ALF LONDON INDICTS FDR'S ADMINISTRATION

Topeka, Kas., Oct. 20.—In his radio address last night Alf M. Landon, leader of the Republican party, bluntly indicted the Roosevelt administration as greedy for power even after "failure" to use "too much power" that has been already granted.

To explain the reason for his radio address Landon said:

"I have called a meeting of the seventeen million men and women who voted for the Republican ticket last fall.

"Because I held the honor of being the standard bearer of the cause for which your votes were cast, I wish to suggest ways and means by which we, the minority party, can be of outstanding service to our country."

Landon indicated that he had restrained himself for the period of a year since the election because it was the best practice, but he declared that now is the time to act.

While fanning the air violently with his fists, Landon accused Roosevelt of being a different man from the man who was elected in 1932.

Roosevelt is, according to the Republican, going through the change that has existed all through history. He is assuming the power such as rulers of Caesar's time assumed.

Former President Herbert Hoover's comment was very short: "It was a good speech."

Shanghai, Oct. 20.—First reports were received at Shanghai today that the Chinese were holding Japan's army at a standstill, and in one section of the North China front they had been forcing the Japanese back.

Nelson T. Johnson, United States ambassador, today asked that Chinese warplanes stop flying over the Shanghai international settlement. The last request that was made was not fulfilled and several bombs have fallen in this section of the city.

The 90 cents refund will be deducted from publication fees 45 cents quarterly, the five-member board decided, making the yearly fee \$6. If the same rate continues next year, it will mean a 30 cents quarterly reduction.

Extension

Salary extension of \$15 weekly to \$18 for the managing editor of the DAILY TAR HEEL, Charles W. Gilmore, was the largest increase approved. The sports editor of the daily, Ray Howe, will receive a larger percentage increase, \$3 instead of 75 cents as formerly.

Monogram Club Men To Take Place Of Regulars

Lettermen To Lead

By ROBERT WORTH
The Monogram club, in its effort to restore pep to football games, gained complete control of cheerleading Tuesday night when the student council asked Glenn Davis, head cheerleader, to surrender his position on the wall for the Tulane game.

Six Monogram club members will supplant the regular cheerleaders. Davis, who was elected head cheerleader by the student body last spring, will be replaced for the Homecoming game by Pete Callahan, a transfer student from Duke.

Council

In asking Davis to give way for the one game, the student council said that Monogram club plans had gone too far to be stopped. Pete Mullis, head of the club, had planned, without the consent of Davis, according to Davis, to take over the entire cheering program for Saturday's game.

POP QUIZ

By Bob Perkins

One of the amateurs on a recent Major Bowes program said he was one of a family of six, of which no two persons were of blood relationship to one another.

The amateur went on to explain that he was one of four adopted children, who, with their parents, made up the six "unrelated" individuals. However, it can be shown that a family of six may all be mutually unrelated by blood, and all natural children with no adoptions.

How could it come about? Answer to yesterday's Pop Quiz:

Dr. Dashiell's problem: The bear was undoubtedly white for all polar bears are white. Why a polar bear? The hunter must have been at the pole in order to go due north and then due south and arrive at a point other than the one he started from.

Draw yourself a picture of it and you'll see the point.
