Magill, Graham Carry Campus Elections

Chemical Society Convenes Monday

University To Entertain
2500 Chemists At
Week's Meeting

Invited By Graham

By GORDON BURNS

Delegates from all over the United States will begin arriving in Chapel Hill tomorrow to register for the 93rd semi-annual convention of the American Chemical Society which will convene here through next Thursday.

This will be the first time the society, an organization representing the entire field of chemistry—professional, industrial, and educational—has met on a college campus in the South.

Distinct Tribute

Invited here by President Graham in the fall of 1934, the society's decision to accept is regarded as a distinct tribute to the standing of the University and its chemistry department. Host to the largest convention of professional men and women ever held in the state, the University will welcome between 2,000 and 2,500 chemists from all sections of the nation. The society has 17,500 members.

Sessions will not get underway until Monday morning.

Committees

Headed by Russel M. Gruman, the committee on arrangements includes: Edward Mack, Jr., chairman of the North Carolina section of the society and head of the University Chemistry department; E. C. Markham, secretary-treasurer of the North Carolina section and J. S. Bennett, on housing; H. D. Crockett, meeting places; G. M. Hill, registration and information; Haywood Duke, group dinners and luncheons; Herman Schnell, transportation; Harry Comer, entertainment; J. Maryon Saunders, plant visits and sightseeing; R. W. Madry, publicity; R. B. Lawson, golf and tennis; P. L. Burch, safety; Mrs. Edward Mack, Jr., women's activities; and Miss Frances Brown, entertainment of women chemists.

Dance Rules

Marvin Allen, chairman of the University dance committee, yesterday emphasized committee rules regarding conduct at dances in view of the week-end May Frolics.

Students can bring no intoxicants to any dance and no sign of drinking will be tolerated.

No smoking will be permitted on the dance floor. At each end of the floor will be smoking areas.

No girls can leave the hall during the dance unless accompanied by a chaperon.

At the committee's discretion, any student, visitor, or alumnus may be suspended from all University dances for any sort of misconduct.

Soprano

Miss Margaret Roberts who will sing in Graham Memorial Sunday afternoon at five o'clock.

Roberts To Sing At Union Sunday

Ivey Invites Early Arriving
Chemists To Enjoy Program

Miss Margaret Roberts, of New York and Pinehurst, will sing Sunday afternoon in the Graham Memorial Union at 5:00 o'clock.

The early-arriving chemists are cordially invited to attend, according to Pete Ivey, director of Graham Memorial. The public is also invited.

Accompanying Miss Roberts will be Mrs. Maxine Swalin, of Chapel Hill.

The concert is one of the regular Sunday afternoon concerts.

Judges Pick Winners For Picture Tilt

Barksdale, Gardner Win
First Awards In
Two Divisions

Jerry Kisner, editor of the DAILY TAR HEEL night photo contest which ended April 1, announced yesterday that 32 winners have been selected and will be awarded prizes in the newspaper office this morning from 10:30 to 11.

Winners

Winners in the animal and human photo group were: Lane Barksdale, \$5; D. A. Bartlett, \$2.50; John E. Lear, Lytt Gardner, Cornelia Gray, James W. White, and Sam Hahn, \$1 each; T. G. Henderson, Bob DuFour, Herbert Backrach, Martin F. Shuck, H. Augenblick, Cornelia Gray, Lane Barksdale, John E. Lear, Lytt Gardner, and John A. MacPhee, one 5x7 enlargement each.

Winners in the still-life group were: Lytt Gardner, \$5; Ted Metcalf, \$2.50; R. K. Barber, Ralph Bragdon, Martin Shuck, Paul Quinn, and Irving Niditch, \$1 each; Ralph Bragdon, R. K.

Fraternities' Frolic Dances Start Today

Johnson's Band To Play
For Annual Set
Here, Durham

To the music of Johnny Johnson members of seven fraternities and their dates begin two days of May Frolics this afternoon at 4 o'clock in the Tin Can.

Tonight's dance, with Johnson's Hotel Pennsylvania orchestra, will last from 9 until 1 o'clock.

A luncheon dance at the Washington Duke Hotel in Durham, a special feature of the nine-year-old Frolics, will be held tomorrow noon until 2 p. m.

Saturday evening's dances are scheduled for 4-6 p. m., and 9-12 p. m.

Saturday's music will be by George Olsen's Edgewater Beach Hotel orchestra.

Sponsors

Fraternities sponsoring the set are Sigma Nu, S. A. E., D. K. E., Beta Theta Pi, Zeta Psi, Sigma Chi, and Kappa Sigma. Houseparties are being given by Sigma Nu, Beta Theta Pi, and Sigma Chi.

Following are the officers and leaders of this year's Frolics: Louis Shaffner, S. A. E., president, with Miss Clara Roberson, Durham; Bradford Tobey, Sig-

Anti-Staff Electionmen
Harangue Populace
With Amplifier

Pluvius Bothers

At 8:45 yesterday morning Leighton Dudley, early rising son of Republican Maine, walked into Graham Memorial and cast the first ballot of the most enthusiastic campus elections in recent years.

His action was followed by a maelstrom of voters and politicians which swirled among the pillars of the student union during the rain-washed afternoon. The entrance to the building was swamped by campaign literature of both parties.

Enthusiastic party workers seized the caravan of voters, undampened by the April showers, and talked campaign propaganda at a rate hitherto unknown on this campus.

Broadcast

There were few more enthusiastic or persistent than the anti-staff elections group which barricaded themselves in the offices of Pete Ivey, Graham Memorial director. There, with the aid of a loud speaker-microphone they sent out an endless stream

President

Bob Magill, who last night was elected president of the student body for the coming year. Magill was a candidate of the Student party.

Until Then . . .

The next DAILY TAR HEEL will appear April 20. The staff will report for action April 19.

Two thousand extra issues of today's paper have been printed for distribution to each chemist who will attend the A. C. S. convention here next week.

A.C.S. Branch Started Here 41 Years Ago

Baskerville And Venable
Instrumental In
Foundation

Organization of the North Carolina section of the American Chemical Society, which today has a membership drawn from all sections of the State, was due largely to the activities 41 years ago of Dr. Charles Baskerville and Dr. Francis P. Venable of the University, who on Washington's birthday in 1896 organized the initial group at a meeting in the Experiment Office Station in Raleigh.

Dr. Herbert B. Battle was elected chairman and Dr. Baskerville secretary. According to the minutes of that meeting those present of the signers of the application for a charter were: F. P. Venable, W. A. Withers, Charles Baskerville, H. B. Battle, M. A. Allen, Thomas Clark, C. B. Williams, J. A. Bizwell and W. A. Asbury.

Officers

The first officers chosen were: F. P. Venable, president; Charles E. Brewer, of Wake Forest, vice president; and W. A. Withers, secretary.

The following resolution was adopted: Resolved, that the North Carolina section of the A. C. S. desires to express its sense of obligation to Dr. Baskerville, whose enthusiasm and work were so instrumental in its establishment.

Clement Is Elected

Bob Magill, in the student elections yesterday, defeated Marvin Allen for the presidency of the student council by a vote of 886-788 in what was said to be a record balloting in recent years.

As vice-president of the council, the campus elected Reuben Graham, with 907 votes, over Clyde Mullis, who polled 757 votes. Joe Murnick received the vice-presidency of the athletic association when he took 983 votes to the 643 votes cast for Henry Bartos. Andy Bershak was the uncontested nominee for president.

Hayden Clement was named editor of the Buccaneer over Lawrence Hinkle by a vote of 952-669. Mac Smith was uncontested for the editorship of the DAILY TAR HEEL, David Thorp was selected to head the Yackety-Yack, and Bill Hudson was uncontested for the Magazine.

Merrill

The campus selected as member-at-large of the Publications Union board Allen Merrill, casting 852 votes in his favor as against 739 for Lytt Gardner. Glenn Davis polled 947 votes to defeat Tim Elliot, with 608 votes, for junior representative on the board.

Sam Hobbs and Clarence Klutz were elected to serve on the debate council. Hobbs received 1,372 votes, Klutz got 986 votes, while I. D. Karesh was eliminated with 666 votes.

The DAILY TAR HEEL-sponsored staff elections amendment to the publications constitution was defeated by a vote of 877 to 771, a difference of 106 votes.

Patterson

Joe Patterson was elected president of the senior class by a total of 276 as against 127 received by Earl Ruth. Brickleymyer was named vice-president of the class by a vote of 260 to 130 over Charles Loomis. Grubb is secretary by a vote of 225 over 166 received by Mary Glover. Adair McKay got 164 votes but lost to Jack Davison who received 213 for treasurer. Senior representative on the student council will be Warren Haddaway who got 216 votes over Randall Berg's 179.

The rising junior class vice-president will be Bill Hendrix who received 273 votes over the 99 ballots cast for Bob Crystal. Pete Williams narrowly defeated Johnson Harris by a vote of 187 to 184. Markham was elected secretary over Wales by a 201 to 169 vote. The junior class representative on the student council is Bud Hudson who received 216 votes as compared to Bob Dalton's 158. Jim Joyner was the uncontested nominee for president.

The rising sophomore class will be led by Thomas Pitts who took 258 votes to defeat narrow-

Chemistry At University Maintains Important Role

Chemists Made Humble Beginning Here In 1795 With Tuition Fee Of \$15

The University, sponsor of the American Chemical Society meeting to be held next week, has been a pioneer in the development of chemistry, a science which has played an important role in the curriculum of the University since it first opened its doors to students in 1795.

In those humble beginnings the University offered a course in chemistry, geometry, astronomy and natural and moral philosophy. Tuition in the chemistry department was \$15 a year while in the classical course it was \$12.50.

Personnel

To chemists acquainted with the University, only from a distance, the names of Baskerville, Herty, Venable, Bell, Wheeler, Cameron and Mack are perhaps most familiar. Dr. Charles Baskerville was head of the department at the turn of the century.

At different intervals 1880-1900 and 1916-1921, Dr. Francis Preston Venable served as head of the department. He was president of the University from 1900-1913 and president of the American Chemical Society in 1905.

During his early years as a University teacher Dr. Venable
