INSURGENTS SUCCEED IN SEPARATING SPAIN

Hendaye, France (on Spanish Frontier), April 5.—Insurgent hopes of dismembering Spanish government territory were realized today as General Francisco Franco's troops succeeded in cutting Catalonia from the rest of Loyalist Spain.

Rebel forces began an immediate march toward Barcelona, the provisional Spanish government capital, while another army swept toward the stronghold of Valencia.

Communications between these two major coastal cities still in government hands were cut yesterday when insurgent contingents succeeded in reaching Tortosa, another Mediterranean seaport.

With insurgent troops moving north and east from Tortosa and advancing east from Lerida, their two columns could join for what might be a decisive battle at these government defenses—about 10 miles west of Barcelona.

MANN SMITH GIVEN 30-DAY PRELIEVE BY GOVERNOR

Raleigh, April 5.—Governor Hoey today gave Mann Smith, 16-year-old Negro sentenced to death, until May 27 to live.

The young Negro, convicted of assaulting a young white girl in McDowell county, was sentenced to die in the state's gas chamber Friday.

Smith was given a lease on life due to expire the third Friday following expiration of a reprieve.

The execution of Smith, who recently lost an appeal to the state supreme court, was stayed, according to Hoey, "in order that there may be a reasonable time for a complete investigation."

FRENCH DEPUTIES DISAGREE ON BLUM'S NEW POLICY

Paris, April 5.—The French Chamber of Deputies was thrown into such confusion today over Premier Leon Blum's plan to assume sweeping power over France's finances that President Edouard Herriot was forced to suspend the session.

This action came after argument began on the premier's economic program, which many political observers predict will result in his overthrow.

Preceding debate, the radical-Socialist forces were given leave to vote as they pleased on the bill, indicating a split in the party.

REPUBLICAN SENATORS REFUSE TO PROBE TVA

Washington, April 5.—Two Republican senators today refused to become members of the Tennessee Valley authority board of investigation.

The congressmen, Senator Borah (R., Idaho) and Senator McNary (R., Ore.), declined the appointments, made by Vice-President Garner, shortly after they were announced.

Other senators and representatives named were Senators Donahay (D., Ohio), Brown (D., N. H.), and Schwartz (D., Wyo.), and those selected by Speaker Bankhead: Mead (D., N. Y.), Driver (D., Ark.), Thomson (D., Tex.), Jenkins (R., Ohio).

Miss Jean Brock Becomes Bride Of Hayden Clement

April Groom

It's rather unusual to print a picture of the groom when there's a wedding. But Mrs. Hayden Clement, the former Jean Brock of Richmond, wouldn't give us her picture, and that left nobody but Mr. Hayden Clement.

Magill To Set Hours, Places; 56 Hats In Ring

Presaging one of the greatest dual party battles in the history of University politics, nominations for campus offices will be held tomorrow. President Bob Magill of the student council will set hours and places today.

This year only three candidates will enter the political maelstrom unopposed, while last year's election saw six aspirants backed by both the University and Student parties. Bill Hendrix, for student body vice-presidency, and Carl Pugh, for Buccaneer editorship, are unopposed, and Sam Hobbs, for a debate council post, has received endorsement of both political organizations this year.

Slates Almost Complete Party slates, to be turned into formal nominations tomorrow, were completed except for Yackety-Yack editor nominations in an announcement yesterday. Fifty-six students have tossed their hats in for posts among next year's campus leaders.

Three additional features will also be contested in next Thursday's elections. If Bob Magill's proposal for a student legislature meets no opposition, it will be submitted to a campus vote along with the official elections. And if the student council can find time off from arranging the big election to nominate candidates for next year's honor councils, they will be selected in the coming ballot. An amendment to the constitution of the Pub-

Interdorm, Interfrat Group May Discuss Proposal Tomorrow; Text Of Issue Is Presented

Tonight President Bob Magill will present the proposed legislature plan for a separate body to control the legislative policies of the student government to the Student council.

If no opposition is met it will likely be considered by the Interdormitory and Interfraternity councils tomorrow night and passing there, will be submitted to a vote of the student body next Tuesday.

Greatest Changes

Adoption of the proposed plan, which was passed unanimously by a committee of ten, will mean one of the greatest changes in the student government set-up since President Venable first suggested the University council, for judicial purposes, in 1904.

The legislature proposal will in no way effect the primary function of the Student council, which still today has little power beyond that of a judiciary nature. But it will offer a solution to many questions which are constantly arising with an ever increasing University and student body. At present there is no stated means of the student body functioning as a legislative group. In appointing the committee to draw up a plan President Magill cited 28 specific instances arising in the past year where there was a need for a legislative body.

A text of the plan follows:

Powers

All legislative powers of the student body shall be vested in the campus legislature and shall be unlimited except to the extent that:

(1) A petition of 16 per cent of the student body submitted to the student body president shall require him to call for a general campus vote on any issue or issues involved.

(2) Any bill shall be subject to the vote of the student council, a two-thirds vote of the membership of the legislature being required to override the veto.

(3) The legislature shall annually review and pass the budgets of all campus-wide fee-collecting organizations. A two-thirds vote of the membership shall be required for the passage of these and any other financial measures.

(4) By a two-thirds vote the legislature may change any part of this document except the section entitled "Powers," which shall be changed only by a favorable majority with at least 50 per cent of the student body voting.

Representation

The legislature shall be composed of 48 members including:

The four sets of class officers.
Ten representatives elected from and by the interdormitory council.
Five representatives elected from and by the interfraternity council.
One representative elected by and from the law school and one elected by and from the medical school.

Five representatives from the Woman's association including:
The president of the Woman's Association.
The head of the Pan-Hellenic Council.
Graduate representative on the woman's council.
Dormitory representative on the woman's council.
The town representative on the woman's council.
Ten members-at-large selected by the legislature in its first meeting with a view to including those students not otherwise represented.

Organization

The legislature when elected shall decide all machinery for procedure except that:

(1) The chairman of the legislature shall be the vice-president of the student body. The chairman shall call meetings on petition of 20 per cent of the elected members, or at the request of the student body president, who shall have full access to the floor at all times.

(2) No bills shall arise from the floor, but shall be submitted by a ways and means committee elected by the members, unless a bill is voted out of committee by a majority of the members.

(3) The speaker shall formally inform each member of the agenda to be considered two days before each meeting.

(4) A majority of the members shall constitute a quorum to do business.

Yackety-Yack Staff

The staff members of the Yackety-Yack will meet this afternoon at 2 o'clock in the Graham Memorial office in order to make their nomination for editor of next year's publication.

David Thorp, editor for this year, urges that all staff members be present for the official staff nomination.

SP Mass Meeting

Student party candidates, their campaign managers, and all persons wishing to work with the Student party in its coming campaign will meet tonight at 8 o'clock in the Phi hall, New East, for a mass meeting.

Party platforms and possible campaigns will be discussed at the session.
