## Earl Browder Returns From Russia; Communist Leader Will Speak Here Tomorrow

### World News

Edited by Jim McAden

#### DIRIGIBLE BUILDING CONSIDERED IN HOUSE

Washington, March 1.—A \$30,000,000 experimental fund for the navy was recommended today by the house naval affairs committee, of which \$3,000,000 would be laid aside for the construction of a dirigible to take the place of the old Los Angeles.

Chairman Vinson (D.-Ga.) told newsmen that the bill would call for an outright \$15,000,000 appropriation and authority for the navy to negotiate contracts for a like sum.

Vinson said that part of the money would be used for the construction and experimentation of small surface craft, presumably of the "mosquito fleet" type recently introduced by European powers.

#### GOERING WARNS EUROPE OF GERMAN AIR FLEET

Berlin, March 1.—Adolf Hitler's right hand man, Field Marshal General Herman Wilhelm Goering, today warned European powers that the German air force was ready not only to protect its own territory but also "ten millions of Germans on our borders."

Speaking at the third anniversary celebration of Germany's new air force, Goering said that his fleet was impatient to prove to the world that it is invincible.

Although official figures of the German air fleet are unknown, it is estimated that the country has approximately 2,000 first line fighting planes.

The rebuilding of Germany's air force began secretly in 1933 when she was still under treaty restrictions incurred after the World War.

#### DOCTORS RENEW HOPE FOR PERSHING'S LIFE

Tucson, Ariz., March 1.—Recovery of Gen. John J. Pershing seemed "quite probable" today to doctors attending the noted World War army head.

His physician, Dr. Roland Davidson, reported that the general had become very refreshed from six and one half hours of natural sleep, the first he has had since his long illness.

#### NAVY PLANES TO USE HUGE FORCE IN GAMES

San Pedro, Calif., March 1.—The strength of the United States Navy Pacific fleet will be (Continued on page two)

#### Students In Social Work Meet Today

Faculty Advisers For Club To Speak At Informal Luncheon

Students in social work will gather informally for luncheon at the N. C. Cafeteria at 1 o'clock today, at which time the faculty advisers for the Social Workers' club will discuss the values of a student organization.

Miss Leora German, president of the club, has invited all interested to the luncheon in order that they might hear the discussion.

## Party Head Gets Fresh Outlook On Current World Problems Will Hold Forum

Last week American communist leader Earl Browder arrived in Manhattan from Moscow overflowing with fresh perspective on current world problems. Tomorrow night Browder will speak in Memorial hall under the auspices of the Carolina Political union on the general subject of "Concerted Action Versus Isolation as the Road to Peace."

In a recent letter to union chairman Alex Heard, the General Secretary of the Communist Party in the United States, as Browder is called by his comrades, said that he would arrive in Chapel Hill by motor sometime Thursday.

#### Will Hold Forum

He said also, in reply to Heard's invitation for him to conduct an open forum discussion following his speech, that "It will be quite satisfactory to have questions from the floor."

Upon his recent return to this country the nation's number one communist, according to the current issue of Time Magazine, was "Still talking collective security, which means support of (Continued on last page)"

## EXPECTED PHI CONFLICT FAILS TO MATERIALIZE

### Speaker Martin Ends Term As Head Of Assembly

An expected clash over Representative Rankin's censorship of Speaker Martin for his action in the issue over the Di-Phi dance failed to materialize at the assembly's meeting last night.

No action concerning Di-Phi relations or Rankin's statement was taken.

#### Martin Ends Term

Thus Speaker Martin ended his term at the head of the assembly with one of the calmest meetings yet. Leighton Dudley will take over the speaker's chair at the beginning of next quarter.

It was reported at the meeting that the University would provide funds for painting and repairing the assembly hall.

## DAVID KERLEY SUPPORTED BY DI LAST NIGHT

### Senators Revoke Motion Asking President's Resignation

The Di senate conflict which last week flashed like a rocket across the usually placid actions of the group, died out last night in a complete fizzle when the senators unanimously voted to revoke the motion requesting President David Kerley to resign from office.

As soon as the floor was opened to discussion, Senator Ramsay took the rostrum apparently to urge the support of the motion. He pointed out that the (Continued on last page)

## McRae, Nominated As Soph President, Leaves University Party

### Jones Junior Head

By BOB PERKINS

With some 200 members in attendance the Student party last night endorsed Bill Hendrix, the University party's candidate, for vice-president of the student body, and selected Cy Jones for president of the rising junior class, Cameron McRae for president of the sophomore class, and Lucy Jane Hunter for treasurer of the senior class.

McRae's nomination on the University party ticket for secretary of the sophomore class was announced in yesterday's DAILY TAR HEEL.

#### Reasons

In accepting the Student party's nomination for the presidency of his class, McRae stated last night that he was nominated by the University party without his knowledge. As he had previously been approached by the Student party to run for the presidency, McRae considered himself within his rights in withdrawing from the University party's nomination.

Bill Cole, chairman of the Student party, stated that the endorsement of Hendrix was in line with the party's policy as they attempted to select the man best qualified for the position regardless of his party affiliations.

#### Discuss Others

The rest of the meeting was devoted to a discussion of further candidates. Other officers were tentatively chosen and will be officially announced later.

Officers previously chosen are Jim Joyner for president of the student body, and Voit Gilmore for editor of the DAILY TAR HEEL. This leaves 17 candidates yet to be chosen.

#### Jones, Hendrix, Hunter

Jones is a member of the boxing team, while Hendrix is cross-country team captain and a former class officer. Miss Hunter is a member of the TAR HEEL staff and a member of Chi (Continued on last page)

## UNIVERSITY BAND TO GIVE CONCERT

### 'Holiday Overture' To Be Featured Tonight

The University band will give a concert in Hill Music hall tonight at 8:30, appearing for the last time this quarter.

Under the direction of Earl Slocum, the band has held long practices and rehearsals in preparation for the concert.

#### Leidzen Number

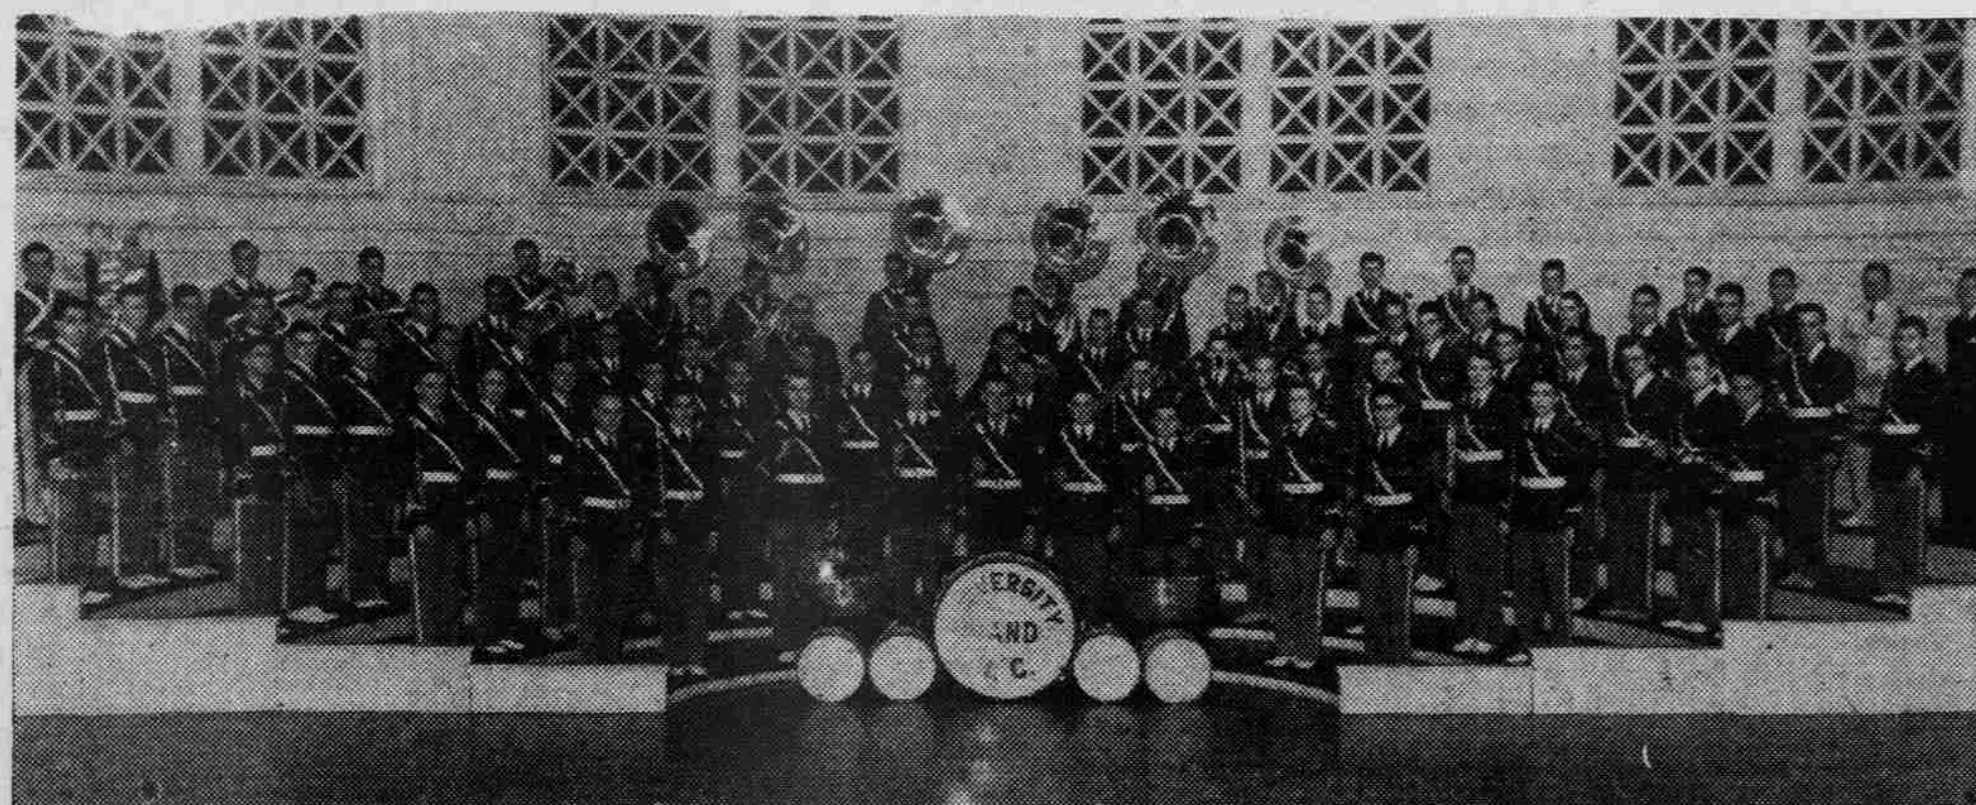

Featured tonight will be the "Holiday Overture," by Leidzen, a number which has become popular since being composed last year.

#### Cornet Solo

Roderick Cartier will play a cornet solo for the number "Sabat Mater," by Rossini. David Bennett will play a flute solo in the "Second Norwegian Rhapsody," by Christiansen.

Since last year the size of the band had been increased by 21 members and eight new horns have been added. This brings the total membership of the band to 66.
