SENATE VOTES DOWN DEBATE LIMITATION

Washington, Jan. 27.—Southern senators gained ground in their fight against anti-lynching legislation when the upper house of congress voted today not to make any use of the cloture rule, which limits the length and frequency of debate by one man.

The vote, 52 to 37, was taken after both sides had participated in a warm debate. If passed, the rule would have limited further speech-making against the bill to one hour for each senator.

Yesterday, the cloture rule was proposed in petition by 17 senators, which resulted in its being voted upon today.

Defeat of the rule means that the filibuster, which has been conducted by the southerners since the first of the session, will continue indefinitely.

Although sponsors of the anti-lynching legislation would not agree to drop the bill, opponents forecast that it would be sidetracked very soon.

CONFESSION OF PAYNE, TURNER USED IN TRIAL

Asheville, N. C., Jan. 27.—That both Bill Payne and Wash Turner had confessed to shooting at State Highway Patrolman George Penn was used as evidence in the murder trial today of the two former convicts.

Sheriff Laurence Brown of Buncombe county took the stand today to testify against the defendants, who are accused of fatally shooting the policeman on a farm road near here last August.

The sheriff testified that Payne and Turner, when captured, had admitted shooting at the patrolman, and later told officers where the guns used in the killing were hidden.

ROBERT JACKSON NAMED AS SOLICITOR GENERAL

Washington, Jan. 27.—Robert H. Jackson, assistant attorney general, was today nominated by President Roosevelt to be solicitor general.

He will take the place of Stanley F. Reed, of Kentucky, who received his commission to the supreme court from the President earlier today.

Jackson, a New Yorker, is now in charge of anti-trust law cases. The 46-year-old man has been successful in several major cases. Most recent of these was the conviction of 16 oil corporations for conspiracy to fix gas prices in 10 mid-western states.

800 Votes Must Be Cast In Radio Studio Election

PU Board Rules Number Needed To Qualify Voting

Estimate Reduced

The Publications Union board yesterday set at 800 the number of votes necessary to qualify the election to be held soon on a student radio station, greatly reducing the estimation that 1,550 votes would be necessary.

The board has the authority to so regulate the election, as the vote will not impose an additional fee upon students, but will decide whether \$4,000 in the board's surplus will be used toward establishing the studio.

Council

The student council, at a meeting early next week, will set the date for the campus election.

It is probable, board members said, that another vote, requiring a favorable majority of the student enrollment to set fees for operation costs, will be avoided. It was believed the board would merely recall 10 cents a quarter of the recent refund in the publication fees. The board has the authority to recall such a refund at any time.

Studio

If students pass on the studio, there is a possibility that the University station will be on the Dixie network of the Columbia Broadcasting company. This possibility rests upon the quality of programs to be presented.

Radio stations in Charlotte, Greensboro and Durham have agreed to allot time to the local studio if it is set up. Negotiations are also under way with a station in Raleigh.

The organization of the station if the proposal is passed, will consist of a director, elected by the student body, and a managing director, appointed by the Publications Union board.

The station would be considered as a fifth publication of the board.

Thrall Tries Trade Trick

Here's That Absent Minded Professor Again

Professor W. F. Thrall of the University English department drove up behind Murphey hall the other morning and hurried into the building to meet his 8:30 class.

After class, Dr. Thrall went to his office and finished the morning with a little work. At 1 o'clock he decided to go home for lunch.

The author of the freshman English text got into his car, slipped the motor into gear, and sped off. He didn't need to turn on the ignition, step on the starter, for he had left the engine running since 8:30.

Add absent minded professors.

"However," Fitts said, "if any reservations are cancelled, those bids will be open for new reservation by other students."

Sale

Only 250 bids were placed on sale for the dances this quarter in order to alleviate the crowded condition of Bynum gymnasium, where the set will be held.

Fitts emphasized the fact that all students desiring bids should

WORKERS' RIGHTS EMPHASIZED BY UNION SPEAKER

Tom Girdler To Speak In Memorial Hall Monday Night

"I believe that a worker has as much right as I have to join anything he wants to join," Tom Girdler, who speaks in Memorial hall Monday night, wrote in a recent issue of Fortune magazine.

Girdler wired Alex Heard, chairman of the Carolina Political union, yesterday that he would fly from Cleveland to Raleigh Monday, in order to get here in ample time for his speech at 8 o'clock that night.

Comment

There has been much comment and publicity about Girdler's stand in regard to the present labor situation, but probably one of the best summaries of his attitude was made in his article, which he called "Industry and Labor." From the article we quote:

"But I do not believe that he has any more right than I have to force anyone to join anything. I do not object to a man's joining a union, any kind of a union, even a CIO union with which I had a recent unpleasantness. But I do object to a fellow's trying to force all the world to join this kind of a union.

"I object even more to a labor leader's attempting to make me his cat's-paw in forcing men who work with me to join his union if they do not want to."

Athlete Scholarship Requirements Are Passed

Will Meet Friday

The University faculty postponed action on the formulation of the athletic policy late yesterday afternoon just after discussion of regulation number 8, the subsidization provision, had begun.

Only one regulation, number 5, concerning student scholarship requirements, was actually passed during the two-hour session. In a meeting last week regulations numbers 1, 2, 3, 4, and 6, were automatically accepted when the group endorsed the Southern Conference policy.

Requirements

Their adoption of number 5 puts into effect, on September 1, 1939, the following scholastic requirements for University students participating in varsity athletics:

They must have passed during the three preceding quarters, 36 quarter hours of work, with a grade of C or better on at least half, or 18 of the hours. In cases where summer school or correspondence work is necessary in addition to the three regular quarters, the number of hours will be increased to 40, with 20 of these requiring grades of C or better.

Regulation number 6 was tabled by the faculty, and will probably be taken up at the next meeting, which has tentatively been scheduled for this coming Friday.

In addition, regulation number 8, on which discussion was begun yesterday, and numbers 9 and 10, will probably also be brought up at the coming meeting.

Regulation number 5 differs

Two Speeches Today To Close Week Of Institute
