, reminds us that Miss Haynsworth, the heroine, hadn't sung at all before the rehearsals started.

The production outfit had the Sullivan musical score lowered to fit her contralto for the solo parts!

Len' Your Ears

(Continued from page three)

And rolls up a score And is now but the means to an END!

Penn represents the state—not the school. We have no thoughts of starting slander. If you were to call the mystery man above by his first name you would be tempted to preface it with "Handy." We rush on madly:

Who is the coach of a hectic crew Who gave his all to these boys in blue

But on the night of nights Was he there at the fights No! He had flown like a fly with the flu!

The above is virtually a giveaway but in an attempt to be impartial to all we will add that he is a member of the varsity boxing coaching staff of one. As a grand finale we give you a veritable enigma:

And just who is this limerick writer Who has been father to verses much brighter

He wrote by the score The best since the war But without fail there were always too many syllables in the last line!

Ring the bell on that one and you are well on your way to qualifying as a possible entrant in the restricted group of winners eligible for the prize. In addition to solutions you will be required to sell a recently abandoned "plan" to five other conferences, guarantee a Rose Bowl eleven, contribute several tracksters capable of a mile in 4:06 or less, create another Bitsy Grant, a few baseball players, and other minor requisites. We will enclose detailed instructions on receipt of proper credentials.

Tony Acquilla, stadium ground keeper at Ohio State University, says it takes 10 men from four to seven days to clean up the stadium after a game. After the Pitt game his men removed 75 tubs of rubbish from the grounds.

score at this point, with ten minutes and thirty seconds gone was 24-10.

Last night's win was the 7th consecutive victory for the White Phantoms. They haven't lost a game since their 37-30 defeat at the hands of the N. Y. U. quintet. The squad will take it easy for two days and then travel to Charlottesville to play Virginia Friday night. The following night they will meet the Maryland five in a return engagement.
