LEWIS-GREEN REACH NO CONCLUSIONS

Washington, Dec. 2—Without arriving at any conclusions, John L. Lewis and William Green made a break in their peace conference this afternoon until 4 p. m.

Lewis shouted to newsmen after a two and a half hour conference, "we have taken a recess until 4 o'clock. All we had was general conversation. No conclusions reached."

According to Green, who followed Lewis out of the conference room, an interesting discussion was held. He also stated that "we have nothing more to say now."

Organized labor staked its hope for peace and unity on the conference between Lewis and Green, one-time coal miners who now divide the leadership of some 7,000,000 union workers.

Neither of the great organizers would disclose what demands and concessions they carried to the conversation which began at 10 a. m.

Lewis might be willing to give up the C. I. O. in exchange for a self-ruling department within the A. F. of L., informed persons indicated.

Should Green and Lewis agree to end the warfare that has prevented the uniting of organized labor, the detailed job to follow would be the combining of rival unions in the same industry and the distribution of jurisdiction over the various crafts and industries.

Today's conference came as the first public meeting of the two leaders to discuss the situation existing between the A. F. of L. and the C. I. O.

REGULAR RUNS RESUMED AS BUS STRIKE ENDS

Cleveland, Dec. 2—Regularly scheduled runs on nine Greyhound bus lines were resumed in 16 states today after the federal labor conciliator negotiated a compromise agreement to end a strike called by the Brotherhood of Railroad Trainmen.

Federal labor conciliator John L. Conner, stated that the settlement reached last night was "satisfactory to both parties," (drivers and officials).

Although the compromise granted wage increases, listed under the terms of the agreement, they refused to answer B. R. T. demands for a closed shop.

All terms of the contract become effective immediately with the exception of an increase of one-fourth of a cent per mile for "star" drivers, (men with three or more years of service) which becomes effective July 1, 1938.

Ivan Bowen, counsel for the Greyhound companies, indicated that "all drivers are recognized now as during and before the strike, as Greyhound employees."

Dues Not Compulsory Until Given Student Approval

Administration Serves Merely As Agency For Collection

Refund Is Refused

By BOB PERKINS

The payment of class fees by students is not compulsory until authorization for collection has been made at a class meeting, it was learned yesterday.

Although class dues appear on the quarterly bills, payment is not required by the University. The administration merely acts as a collecting agency, rendering a service to the four classes when it includes the fees in the general bill.

Separation

This item is separated from the compulsory fees, such as publication, athletics, and student entertainment; and the student is in no way obligated to the University to pay his class dues.

However, when a class quorum meets and passes on a class budget, then the members of that class obligate themselves to pay their fees by authorizing the collection.

Legal Proceedings

Then the collection becomes required and failure to pay the agreed upon fee opens the student to legal proceedings instituted by the class, but not the University.

It is only by signifying non- (Continued on last page)

EMERSON SET FOR CHOCOLATE BOWL BATTLE AT 2:30

Bershak, Little, Adams To Be Referees For Today's Clash

"Handy Andy" Bershak, Crowell Little, and Bob Adam are going to take to the field again on a Carolina gridiron.

It's not a post-season game, for the boys will referee in the annual "Chocolate Bowl" charity contest between Negro high schools of Durham and Chapel Hill.

But before the game is over, Bershak and Co., referees, may wish they were playing instead of refereeing. It's no easy assignment to settle disputes of the dusky battlers. Their erratic style of play is difficult to judge, and it is very difficult to please both sides.

Provided they aren't injured though, the varsity stars should enjoy the game. For according to dope, the Chapel Hill youths should continue the winning streak Chapel Hill has over Durham institutions so far. In a previous battle, they edged a close decision which knocked the Bull City warriors from the state championship.

Warfare will begin at 2:30 on (Continued on last page)

Campus To Be Solicited Today For Test Of Popularity

Court Sale Monday

The question of the co-operative cleaners remaining a co-operative enterprise passed into the hands of the student body last night when the fraternity-dormitory representatives and the Student Advisory committee voted to test its popularity through subscription for membership.

Dormitories and fraternities will be solicited today by the representatives who will ask interested students to pledge themselves to buy stock at a dollar per share.

Subscribers

If the number of subscribers is sufficient, a motion will be made Saturday at a meeting of the group to buy the bankrupt cleaners when it comes up for sale in the Orange county superior court Monday.

Students living in town may designate their intention of purchasing stock by signing a subscription blank which will be in the office of the Y. M. C. A. today and Saturday morning.

Working Plan

Only a tentative working plan for the co-operative cleaners was suggested at the meeting. However it was definitely passed by a majority vote that if the plan receives enough support it will not be run as before. The pur- (Continued on last page)
