CHAUTEMPS ATTEMPTS TO FORM NEW MINISTRY

Paris, Jan. 17.—The radical socialist, Camille Chautemps, worked feverishly today as he attempted to reconstruct a new People's Front ministry to replace the cabinet which resigned Friday in the face of financial and labor troubles.

Chautemps was called by President Albert Lebrun to end the four-day crisis in France after the failure of Leon Blum, socialist leader, to gain support of the "national union" government.

New discoveries of hidden arms caches in the surete national's drive against leftist and rightist revolutionary organizations proved to be a new subject for increasing restlessness in the country.

Following a conference with Lebrun, Chautemps made public his intention to build the new cabinet much on the same order as his former people's front government. Several of his resigned ministers will be called to serve again.

A half an hour after Blum resigned from the position of premier, Chautemps rushed to the presidential palace declaring that "I want neither a day nor even an hour lost to the country for my personal satisfaction."

Once since the crisis began, Chautemps had declined the mission, but he agreed to sound out the possibilities of liquidating the situation after Blum's failure aggravated its gravity.

SENATE FEELS CERTAIN ON REED'S NOMINATION

Washington, Jan. 17.—Certainty that Stanley F. Reed would be confirmed to the bench of the Supreme Court this week was expressed by members of the senate judiciary committee studying Reed's qualifications today.

There was not one word of objection to the nomination of the 53-year-old solicitor general among the group of senators commenting on the President's selection. Senator Rush Holt (D-W. Va.), a frequent administration critic, was among members of both major parties indicating approval.

According to Holt, "the amazing thing about it is that the President appointed a judge instead of one of his fervent haters."

Although many senators were ready to take a quick vote on Reed, the judiciary committee still sought to arrange for a careful study of his qualifications in an effort to prevent a recurrence of events seen in Black's recent nomination to the bench.

No cases of national interest were up for decision by the justices, meeting at noon for the last session before a two weeks' recess and the retirement of Sutherland—to become effective at midnight.

Two Proposals Will Be Submitted To New Men At 10:30

Attendance Urged

By class vote, freshmen will decide today in assembly whether to use the contracted space of the class in the 1938 Yackety-Yack for group pictures of the entire class or individual snapshots of 32 prominent first year men.

Because of a poor attendance Friday at chapel called by President Christian Siewers to dispose of the matter, voting was delayed until today.

Proposals

The two proposals which are to be voted on are: (1) the form used in previous years, that of having group pictures of the entire class; and (2) the new plan suggested by the Yackety-Yack of having snapshots of 32 outstanding members of the class of 1941.

Suggested because group pictures were hard to arrange and

PLANS REVEALED TO REORGANIZE FRATERNITY HERE

Work Begun To Revive Delta Sigma Pi Chapter

Prospects for reorganization of the local Alpha Lambda chapter of Delta Sigma Pi, professional commerce fraternity, were said to be bright yesterday by Warren Haddaway, who has called a meeting of interested students and alumni for Thursday night at 8 o'clock in Bingham hall.

The chapter died out in the year 1935-36, due mostly to emphasis on social affairs and financial difficulties engendered by the building of a fraternity house, according to Haddaway.

Headquarters

Haddaway has corresponded with chapter headquarters and interested alumni, and all were willing to assist in the project, he said. About 25 interested students will also be invited to the meeting Thursday night.

Unless a chapter is reorganized here this year, its charter will be lost. Universities of North Carolina and Mississippi are the only two Southern schools with inactive chapters. The local chapter will also compensate State college for the loss of its chapter, due to the removal of its business school in the recent consolidation.

Situation

"Thursday night the whole situation will be discussed pro and con, and the group will determine whether there is a place for such an organization on the campus at present," Haddaway said.
