

Inter-Dormitory Council To Fill Executive Chair Tonight

Robertson, Hall Toss Hats In Ring For Presidency Factions Formed

The election of the president of the 1938 Interdormitory council will take place at the meeting of the council tonight.

The remaining members of next year's governing board will be elected after the officers of the individual dormitories have been chosen. These dorm elections will be held early next week at a date to be set at the council's meeting tonight.

It is necessary to elect the president for the coming year before the dorm officers are elected, as the by-laws of the council will not allow a dormitory president to head the governing group.

It is reported that already two factions have been formed for the purpose of electing a "favorite son" head of the group. Billy Robertson and Tommy Hall are the pair who have tossed their hats into the political ring.

In a close fight Di senators last night went on record favoring Orange county liquor stores, as well as the plan of reserving tennis courts before games are to be played and the improvement of asphalt courts.

Senator Newton Craig thought the proposal for all liquor stores in Durham instead of Chapel Hill would be of harm to the University. "If they are going to drink," he said, "it seems to me that it is better for them to drink at home than to go to galloping around Durham."

After heavy opposition local liquor stores were upheld 9 to 8. The date for the Di-Phi freshman debates was set at May 18. They will be held in the Di Hall, New West, and all freshman in either Di or Phi are asked to communicate with Eddie Kahn if they wish to participate.
